

A. Overview of Information Collection*Title of Information Collection:*

Assessing Compliance with ACC and Regulatory Insurance Requirements.

OMB Approval Number: Pending OMB Approval.

Type of Request: New.

Form Number: None.

Description of the need for the information and proposed use: the information collected will be used to assess PHAs compliance with ACC and regulatory insurance requirements. PHAs are required to have appropriate property/casualty insurance coverage needed to protect Federal interest in PHA properties and operations.

Respondents (i.e. affected public): PHAs.

Estimated Number of Respondents: 300.

Estimated Number of Responses: 300.

Frequency of Response: Once (This is a one-time survey).

Average Hours per Response: The expected average response time for the survey is 20 minutes. (Some of the questions have only binary responses: Yes No).

Total Estimated Burdens: 100.

B. Solicitation of Public Comment

This notice is soliciting comments from members of the public and affected parties concerning the collection of information described in Section A on the following:

(1) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) The accuracy of the agency's estimate of the burden of the proposed collection of information;

(3) Ways to enhance the quality, utility, and clarity of the information to be collected; and

(4) Ways to minimize the burden of the collection of information on those who are to respond; including through the use of appropriate automated collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of responses.

HUD encourages interested parties to submit comment in response to these questions.

Notice of Termination of Uinkaret Mountains Landscape Restoration Project Environmental Impact Statement, Arizona

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice.

SUMMARY: The preparation of an Environmental Impact Statement (EIS) for the proposed Uinkaret Mountains Landscape Restoration Project is no longer required and the process is hereby terminated. Pursuant to the National Environmental Policy Act of 1969, as implemented by the Council on Environmental Quality (CEQ) regulations, the Bureau of Land Management (BLM) on October 21, 2014, published a notice of intent (NOI) to prepare an EIS. The EIS would have analyzed proposed vegetation treatments in the Uinkaret Mountains Landscape Restoration Project area.

DATES: Termination of the EIS process for the Uinkaret Mountains Landscape Restoration Project is effective immediately.

FOR FURTHER INFORMATION CONTACT: Richard Spotts, Planning and Environmental Coordinator, (435) 688-3207; rspotts@blm.gov.

SUPPLEMENTARY INFORMATION: The BLM's Arizona Strip District Office has determined it is appropriate to terminate the Uinkaret Mountains Landscape Restoration Project EIS and prepare an Environmental Assessment (EA) instead. The NOI to prepare an EIS was published in the **Federal Register** on October 21, 2014 (79 FR 62954) and announced the scoping period for the proposed project. The initial project proposal listed a variety of potential vegetative treatments, including manual, mechanical, chemical, wildfire management for resource benefit, prescribed fire, and seeding for the overall project area of approximately 128,535 acres, located on lands managed by the Arizona Strip Field

Office and Grand Canyon Parashant National Monument, within the Arizona Strip District.

Preliminary issues from internal and external public scoping include but are not limited to: Excessive fuel loading leading to increased wildfire risk; impacts from past management activities such as grazing and fire suppression; pinyon and juniper encroachment into sagebrush and ponderosa communities; soil erosion; and the need to treat decadent sagebrush stands.

After careful consideration of preliminary issues, public scoping comments, and field-verification of existing resource conditions, BLM modified the proposed action to specific vegetation treatment units within the overall project area, of which 18,675 acres is proposed to receive manual, mechanical, seeding, erosion control, and chemical treatments and 38,713 acres are proposed to receive fire treatments. The proposed action and one other action alternative, which would implement only the fire treatments, were developed. Design features, applicable to all action alternatives, were also modified to include special resource protections to mitigate the environmental impacts, such as avoiding all known cultural resources following intensive surveys, treating areas when soils are not saturated to minimize soil compaction, ensuring mechanical treatment equipment is cleaned prior to use to minimize the spread of noxious weeds, avoiding old growth ponderosa stands, and designing treatments in irregular shapes to reduce visual contrast.

The BLM evaluated the modified the proposed action, no action, and an alternative action, against the CEQ significance criteria (40 CFR 1508.27) and determined that the anticipated effects from the treatment methods are consistent with the preparation of an EA rather than an EIS.

Thus, the BLM hereby terminates preparation of an EIS for the proposed Uinkaret Mountains Landscape Restoration Project. National Environmental Policy Act public involvement procedures will be adhered to in the development on the Uinkaret Mountains Landscape Restoration Project EA.

Authority: 40 CFR 1506.6, 40 CFR 1506.10

Timothy J. Burke,
District Manager.

