NPRM Notice of Proposed Rulemaking

A. Regulatory History and Information

This rulemaking establishes five special local regulations for three regattas and two swim events. Each event and its corresponding regulatory history are discussed below.

Smith Point Triathlon (Swim) is a reoccurring marine event with regulatory history. A safety zone was established for Smith Point Triathlon in 2014 when the Coast Guard issued a temporary final rule entitled, “Safety Zone; Smith Point Triathlon; Narrow Bay; Mastic Beach, NY.” The NPRM in that rulemaking was published on April, 25, 2014 in the **Federal Register** (79 FR 22927).

Island Beach Two Mile (Swim) is a recurring marine event with regulatory history. A safety zone was established for this event on August 9, 2014 via a temporary final rule entitled, “Special Local Regulations and Safety Zones; Marine Events in Captain of the Port Long Island Sound Zone.” This rule was published on August 12, 2014 in the **Federal Register** (79 FR 46997).

Riverside Yacht Club JSA of LIS Opti Champs (Regatta) is a new event with no regulatory history.

Riverfront Dragon Boat and Asian Festival (Regatta) is a recurring marine event with regulatory history. A special local regulation was established in 2014 for the Riverfront Dragon Boat and Asian Festival when the Coast Guard enforced 33 CFR 100.100(a)(1.7). This event has been included in this rule due to deviation from the location in this cite.

War Writers Campaign Kayak for Cause (Regatta) is a new event with no regulatory history.

The Coast Guard is issuing this temporary final rule without prior notice and opportunity to comment pursuant to authority under section 4(a) of the Administrative Procedure Act (APA) (5 U.S.C. 553(b)). This provision authorizes an agency to issue a rule

without prior notice and opportunity to comment when the agency for good cause finds that those procedures are “impracticable, unnecessary, or contrary to the public interest.” Under 5 U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for not publishing a notice of proposed rulemaking (NPRM) with respect to this rule because doing so would be impracticable and contrary to the public interest. There is insufficient time to publish an NPRM and solicit comments from the public before these events take place. Thus, waiting for a comment period to run would inhibit the Coast Guard’s ability to fulfill its mission to keep the ports and waterways safe.

Under 5 U.S.C. 553(d)(3), and for the same reasons stated in the preceding paragraph, the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the **Federal Register**.

B. Basis and Purpose

The legal basis for this temporary rule is 33 U.S.C. 1233 which authorizes the

Coast Guard to define regulatory special local regulations.

As discussed in the *Regulatory History and Information* section, three regattas and two swim events will take place in the Coast Guard Sector LIS COTP Zone between August 2, 2015, and August 28, 2015. The COTP Long Island Sound has determined that the five special local regulations established by this temporary final rule are necessary to provide for the safety of life on navigable waterways during those events.

Smith Point Triathlon will have the swim portion of the triathlon at Smith Point County Park in Shirley, NY. The race participants will stay within 500 feet of the shore. There will be life guards in kayaks as safety boats.

Island Beach Two Mile Swim is a swim event in Long Island Sound south of Greenwich, CT. The swim course starts at Little Captain’s Island and follows a course towards Belle Haven, CT turning back towards Captain’s Island after a mile. There will be two safety boats at each end of the swim

course and fifteen life guards in kayaks along the swim course.

Riverside Yacht Club JSA of LIS Opti Champs is a sailing event will be held in Captain Harbor south of Greenwich, CT using Optimist sailboats. There will be five boats in support of this event and four safety boats.

Riverfront Dragon Boat and Asian Festival is a dragon boat race and regatta that will be held on the Connecticut River in Hartford, CT. There will be three safety boats in support of this event.

War Writers Campaign Kayak for Cause is a kayak event that starts in Bridgeport, CT and ends in Port Jefferson, NY across Long Island Sound. There will be four safety boats accompanying the race participants across Long Island Sound.

