AGENCY: Office of Policy and Strategic Planning, Department of Commerce.

ACTION: Notice; request for comments.

SUMMARY: The Department of Commerce is seeking information on the construction and maintenance of American pipelines. In response to this directive, the Department of Commerce is conducting industry outreach to better understand: Current pipeline construction technology and requirements; potential advances in pipeline technology; domestic and foreign supply chain for pipeline materials; and all other information respondents consider pertinent to the development of the domestic sourcing plan. Responses to this notice (posted at <https://www.regulations.gov>) will inform the Secretary's plan for the domestic sourcing of materials used in pipelines

within the boundaries of the United States.

DATES: Comments must be received by 5 p.m. Eastern time on April 7, 2017.

ADDRESSES: You may submit comments on the Presidential Memorandum and responses to the questions below by one of the following methods:

Uncovered Innerspring Units From the People's Republic of China: Final Results of Antidumping Duty Administrative Review; 2015-2016

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: On November 7, 2016, the Department of Commerce (the Department) published the preliminary results of the administrative review of the antidumping duty order on uncovered innerspring units (innersprings) from the People's Republic of China (PRC). We gave interested parties an opportunity to comment on the preliminary results, and based upon our analysis of the comments received, our final results remain unchanged from the preliminary results. In these final results, we determine that innersprings are being, or are likely to be, sold in the United States at less than fair value. The period of review (POR) is February 1, 2015, through January 31, 2016. The final weighted-average dumping margin is listed below in the Final Results of Review section of this notice.
