in areas located throughout the United States, including Texas and Louisiana.

Special Analyses

Certain IRS regulations, including these, are exempt from the requirements of Executive Order 12866, as supplemented and reaffirmed by Executive Order 13563. Therefore, a regulatory impact assessment is not required. It also has been determined that section 533(b) of the Administrative Procedure Act (5 U.S.C. chapter 5) does not apply to these regulations. For applicability of the Regulatory Flexibility Act (5 U.S.C. chapter 6), please refer to the cross-referencing notice of proposed rulemaking published in the Proposed Rules section in this issue of the Federal Register.

Pursuant to section 7805(f) of the Code, these temporary regulations will be submitted to the Chief Counsel for Advocacy of the Small Business Administration for comment on their impact on small business.

Drafting Information

The principal authors of these regulations are Daniel Cassano and Christopher Wrobel of the Office of the Associate Chief Counsel (Income Tax & Accounting). However, other personnel from the Treasury Department and the IRS participated in their development.

Amendments to the Regulations

Accordingly, 26 CFR part 1 is amended as follows:

PART 1—INCOME TAXES

§ 1.165–11 Election to take disaster loss deduction for preceding year.

(a) In general. Section 165(i) allows a taxpayer who has sustained a loss attributable to a federally declared disaster in a taxable year to elect to deduct that disaster loss in the preceding year. This section provides rules and procedures for making and revoking an election to claim a disaster loss in the preceding year.

(b) Definitions. The following definitions apply for purposes of this section:

(1) A "federally declared disaster" means any disaster subsequently determined by the President of the United States to warrant assistance by the Federal Government under the Robert T. Stafford Disaster Relief and Emergency Assistance Act or a successor enactment.

(2) A "federally declared disaster area" is the area determined to be eligible for assistance pursuant to the Presidential declaration in paragraph (b)(1) of this section.

(3) A "disaster year" is the taxable year in which a taxpayer sustains a loss attributable to a federally declared disaster.

(4) The "preceding year" is the taxable year immediately prior to the disaster year.

(5) "Scope and effect of election." An election made pursuant to section 165(i) for a disaster loss attributable to a particular disaster applies to the entire loss sustained by the taxpayer from that disaster during the disaster year. If the taxpayer makes a section 165(i) election with respect to a particular disaster occurring during the disaster year, the disaster to which the election relates is deemed to have occurred, and the disaster loss to which the election applies is deemed to have been sustained, in the preceding year.

(d) Requirement to file consistent returns. A taxpayer may not make a section 165(i) election for a disaster loss if the taxpayer claims a deduction (as a loss, as cost of goods sold, or otherwise) for the same loss for the disaster year.

(f) Due date for making election. The due date for making the section 165(i) election is six months after the due date for filing the taxpayer's federal income tax return for the disaster year (determined without regard to any extension of time to file).

(g) Revocation. Subject to the requirements in paragraph (d) of this section, a section 165(i) election may be revoked on or before the date that is ninety (90) days after the due date for making the election.

(h) Additional guidance. The time and manner for making and revoking a section 165(i) election under paragraphs (d), (e), (f), and (g) of this section may be modified through guidance published in the Federal Register or in the Internal Revenue Bulletin (see § 601.601(d) of this chapter).

(i) Effective/applicability date. This section is effective October 13, 2016 and applies to elections, revocations, and any other related actions that can be made or taken on or after October 13, 2016.

(j) Expiration date. The section expires October 13, 2019.

John Dalrymple,
Deputy Commissioner for Services and Enforcement.
Approved: September 19, 2016.

Mark J. Mazur,
Assistant Secretary of the Treasury (Tax Policy).

Coast Guard

33 CFR Part 165

[Docket Number USCG–2016–0154]

RIN 1625–AA00

Safety Zones; San Francisco, CA

AGENCY: Coast Guard, DHS.

ACTION: Final rule.

SUMMARY: The Coast Guard is amending several permanent safety zones located in the Captain of the Port San Francisco zone that are established to protect public safety during annual firework displays. These amendments are necessary to update listed events to accurately reflect the firework display locations. This regulation prohibits the movement of vessels within the established firework display areas unless authorized by the Captain of the Port (COTP) San Francisco or a designated representative.

DATES: This rule is effective November 14, 2016.

II. Background Information and Regulatory History

On April 19, 2016 we published a notice of proposed rulemaking (NPRM) entitled Safety Zones; San Francisco, CA, in the Federal Register (81 FR 22946), to amend several permanent safety zones located in the Captain of the Port San Francisco zone that are established to protect public safety during annual firework displays. There we stated why we issued the NPRM, and invited comments on our proposed regulatory action related to the amended fireworks safety zones. We received no comments on the NPRM nor did we receive a request for public meeting. A public meeting was not held.

III. Legal Authority and Need for Rule

The Coast Guard is issuing this rule under authority in 33 U.S.C. 1231. The Captain of the Port San Francisco (COTP) has determined that potential hazards associated with the current outdated fireworks locations, if not updated, pose safety concerns for event crew, spectators, participants of the event, participating vessels, and other users and vessels of the waterway.

IV. Discussion of Comments, Changes, and the Rule

As noted above, we received no comments on our NPRM published on April 19, 2016. There are no changes in the regulatory text of this rule from the proposed rule in the NPRM.

This rule amends Table 1 in §165.1191 to update three events to reflect the current event locations. These events are listed numerically in Table 1 of this section: (7), (8), (22).

V. Regulatory Analyses

We developed this rule after considering numerous statutes and Executive orders related to rulemaking. Below we summarize our analyses based on a number of these statutes and Executive orders, and we discuss First Amendment rights of protestors.

A. Regulatory Planning and Review

Executive Orders 12866 and 13563 direct agencies to assess the costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits. Executive Order 13563 emphasizes the importance of quantifying both costs and benefits, of reducing costs, of harmonizing rules, and of promoting flexibility. This NPRM has not been designated a “significant regulatory action,” under Executive Order 12866. Accordingly, the NPRM has not been reviewed by the Office of Management and Budget.

This regulatory action determination is based on the size, location, duration, and time-of-day of each safety zone. Vessel traffic would be able to safely transit around each safety zone which would impact a small designated area of the COTP San Francisco zone for less than 1 hour during the evening when vessel traffic is normally low. Moreover, the Coast Guard would issue a Local Notice to Mariner and Broadcast Notice to Mariners via VHF–FM marine channel 16 about the zone, and the rule would allow vessels to seek permission to enter the zones.

B. Impact on Small Entities

The Regulatory Flexibility Act of 1980, 5 U.S.C. 601–612, as amended, requires Federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000. The Coast Guard certifies under 5 U.S.C. 605(b) that this rule would not have a significant economic impact on a substantial number of small entities.

While some owners or operators of vessels intending to transit the safety zone may be small entities, for the reasons stated in section V.A above this rule would not have a significant economic impact on any vessel owner or operator.

If you think that your business, organization, or governmental jurisdiction qualifies as a small entity and that this rule would have a significant economic impact on it, please submit a comment (see ADDRESSES) explaining why you think it qualifies and how and to what degree this rule would economically affect it.

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we want to assist small entities in understanding this rule. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please contact the person listed in the FOR FURTHER INFORMATION CONTACT section. The Coast Guard will not retaliate against small entities that question or complain about this rule or any policy or action of the Coast Guard.

C. Collection of Information

This rule would not call for a new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

D. Federalism and Indian Tribal Governments

A rule has implications for federalism under Executive Order 13132,
