[DOCKET NO. FR–5696–N–15]

Additional Clarifying Guidance, Waivers, and Alternative Requirements for Grantees in Receipt of Community Development Block Grant Disaster Recovery Funds Under the Disaster Relief Appropriations Act, 2013

AGENCY: Office of the Assistant Secretary for Community Planning and Development.  
ACTION: Notice.

SUMMARY: This Notice provides a waiver and alternative requirement for the State of New Jersey’s tenant-based rental assistance program funded through its Community Development Block Grant disaster recovery (CDBG–DR) grant pursuant to the Disaster Relief Appropriations Act, 2013 (Pub. L. 113–2) (the Appropriations Act). In addition, this Notice provides an alternative requirement for Major (Covered) Infrastructure Projects funded by grantees receiving an allocation for disasters occurring in 2013 under the Appropriations Act. This Notice also modifies a requirement for Disaster Recovery Grant Reporting System (DRGR) reporting requirements for all grantees receiving an allocation of CDBG–DR grants pursuant to the Appropriations Act.

DATES: Effective Date: April 7, 2015.

I. Background

The Appropriations Act made available $16 billion in Community Development Block Grant disaster recovery (CDBG–DR) funds for necessary expenses related to disaster relief, long-term recovery, restoration of infrastructure and housing, and economic revitalization in the most impacted and distressed areas resulting from a major disaster declared pursuant to the Robert T. Stafford Disaster Relief and Emergency Assistance Act of 1974 (42 U.S.C. 5121 et seq.) (Stafford Act), due to Hurricane Sandy and other eligible events in calendar years 2011, 2012, and 2013. On March 1, 2013, the President issued a sequestration order pursuant to Section 251A of the Balanced Budget and Emergency Deficit Control Act, as amended (2 U.S.C. 901a), and reduced the amount of funding for CDBG–DR grants under the Appropriations Act to $15.18 billion. To date, a total of $15.18 billion has been allocated or set aside: $13 billion in response to Hurricane Sandy, $514 million in response to disasters occurring in 2011 or 2012, $655 million in response to 2013 disasters, and $1 billion set aside for the National Disaster Resilience Competition.

This Notice specifies a waiver and modifies requirements for grantees in receipt of allocations under the Appropriations Act, which are described within the Federal Register Notices published by the Department on March 5, 2013 (78 FR 14329), April 19, 2013 (78 FR 23578), May 29, 2013 (78 FR 32262), August 2, 2013 (78 FR 46999), November 18, 2013 (78 FR 69104), December 16, 2013 (78 FR 76154), March 27, 2014 (79 FR 17173), June 3, 2014 (79 FR 31964), July 11, 2014 (79 FR 40133), October 7, 2014 (79 FR 60490), October 16, 2014 (79 FR 62182), and January 8, 2015 (80 FR 1039), referred to collectively in this Notice as the “Prior Notices.” The requirements of the Prior Notices continue to apply, except as modified by this Notice. 1

II. Applicable Rules, Statutes, Waivers, and Alternative Requirements

The Appropriations Act authorizes the Secretary to waive, or specify alternative requirements for, any provision of any statute or regulation that the Secretary administers in connection with HUD’s obligation or use by the recipient of these funds (except for requirements related to fair housing, nondiscrimination, labor standards, and the environment). Waivers and alternative requirements are based upon a determination by the Secretary that good cause exists and that the waiver or alternative requirement is not inconsistent with the overall purposes of Title I of the Housing and

Community Development Act of 1974 (42 U.S.C. 5301 et seq.) (HCD Act). Regulatory waiver authority is also provided by 24 CFR 5.110, 91.600, and 570.5.

For the waiver and alternative requirement described in this Notice, the Secretary has determined that good cause exists and the waiver is not inconsistent with the overall purpose of the HCD Act. Grantees may request waivers and alternative requirements from the Department as needed to address specific needs related to their recovery activities. Under the requirements of the Appropriations Act, waivers must be published in the Federal Register no later than five days before the effective date of such waiver.

1. Tenant-based rental assistance (State of New Jersey only). The State of New Jersey previously requested a waiver of 42 U.S.C. 5305(a) in order to provide tenant-based rental assistance to households impacted by disasters eligible under the Appropriations Act, and the Department granted this waiver in the Federal Register Notice published on July 11, 2014 (79 FR 40134). This Notice replaces the waiver in the Notice published on July 11, 2014, in section II.3 and increases the amount of funding for this activity by providing an additional $15 million of CDBG–DR funds for tenant-based rental assistance, increasing the amount covered by the waiver from $17 million to $32 million.

