SUPPLEMENTARY INFORMATION:

OMB Number: 3133-0176.

Title: Member Inspection of Credit Union Books, Records, and Minutes.

Abstract 12 CFR 701.3 establishes the circumstances and conditions under

which Federal credit union (FCU) members may inspect and copy the FCU's books, records, and minutes of meetings. The collection of information requirements apply to FCU members seeking inspection and copying of the FCU's records and FCUs that receive such member requests. To obtain access to records, members are required to submit a petition to the FCU, stating a proper purpose for inspection and signed by at least one percent of the members, with a minimum of 20 and a maximum of 500 members. The FCU must permit inspection of relevant records if it receives such a petition.

Because most of the information exchanged under this regulation is between credit unions and their members, NCUA is not made aware of the requests covered under this regulation unless there is a dispute. We assume that instances of formal petitions being filed to request inspection of records is a fairly rare event. For purposes of estimating burden, we assume no more than five such petitions are filed each year.

Type of Review: Extension of a previously approved collection.

Affected Public: Individuals and Households and Private Sector: Not-for-profit institutions.

Estimated Number of Respondents/Recordkeepers: 10.

Estimated Annual Frequency: 5.

Estimated Annual Number of Responses: 12.

Estimated Total Annual Burden Hours: 380.

This is an extension without changes of a previously approved collection. The adjustments in burden estimates are attributable to the inclusion of FCU members as respondents and the inclusion of costs associated with potential dispute resolution.

Request for Comments: Comments submitted in response to this notice will be summarized and included in the request for Office of Management and Budget approval. All comments will become a matter of public record. The public is invited to submit comments concerning: (a) Whether the collection of information is necessary for the proper performance of the function of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of the burden of the collection of information, including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of the information on the respondents, including the use of automated

collection techniques or other forms of information technology.
