BILLING CODE 4000-01-P

DEPARTMENT OF EDUCATION

[Docket No.: ED2015-ICCD-0083]

Agency Information Collection Activities; Comment Request; Paul Douglas Teacher Scholarship Performance Report Form

AGENCY: Office of Postsecondary Education (OPE), Department of Education (ED).

ACTION: Notice.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. chapter 3501 *et seq.*), ED is proposing a reinstatement of a previously approved information collection.

DATES: Interested persons are invited to submit comments on or before August 28, 2015.

ADDRESSES: Comments submitted in response to this notice should be submitted electronically through the Federal eRulemaking Portal at <http://www.regulations.gov> by selecting Docket ID number ED-2015-ICCD-0083 or via postal mail, commercial delivery, or hand delivery. If the www.regulations.gov site is not available to the public for any reason, ED will temporarily accept comments at ICDocketMgr@ed.gov. Please note that comments submitted by fax or email and those submitted after the comment period will not be accepted; ED will only accept comments during the comment period in this mailbox when the www.regulations.gov site is not available. Written requests for information or comments submitted by postal mail or delivery should be addressed to the Director of the Information Collection Clearance Division, U.S. Department of Education, 400 Maryland Avenue SW., LBJ, Mailstop L-OM-2-2E319, Room 2E103, Washington, DC 20202.

FOR FURTHER INFORMATION CONTACT: For specific questions related to collection activities, please contact Darryl Davis, 202-502-7657.

SUPPLEMENTARY INFORMATION: The Department of Education (ED), in accordance with the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3506(c)(2)(A)), provides the general public and Federal agencies with an opportunity to comment on proposed,

revised, and continuing collections of information. This helps the Department assess the impact of its information collection requirements and minimize the public's reporting burden. It also helps the public understand the Department's information collection requirements and provide the requested data in the desired format. ED is soliciting comments on the proposed information collection request (ICR) that is described below. The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology. Please note that written comments received in response to this notice will be considered public records.

Title of Collection: Paul Douglas Teacher Scholarship Performance Report Form.

OMB Control Number: 1840-0787.

Type of Review: A reinstatement of a previously approved information collection.

Respondents/Affected Public: State, Local, and Tribal Government.

Total Estimated Number of Annual Responses: 15.

Total Estimated Number of Annual Burden Hours: 180.

Abstract: The Paul Douglas Teacher Scholarship program was designed to issue grants to the states to provide scholarships to outstanding secondary school graduates who demonstrated an interest in teaching careers at the preschool, elementary, or secondary level. Although the program is no longer funded, the annual performance report is necessary to monitor and evaluate the compliance of the remaining state education agencies.

Dated: June 24, 2015.

Kate Mullan,

Acting Director, Information Collection Clearance Division, Office of the Chief Privacy Officer, Office of Management.

BILLING CODE 4000-01-P

DEPARTMENT OF ENERGY

[FE Docket No. 15-25-LNG]

Venture Global Calcasieu Pass, LLC; Application for Long-Term, Multi-Contract Authorization To Export Liquefied Natural Gas to Non-Free Trade Agreement Nations for a 25-Year Period

AGENCY: Office of Fossil Energy, DOE.

ACTION: Notice of application.

SUMMARY: The Office of Fossil Energy (FE) of the Department of Energy (DOE) gives notice of receipt of an application (Application), filed on February 9, 2015, by Venture Global Calcasieu Pass, LLC (Calcasieu Pass), requesting long-term, multi-contract authorization to export liquefied natural gas (LNG) produced from domestic sources in a volume equivalent to approximately 132.8 billion cubic feet per year (Bcf/yr) of natural gas (0.36 Bcf/day). Calcasieu Pass seeks authorization to export the LNG by vessel from the proposed Venture Global Calcasieu Pass Project, a natural gas liquefaction and LNG export terminal to be located on the Calcasieu Ship Channel in Cameron Parish, Louisiana (Project). Calcasieu Pass requests authorization to export this LNG to any country with which the United States does not have a free trade agreement (FTA) requiring national treatment for trade in natural gas, and with which trade is not prohibited by U.S. law or policy (non-FTA countries).¹ Calcasieu Pass states that the requested export volume (132.8 Bcf/yr) is incremental and therefore additive to the volume of LNG requested for export in its two non-FTA export applications currently pending in DOE/FE Docket Nos. 13-69-LNG and 14-88-LNG

