RIN 0596-AC51

Proposed Directive on Groundwater Resource Management, Forest Service Manual 2560

AGENCY: Forest Service, USDA.

ACTION: Notice of withdrawal of proposed directive.

SUMMARY: On May 7, 2014, the Forest Service published an action proposing to amend its internal agency directives for the National Forest System (NFS), Watershed and Air Management to establish direction for management of groundwater resources on NFS lands (79 FR 25815). The proposed amendment was intended to provide internal agency direction on the consideration of groundwater resources in Agency activities, approvals, and authorizations; encourage source water protection and water conservation; establish systematic procedures for reviewing new proposals for groundwater withdrawals on NFS lands; and require the evaluation of potential impacts from groundwater withdrawals on public resources on NFS lands. That notice invited public comment on the proposal.

DATES: Not applicable.

ADDRESSES: No further comments will be accepted on this proposal.

FOR FURTHER INFORMATION CONTACT: Robert Harper, Director, Watershed, Fish, Wildlife, Air and Rare Plants Staff, (202) 205-1671.

SUPPLEMENTARY INFORMATION: The Agency has determined that its proposal does not adequately meet its needs. Therefore, the Agency hereby withdraws the proposal to amend its internal Agency directives for Watershed and Air Management to establish direction for management of groundwater resources on National Forest System lands and will engage in

a public conversation to develop revised proposed directives.

The response to the proposal from conservation organizations and Tribes was generally favorable; however, States and a number of other organizations raised concerns that the proposed directive would exceed the Agency's authorities and infringe on State authorities to allocate water. The proposed directives did not, and any future actions will not, infringe on State authority, impose requirements on private landowners, or change the long-standing relationship between the Forest Service, States, and Tribes on water.

The intent of any new groundwater proposed directive or next steps would be to establish a clearer and more consistent approach to evaluating and monitoring the effects of actions on groundwater resources of the National Forest System. It is clear the Agency must have further discussions with key publics on this issue. The decision to withdraw the May 2014 groundwater proposed directives will allow these conversations to take place. The Forest Service will use the additional input received from engagements with States and other citizen groups to develop new proposed directives to create a consistent approach to evaluating and monitoring effects to groundwater resulting from actions on NFS lands.

Dated: June 15, 2015.

Thomas L. Tidwell,
Chief, Forest Service.

Rural Business-Cooperative Service

Notice of Funds Availability (NOFA) for the Rural Microentrepreneur Assistance Program for Fiscal Year 2015

AGENCY: Rural Business-Cooperative Service, USDA.

ACTION: Notice.

SUMMARY: This Notice is to invite applications for loans and grants under the Rural Microentrepreneur Assistance Program (RMAP) pursuant to 7 CFR part 4280, subpart D, for fiscal year (FY) 2015. Funding to support \$14.190 million in loans and \$2.086 million in

grants is currently available. The RMAP funds were provided through the Agricultural Act of 2014, Public Law 113-79, on February 7, 2014 (2014 Farm Bill). RMAP provides the following types of support: loan only, combination loan and technical assistance grant, and subsequent technical assistance grants to Microenterprise Development Organizations (MDO).

All applicants are responsible for any expenses incurred in developing their applications or costs incurred prior to the obligation date.

DATES: Applicants may apply during a Federal fiscal quarter to be considered for the next quarter's funding. Complete applications for loan only, and combination loan and grant, must be received in the U.S. Department of Agriculture (USDA) Rural Development State Offices no later than 4:30 p.m. (local time) on the last day prior to the beginning of each Federal fiscal quarter to be considered for funding. Applications received after a Federal fiscal quarter deadline will be reviewed and evaluated for funding in the next Federal fiscal quarter. Applications that have not competed for four consecutive quarters, depending on funding availability, may be considered in FY 2016.

The subsequent microlender technical assistance grant (existing MDOs with a microentrepreneur revolving loan fund) will be made, non-competitively, based on the microlender's microlending activity and availability of funds. To determine the microlender technical assistance grant awards for FY 2015, the Agency will use the microlender's outstanding balance of microloans as of June 30, 2015, to calculate this amount. MDOs that are eligible for an annual grant may apply.

ADDRESSES: Applications and forms may be obtained from any Rural Development State Office or online at <http://www.rd.usda.gov/programs-services/rural-microentrepreneur-assistance-program>. Applicants must submit an original complete application to the USDA Rural Development State Office in the State where the applicant's headquarters is located. A list of the USDA Rural Development State Offices addresses and telephone numbers can be found online at <http://www.rurdev.usda.gov/StateOfficeAddresses.html>.
