I. Funding Opportunity Description

Purpose of Program: The purposes of this program are to: (1) Help address State-identified needs for personnel preparation in special education, early intervention, related services, and regular education to work with children, including infants and toddlers, with disabilities; and (2) ensure that those personnel have the necessary skills and knowledge, derived from practices that have been determined through scientifically based research and experience, to be successful in serving those children.

Priority: In accordance with 34 CFR 75.105(b)(2)(v), this priority is from allowable activities specified in the statute (see sections 662 and 681 of the Individuals with Disabilities Education Act (IDEA)).

Absolute Priority: For FY 2017 and any subsequent year in which we make awards from the list of unfunded applications from this competition, this priority is an absolute priority. Under 34 CFR 75.105(c)(3), we consider only applications that meet this priority.

This priority is:

Early Childhood Personnel Center. Background:

All infants, toddlers, and preschool children (young children) with disabilities should have access to high-quality early childhood programs (U.S. Departments of Education and Health and Human Services, 2015). To achieve this, it is essential to have an early childhood workforce 1 that is able to provide to young children with disabilities and their families the specialized services and supports necessary for active participation and ongoing learning in early childhood programs. Research suggests, though, that much of the current early childhood workforce is not adequately prepared to do this (National Governor’s Association, 2010), as does a survey of IDEA Part C and Part B, section 619 coordinators (Bruder, 2010).

To address this challenge, IDEA Part C (section 635) requires the State lead agency to develop and support high-quality, coordinated comprehensive systems of personnel development (CSPD) 2 and IDEA Part B (section 612) requires the State educational agency (SEA) to ensure that personnel are appropriately and adequately prepared and trained. State IDEA Part C and Part B, section 619 coordinators have indicated that their greatest technical assistance (TA) need is in implementing a high-quality, cross-sector CSPD (Lucas et al., 2015).

A critical piece of a State CSPD is the quality of preservice preparation, but many programs that prepare early childhood educators do not require courses, content, or practicum experiences in working with young children with disabilities and their families. Furthermore, many programs do not address relevant personnel standards from State or national professional organizations in their curricula.

This priority will fund a cooperative agreement to establish and operate a national Early Childhood Personnel Center (Center) to improve the quality of personnel who serve young children with disabilities and their families. The Center will provide TA to State Part C and Part B, section 619 programs on implementing a high-quality CSPD. The Center will also provide to the faculty of institutions of higher education (IHES) TA on programs of study for providing high-quality services and inclusive programs for young children with disabilities and their families.

Priority:

The purpose of this priority is to fund a cooperative agreement to establish and operate an Early Childhood Personnel Center (Center) to achieve, at a minimum, the following:

(a) Increased capacity of State IDEA Part C, Part B, section 619 programs, and other early childhood service sectors (e.g., Head Start, Early Head Start, Child Care, State-funded pre-K) to implement, scale up, and sustain a coordinated CSPD to ensure local personnel have the competencies to deliver high-quality services and inclusive programs to improve outcomes for young children with disabilities and their families;

(b) Increased knowledge, skills, and competencies of State IDEA Part C and Part B, section 619 administrators to lead systemic improvement efforts, actively engage in broader early childhood initiatives, use TA effectively, and build more effective and sustainable State systems that can support a competent early childhood workforce that can improve outcomes for young children with disabilities and their families; and

(c) Increased knowledge, skills, and competencies of early childhood IHE faculty to align programs of study to State and national professional organization personnel standards, integrate Division of Early Childhood
meet this requirement the applicant must:

(i) Demonstrate, in the narrative section of the application under “Significance of the Project,” how the proposed project will—

(1) Address the need for States to be able to implement, scale up, and sustain a coordinated CSPD with personnel who have the competencies to deliver high-quality services and inclusive programs to improve outcomes for young children with disabilities and their families. To meet this requirement the applicant must—

(i) Present applicable national and State data demonstrating the need to improve State CSPDs, including data and information about the need to improve specific components of State CSPDs (e.g., leadership, coordination, and sustainability; State personnel standards; preservice personnel development; in-service personnel development; recruitment and retention; or evaluation);

(ii) Demonstrate knowledge of current educational issues and policy initiatives relating to increasing the quantity and the knowledge, skills, and competencies of early childhood personnel working with young children with disabilities and their families; and

