

## Effective Dates of New Penalties

The Adjustment Improvements Act applies to civil penalties assessed after the effective date of the applicable adjustment, including civil penalties whose associated violation predated the effective date.<sup>24</sup> The Act does not retroactively change previously assessed or enforced civil penalties.

## Procedural Requirements

The Commission finds good cause for adopting this interim final rule without advance public notice or an opportunity for prior public comment. Advance opportunity for notice and comment are not required “when the agency for good cause finds (and incorporates the findings and a brief statement of reasons therefore in the rules issued) that notice and public procedure thereon are impracticable, unnecessary, or contrary to the public interest.” 5 U.S.C. 553(b)(3)(B). The Adjustment Improvements Act directs agencies to promulgate the required inflation adjustments through an interim final rulemaking by no later than July 1, 2016. Pursuant to this Congressional mandate, and because the Commission must adjust its civil penalties according to the statutory formula identified in the Adjustment Improvements Act, the Commission finds that good cause exists to forego prior public notice and comment under the APA. *Id.* These adjustments are mandated by statute and do not involve the exercise of Commission discretion or any policy judgments. Accordingly, the Commission finds that prior public notice and comment is unnecessary. For this reason, the requirements of the Regulatory Flexibility Act (“RFA”) also do not apply.<sup>25</sup> Finally, this rule does not contain any collection of information requirements as defined by the Paperwork Reduction Act of 1995 as amended. 44 U.S.C. 3501 *et seq.*

## List of Subjects for 16 CFR Part 1

Administrative practice and procedure, Penalties, Trade practices.

## Text of Amendments

For the reasons set forth in the preamble, the Federal Trade Commission amends Title 16, chapter I, subchapter A, of the Code of Federal Regulations, as follows:

<sup>24</sup> Public Law 114–74, 701(b)(3) (amending section 6 of the FCPIAA).

<sup>25</sup> A regulatory flexibility analysis under the RFA is required only when an agency must publish a notice of proposed rulemaking for comment. *See* 5 U.S.C. 603.

**I. Background**

On November 2, 2015, the President signed into law the Federal Civil Penalties Inflation Adjustment Act Improvements Act of 2015 (Sec. 701 of Pub. L. 114–74). The Act requires Federal agencies to adjust the level of civil monetary penalties with an initial

catch-up adjustment through rulemaking and then make subsequent annual adjustments for inflation. This rule adjusts the level of civil monetary penalties within those parts of Title 25 of the Code of Federal Regulations that fall under Chapter I, the Bureau of Indian Affairs. This rule does not affect criminal penalties, such as those at 25 CFR 273.15. This rule does not affect Chapter V, Bureau of Indian Affairs, and Indian Health Service or Chapter VI, Office of the Assistant Secretary, Indian Affairs, because those chapters contain no civil monetary penalties. This rule

does not affect Chapter III, National Indian Gaming Commission, or Chapter IV, Office of Navajo and Hopi Indian Relocation, because those respective offices will determine whether it is necessary to issue separate rulemakings.

The purpose of these adjustments is to maintain the deterrent effect of civil penalties and to further the policy goals of the underlying statutes. This rule adjusts the following civil monetary penalties, as calculated in accordance with the procedures described in Section II, Calculation of Adjustment:

**II. Calculation of Adjustment**

The OMB issued guidance on calculating the catch-up adjustment. See February 24, 2016, Memorandum for the Heads of Executive Departments and Agencies, from Shaun Donovan, Director, Office of Management and Budget, re: *Implementation of the Federal Civil Penalties Inflation Adjustment Act Improvements Act of 2015*. Under this guidance the Department of the Interior (Department)

has identified applicable civil monetary penalties and calculated the catch-up adjustment. A civil monetary penalty is any assessment with a dollar amount that is levied for a violation of a Federal civil statute or regulation, and is assessed or enforceable through a civil action in Federal court or an administrative proceeding. A civil monetary penalty does not include a penalty levied for violation of a criminal statute, or fees for services, licenses,

permits, or other regulatory review. The calculated catch-up adjustment is based on the percent change between the Consumer Price Index for all Urban Consumers (CPI-U) for the month of October in the year of the previous adjustment (or in the year of establishment, if no adjustment has been made) and the October 2015 CPI-U.

### III. Procedural Requirements

#### A. Regulatory Planning and Review (E.O. 12866 and 13563)

Executive Order (E.O.) 12866 provides that the Office of Information and Regulatory Affairs in the Office of Management and Budget will review all significant rules. The Office of Information and Regulatory Affairs has determined that this rule is not significant.

Executive Order 13563 reaffirms the principles of E.O. 12866 while calling for improvements in the nation's regulatory system to promote predictability, to reduce uncertainty, and to use the best, most innovative, and least burdensome tools for achieving regulatory ends. The executive order directs agencies to consider regulatory approaches that reduce burdens and maintain flexibility and freedom of choice for the public where these approaches are relevant, feasible, and consistent with regulatory objectives. E.O. 13563 emphasizes further that regulations must be based on the best available science and that the rulemaking process must allow for public participation and an open exchange of ideas. We have developed this rule in a manner consistent with these requirements.

