

The Pension Protection Act (PPA), Public Law 109–280, amended ERISA section 404(c) by adding subparagraph (c)(5)(A). The new subparagraph says that a participant in an individual account plan who fails to make investment elections regarding his or her account assets will nevertheless be treated as having exercised control over those assets so long as the plan provides appropriate notice (as specified) and invests the assets “in accordance with regulations prescribed by the Secretary [of Labor].” Section 404(c)(5)(A) further requires the Department of Labor (Department) to issue corresponding final regulations within six months after enactment of the PPA. The PPA was signed into law on August 17, 2006.

The Department of Labor issued a final regulation under ERISA section 404(c)(5)(A) offering guidance on the types of investment vehicles that plans may choose as their “qualified default investment alternative” (QDIA). The regulation also outlines two information collections. First, it implements the statutory requirement that plans provide annual notices to participants and beneficiaries whose account assets could be invested in a QDIA. Second, the regulation requires plans to pass certain pertinent materials they receive relating to a QDIA to those participants and beneficiaries with assets invested in the QDIA as well to provide certain information on request. The ICRs are approved under OMB Control Number 1210–0132, which is scheduled to expire on February 28, 2017.

Agency: Employee Benefits Security Administration, Department of Labor.

Title: PTE 96–62, Process for Expedited Approval of an Exemption for Prohibited Transaction.

Type of Review: Extension of a currently approved information collection.

OMB Number: 1210–0098.

Affected Public: Businesses or other for-profits.

Respondents: 25.

Responses: 11,250.

Estimated Total Burden Hours: 200.

Estimated Total Burden Cost

(Operating and Maintenance): \$40,000.

Description: Section 408(a) of ERISA provides that the Secretary of Labor may grant exemptions from the prohibited transaction provisions of sections 406 and 407(a) of ERISA, and directs the Secretary to establish an exemption procedure with respect to such provisions. On July 31, 1996, the Department published PTE 96–62, which, pursuant to the exemption procedure set forth in 29 CFR 2570, subpart B, permits a plan to seek

approval on an accelerated basis of otherwise prohibited transactions. A PTE will only be granted on the conditions that the plan demonstrate to the Department that the transaction is substantially similar to those described in at least two prior individual exemptions granted by the Department and that it presents little, if any, opportunity for abuse or risk of loss to a plan’s participants and beneficiaries. This ICR is intended to provide the Department with sufficient information to support a finding that the exemption meets the statutory standards of section 408(a) of ERISA, and to provide affected parties with the opportunity to comment on the proposed transaction, while at the same time reducing the regulatory burden associated with processing individual exemptions for transactions prohibited under ERISA. The ICR was approved by OMB under OMB Control Number 1210–0098 and is scheduled to expire on July 31, 2017.

Focus of Comments

The Department is particularly interested in comments that:

- Evaluate whether the collections of information are necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency’s estimate of the collections of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., by permitting electronic submissions of responses.

Comments submitted in response to this notice will be summarized and/or included in the ICRs for OMB approval of the extension of the information collection; they will also become a matter of public record.

SUPPLEMENTARY INFORMATION:

Background: The WIAC is an important component of the Workforce Innovation and Opportunity Act. The WIAC is a Federal Advisory Committee of workforce and labor market information experts representing a broad range of national, State, and local data and information users and producers. The purpose of the WIAC is to provide recommendations to the Secretary of Labor, working jointly through the Assistant Secretary for Employment and Training and the Commissioner of Labor Statistics, to

address: (1) The evaluation and improvement of the nationwide workforce and labor market information (WLMI) system and statewide systems that comprise the nationwide system; and (2) how the Department and the States will cooperate in the management of those systems. These systems include programs to produce employment-related statistics and State and local workforce and labor market information.

The Department of Labor anticipates the WIAC will accomplish its objectives by: (1) Studying workforce and labor market information issues; (2) seeking and sharing information on innovative approaches, new technologies, and data to inform employment, skills training, and workforce and economic development decision making and policy; and (3) advising the Secretary on how the workforce and labor market information system can best support workforce development, planning, and program development. Additional information is available at www.doleta.gov/wioa/wiac/.

Purpose: The WIAC is currently in the process of identifying and reviewing issues and aspects of the WLMI system and statewide systems that comprise the nationwide system and how the Department and the States will cooperate in the management of those systems. As part of this process, the Advisory Council meets to gather information and to engage in deliberative and planning activities to facilitate the development and provision of its recommendations to the Secretary in a timely manner.

Agenda: Beginning at 9:00 a.m. on November 16, 2016, the Advisory Council will briefly review the minutes of the previous meeting held July 13 and 14, 2016. The meeting will end for the day at 4:30 p.m.

The meeting will resume at 9:00 a.m. on November 17, 2016. The second day will continue the previous day's discussions, with the goal of outlining the next steps for drafting recommendations for making improvements to the WLMI systems. The Advisory Council will open the floor for public comment at 1:00 p.m. on November 17, 2016. However, the precise schedule of events is subject to change and an up-to-date agenda will be available on WIAC's Web page (see URL below) prior to the meeting. The second day will conclude with a discussion of next steps, including action items and

planning for the next meeting of the Advisory Council.

The meeting will adjourn at 4:30 p.m. The full agenda for the meeting, and changes or updates to the agenda, will be posted on the WIAC's Web page, www.doleta.gov/wioa/wiac/.
