
(c) Boundary. The Dahlonega Plateau viticultural area is located in Lumpkin and White Counties, Georgia. The boundary of the Dahlonega Plateau viticultural area is as described below:

(1) The beginning point is found on the Dawsonville map at the marked 1,412-foot elevation point at the intersection of an unnamed light-duty road known locally as Castleberry Bridge Road and an unimproved road known locally as McDuffie River Road.

(2) From the beginning point, proceed north-northeast in a straight line approximately 0.89 mile to the marked 1,453-foot elevation point; then

(3) Proceed northwest in a straight line approximately 1.94 miles, crossing onto the Campbell Mountain map, to the intersection of Arrendale Road and Windy Oaks Road; then

(4) Proceed northwest in a straight line approximately 0.77 mile to the intersection of the 1,400-foot elevation contour and Dennson Branch; then

(5) Proceed northwest in a straight line approximately 0.79 mile to the intersection of the 1,360-foot elevation contour and Mill Creek; then

(6) Proceed northwest in a straight line approximately 0.48 mile to the intersection of the 1,500-foot elevation contour and Sheep Wallow Road; then

(7) Proceed northwest in a straight line approximately 1.74 miles to the intersection of State Route 52 and the Chattahoochee National Forest boundary; then

(8) Proceed northwest in a straight line approximately 1.89 miles, crossing onto the Nimblewill map and then crossing over the marked 1,749-foot elevation point along an unnamed light-duty road known locally as Nimblewill Church Road, to the line’s intersection with the 1,800-foot elevation contour; then

(9) Proceed generally east-northeast along the 1,800-foot elevation contour approximately 170.72 miles (straight-line distance between points is approximately 20.43 miles), crossing over the Noontootla, Suches, Neels Gap, and Dahlonega maps and onto the Cowrock map, to the intersection of the 1,800-foot elevation contour with Tom White Branch; then

(10) Proceed southeast along Tom White Branch approximately 0.73 mile to the 1,600-foot elevation contour; then

(11) Proceed southeast in a straight line approximately 1.10 miles to the intersection of Cathey Creek and the secondary highway marked Alt. 75; then

(12) Proceed southwest in a straight line approximately 3.77 miles, crossing onto the Cleveland map, to the intersection of two unnamed light-duty roads known locally as Dockery Road and Town Creek Road; then

(13) Proceed south in a straight line approximately 0.58 mile to the marked 1,774-foot elevation point; then

(14) Proceed southwest in a straight line approximately 0.60 mile to the 1,623-foot benchmark (BM); then

(15) Proceed southwest in a straight line approximately 2.73 miles, crossing onto the Dahlonega map, to the 1,562-foot benchmark; then

(16) Proceed southwest in a straight line approximately 3.46 miles to the marked 1,480-foot elevation point near the Mt. Sinai Church; then

(17) Proceed southwest in a straight line approximately 2.13 miles to the summit of Crown Mountain; then

(18) Proceed west in a straight line approximately 1.28 miles, crossing onto the Campbell Mountain map, to the intersection of the 1,160-foot elevation contour and Cane Creek; then

(19) Proceed southwest in a straight line approximately 1.61 miles to the intersection of the 1,300-foot elevation contour and Camp Creek; then

(20) Proceed southwest in a straight line approximately 2.02 miles, crossing onto the Dawsonville map, to the intersection of the 1,200-foot elevation contour and the Etowah River; then

(21) Proceed southwest in a straight line approximately 1.29 miles to the beginning point.

November 22, 2016.
John J. Manfreda,
Administrator.

[Docket No. OSHA–2012–0007]
RIN 1218–AC67

Standards Improvement Project-Phase IV

SUMMARY: On October 4, 2016, OSHA published a Notice of Proposed Rulemaking (NPRM) titled “Standards Improvement Project-Phase IV.” The period for submitting comments is being extended 30 days to allow parties affected by the rule more time to review the proposed rule and collect information and data necessary for comments.

DATES: Comments must be submitted by January 4, 2017. All submissions must bear a postmark or provide other evidence of the submission date.

ADDRESSES: Submit comments and additional material using any of the following methods:

Facsimile. Commenters may fax submissions, including any attachments that are no longer than 10 pages in length to the OSHA Docket Office at (202) 693–1648; OSHA does not require hard copies of these documents.

Commenters must submit lengthy attachments that supplement these documents (e.g., studies, journal articles) to the OSHA Docket Office, Technical Data Center, Room N3653, U.S. Department of Labor, 200 Constitution Ave. NW., Washington, DC 20210. These attachments must clearly identify the commenter’s name, date, subject, and docket number (OSHA–2012–0007) so the Agency can attach them to the appropriate comments.

Regular mail, express mail, hand (courier) delivery, or messenger service. Submit a copy of comments and any additional material (e.g., studies, journal articles) to the OSHA Docket Office, Docket No. OSHA–2012–0007, Technical Data Center, Room N3653, U.S. Department of Labor, 200 Constitution Avenue NW., Washington, DC 20210; telephone: (202) 693–2350 (TDD number: (877) 889–5627). Note that security procedures may result in significant delays in receiving comments and other written materials by regular mail. Contact the OSHA Docket Office for information about security procedures concerning delivery of materials by express mail, hand delivery, or messenger service. The hours of operation for the OSHA Docket Office are 10:00 a.m.–3:30 p.m., e.t.

