agreement will specify the terms and conditions applicable to the project, including the levels of Cooperators' program funding and cost-share contribution requirements.

2. Administrative and National Policy Requirements: Interested parties should review the Cooperators' program regulations, which are available at the following URL address: http://www.fas.usda.gov/programs/foreign-market-development-program-fmd. Hard copies may be obtained by contacting the Program Operations Division.

3. Reporting: FAS requires various reports and evaluations from Cooperators. Reporting requirements are detailed in the Cooperators' program regulations in sections 1484.53, 1484.70, and 1484.72.

VII. Agency Contact(s)

For additional information and assistance, contact the Program Operations Division, Office of Trade Programs, Foreign Agricultural Service, U.S. Department of Agriculture by courier: Room 6512, 1400 Independence Ave. SW., Washington, DC 20250, or by phone: (202) 720–4327, or by fax: (202) 720–9361, or by e-mail: uesadmin@fas.usda.gov.

Bryce Quick,
Acting Administrator, Foreign Agricultural Service, and Vice President, Commodity Credit Corporation.

Commodity Credit Corporation

Notice of Funds Availability: Inviting Applications for the Market Access Program

Announcement Type: New.

Catalog of Federal Domestic Assistance (CFDA) Number: 10.601.

SUMMARY: The Commodity Credit Corporation (CCC) announces that it is inviting proposals for the 2017 Market Access Program (MAP). The intended effect of this notice is to solicit applications from eligible applicants for fiscal year 2017 and to set out criteria for the award of funds under the program in October 2016. The MAP is administered by personnel of the Foreign Agricultural Service (FAS).

DATES: All applications must be received by 5 p.m. Eastern Daylight Time, June 3, 2016. Applications received after this date will not be considered.

FOR FURTHER INFORMATION CONTACT: Entities wishing to apply for funding assistance should contact the Program Operations Division, Office of Trade Programs, Foreign Agricultural Service by courier: Room 6512, 1400 Independence Ave. SW., Washington, DC 20250, or by phone: (202) 720–4327, or by fax: (202) 720–9361, or by email: uesadmin@fas.usda.gov. Information is also available on the FAS Web site at the following URL address: http://www.fas.usda.gov/programs/foreign-access-program-map.

SUPPLEMENTARY INFORMATION:

I. Funding Opportunity Description

Authority: The MAP is authorized under Section 203 of the Agricultural Trade Act of 1978, as amended. MAP regulations appear at 7 CFR part 1485.

Purpose: The MAP is designed to create, expand, and maintain foreign markets for U.S. agricultural commodities and products through cost-share assistance. Financial assistance under the MAP will be made available on a competitive basis, and applications will be reviewed against the evaluation criteria contained herein and in the MAP regulations. All U.S. agricultural commodities, except tobacco, are eligible for consideration.

FAS allocates funds in a manner that effectively supports the strategic decision-making initiatives of the Government Performance and Results Act (GPRA) of 1993. In deciding whether a proposed project will contribute to the effective creation, expansion, or maintenance of foreign markets, FAS considers whether the applicant provides a clear, long-term agricultural trade strategy and a program effectiveness time line against which results can be measured at specific intervals using quantifiable product or country goals. FAS also considers the extent to which a proposed project targets markets with the greatest growth potential. These factors are part of the FAS resource allocation strategy to fund applicants who can demonstrate performance and address the objectives of the GPRA.

II. Award Information

Under the MAP, the CCC enters into agreements with eligible Participants to share the cost of certain overseas marketing and promotion activities. MAP Participants may receive assistance for generic or brand promotion activities. For generic activities, funding priority is given to organizations that have the broadest possible producer representation of the commodity being promoted and that are nationwide in membership and scope. For branded activities, only nonprofit U.S. agricultural trade organizations, nonprofit state regional trade groups (SRTGs), U.S. agricultural cooperatives, and state government agencies can participate directly in the brand program. The MAP generally operates on a reimbursement basis.

III. Eligibility Information

1. Eligible Applicants: To participate in the MAP, an applicant must be a nonprofit U.S. agricultural trade organization, a nonprofit state regional trade group, a U.S. agricultural cooperative, or a state government agency. A small-sized U.S. commercial entity may participate through a MAP Participant.

2. Cost Sharing: To participate in the MAP, an applicant must agree to contribute resources to its proposed promotional activities. The MAP is intended to supplement, not supplant, the efforts of the U.S. private sector. In the case of generic promotion, the contribution must be at least 10 percent of the value of resources provided by CCC for such generic promotion. In the case of brand promotion, the contribution must be at least 50 percent of the total cost of such brand promotion.

The degree of commitment of an applicant to the promotional strategies contained in its application, as represented by the cost-share contributions specified therein, is considered by FAS when determining which applications will be approved for funding. Cost-share may be actual cash invested or in-kind contributions, such as professional staff time spent on design and execution of activities. The MAP regulations, in section 1485.16, provide a detailed discussion of eligible and ineligible cost-share contributions.