¹ In the Application, Calcasieu Pass also requests authorization to export the same volume of LNG to any nation that currently has, or in the future may enter into, a FTA requiring national treatment for trade in natural gas, and with which trade is not prohibited by U.S. law or policy (FTA countries). On June 17, 2015, DOE/FE granted that request in Order No. 3662 pursuant to NGA § 3(c), 15 U.S.C. 717b(c). See *Venture Global Calcasieu Pass, LLC*, DOE/FE Order No. 3662, FE Docket No. 15-25-LNG, Order Granting Long-Term, Multi-Contract Authorization to Export Liquefied Natural Gas By Vessel from the Proposed Venture Global Calcasieu Pass LNG Project in Cameron Parish, Louisiana, to Free Trade Agreement Nations (June 17, 2015). Calcasieu Pass also holds two other long-term FTA export authorizations from DOE/FE, originally granted to Calcasieu Pass's predecessor, Venture Global LNG, LLC (Venture Global). In a notice issued on December 3, 2014, DOE/FE recognized that all rights and obligations under those orders transferred from Venture Global to Calcasieu Pass, following a corporate reorganization. See *id.* at 2-3.

(originally filed by Venture Global).² In the current Application, Calcasieu Pass requests the authorization for a 25-year term to commence on the earlier of the date of first export or seven years from the date the authorization is granted. Calcasieu Pass seeks to export this LNG on its own behalf and as agent for other entities who hold title to the LNG at the time of export. The Application was filed under section 3 of the Natural Gas Act (NGA). Additional details can be found in Calcasieu Pass's Application, posted on the DOE/FE Web site at: http://energy.gov/sites/prod/files/2015/06/23/15_25_lng.pdf.

Protests, motions to intervene, notices of intervention, and written comments are invited.

DATES: Protests, motions to intervene or notices of intervention, as applicable, requests for additional procedures, and written comments are to be filed using procedures detailed in the Public Comment Procedures section no later than 4:30 p.m., Eastern time, August 28, 2015.

ADDRESSES:

Electronic Filing by email: fergas@hq.doe.gov.

Regular Mail: U.S. Department of Energy (FE-34), Office of Oil and Gas Global Security and Supply, Office of Fossil Energy, P.O. Box 44375, Washington, DC 20026-4375.

Hand Delivery or Private Delivery Services (e.g., FedEx, UPS, etc.): U.S. Department of Energy (FE-34), Office of Oil and Gas Global Security and Supply, Office of Fossil Energy, Forrestal Building, Room 3E-042, 1000 Independence Avenue SW., Washington, DC 20585.

FOR FURTHER INFORMATION CONTACT:

Larine Moore or Marc Talbert, U.S. Department of Energy (FE-34), Office of Oil and Gas Global Security and Supply, Office of Fossil Energy, Forrestal Building, Room 3E-042, 1000 Independence Avenue SW., Washington, DC 20585, (202) 586-9478; (202) 586-7991

Cassandra Bernstein, U.S. Department of Energy (GC-76), Office of the Assistant General Counsel for Electricity and Fossil Energy, Forrestal Building, 1000 Independence Avenue SW., Washington, DC 20585, (202) 586-9793

SUPPLEMENTARY INFORMATION:

² Specifically, Calcasieu Pass asserts that the requested volume represents the difference between the potential peak liquefaction output of the Project (620 Bcf/yr of natural gas) and the total export quantity of LNG sought in its two pending non-FTA export applications (collectively, 487.2 Bcf/yr of natural gas).