#### B. Regulatory Flexibility Act

The Regulatory Flexibility Act (RFA) requires an agency to prepare a regulatory flexibility analysis for rules unless the agency certifies that the rule will not have a significant economic impact on a substantial number of small entities. The RFA applies only to rules for which an agency is required to first publish a proposed rule. See 5 U.S.C. 603(a) and 604(a). The Federal Civil Penalties Adjustment Act of 2015 requires agencies to adjust civil penalties with an initial catch-up adjustment through an interim final rule. An interim final rule does not include first publishing a proposed rule. Thus, the RFA does not apply to this final rule.

#### C. Small Business Regulatory Enforcement Fairness Act

This rule is not a major rule under 5 U.S.C. 804(2), the Small Business Regulatory Enforcement Fairness Act. This rule:

- (a) Does not have an annual effect on the economy of \$100 million or more;
- (b) Will not cause a major increase in costs or prices for consumers, individual industries, Federal, State, or local government agencies, or geographic regions;

(c) Does not have significant adverse effects on competition, employment, investment, productivity, innovation, or the ability of U.S.-based enterprises to compete with foreign-based enterprises.

#### D. Unfunded Mandates Reform Act

This rule does not impose an unfunded mandate on State, local, or tribal governments or the private sector of more than \$100 million per year. The rule does not have a significant or unique effect on State, local, or tribal governments or the private sector. A statement containing the information required by the Unfunded Mandates Reform Act (2 U.S.C. 1531 *et seq.*) is not required.

#### E. Takings (E.O. 12630)

This rule does not affect a taking of private property or otherwise have taking implications under E.O. 12630. A takings implication assessment is not required.

#### F. Federalism (E.O. 13132)

Under the criteria in section 1 of E.O. 13132, this rule does not have sufficient federalism implications to warrant the preparation of a federalism summary impact statement. A federalism summary impact statement is not required.

#### G. Civil Justice Reform (E.O. 12988)

This rule complies with the requirements of E.O. 12988.

Specifically, this rule:

- (a) Meets the criteria of section 3(a) requiring that all regulations be reviewed to eliminate errors and ambiguity and be written to minimize litigation; and
- (b) Meets the criteria of section 3(b)(2) requiring that all regulations be written in clear language and contain clear legal standards.

#### H. Consultation With Indian Tribes (E.O. 13175 and Departmental Policy)

The Department strives to strengthen its government-to-government relationship with Indian tribes through a commitment to consultation with Indian Tribes and recognition of their right to self-governance and tribal sovereignty. We have evaluated this rule under the Department's consultation policy and under the criteria in E.O. 13175 and have determined that it has no substantial direct effects on federally recognized Indian tribes and that consultation under the Department's tribal consultation policy is not required.

#### I. Paperwork Reduction Act

This rule does not contain information collection requirements,

and a submission to the OMB under the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*) is not required. We may not conduct or sponsor, and you are not required to respond to, a collection of information unless it displays a currently valid OMB control number.

#### J. National Environmental Policy Act

This rule does not constitute a major Federal action significantly affecting the quality of the human environment. A detailed statement under the National Environmental Policy Act of 1969 (NEPA) is not required because the rule is covered by a categorical exclusion. This rule is excluded from the requirement to prepare a detailed statement because it is a regulation of an administrative nature. (For further information, see 43 CFR 46.210(i).) We have also determined that the rule does not involve any of the extraordinary circumstances listed in 43 CFR 46.215 that would require further analysis under NEPA.

#### K. Effects on the Energy Supply (E.O. 13211)

This rule is not a significant energy action under the definition in E.O. 13211. A Statement of Energy Effects is not required.

#### L. Clarity of This Regulation

We are required by E.O. 12866 (section 1(b)(12)), and 12988 (section 3(b)(1)(B)), and 13563 (section 1(a)), and by the Presidential Memorandum of June 1, 1998, to write all rules in plain language. This means that each rule we publish must:

- (a) Be logically organized;
- (b) Use the active voice to address readers directly;
- (c) Use common, everyday words and clear language rather than jargon;
- (d) Be divided into short sections and sentences; and
- (e) Use lists and tables wherever possible.

If you feel that we have not met these requirements, send us comments by one of the methods listed in the **ADDRESSES** section. To better help us revise the rule, your comments should be as specific as possible. For example, you should tell us the numbers of the sections or paragraphs that you find unclear, which sections or sentences are too long, the sections where you think lists or tables would be useful, etc.

