SUMMARY: The Department of Commerce (the Department) is rescinding its administrative review of the antidumping duty order on polyester staple fiber (PSF) from Taiwan for the period of review (POR) May 1, 2014, through April 30, 2015.

DATES: Effective Date: August 4, 2015.

SUPPLEMENTARY INFORMATION:

Background
On May 30, 2015, based on a timely request for review by Far Eastern New Century Corporation (FENC), an exporter of subject merchandise,1 the Department initiated an administrative review of the antidumping duty order on PSF from Taiwan with respect to FENC.2

On July 21, 2015, FENC withdrew its request for an administrative review.3

Recession of Review
Pursuant to 19 CFR 351.213(d)(1), the Department will rescind an administrative review, if a party that requested a review withdraws the request within 90 days of the date of publication of notice of initiation of the requested review. FENC withdrew its request for review within the 90-day time limit. Because no other party requested a review, the Department is rescinding this administrative review of the antidumping duty order on PSF from Taiwan.

Assessment
The Department will instruct U.S. Customs and Border Protection (CBP) to assess antidumping duties on all appropriate entries of PSF from Taiwan during the POR at rates equal to the cash deposit rate of estimated antidumping duties required at the time of entry, or withdrawal from warehouse, for consumption, in accordance with 19 CFR 351.212(c)(1)(i). The Department intends to issue appropriate assessment instructions to CBP 15 days after the publication of this notice in the Federal Register.4

Notifications
This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Department’s presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO, in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

This notice is issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act and 19 CFR 351.213(d)(4).

Dated: July 28, 2015.

Christian Marsh,
Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

DEPARTMENT OF COMMERCE
International Trade Administration

[See letter from FENC to the Department, “Polyester Staple Fiber from Taiwan” (May 30, 2015).]
Background
On December 7, 2012 the Department of Commerce (Department) published in the Federal Register the antidumping duty order on crystalline silicon photovoltaic cells, whether or not assembled into modules from the People’s Republic of China (PRC).1 On December 3, 2014, the Department published a notice of opportunity to request an administrative review of the order on crystalline silicon photovoltaic cells, whether or not assembled into modules.2 The Department received multiple timely requests for an administrative review of the order on crystalline silicon photovoltaic cells, whether or not assembled into modules. On February 4, 2015, in accordance with section 751(a) of Tariff Act of 1930, as amended (the Act), the Department published in the Federal Register a notice of the initiation of an administrative review of that order.3 The administrative review was initiated with respect to 78 companies or groups of companies, and covers the period from December 1, 2013, through November 30, 2014. While 32 companies or groups of companies remain under review, the requesting parties have timely withdrawn all review requests for 46 companies or groups of companies, as discussed below.

Recision of Review, in Part
Pursuant to 19 CFR 351.213(d)(1), the Department will rescind an administrative review, in whole or in part, if a party that requested the review withdraws its request within 90 days of the date of publication of the notice of initiation of the requested review. All requesting parties withdrew their respective requests for an administrative review of the 46 companies or groups of companies listed in the Appendix within 90 days of the date of publication of Initiation Notice. Accordingly, the Department is rescinding this review, in part, with respect to these companies, in accordance with 19 CFR 351.213(d)(1).4

Assessment
The Department will instruct U.S. Customs and Border Protection (“CBP”) to assess antidumping duties on all appropriate entries. For the companies for which this review is rescinded, antidumping duties shall be assessed at rates equal to the cash deposit of estimated antidumping duties required at the time of entry, or withdrawal from warehouse, for consumption, in accordance with 19 CFR 351.212(c)(1)(i).5 The Department intends to issue appropriate assessment instructions directly to CBP 15 days after publication of this notice.

Notification to Importers
This notice serves as the only reminder to importers whose entries will be liquidated as a result of this recission notice, of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary’s assumption that the reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Notification Regarding Administrative Protective Orders
This notice also serves as a reminder to parties subject to administrative protective orders (“APO”) of their responsibility concerning the return or destruction of proprietary information disclosed under an APO in accordance with 19 CFR 351.305, which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

This notice is issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.213(d)(4).

Dated: July 28, 2015.

Christian Marsh,
Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.
