THIS ITEM WAS ALSO DISCUSSED:

Title: Low Income Home Energy Assistance Program (LIHEAP) Leveraging Report.

OMB No.: 0970–0121.

Description: The LIHEAP leveraging incentive program rewards LIHEAP grantees that have leveraged non-federal energy resources for low-income households. The LIHEAP leveraging report is the application for leveraging incentive funds that LIHEAP grantees submit to the Department of Health and Human Services for each fiscal year in which they leverage countable resources. Participation in the leveraging incentive program is voluntary and is described at 45 CFR 96.87.

The LIHEAP leveraging report obtains information on the resources leveraged by LIHEAP grantees each fiscal year (as cash, discounts, waiver, and in-kind); the benefits provided by low-income households by these resources (for example, as fuel and payments for fuel, as home heating and cooling equipment, and as weatherization materials and installation); and the fair market value of these resources/benefits. HHS needs this information in order to carry out statutory requirements for administering the LIHEAP leveraging incentive program, to determine countability and valuation of grantees’ leveraged non-federal home energy resources, and to determine grantees’ shares of leveraging incentive funds.

This notice solicits comments on a proposed extension with no changes of a currently approved collection.

FOR FURTHER INFORMATION CONTACT: Heather Menne at 202–795–7733 or Heather.Menne@acl.hhs.gov.

SUPPLEMENTARY INFORMATION: Under the PRA (44 U.S.C. 3501–3520), Federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. “Collection of information” is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c) and includes agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. Section 3506(c)(2)(A) of the PRA (44 U.S.C. 3506(c)(2)(A)) requires Federal agencies to provide a 60-day notice in the Federal Register concerning each proposed collection of information, including each proposed extension of information, before submitting the collection to OMB for approval. To comply with this requirement, ACL is publishing notice of the proposed collection of information set forth in this document. With respect to the following collection of information, ACL invites comments on: (1) Whether the proposed collection of information is necessary for the proper performance of ACL’s functions, including whether the information will have practical utility; (2) the accuracy of ACL’s estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques, when appropriate, and other forms of information technology.

The National Survey of Older Americans Act (OAA) Participants information collection will include consumer assessment surveys for the Congregate and Home-delivered meal nutrition programs; Case Management, Homemaker, and Transportation Services; and the National Family Caregiver Support Program. This survey builds on earlier national pilot studies and surveys, as well as performance measurement tools developed by ACL grantees in the Performance Outcomes Measures Project (POMP). Changes identified as a result of these initiatives were incorporated into the last data collection package that was approved by OMB and are included in this proposed extension of a currently approved collection. This information will be used by ACL to track performance outcome measures; support budget requests; comply with the GPRA Modernization Act of 2010 (GPRA) reporting requirements; provide national benchmark information; and inform program development and management initiatives.

Descriptions of previous National Surveys of OAA Participants can be found under the section on OAA Performance Information on ACL’s Web site at: https://aoa.acl.gov/Program_Results/OAA_Performance.aspx. Copies of the survey instruments and data from previous National Surveys of OAA Participants can be found and queried using the AGing Integrated Database (AGID) at: http://www.agid.acl.gov/. The proposed National Survey entitled National Survey of Older Americans Act Participants 2017 Draft may be found on the ACL Web site at: https://aoa.acl.gov/Program_Results/OAA_Performance.aspx.