DOE/FE Evaluation

The Application will be reviewed pursuant to section 3(a) of the NGA, 15 U.S.C. 717b(a), and DOE will consider any issues required by law or policy. To the extent determined to be relevant, these issues will include the domestic need for the natural gas proposed to be exported, the adequacy of domestic natural gas supply, U.S. energy security, and the cumulative impact of the requested authorization and any other LNG export application(s) previously approved on domestic natural gas supply and demand fundamentals. DOE may also consider other factors bearing on the public interest, including the impact of the proposed exports on the U.S. economy (including GDP, consumers, and industry), job creation, the U.S. balance of trade, and international considerations; and whether the authorization is consistent with DOE's policy of promoting competition in the marketplace by allowing commercial parties to freely negotiate their own trade arrangements. Additionally, DOE will consider the following environmental documents:

- *Addendum to Environmental Review Documents Concerning Exports of Natural Gas From the United States*, 79 FR 48132 (Aug. 15, 2014);³ and
 - *Life Cycle Greenhouse Gas Perspective on Exporting Liquefied Natural Gas From the United States*, 79 FR 32260 (June 4, 2014).⁴
- Parties that may oppose this Application should address these issues in their comments and/or protests, as well as other issues deemed relevant to the Application.

The National Environmental Policy Act (NEPA), 42 U.S.C. 4321 *et seq.*, requires DOE to give appropriate consideration to the environmental effects of its proposed decisions. No final decision will be issued in this proceeding until DOE has met its environmental responsibilities.

Public Comment Procedures

In response to this Notice, any person may file a protest, comments, or a motion to intervene or notice of intervention, as applicable. Due to the complexity of the issues raised by the Applicant, interested persons will be provided 60 days from the date of publication of this Notice in which to

submit comments, protests, motions to intervene, or notices of intervention.

Any person wishing to become a party to the proceeding must file a motion to intervene or notice of intervention. The filing of comments or a protest with respect to the Application will not serve to make the commenter or protestant a party to the proceeding, although protests and comments received from persons who are not parties will be considered in determining the appropriate action to be taken on the Application. All protests, comments, motions to intervene, or notices of intervention must meet the requirements specified by the regulations in 10 CFR part 590.

Filings may be submitted using one of the following methods: (1) Emailing the filing to fergas@hq.doe.gov, with FE Docket No. 15-25-LNG in the title line; (2) mailing an original and three paper copies of the filing to the Office of Oil and Gas Global Security and Supply at the address listed in **ADDRESSES**; or (3) hand delivering an original and three paper copies of the filing to the Office of Oil and Gas Global Supply at the address listed in **ADDRESSES**. All filings must include a reference to FE Docket No. 15-25-LNG. PLEASE NOTE: If submitting a filing via email, please include all related documents and attachments (e.g., exhibits) in the original email correspondence. Please do not include any active hyperlinks or password protection in any of the documents or attachments related to the filing. All electronic filings submitted to DOE must follow these guidelines to ensure that all documents are filed in a timely manner. Any hardcopy filing submitted greater in length than 50 pages must also include, at the time of the filing, a digital copy on disk of the entire submission.

A decisional record on the Application will be developed through responses to this notice by parties, including the parties' written comments and replies thereto. Additional procedures will be used as necessary to achieve a complete understanding of the facts and issues. If an additional procedure is scheduled, notice will be provided to all parties. If no party requests additional procedures, a final Opinion and Order may be issued based on the official record, including the Application and responses filed by parties pursuant to this notice, in accordance with 10 CFR 590.316.

The Application is available for inspection and copying in the Division of Natural Gas Regulatory Activities docket room, Room 3E-042, 1000 Independence Avenue SW., Washington, DC 20585. The docket

³ The Addendum and related documents are available at: <http://energy.gov/fe/draft-addendum-environmental-review-documents-concerning-exports-natural-gas-united-states>.

⁴ The Life Cycle Greenhouse Gas Report is available at: <http://energy.gov/fe/life-cycle-greenhouse-gas-perspective-exporting-liquefied-natural-gas-united-states>.

room is open between the hours of 8:00 a.m. and 4:30 p.m., Monday through Friday, except Federal holidays. The Application and any filed protests, motions to intervene or notice of interventions, and comments will also be available electronically by going to the following DOE/FE Web address: <http://www.fe.doe.gov/programs/gasregulation/index.html>.