This waiver makes eligible up to $32 million of CDBG–DR funds to be used for rental assistance, utility payments and, if necessary, rental costs (i.e., security deposits and utility deposits). This assistance may be provided on behalf of beneficiaries for a period of up to two years. The State justified a longer term of assistance in order to meet the housing needs of vulnerable populations displaced by Hurricane Sandy until construction of affordable rental units is completed and those units become available.

On May 30, 2014, the State entered into a Voluntary Compliance Agreement (VCA) with the Department in response to a complaint filed by civil rights and fair housing organizations regarding the State’s administration of its CDBG–DR funded recovery programs. The VCA commits the State to providing an additional $15 million of CDBG–DR funds for tenant-based rental assistance, increasing the amount covered by the initial waiver from $17 million to $32 million.

Thousands of households in New Jersey remain displaced and continue to need housing at a time when the State’s housing stock has not fully recovered from the disaster. The decrease in the housing supply placed upward pressure on housing costs, making housing less affordable for households already strained by hurricane-related expenses. By increasing the amount of funding available for tenant-based rental assistance, the State will be able to assist more households and to minimize the incidence of homelessness by providing re-housing and rental assistance. Additionally, the State will link the assisted beneficiaries with services that can help them become stable and self-sufficient. Throughout the rental assistance period, assisted households will receive referrals to available long-term units, as well as housing counseling.

After reviewing the State’s request, and in accordance with the VCA, HUD is waiving 42 U.S.C 5305(a) to make eligible an additional $15 million of CDBG–DR funds for rental assistance and utility payments paid for up to two years on behalf of homeless and at-risk low- and moderate-income households displaced by Hurricane Sandy. Such assistance or payments are part of a homeless prevention or rapid re-housing program or activity. The State’s tenant-based rental assistance must be funded through its Supportive Services program, limited to payments on behalf of beneficiaries of that program as described in the State’s approved Action Plan, and must not be tied to HUD’s Section 8 program assistance. This waiver permits the State to review and approve applications for tenant-based rental assistance on behalf of beneficiaries from January 1, 2014 to January 1, 2016, and to provide rental assistance on behalf of approved applicants for up to 24 months, but in no case may assistance be provided on behalf of a beneficiary after January 1, 2018. The additional funds provided for the State’s tenant-based rental assistance program through this waiver are subject to all requirements in the Notice published on July 11, 2014 (79 FR 40133) as well as the requirements of the VCA and any subsequent amendments to that VCA.

2. Identification/Description of Covered Projects (2013 Disaster Grantees only). In the Federal Register Notice published on October 16, 2014 (79 FR 62182), the Department modified requirements for Covered Projects implemented by Hurricane Sandy grantees by stating that grantees need only provide an estimate of the total project cost and CDBG–DR contributions, instead of providing the exact amounts. The Department is extending this flexibility to Covered Projects held to the requirements of the Notice published on June 3, 2014 (79 FR 31964). For any Covered Project held to the requirements of that Notice, Section V.3.g.1 (“Action Plan for Disaster Recovery waiver and alternative requirement—Infrastructure Programs and Projects, Additional Requirements for Major Infrastructure Projects, Identification/Description”), is modified to require: A description of the Covered Project, including: total project cost estimate (illustrating both the CDBG–DR award as well as other federal resources for the project, such as funding provided by the Department of Transportation or FEMA), CDBG eligibility (i.e., a citation to the HCD Act, applicable Federal Register notice, or a CDBG regulation), how it will meet a national objective, and the project’s connection to Hurricane Sandy or other disasters cited in this Notice. The Department recognizes that grantees often finance large scale infrastructure projects by leveraging several sources of funds that may shift over time.

Therefore, the Department may elect to approve projects based on estimates of total project cost and other funding sources as well as the CDBG–DR contribution amount.

Grantees are expected to provide the best estimates available and the expected timeline for determining the exact costs. Grantees must submit an Action Plan Amendment to reflect any material adjustments to the cost estimate. Where an adjustment of the CDBG–DR contribution to a Covered Project triggers the substantial amendment criteria described in the March 5, 2013 Notice (78 FR 14329) at Section VI.A.3.a. by exceeding the $1 million threshold, grantees must submit a Substantial Action Plan Amendment subject to the requirements of that Notice, which requires no less than 7 calendar days to solicit public comment. All Covered Projects are subject to the 30-day comment period and public hearing required by the July 3, 2014, Notice (79 FR 31964). However, HUD will consider resubmissions of Covered Projects that have fulfilled the public review requirements and were submitted to HUD prior to the effective date of this Notice if they are revised only in accordance with the amended description requirements. Such resubmissions are subject to non-substantive Action Plan Amendment requirements.