(iii) Present information about the current level of States’ implementation of CSPDs, including information on the implementation of specific components of the CSPDs, and the current capacity of State IDEA Part C and Part B, section 619 administrators to support systemic change;

(2) Present information on the current state of IHEs’ abilities to effectively prepare early childhood personnel to have the competencies to deliver high-quality services and inclusive programs to improve outcomes for young children with disabilities and their families. To meet this requirement the applicant must—

(i) Present applicable national data demonstrating the need to improve preservice preparation at the certificate, associate, bachelor’s, and master’s degree levels to align programs of study with State and national professional organization personnel standards, coordinate with in-service professional development, and integrate DEC recommended practices throughout the curricula;

(ii) Demonstrate knowledge of current issues and policy initiatives relating to the preparation and professional development of a high-quality and competent early childhood workforce, including leadership personnel; and

(iii) Present information about the current capacity of faculty to align programs of study to State and national professional organization personnel standards, integrate DEC recommended practices throughout the early childhood curriculum, and design programs of study utilizing adult learning principles; and

(3) Improve the early childhood workforce to deliver high-quality services and inclusive programs that lead to improved outcomes for young children with disabilities and their families, and indicate the likely magnitude or importance of the improvements.

(b) Demonstrate, in the narrative section of the application under “Quality of the Project Services,” how the proposed project will—

(i) Ensure equal access and treatment for members of groups that have traditionally been underrepresented based on race, color, national origin, gender, age, or disability. To meet this requirement, the applicant must describe how it will—

(i) Identify the needs of the intended recipients for TA and information; and

(ii) Ensure that TA services and products meet the needs of the intended recipients;

(2) Achieve its goals, objectives, and intended outcomes. To meet this requirement, the applicant must provide—

(i) Measurable intended project outcomes; and

(ii) The logic model by which the proposed project will achieve its intended outcomes. A logic model used in connection with this priority communicates how a project will achieve its intended outcomes and provides a framework for both the formative and summative evaluations of the project;

(3) Use a conceptual framework to develop project plans and activities, describing any underlying concepts, assumptions, expectations, beliefs, or theories, as well as the presumed relationships or linkages among these variables, and any empirical support for this framework;

Note: Rather than use the definition of “logic model” in section 77.1(c) of EDGAR, OSEP uses the definition in paragraph (b)(2)(iii) of these application requirements. This definition, unlike the definition in 34 CFR 77.1(c), differentiates between logic models and conceptual frameworks. The following Web sites provide more information on logic models: www.osepideasthatwork.org/logicModel and www.osepideasthatwork.org/resources-grantees/program-areas/ta-ta/tad-project-logic-model-and-conceptual-framework.

(4) Be based on current research and make use of practices supported by evidence (as defined in this notice). To meet this requirement, the applicant must describe—

(i) The current research on the assessment of CSPDs, capacity building, and the quality and effectiveness of various approaches to in-service and preservice preparation;

(ii) The current research about adult learning principles and implementation or improvement science that will inform the proposed TA to States, IHEs, and early childhood personnel; and

(iii) How the proposed project will incorporate current practices supported by evidence in the development and delivery of its products and services;

(5) Develop products and provide services that are of high quality and sufficient intensity and duration to achieve the intended outcomes of the proposed project. To address this requirement, the applicant must describe—

(B) Identifying specific strategies that State IDEA Part C and Part B, section 619 administrators can use to support a competent early childhood workforce that can improve outcomes for young children with disabilities and their families; and

(C) Providing implementation supports (e.g., professional development and training, ongoing consultation and coaching, data to support decision making, and administrative supports) needed by faculty and professional development providers to effectively prepare early childhood personnel to deliver high-quality services and inclusive programs to improve outcomes for young children with disabilities and their families;

(ii) Its proposed approach to universal, general TA,* which must

*Universal, general TA” means TA and information provided to independent users through

(E) The process by which the proposed project will work with other federally funded TA centers, including OSEP-funded centers. Include the process the project will use to develop one TA plan when multiple
OSEP-funded centers are involved in a State or a coordinated TA plan when centers from other agencies are involved in a State; and
(F) The process by which the proposed project will ensure the use of TA practices supported by evidence and continuously evaluate the practices to improve the delivery of TA.
(6) Develop products and implement services that maximize efficiency. To address this requirement, the applicant must describe—
(i) How the proposed project will use technology to achieve the intended project outcomes;

requirement, the applicant must describe—

(i) Clearly defined responsibilities for key project personnel, consultants, and subcontractors, as applicable; and

(ii) Timelines and milestones for accomplishing the project tasks;

(2) Allocation of key project personnel and any consultants and subcontractors and how these allocations are appropriate and adequate to achieve the project’s intended outcomes;

Applications for grants under this competition must be submitted electronically using the Grants.gov Apply site (Grants.gov). For information (including dates and times) about how to submit your application electronically, or in paper format by mail or hand delivery if you qualify for an exception to the electronic submission requirement, please refer to Other Submission Requirements in section IV of this notice.