Instructions. All submissions received must include the Agency name and the docket number for this rulemaking (OSHA–2012–0007) plus all submissions, including any personal information provided, in the public
docket without change; this information will be available online at http://www.regulations.gov. Therefore, the Agency cautions commenters about submitting information they do not want made available to the public, or submitting comments that contain personal information (either about themselves or others) such as Social Security numbers, birth dates, and medical data.

OSHA requests comments on all issues related to this proposed rule, including whether these revisions will have any economic, paperwork, or other regulatory impacts on the regulated community.

Docket: To read or download submissions or other material in the docket (including material referenced in the preamble), go to http://www.regulations.gov, or contact the OSHA Docket Office at the address listed above. While the Agency lists all documents in the docket in the http://www.regulations.gov index, some information (e.g., copyrighted material) is not publicly available to read or download through this Web site. All submissions, including copyrighted material, are accessible at the OSHA Docket Office. Contact the OSHA Docket Office for assistance in locating docket submissions.

FOR FURTHER INFORMATION CONTACT:

Copies of this Federal Register notice. Electronic copies are available at http://www.regulations.gov. This Federal Register notice, as well as news releases and other relevant information, also are available at OSHA’s Web page at http://www.osha.gov.

SUPPLEMENTARY INFORMATION:
I. Extension of the Comment Period
On October 4, 2016, at 81 FR 68504, OSHA published a Notice of Proposed Rulemaking (NPRM) titled “Standards Improvement Project-Phase IV.” In this NPRM, OSHA continues its efforts to remove or revise outdated, duplicative, unnecessary, and inconsistent requirements in its safety and health standards by proposing 18 revisions to existing standards in its recordkeeping, general industry, maritime, and construction standards, with most of the revisions to its construction standards. The NPRM provides an explanation of the rule and its economic analysis, and solicits comments from the public regarding the contents of the proposal. The period for submitting comments was to expire on December 5, 2016. However, two stakeholders have requested an extension of 45 days for submitting written comments and information. Both stakeholders noted that the NPRM addresses 18 separate standards that each require separate analysis of the proposed changes.

OSHA believes that a 30 day extension is sufficient to facilitate the submission of thorough reviews and provide OSHA with a complete record for this proposed rule so that OSHA has all the information needed to develop a final rule. Accordingly, OSHA extends the comment period by 30 days, and written comments must be submitted by January 4, 2017.

II. Submission of Comments and Access to the Docket
OSHA invites comments on the proposed revisions described, and the specific issues raised, in the NPRM. These comments should include supporting information and data. OSHA will carefully review and evaluate these comments, information, and data, as well as any other information in the rulemaking record, to determine how to proceed. When submitting comments, parties must follow the procedures specified in the previous sections titled DATES and ADDRESSES. The comments must provide the name of the commenter and docket number (OSHA–2012–0007). The comments also should identify clearly the provision of the proposal each comment is addressing, the position taken with respect to the proposed provision or issue, and the basis for that position. Comments, along with supporting data and references, submitted on or before the end of the specified comment period will become part of the proceedings record, and will be available for public inspection and copying at http://www.regulations.gov.

Authority and Signature
David Michaels, Ph.D., MPH, Assistant Secretary of Labor for Occupational Safety and Health, U.S. Department of Labor, authorized the preparation of this notice pursuant to Sections 4, 6, and 8 of the Occupational Safety and Health Act of 1970 (29 U.S.C. 653, 655, 657), 29 CFR part 1911, and Secretary’s Order 1–2012 (77 FR 39112).

Signed at Washington, DC, on November 28, 2016.

David Michaels, Assistant Secretary of Labor for Occupational Safety and Health.

BILLING CODE 4510–26–P

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 49

Revisions to the Source-Specific Federal Implementation Plan for Four Corners Power Plant, Navajo Nation

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: The Environmental Protection Agency (EPA) is proposing limited revisions to the source-specific Federal Implementation Plan (FIP) that was promulgated to regulate air pollutant emissions from the Four Corners Power Plant (FCPP), a coal-fired power plant located on the reservation lands of the Navajo Nation, near Farmington, New Mexico. These limited revisions propose to make certain provisions of the FIP consistent with national actions and rulemakings promulgated since 2012; update the FIP to reflect recent operating changes; and add new provisions to the FIP to include the air pollution control requirements for FCPP of a Consent Decree entered in the United States District Court for the District of New Mexico on August 17, 2015.

DATES: Any comments on this proposal must arrive by January 3, 2017.

ADDRESSES: Submit your comments, identified by Docket ID number EPA–R09–OAR–2016–0339, at http://www.regulations.gov, or via email to lee.anita@epa.gov. For comments submitted at Regulations.gov, follow the online instructions for submitting comments. Once submitted, comments cannot be edited or removed from Regulations.gov. For either manner of submission, the EPA may publish any comment received to its public docket. Do not submit electronically any information you consider to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Multimedia submissions (audio, video, etc.) must be accompanied by a written comment.