3. Reporting of Responsible Organizations in DRGR (all P.L. 113–2 grantees). In order to draw CDBG–DR funds, grantees must submit an Action Plan into DRGR that includes all activities to be funded. DRGR requires
that at least one Primary Responsible Organization be entered for each activity, and grantees may choose to add ancillary Responsible Organizations to an activity. A Dun and Bradstreet Data Universal Numbering System (DUNS) number must be entered for each Responsible Organization. The March 5, 2013 Notice (78 FR 14329) required grantees to enter a DUNS number into the system for any entity carrying out a CDBG–DR funded activity, including the grantee, recipient(s) and subrecipient(s), contractor(s) and developers carrying out a CDBG–DR activity. The language describing DRGR reporting requirements was later revised in the July 11, 2014 Notice (79 FR 40134) to exclude requirements for identifying contracts above $25,000. This Notice, however, did not modify requirements for entering Responsible Organizations or DUNS numbers. To reduce the reporting burden on grantees, paragraph II.1.a. at 79 FR 40134 is amended to require that grantees only enter a DUNS number for the Responsible Organization or Organizations associated with an activity—with the understanding that only a single primary Responsible Organization is required to be identified within grantee DRGR Action Plans—and now reads as follows: “The Action Plan must also be entered into the DRGR system so that the grantee is able to draw its CDBG–DR funds. The grantee may enter activities into DRGR before or after submission of the Action Plan to HUD. To enter an activity into the DRGR system, the grantee must know the activity type, national objective, and the organization or organizations that will be responsible for the activity. In addition, a Data Universal Numbering System (DUNS) number must be entered into the system for each entity designated as a Responsible Organization for the activity.”

Grantees are reminded that this modification applies only to requirements for DRGR DUNS number reporting and does not change any other Federal DUNS number reporting requirements.

III. Catalog of Federal Domestic Assistance

The Catalog of Federal Domestic Assistance number for the disaster recovery grants under this Notice is as follows: 14.269.

IV. Finding of No Significant Impact

A Finding of No Significant Impact (FONSI) with respect to the environment has been made in accordance with HUD regulations at 24 CFR part 50, which implement section 102(2)(C) of the National Environmental Policy Act of 1969 (42 U.S.C. 4332(2)(C)). The FONSI is available for public inspection between 8 a.m. and 5 p.m. weekdays in the Regulations Division, Office of General Counsel, Department of Housing and Urban Development, 451 7th Street SW., Room 10276, Washington, DC 20410–0500.

Due to security measures at the HUD Headquarters building, an advance appointment to review the docket file must be scheduled by calling the Regulations Division at 202–708–3055 (this is not a toll-free number). Hearing or speech-impaired individuals may access this number through TTY by calling the toll-free Federal Relay Service at 800–877–8339.

Dated: March 27, 2015.

Information Collection Request Sent to the Office of Management and Budget (OMB) for Approval; North American Woodcock Singing Ground Survey

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice; request for comments.

SUMMARY: We (U.S. Fish and Wildlife Service) have sent an Information Collection Request (ICR) to OMB for review and approval. We summarize the ICR below and describe the nature of the collection and the estimated burden and cost. This information collection is scheduled to expire on April 30, 2015. We may not conduct or sponsor and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number. However, under OMB regulations, we may continue to conduct or sponsor this information collection while it is pending at OMB.

DATES: You must submit comments on or before May 4, 2015.

ADDRESSES: Send your comments and suggestions on this information collection to the Desk Officer for the Department of the Interior at OMB–OIRA at (202) 395–8006 (fax) or OIRA Submission@omb.eop.gov (email). Please provide a copy of your comments to the Service Information Collection Clearance Officer, U.S. Fish and Wildlife Service, MS BPHC, 5275 Leesburg Pike, Falls Church, VA 22041–3803 (mail), or hope_grey@fws.gov (email). Please include “1018–0019” in the subject line of your comments.

FOR FURTHER INFORMATION CONTACT: To request additional information about this ICR, contact Hope Grey at hope_grey@fws.gov (email) or 703–358–2482 (telephone). You may review the ICR online at http://www.reginfo.gov. Follow the instructions to review Department of the Interior collections under review by OMB.

• Management of migratory bird populations frequenting the United States, and

• Setting hunting regulations that allow for the well-being of migratory bird populations.

These responsibilities dictate that we gather accurate data on various characteristics of migratory bird populations.

The North American Woodcock Singing Ground Survey is an essential part of the migratory bird management program. State, Federal, Provincial, local, and tribal conservation agencies conduct the survey annually to provide the data necessary to determine the population status of the woodcock. In addition, the information is vital in