We do not consider an application that does not comply with the deadline requirements.

Individuals with disabilities who need an accommodation or auxiliary aid in connection with the application process should contact the person listed under FOR FURTHER INFORMATION CONTACT. If the Department provides an accommodation or auxiliary aid to an individual with a disability in connection with the application process, the individual’s application remains subject to all other requirements and limitations in this notice.

5. Funding Restrictions: We reference regulations outlining funding restrictions in the Applicable Regulations section of this notice.

6. Data Universal Numbering System Number, Taxpayer Identification Number, and System for Award Management: To do business with the Department of Education, you must—

a. Have a Data Universal Numbering System (DUNS) number and a Taxpayer Identification Number (TIN);
b. Register both your DUNS number and TIN with the System for Award Management (SAM), the Government’s primary registrant database;

c. Provide your DUNS number and TIN on your application; and

d. Maintain an active SAM registration with current information while your application is under review by the Department and, if you are awarded a grant, during the project period.

You can obtain a DUNS number from Dun and Bradstreet at the following Web site: http://fedgov.dnb.com/webform. A DUNS number can be created within one to two business days. If you are a corporate entity, agency, institution, or organization, you can obtain a TIN from the Internal Revenue Service. If you are an individual, you can obtain a TIN from the Internal Revenue Service or the Social Security Administration. If you need a new TIN, please allow two to five weeks for your TIN to become active.

The SAM registration process can take approximately seven business days, but may take upwards of several weeks, depending on the completeness and accuracy of the data you enter into the SAM database. Thus, if you think you might want to apply for Federal financial assistance under a program administered by the Department, please allow sufficient time to obtain and register your DUNS number and TIN. We strongly recommend that you register early.

Note: Once your SAM registration is active, it may be 24 to 48 hours before you can access the information in, and submit an application through, Grants.gov.

If you are currently registered with SAM, you may not need to make any changes. However, please make certain that the TIN associated with your DUNS number is correct. Also note that you will need to update your registration annually. This may take three or more business days.

Information about SAM is available at www.SAM.gov. To further assist you with obtaining and registering your DUNS number and TIN in SAM or updating your existing SAM account, we have prepared a SAM.gov Tip Sheet, which you can find at: www2.ed.gov/fund/grant/apply/sam-faqs.html.

In addition, if you are submitting your application via Grants.gov, you must (1) be designated by your organization as an Authorized Organization Representative (AOR); and (2) register yourself with Grants.gov as an AOR. Details on these steps are outlined at the following Grants.gov Web page: www.grants.gov/web/grants/register.html.

7. Other Submission Requirements: Applications for grants under this competition must be submitted electronically unless you qualify for an exception to this requirement in accordance with the instructions in this section.

a. Electronic Submission of Applications.

Applications for grants under the Early Childhood Personnel Center competition, CFDA number 84.325B, must be submitted electronically using the Governmentwide Grants.gov Apply site at www.Grants.gov. Through this site, you will be able to download a copy of the application package, complete it offline, and then upload and submit your application. You may not email an electronic copy of a grant application to us.

We will reject your application if you submit it in paper format unless, as described elsewhere in this section, you qualify for one of the exceptions to the electronic submission requirement and submit, no later than two weeks before the application deadline date, a written statement to the Department that you qualify for one of these exceptions. Further information regarding calculation of the date that is two weeks before the application deadline date is provided later in this section under Exception to Electronic Submission Requirement.

You may access the electronic grant application for the Early Childhood Personnel Center competition at www.Grants.gov. You must search for the downloadable application package for this competition by the CFDA number. Do not include the CFDA number’s alpha suffix in your search (e.g., search for 84.325, not 84.325B).

Please note the following:

• When you enter the Grants.gov site, you will find information about submitting an application electronically through the site, as well as the hours of operation.

