FERC-500, [Application for License/Relicense and Exemption for Water Projects With More Than 5 Megawatt² Capacity]

OMB Control No.: 1902-0058.

Abstract: Pursuant to the Federal Power Act, the Commission is authorized to issue licenses and exemptions to citizens of the United States, or to any corporation organized under the laws of United States or any State thereof, or to any State or municipality for the purpose of constructing, operating, and maintaining dams, water conduits, reservoirs, power houses, transmission lines, or other project works necessary or convenient for the development and improvement of navigation and for the development, transmission, and utilization of power across, along, from, or in any of the streams or other bodies of water over which Congress has jurisdiction under its authority to regulate commerce with foreign nations and among the several States, or upon any part of the public lands and reservations of the United States.

FERC-500 is an application (for water projects with more than 5 megawatt capacity) for a hydropower license or exemption. FERC-500 includes certain reporting requirements in 18 CFR 4, 5, 8, 16, 141, 154.15, and 292. Depending on the type of application, it may include project description, schedule, resource allocation, project operation, construction schedule, cost, and financing; and an environmental report.

After an application is filed, the Federal agencies with responsibilities under the Federal Power Act (FPA) and other statutes,³ the States, Indian tribes, and other participants have opportunities to request additional studies and provide comments and recommendations.

Submittal of the FERC-500 application is necessary to fulfill the requirements of the FPA in order for the Commission to make the required finding that the proposal is economically, technically, and environmentally sound, and is best adapted to a comprehensive plan for improving/developing a waterway or waterways.

Type of Respondent: Applicants for major hydropower licenses or exemptions greater than 5 MW

Estimate of Annual Burden: Applicants for licenses are required to

² Megawatt = MW.

³ Statutes include the Electric Consumers Protection Act (ECPA), the National Environmental Policy Act (NEPA), the Endangered Species Act, the Federal Water Pollution Control Amendments of 1972 (the Clean Water Act), and the Coastal Zone Management Act.

¹ The Commission defines burden as the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. For further explanation of what is included in the