3. Other: Applications should include a justification for funding assistance from the program—an explanation as to what specifically could not be accomplished without federal funding assistance and why participating organization(s) are unlikely to carry out the project without such assistance.

IV. Application and Submission Information

1. Address To Request Application Package: Organizations are encouraged to submit their MAP applications to FAS through the web-based Unified Export Strategy (UES) application. The UES allows interested applicants to submit a single consolidated and strategically coordinated proposal that
incorporates requests for funding for virtually all of the FAS marketing programs, financial assistance programs, and market access programs. The suggested UES format encourages applicants to examine the constraints or barriers to trade that they face, identify activities that would help overcome such impediments, consider the entire pool of complementary marketing tools and program resources, and establish realistic export goals. Applicants planning to use the web-based system must contact FAS’ Program Operations Division to obtain site access information. The web-based application may be found at the following URL address: https://www.fas.usda.gov/ues/webapp/.

FAS highly recommends applying via the web-based application, as this format virtually eliminates paperwork and expedites the FAS processing and review cycle. However, applicants also have the option of submitting an electronic version of their application to FAS at uesadmin@fas.usda.gov.

2. Content and Form of Application Submission: To be considered for the MAP, an applicant must submit to FAS information required by section 1485.13 of the MAP regulations. In addition, in accordance with the Office of Management and Budget’s policy (68 FR 38402 (June 27, 2003)) regarding the need to identify entities that are receiving government awards, all applicants must submit a Dun and Bradstreet Data Universal Numbering System (DUNS) number. An applicant may request a DUNS number at no cost by calling the dedicated toll-free DUNS number request line at (866) 705–5711. In addition, in accordance with 2 CFR part 25, each entity that applies to the MAP and does not qualify for an exemption under 2 CFR 25.110 must:

(i) Provide a valid DUNS number in each application or plan it submits to CCC;
(ii) Be registered in the System for Award Management (SAM) prior to submitting an application or plan; and
(iii) Continue to maintain an active SAM registration with current information at all times during which it has an active Federal award or an application or plan under consideration by CCC.

Similarly, in accordance with 2 CFR part 170, each entity that applies to MAP and does not qualify for an exception under 2 CFR 170.110(b) must ensure it has the necessary processes and systems in place to comply with the applicable reporting requirements of 2 CFR part 170 should it receive MAP funding.

Incomplete applications and applications that do not otherwise conform to this announcement and the MAP regulations will not be accepted for review.

FAS administers various other agricultural export assistance programs including the Foreign Market Development Cooperator (Cooperator) program, the Emerging Markets Program, the Quality Samples Program, and the Technical Assistance for Specialty Crops program. Any organization that is not interested in applying for the MAP, but would like to request assistance through one of the other programs mentioned, should contact the Program Operations Division.

3. Submission Dates and Times: All applications must be received by 5 p.m. Eastern Daylight Time, June 3, 2016. By the application deadline, all MAP applicants, regardless of the method of submitting an application, must also submit a signed certification statement as specified in 7 CFR 1485.13(e)(2)(i)(E) to the Program Operations Division, Office of Trade Programs, Foreign Agricultural Service, U.S. Department of Agriculture, Room 6512, 1400 Independence Ave. SW., Washington, DC 20250. Applications or certifications received after this date will not be considered.

4. Funding Restrictions: Certain types of expenses are not eligible for reimbursement by the program, and there are limits on other categories of expenses. CCC also will not reimburse unreasonable expenditures or expenditures made prior to approval. Full details are available in the MAP regulations in section 1485.17.

V. Application Review Information

1. Criteria and Review Process: Following is a description of the FAS process for reviewing applications and the criteria for allocating available MAP funds.

(a) Applicant’s Contribution Level (40)

• The applicant’s 4-year average share (2014–2017) of all contributions under the MAP (cash and goods and services provided by U.S. entities in support of overseas marketing and promotion activities) compared to the applicant’s 4-year average share (2014–2017) of the funding level for all MAP Participants.

(b) Past Performance (30)

• The 3-year average share (2013–2015) of the value of exports promoted by the applicant compared to the applicant’s 2-year average share (2015–2016) of the funding level for all MAP Participants plus, for those groups participating in the Cooperative program, the 2-year average share (2015–2016) of all Cooperative program budgets.

(c) Projected Export Goals (15)

• The total dollar value of projected exports promoted by the applicant for 2017 compared to the applicant’s requested funding level.

(d) Accuracy of Past Projections (15)

• Actual exports for 2015 as reported in the 2017 MAP application compared to past projections of exports for 2015 as specified in the 2015 MAP application.

The Commodity Branches’ recommended funding levels for each applicant are converted to percentages of the total MAP funds available and then multiplied by each weight factor as described above to determine the amount of funds allocated to each applicant.