• Applications received by Grants.gov are date and time stamped. Your application must be fully uploaded and submitted and must be date and time stamped by the Grants.gov system no later than 4:30:00 p.m., Washington, DC time, on the application deadline date. Except as otherwise noted in this section, we will not accept your application if it is received—that is, date and time stamped by the Grants.gov system—after 4:30:00 p.m., Washington, DC time, on the application deadline date. We do not consider an application that does not comply with the deadline requirements. When we retrieve your application from Grants.gov, we will notify you if we are rejecting your application because it was date and time stamped by the Grants.gov system after 4:30:00 p.m., Washington, DC time, on the application deadline date.

• The amount of time it can take to upload an application will vary depending on a variety of factors, including the size of the application and the speed of your internet connection. Therefore, we strongly recommend that you do not wait until the application deadline date to begin the submission process through Grants.gov.

• You should review and follow the Education Submission Procedures for submitting an application through Grants.gov that are included in the application package for this competition to ensure that you submit your application in a timely manner to the Grants.gov system. You can also find the Education Submission Procedures pertaining to Grants.gov under News and Events on the Department’s G5 system home page at www.G5.gov. In addition, for specific guidance and procedures for submitting an application through Grants.gov, please refer to the Grants.gov Web site at: www.grants.gov/web/grants/applicants/apply-for-grants.html.

• You will not receive additional point value because you submit your application in electronic format, nor will we penalize you if you qualify for an exception to the electronic submission requirement, as described elsewhere in this section, and submit your application in paper format.

• You must submit all documents electronically, including all information you typically provide on the following forms: The Application for Federal Assistance (SF 424), the Department of Education Supplemental Information for SF 424, Budget Information—Non-Construction Programs (ED 524), and all necessary assurances and certifications.

• You must upload any narrative sections and all other attachments to your application as files in a read-only Portable Document Format (PDF). Do not upload an interactive or fillable PDF file. If you upload a file type other than a read-only PDF (e.g., Word, Excel, WordPerfect, etc.) or submit a password-protected file, we will not review that material. Please note that this could result in your application not being considered for funding because the material in question—for example, the application narrative—is critical to a meaningful review of your proposal. For that reason it is important to allow yourself adequate time to upload all material as PDF files. The Department will not convert material from other formats to PDF. Additional, detailed
information on how to attach files is in the application instructions.

- Your electronic application must comply with any page-limit requirements described in this notice.
- After you electronically submit your application, you will receive from Grants.gov an automatic notification of receipt that contains a Grants.gov tracking number. This notification indicates receipt by Grants.gov only, not receipt by the Department. Grants.gov will also notify you automatically by email if your application met all the Grants.gov validation requirements or if there were any errors (such as submission of your application by someone other than a registered Authorized Organization Representative, or inclusion of an attachment with a file name that contains special characters). You will be given an opportunity to correct any errors and resubmit, but you must still meet the deadline for submission of applications.

Once your application is successfully validated by Grants.gov, the Department will retrieve your application from Grants.gov and send you an email with a unique PR/Award number for your application. These emails do not mean that your application is without any disqualifying errors. While your application may have been successfully validated by Grants.gov, it must also meet the Department’s application requirements as specified in this notice and in the application instructions. Disqualifying errors could include, for instance, failure to upload attachments in a read-only PDF; failure to submit a required part of the application; or failure to meet applicant eligibility requirements. It is your responsibility to ensure that your submitted application has met all of the Department’s requirements.

- We may request that you provide us original signatures on forms at a later date.

If you mail your written statement to the Department, it must be postmarked no later than two weeks before the application deadline date. 2. Review and Selection Process: We remind potential applicants that in reviewing applications in any discretionary grant competition, the Secretary may consider, under 34 CFR 75.217(d)(3), the past performance of the applicant in carrying out a previous award, such as the applicant’s use of funds, achievement of project objectives, and compliance with grant conditions. The Secretary may also consider whether the applicant failed to submit a timely performance report or submitted a report of unacceptable quality.

In addition, in making a competitive grant award, the Secretary requires various assurances, including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department of Education (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).

