Background: The Administrator of GSA established the Committee on June 20, 2011 (**Federal Register**/Vol. 76, No. 118) pursuant to Section 494 of the Energy Independence and Security Act of 2007 (EISA, 42 U.S.C. 17123). Under this authority, the Committee provides independent policy advice and recommendations to GSA to increase the economic and operational performance of the federal building portfolio and its positive impact on organizational effectiveness, human health and wellbeing.

The Committee has recently proposed two new task groups. The *High Performance Building Adoption task group* will pursue the motion of a committee member to provide recommendations to “accelerate the adoption of high performance [Federal] buildings.” The *Health and Wellness task group* will pursue the motion of a committee member to “develop guidelines to integrate health and wellness features into government facilities programs.”

The conference calls will allow the task groups to coordinate the development of consensus recommendations to the full Committee, which will, in turn, decide whether to proceed with formal advice to GSA based upon these recommendations.

June 7, 2017 Meeting Agenda:

- Welcome, Introductions, Updates & Plans for Today
- High Performance Building Adoption: Task Group Report & Discussion

- Working Lunch (with Presentation)
- Health and Wellness: Task Group Report & Discussion
- Topics Proposed by Committee Members
- Public Comment Period
- Closing comments
- Adjourn

Detailed agendas, background information, and updates for the meeting and conference calls will be posted on GSA’s Web site at <http://www.gsa.gov/gbac>.

Meeting Access: The Committee will convene its June 7, 2017 meeting at GSA, Room 1153, 1800 F Street NW., Washington DC 20405, and the site is accessible to individuals with disabilities.

Dated: March 13, 2017.

Kevin Kampschroer,

Federal Director, Office of Federal High-Performance Green Buildings, General Services Administration.