Issued in Washington, DC, on June 23, 2015.

John A. Anderson,

Director, Office of Oil and Gas Global Security and Supply, Office of Oil and Natural Gas.

BILLING CODE 6450-01-P

DEPARTMENT OF ENERGY

[FE Docket No. 14-206-LNG]

Air Flow North America Corp.; Application for Long-Term, Multi- Contract Authorization To Export Liquefied Natural Gas to Non-Free Trade Agreement Countries

AGENCY: Office of Fossil Energy, DOE.

ACTION: Notice of application.

SUMMARY: The Office of Fossil Energy (FE) of the Department of Energy (DOE) gives notice of receipt of an application (Application), filed by Air Flow North America Corp. (Air Flow), on December 16, 2014, and subsequently amended. In the Application, Air Flow requests long-term, multi-contract authorization to export domestically produced liquefied natural gas (LNG) by use of approved ISO IMO7-TVAC-ASME LNG (ISO) containers transported on ocean-going carriers to any country located within South America, Central America, the Caribbean, or Africa with which the United States does not have a free trade agreement (FTA) that requires national treatment for trade in natural gas, and with which trade is not prohibited by U.S. law or policy (non-FTA countries). Air Flow seeks authorization to export the LNG on its own behalf in a volume equivalent to approximately 0.67 billion cubic feet (Bcf) per year of natural gas, or 0.002 Bcf per day. Air Flow states that it will obtain its LNG supplies from Clean Energy Fuel Corp. (Clean Energy), and seeks authorization to export the LNG by vessel from Clean Energy's existing LNG production facility located in Willis, Texas, which Air Flow states has the capability to load LNG onto trucks and ISO containers.¹ Air Flow

states that the LNG would be loaded into its ISO containers; transported via trucks to a seaport in Houston, Texas; then exported by ocean-going cargo vessel from one or more ports in the Southeastern United States (including ports in Texas, Florida, and Louisiana). Air Flow also requests authorization to load at any other U.S. port that is now or in the future will be capable of loading ISO containers. Air Flow asks for the requested authorization to be effective on the date when the order is signed, and to extend until July 31, 2021.² The Application was filed under section 3(a) of the Natural Gas Act (NGA). Additional details can be found in Air Flow's Application, posted on the DOE/FE Web site at: <http://energy.gov/fe/downloads/air-flow-north-america-corp-fe-dkt-no-14-206-lng>.

Protests, motions to intervene, notices of intervention, and written comments are invited.

DATES: Protests, motions to intervene or notices of intervention, as applicable, requests for additional procedures, and written comments are to be filed using procedures detailed in the Public Comment Procedures section no later than 4:30 p.m., Eastern time, August 28, 2015.

Hand Delivery or Private Delivery Services (e.g., FedEx, UPS, etc.): U.S. Department of Energy (FE-34), Office of Oil and Gas Global Security and Supply, Office of Fossil Energy, Forrestal Building, Room 3E-042, 1000 Independence Avenue SW., Washington, DC 20585.

FOR FURTHER INFORMATION CONTACT:

Larine Moore or Marc Talbert, U.S. Department of Energy (FE-34), Office of Oil and Gas Global Security and Supply, Office of Fossil Energy, Forrestal Building, Room 3E-042, 1000

According to Air Flow, the facility, built in 1994, produces 100,000 gallons of LNG per day, and is able to store 1 million gallons of LNG on site. It has one loading rack, allowing one truck to be loaded with LNG at a time, and up to 12 trucks loaded with LNG per day. See Air Flow North America Corp., Amendment, FE Docket No. 14-206-LNG (May 28, 2015) [Second Amendment].

² Air Flow requested this authorization period in an amendment to the Application filed on April 30, 2015, to ensure that the Application accurately reflects Air Flow's contract with Clean Energy. It supersedes the authorization period requested in the Application. See Air Flow North America Corp., Amendment, FE Docket No. 14-206-LNG (April 30, 2015) [First Amendment].
