SUPPLEMENTARY INFORMATION:  
Summaries for each FAR rule follow. For the actual revisions and/or amendments made by these rules, refer to the specific item numbers and subjects set forth in the documents following these item summaries. FAC 2005–89 amends the FAR as follows:

Item I—Small Business Subcontracting Improvements (FAR Case 2014–003)

This final rule amends the FAR to implement SBA’s final rule published at 78 FR 42391 on July 16, 2013. The rule will implement the statutory requirements set forth in section 1321 and 1322 of the Small Business Jobs Act of 2010, (Pub. L. 111–240), as well as other requirements aimed at improving subcontracting regulations to increase small business opportunities. This rule accomplishes the following:

(1) Requires prime contractors to make good faith efforts to utilize their proposed small business subcontractors during performance of a contract to the same degree the prime contractor relied on the small business in preparing and submitting its bid or proposal. To the extent a prime contractor is unable to make a good faith effort to utilize its small business subcontractors as described above, the prime contractor is required to explain, in writing, within 30 days of contract completion, to the contracting officer the reasons why it was unable to do so.

(2) Authorizes contracting officers to calculate subcontracting goals in terms of total contract dollars in addition to the required goals in terms of total subcontracted dollars.

(3) Provides contracting officers with the discretion to require a subcontracting plan in instances where a small business represents its size as an other than small business.

(4) Requires subcontracting plans even for modifications under the subcontracting plan threshold if said modifications would cause the contract to exceed the plan threshold.

(5) Requires prime contractors to assign (North American Industry Classification System (NAICS)) codes to subcontractors.

(6) Restricts prime contractors from prohibiting a subcontractor from discussing payment or utilization matters with the contracting officer.

(7) Requires prime contractors to resubmit a corrected subcontracting report within 30 days of receiving the contracting officer’s notice of report rejection.

(8) Requires prime contractors to provide the socioeconomic status of the subcontractor in the notification to unsuccessful offerors for subcontracts.

(9) Requires prime contracts with subcontracting plans on task and delivery order contracts to report order level subcontracting information after November 2017.

(10) Facilitates funding agencies receiving small business subcontracting credit.

(11) On indefinite-delivery, indefinite-quantity contracts, allows the contracting officer to establish subcontracting goals at the order level (but not a new subcontracting plan).

This rule may have a positive economic impact on any small business entity that wishes to participate in the Federal procurement arena as a subcontractor.

Item II—OMB Circular Citation Update (FAR Case 2014–023)

This final rule amends the FAR to update outdated OMB Circular citation references. On December 26, 2013, the Office of Management and Budget (OMB) published new guidance at 2 CFR part 200 entitled Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, adopted by Federal agencies as a set of binding regulations in the Federal Awards, adopted by Federal agencies as a set of binding regulations that became effective December 26, 2014. This new guidance supersedes and streamlines requirements from OMB Circulars A–21, A–87, A–89, A–102, A–110, A–122, and A–133, as well as the guidance in Circular A–50 on Audit Followup. As such, this final rule replaces OMB citations in the FAR to the circulators cited above that have been superseded. The replacement of these outdated OMB citations in the FAR will have no impact on small businesses since the intent of the OMB guidance remains unchanged.
Item III—FPI Blanket Waiver Threshold (FAR Case 2016–008)

This final rule amends the FAR to increase the blanket waiver threshold for small dollar-value purchases from Federal Prison Industries (FPI) by Federal agencies from $3,000 to $3,500. No waiver is required to buy from an alternative source below $3,500. Customers may, however, still purchase from FPI at or below this threshold, if they so choose.

Item IV—Revision to Standard Forms for Bonds (FAR Case 2015–025)

This rule amends the FAR to revise five Standard Forms prescribed for contracts involving bonds and other financial protections. The revisions, aimed at clarifying liability limitations and expanding the options for organization types, are made to Standard Forms 24, 25, 25A, 34, and 35. These changes will minimize questions from industry to the contracting officer.

This final rule does not place any new requirements on small entities.

Item V—Technical Amendments

Editorial changes are made at FAR 4.1801, 4.1803, 52.204–16, 52.204–17, 52.204–18, 52.204–20, and 52.212–3.

SUPPLEMENTARY INFORMATION:

I. Background

DoD, GSA, and NASA published a proposed rule in the Federal Register at 80 FR 32909 on June 10, 2015. The proposed rule discussed regulatory changes made by the Small Business Administration (SBA) in its final rule published at 78 FR 42391, on July 16, 2013, concerning small business subcontracting. SBA’s final rule implements the statutory requirements in sections 1321 and 1322 of the Small Business Jobs Act of 2010 (Pub. L. 111–240), as well as other changes aimed at improving subcontracting regulations to increase small business opportunities. The changes being implemented in this final rule include the following:

(1) Requiring prime contractors to make good faith efforts to utilize their proposed small business subcontractors during performance of a contract to the same degree the prime contractor relied on the small business in preparing and submitting its bid or proposal. To the extent a prime contractor is unable to make a good faith effort to utilize its small business subcontractors as described above, the prime contractor is required to explain, in writing, within 30 days of contract completion, to the contracting officer the reasons why it is unable to do so.

(2) Authorizing contracting officers to calculate subcontracting goals in terms of total contract dollars in addition to the required goals in terms of total subcontracted dollars.

(3) Providing contracting officers with the discretion to require a subcontracting plan in instances where a small business misrepresented its size as an other than small business.

(4) Requiring subcontracting plans even for modifications under the subcontracting plan threshold if said modifications would cause the contract to exceed the plan threshold.

(5) Requiring prime contractors to assign North American Industry Classification System (NAICS) codes to subcontracts.

(6) Restricting prime contractors from prohibiting a subcontractor from discussing payment or utilization matters with the contracting officer.

(7) Requiring prime contractors to resubmit a corrected subcontracting report within 30 days of receiving the contracting officer’s notice of report rejection.

(8) Requiring prime contractors to provide the socioeconomic status of the subcontractor in the notification to unsuccessful offerors for subcontracts.

(9) Requiring prime contracts with subcontracting plans on task and delivery order contracts to report order level subcontracting information after November 2017.

(10) Funding agencies receiving small business subcontracting credit.

(11) On indefinite-delivery, indefinite-quantity contracts, the contracting officer may establish subcontracting goals at the order level (but not a new subcontracting plan).

Twenty-seven respondents submitted comments on the proposed rule.