3. Additional Review and Selection Process Factors: In the past, the Department has had difficulty finding peer reviewers for certain competitions because so many individuals who are eligible to serve as peer reviewers have conflicts of interest. The standing panel requirements under section 682(b) of IDEA also have placed additional constraints on the availability of reviewers. Therefore, the Department has determined that, for some discretionary grant competitions, applications may be separated into two or more groups and ranked and selected for funding within specific groups. This
procedure will make it easier for the Department to find peer reviewers by ensuring that greater numbers of individuals who are eligible to serve as reviewers for any particular group of applicants will not have conflicts of interest. It also will increase the quality, independence, and fairness of the review process, while permitting panel members to review applications under discretionary grant competitions for which they also have submitted applications.

4. **Risk Assessment and Special Conditions:** Consistent with 2 CFR 200.205, before awarding grants under this competition the Department conducts a review of the risks posed by applicants. Under 2 CFR 3474.10, the Secretary may impose special conditions and, in appropriate circumstances, high-risk conditions on a grant if the applicant or grantee is not financially stable; has a history of unsatisfactory performance; has a financial or other management system that does not meet the standards in 2 CFR part 200, subpart D; has not fulfilled the conditions of a prior grant; or is otherwise not responsible.

5. **Integrity and Performance System:** If you are selected under this competition to receive an award that over the course of the project period may exceed the simplified acquisition threshold (currently $150,000), under 2 CFR 200.205(a)(2), we must make a judgment about your integrity, business ethics, and record of performance under Federal awards—that is, the risk posed by you as an applicant—before we make an award. In doing so, we must consider any information about you that is in the integrity and performance system (currently referred to as the Federal Awardee Performance and Integrity Information System (FAPIIS)), accessible through SAM. You may review and comment on any information about yourself that a Federal agency previously entered and that is currently in FAPIIS.

Please note that, if the total value of your currently active grants, cooperative agreements, and procurement contracts from the Federal Government exceeds $10,000,000, the reporting requirements in 2 CFR part 200, Appendix XII, require you to report certain integrity information to FAPIIS semiannually. Please review the requirements in 2 CFR part 200, Appendix XII, if this grant plus all the other Federal funds you receive exceed $10,000,000.

**VI. Award Administration Information**

1. **Award Notices:** If your application is successful, we notify your U.S. Representative and U.S. Senators and send you a Grant Award Notification (GAN); or we may send you an email containing a link to access an electronic version of your GAN. We may notify you informally, also.

If your application is not evaluated or not selected for funding, we notify you.

2. **Administrative and National Policy Requirements:** We identify administrative and national policy requirements in the application package and reference these and other requirements in the Applicable Regulations section of this notice. We reference the regulations outlining the terms and conditions of an award in the Applicable Regulations section of this notice and include these and other specific conditions in the GAN. The GAN also incorporates your approved application as part of your binding commitments under the grant.

3. **Reporting:** (a) If you apply for a grant under this competition, you must ensure that you have in place the necessary processes and systems to comply with the reporting requirements in 2 CFR part 170 should you receive funding under the competition. This does not apply if you have an exception under 2 CFR 170.110(b).

(b) At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. If you receive a multiyear award, you must submit an annual performance report that provides the most current performance and financial expenditure information as directed by the Secretary under 34 CFR 75.118. The Secretary may also require more frequent performance reports under 34 CFR 75.720(c). For specific requirements on reporting, please go to www.ed.gov/fund/grant/apply/appforms/appforms.html.

4. **Performance Measures:** Under the Government Performance and Results Act of 1993, the Department has established a set of performance measures, including long-term measures, that are designed to yield information on various aspects of the effectiveness and quality of the Technical Assistance and Dissemination to Improve Services and Results for Children with Disabilities program. These measures are included in the application package and focus on the extent to which projects provide high-quality products and services, the relevance of project products and services to educational policy and practice, and the use of products and services, to improve educational policy and practice.

Projects funded under this competition are required to submit data on these measures as directed by OSEP. Grantees will be required to report information on their project’s performance in annual and final performance reports to the Department (34 CFR 75.590).

5. **Continuation Awards:** In making a continuation award under 34 CFR 75.253, the Secretary considers, among other things: Whether a grantee has made substantial progress in achieving the goals and objectives of the project; whether the grantee has expended funds in a manner that is consistent with its approved application and budget; and, if the Secretary has established performance measurement requirements, the performance targets in the grantee’s approved application.

In making a continuation award, the Secretary also considers whether the grantee is operating in compliance with the assurances in its approved application, including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).