2. Anticipated Announcement Date: Announcements of funding decisions for the MAP are anticipated during October 2016.

VI. Award Administration Information

1. Award Notices: FAS will notify each applicant in writing of the final disposition of its application. The FAS will send an approval letter and program agreement to each approved applicant. The approval letter and program agreement will specify the
DEPARTMENT OF AGRICULTURE

Commodity Credit Corporation

Notice of Funds Availability: Inviting Applications for the Emerging Markets Program

SUMMARY: The Commodity Credit Corporation (CCC) announces that it is inviting proposals for the 2017 Emerging Markets Program (EMP). The intended effect of this notice is to solicit applications from the private sector and from government agencies for fiscal year 2017 and to set out criteria for the award of funds under the program in October 2016. The EMP is administered by personnel of the Foreign Agricultural Service (FAS).

DATES: To be considered for funding, applications must be received by 5 p.m. Eastern Daylight Time, June 3, 2016. Any applications received after this time will be considered only if funds are still available.

FOR FURTHER INFORMATION CONTACT: Entities wishing to apply for funding assistance should contact the Program Operations Division, Office of Trade Programs, Foreign Agricultural Service by courier: Room 6512, 1400 Independence Ave. SW., Washington, DC 20250, or by phone: (202) 720–4327, or by fax: (202) 720–9361, or by email: podadmin@fas.usda.gov. Information is also available on the Foreign Agricultural Service Web site at http://www.fas.usda.gov/programs/emerging-markets-program-emp.

SUPPLEMENTARY INFORMATION:

A. Funding Opportunity Description

Announcement Type: New.
Catalog of Federal Domestic Assistance (CFDA) Number: 10.603.
Authority: The EMP is authorized by section 1542(d)(1) of the Food, Agriculture, Conservation and Trade Act of 1990 (The Act), as amended. The EMP regulations appear at 7 CFR part 1486.

1. Purpose. The EMP assists U.S. entities in developing, maintaining, or expanding exports of U.S. agricultural commodities and products by funding activities that improve emerging markets’ food and rural business systems, including reducing potential trade barriers in such markets. The EMP is intended primarily to support export market development efforts of the private sector, but EMP resources may also be used to assist public organizations.

All U.S. agricultural commodities, except tobacco, are eligible for consideration. Agricultural product(s) should be comprised of at least 50 percent U.S. origin content by weight, exclusive of added water, to be eligible for funding. Proposals that seek support for multiple commodities are also eligible. EMP funding may only be used to develop, maintain, or expand emerging markets for U.S. agricultural commodities and products through generic activities. EMP funding may not be used to support the export of another country’s products to the United States, or to promote the development of a foreign economy as a primary objective.

2. Appropriate Activities. All EMP projects must fall into at least one of the following four categories:

(a) Assistance to teams consisting primarily of U.S. individuals expert in assessing the food and rural business systems of other countries. This type of EMP project must include all three of the following:
• Conduct an assessment of the food and rural business system needs of an emerging market;
• Make recommendations on measures necessary to enhance the effectiveness of these systems; and
• Identify opportunities and projects to enhance the effectiveness of the emerging market’s food and rural business systems.

To be eligible, such proposals must clearly demonstrate that experts are primarily agricultural consultants, farmers, and other persons from the private sector and government officials, and that they have expertise in assessing the food and rural business systems of other countries.

(b) Assistance to enable individuals from emerging markets to travel to the United States so that these individuals can, for the purpose of enhancing the food and rural business systems in their countries, become familiar with U.S. technology and agribusiness and rural enterprise operations by consulting with food and rural business system experts in the United States.

(c) Assistance to enable U.S. agricultural producers and other individuals knowledgeable in agricultural and agribusiness matters to travel to emerging markets to assist in transferring their knowledge and expertise to entities in emerging markets. Such travel must be to emerging markets. Travel to developed markets is not eligible under the program even if the traveler’s targeted market is an emerging market.

(d) Technical assistance to implement the recommendations, projects, and/or opportunities identified under 2(a) above. Technical assistance that does not implement the recommendations, projects, and/or opportunities identified by assistance under 2(a) above is not eligible under the EMP.

Proposals that do not fall into one or more of the four categories above, regardless of previous guidance provided regarding the EMP, are not eligible for consideration under the program.

EMP funds may not be used to support normal operating costs of individual organizations, nor as a source to recover pre-award costs or prior expenses from previous or ongoing projects. Proposals that counter national strategies or duplicate activities planned or already underway by U.S. non-profit agricultural commodity or trade associations (“cooperators”) will not be considered. Other ineligible expenditures include: branded product promotions (e.g., in-store, restaurant advertising, labeling, etc.); advertising; administrative and operational expenses for trade shows; Web site development; equipment purchases; and the preparation and printing of brochures, flyers, and posters (except in connection with specific technical assistance activities such as training seminars). For a more complete description of...
