NMFS received applications for ITAs from ExxonMobil Alaska LNG LLC (see 81 FR 6376, February 5, 2016) (Notice of Proposed Incidental Harassment Authorization); SAExploration Inc.; and BlueCrest Alaska Operating LLC. Potential impacts from these actions are assessed in the Draft EA available at the above web address.

On February 5, 2016, NMFS published a Proposed Issuance of an Incidental Take Authorization for ExxonMobil Alaska LNG LLC (see 81 FR 6376, February 5, 2016), which stated that the Draft EA would be available for review concurrently with the proposed Authorization. #### SUPPLEMENTARY INFORMATION:

##### I. Abstract

This request is for extension of a current information collection.

Participants in most Federally-managed fisheries in the Southeast Region are currently required to keep and submit catch and effort logbooks from their fishing trips. A subset of these vessels also provide information on the species and quantities of fish, shellfish, marine turtles, and marine mammals that are caught and discarded or have interacted with the vessel's fishing gear. A subset of these vessels also provide information about dockside prices, trip operating costs, and annual fixed costs.

The data are used for scientific analyses that support critical conservation and management decisions made by national and international fishery management organizations. Interaction reports are needed for fishery management planning and to help protect endangered species and marine mammals. Price and cost data will be used in analyses of the economic effects of proposed regulations.

##### II. Method of Collection

The information is submitted on paper forms. Logbooks are completed daily and submitted on either a by trip or monthly basis, depending on the fishery. Fixed costs are submitted on an annual basis. Other information is submitted on a trip basis.

The Community Connectivity Initiative will provide a framework to enable local leaders to better assess their community connectivity and strengthen efforts to align broadband technology with local policies and priorities. The Community Connectivity Initiative will include a tool for helping communities assess their broadband readiness. Stakeholder participation is critical to the design and implementation of the self-assessment tool. NTIA will convene this workshop to provide opportunities for participants to share insights and suggestions on the design of the program. NTIA also

announces two webinars to provide additional information on the Community Connectivity Initiative.

**DATES:** The Community Connectivity Initiative Workshop will be held on March 22, 2016, from 8:30 a.m. to 12:00 noon, Pacific Daylight Time. The first webinar will be held on March 24, 2016, from 2:00 p.m. to 3:00 p.m., Eastern Daylight Time. The second webinar will be held on April 12, 2016, from 2:00 p.m. to 3:00 p.m., Eastern Daylight Time.

BroadbandUSA convenes workshops on a regular basis to bring stakeholders together to discuss ways to improve broadband policies, share best practices, and connect communities to other federal agencies and funding sources for the purpose of expanding broadband infrastructure and adoption throughout America's communities.

The Community Connectivity Initiative is a recommendation of the Broadband Opportunity Council, an inter-agency working group established by the White House in 2015 "to use all available and appropriate authorities to: Identify and address regulatory barriers that may unduly impede either wired broadband deployment or the infrastructure to augment wireless broadband deployment; encourage further public and private investment in broadband networks and services; promote the adoption and meaningful use of broadband technology; and otherwise encourage or support broadband deployment, competition, and adoption in ways that promote the public interest."

The workshop and webinars will be open to the public and press. Space is limited and available on a first-come, first-serve basis. Online registration is

available for both the in-person workshop on March 22, 2016, and the webinars on March 24, 2016, and April 12, 2016, at <https://www.eventbrite.com/e/community-connectivity-workshop-tickets-22458391654>.