DEPARTMENT OF JUSTICE

Drug Enforcement Administration

Alaaeldin A. Babiker, M.D.; Decision and Order

On January 21, 2015, the Deputy Assistant Administrator, Office of Diversion Control, Drug Enforcement Administration, issued an Order to Show Cause to Alaaeldin A. Babiker, M.D. (hereinafter, Registrant), of Yuma, Arizona. The Show Cause Order proposed the revocation of Registrant's DEA Certificate of Registration BB7566461, pursuant to which he is authorized to dispense controlled substances in schedules II through V as a practitioner, as well as the denial of any applications, on two grounds. GX 1, at 1.

First, the Show Cause Order alleged that on October 4, 2014, the Arizona Medical Board issued Registrant an "Order for Decree of Censure, Probation, and Practice Restriction and Consent to the Same" which "restricted [him] from prescribing any controlled substances." *Id.* The Show Cause Order thus alleged that because Registrant does not have authority to dispense controlled substances in Arizona, the State in which he is registered with DEA, his registration is subject to revocation. *Id.* (citing 21 U.S.C. 802(21), 823(f), 824(a)(3)).

Second, based on various findings of fact and legal conclusions contained in the Board's Order, the Show Cause Order alleged that Registrant had committed acts which render his registration "inconsistent with the public interest" in that he "did not comply with applicable state law related to controlled substances." *Id.* at 2 (citing 21 U.S.C. 823(f)(4)). More specifically, the Show Cause Order alleged that: (1) "[F]rom 2008 through 2012, [Registrant] issued controlled substance prescriptions to [his] wife"; and that (2) on December 8, 2012, he was "diagnosed with opioid dependence, Xanax abuse and Adderall abuse." *Id.* Ariz. Rev. Stat. § 32-1401(27)(h) & (g)).

The Show Cause Order then made multiple allegations regarding Registrant's prescribing of narcotics to patient B.S. These included that: (1) During the period he prescribed oxycodone to B.S., he "added morphine to the patient's medications" and also increased B.S.'s oxycodone prescriptions without explaining why he did so in B.S.'s chart; (2) he "did not treat [B.S.'s] chronic pain with additional evaluations or other therapeutic interventions"; and (3) that he "deviated from the standard of care

by failing to address" lab results which suggested that B.S. was using marijuana as well as by failing to adequately document B.S.'s marijuana usage. *Id.* (citing Ariz. Rev. Stat. § 32-1401(27)(e) & (q)).

Finally, the Show Cause Order notified Registrant of his right to request a hearing on the allegations or to submit a written statement of position while waiving his right to a hearing, the procedure for electing either option, and the consequence of failing to elect either option. GX 1, at 2-3 (citing 21 CFR 1301.43; *id.* § 1301.46).

On January 29, 2015, a Special Agent went to an address in Yuma, Arizona which was identified as Registrant's address by a lawyer who had represented him before the Arizona Medical Board. According to the Special Agent, he arrived at the residence at 4:30 p.m. at which time he "encountered no persons at the residence" and there were "[n]o vehicles or indications of any persons at the residence during the time" he was present. GX 7, at 1. The Special Agent reported that he left a copy of the Show Cause Order "in the door jamb of the front door in plain sight." *Id.* However, at this juncture, the Government undertook no other steps to effect service.

Several months later, the Government submitted a Request for Final Agency Action contending that 30 days had passed since Registrant was served with the Show Cause Order and that neither he, nor anyone representing him, had requested a hearing or sent any correspondence to DEA. Request for Final Agency Action, at 7-8. On review by my Office, service was deemed to be inadequate and the Government was directed to re-serve Registrant with the Show Cause Order.

On October 2, 2015, a Diversion Investigator mailed the Show Cause Order to Registrant at his residence address (as identified by his lawyer) by first class mail. GX 9, at 2 (Supplemental Declaration of DI). Thereafter, "[o]n or about January 20, 2016," the DI mailed the Show Cause Order to Registrant by Certified Mail, Return Receipt Requested addressed to him at the same address as well as at two other reported addresses. *Id.* However, each of these mailings was returned unclaimed. *Id.* Subsequently, on April 6, 2016, the DI re-mailed the Show Cause Order to Registrant by regular First Class Mail to each of the three addresses. *Id.* According to the affidavit of a Legal Assistant with the Office of Chief Counsel, as of July 13, 2016, the Office of Administrative Law Judges had not received either a hearing