This rule establishes additional vessel movement rules within areas specifically under the jurisdiction of the special local regulations during the periods of enforcement unless authorized by the COTP or designated representative.

Public notifications will be made to the local maritime community prior to each event through the Local Notice to Mariners and Broadcast Notice to Mariners.

D. Regulatory Analyses

We developed this rule after considering numerous statutes and executive orders related to rulemaking.

Below we summarize our analyses based on these statutes and executive orders.

1. Regulatory Planning and Review

This rule is not a significant regulatory action under section 3(f) of Executive Order 12866, Regulatory Planning and Review, as supplemented by Executive Order 13563, Improving Regulation and Regulatory Review, and does not require an assessment of potential costs and benefits under section 6(a)(3) of Executive Order 12866 or under section 1 of Executive Order 13563. The Office of Management and

Budget has not reviewed it under those Orders.

The Coast Guard determined that this rulemaking is not a significant regulatory action for the following reasons: (1) The enforcement of these regulated areas will be relatively short in duration, (2) persons or vessels desiring entry into the “No Entry” area or a deviance from the stipulations within the “Slow/No Wake Area” may be authorized to do so by the COTP Sector Long Island Sound or designated representative, (3) vessels can operate within the regulated area provided they do so in accordance with the regulation and (4) before the effective period,

public notifications will be made to local mariners through appropriate means, which may include but are not limited to the Local Notice to Mariners as well as Broadcast Notice to Mariners.

2. Impact on Small Entities

The Regulatory Flexibility Act of 1980 (RFA), 5 U.S.C. 601–612, as amended, requires federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000. The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities.

This temporary final rule will affect the following entities, some of which may be small entities: The owners or operators of vessels intending to enter, transit, anchor, or moor within a regulated area during the periods of enforcement, from August 2, 2015 to August 28, 2015. However, this temporary final rule will not have a significant economic impact on a substantial number of small entities for the same reasons discussed in the Regulatory Planning and Review section.

3. Assistance for Small Entities

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we want to assist small entities in understanding this proposed rule. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT**, above. The Coast Guard will not retaliate against small entities that question or complain about this proposed rule or any policy or action of the Coast Guard.

4. Collection of Information

This rule will not call for a new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

5. Federalism

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the

various levels of government. We have analyzed this rule under that Order and determined that this rule does not have implications for federalism.

6. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places or vessels.

7. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this rule will not result in such expenditure, we do discuss the effects of this rule elsewhere in this preamble.

8. Taking of Private Property

This rule will not cause a taking of private property or otherwise have taking implications under Executive Order 12630, Governmental Actions and Interference with Constitutionally Protected Property Rights.

9. Civil Justice Reform

This rule meets applicable standards in sections 3(a) and 3(b)(2) of Executive Order 12988, Civil Justice Reform, to minimize litigation, eliminate ambiguity, and reduce burden.

10. Protection of Children From Environmental Health Risks

We have analyzed this rule under Executive Order 13045, Protection of Children from Environmental Health Risks and Safety Risks. This rule is not an economically significant rule and does not create an environmental risk to health or risk to safety that may disproportionately affect children.

11. Indian Tribal Governments

This rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

12. Energy Effects

This action is not a “significant energy action” under Executive Order 13211, Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use.

13. Technical Standards

This rule does not use technical standards. Therefore, we did not consider the use of voluntary consensus standards.

14. Environment

We have analyzed this rule under Department of Homeland Security Management Directive 023–01 and Commandant Instruction M16475.1D, which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (NEPA) (42 U.S.C. 4321–4370f), and have determined that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This rule involves the establishment of special local regulations. This rule is categorically excluded from further review under paragraph 34(h) of Figure 2–1 of the Commandant Instruction. An environmental analysis checklist supporting this determination and a Categorical Exclusion Determination are available in the docket where indicated under **ADDRESSES**. We seek any comments or information that may lead to the discovery of a significant environmental impact from this rule.