#### M. Administrative Procedure Act

The Act requires agencies to publish interim final rules by July 1, 2016, with an effective date for the adjusted penalties no later than August 1, 2016. To comply with the Act, we are issuing

these regulations as an interim final rule and are requesting comments post-promulgation. Section 553(b) of the Administrative Procedure Act (APA) provides that, when an agency for good cause finds that “notice and public procedure . . . are impracticable, unnecessary, or contrary to the public interest,” the agency may issue a rule without providing notice and an opportunity for prior public comment. The Bureau of Indian Affairs (BIA) finds that there is good cause to promulgate this rule without first providing for public comment. It would not be possible to meet the deadlines imposed by the Act if we were to first publish a proposed rule, allow the public sufficient time to submit comments, analyze the comments, and publish a final rule. Also, BIA is promulgating this final rule to implement the statutory directive in the Act, which requires agencies to publish an interim final rule and to update the civil penalty amounts by applying the specified formula. BIA has no discretion to vary the amount of the adjustment to reflect any views or suggestions provided by commenters. Accordingly, it would serve no purpose to provide an opportunity for pre-promulgation public comment on this rule. Thus, pre-promulgation notice and public comment is impracticable and unnecessary.

collection of information in these regulations will be reflected in the OMB Form 83–1, *Paperwork Reduction Act Submission*, associated with Form 8975.

**Background**

This document contains amendments to 26 CFR part 1. On December 23, 2015, a notice of proposed rulemaking (REG–109822–15) relating to the furnishing of country-by-country (CbC) reports by certain United States persons (U.S. persons) was published in the **Federal Register** (80 FR 79795). A public hearing was requested and was held on May 13, 2016. Comments responding to the notice of proposed rulemaking were received. After consideration of the comments, the proposed regulations are adopted as amended by this Treasury decision. The public comments and revisions are discussed below.

**Summary of Comments and Explanation of Revisions***1. United States Participation in CbC Reporting*

Multiple comments expressed support for the implementation of CbC reporting in the United States. However, one comment recommended that the Treasury Department and the IRS decline to implement CbC reporting because, according to the comment, U.S. multinational enterprise (MNE) groups' direct costs of compliance will exceed the United States Treasury's revenue gains, and there will be high, unanticipated costs from inadvertent disclosures of sensitive information. This recommendation is not adopted. U.S. MNE groups will be subject to CbC filing obligations in other countries in which they do business if the United States does not implement CbC reporting. Thus, a decision by the Treasury Department and the IRS not to implement CbC reporting will result in no compliance cost savings to U.S. MNE groups. In fact, failure to adopt CbC reporting requirements in the United States may increase compliance costs because U.S. MNE groups may be subject to CbC filing obligations in multiple foreign tax jurisdictions. U.S. MNE groups might also be subject to varying CbC filing rules and requirements in different foreign tax jurisdictions, such as requirements to prepare the CbC report using the local currency or language.

In addition, CbC reports filed with the IRS and exchanged pursuant to a competent authority arrangement benefit from the confidentiality requirements, data safeguards, and appropriate use restrictions in the competent authority arrangement. If a

foreign tax jurisdiction fails to meet the confidentiality requirements, data safeguards, and appropriate use restrictions set forth in the competent authority arrangement, the United States will pause exchanges of all reports with that tax jurisdiction. Moreover, if such tax jurisdiction has adopted CbC reporting rules that are consistent with the 2015 Final Report for Action 13 (Transfer Pricing Documentation and Country-by-Country Reporting) of the Organisation for Economic Co-operation and Development (OECD) and Group of Twenty (G20) Base Erosion and Profit Shifting (BEPS) Project (Final BEPS Report), the tax jurisdiction will not be able to require any constituent entity of the U.S. MNE group in the tax jurisdiction to file a CbC report. The ability of the United States to pause exchange creates an additional incentive for foreign tax jurisdictions to uphold the confidentiality requirements, data safeguards, and appropriate use restrictions in the competent authority arrangement.

*2. Form 8975, Country-by-Country Report*

At the time of publication of the proposed regulations, the country-by-country reporting form described in the proposed regulations had not been officially numbered and was referred to in the proposed regulations as Form XXXX, *Country-by-Country Report*. The country-by-country reporting form remains under development but has been officially numbered. The final regulations amend the proposed regulations to reflect the official number of the form, Form 8975, *Country-by-Country Report*, (Form 8975 or CbCR).

*3. Constituent Entities and Persons Required To File Form 8975*

In the preamble to the proposed regulations, the Treasury Department and the IRS requested comments regarding whether additional guidance was needed for determining which U.S. persons must file Form 8975 or which entities are considered constituent entities of the filer. Specifically, the Treasury Department and the IRS requested comments on whether additional guidance on the definition of a U.S. MNE group was necessary to address situations where U.S. generally accepted accounting principles (GAAP) or U.S. securities regulations permit or require consolidated financial accounting for reasons other than majority ownership, as well as situations, if any, where U.S. GAAP or U.S. securities regulations permit separate financial accounting with respect to majority-owned enterprises.
