SUPPLEMENTARY INFORMATION: Section 4062 of the Employee Retirement Income Security Act of 1974 (“ERISA”) provides that the contributing sponsor of a single-employer pension plan and members of the sponsor’s controlled group (“the employer”) incur liability (“employer liability”) if the plan terminates with assets insufficient to pay benefit liabilities under the plan. PBGC’s statutory lien for employer liability and the payment terms for employer liability are affected by whether and to what extent employer liability exceeds 30 percent of the employer’s net worth.

Section 4062.6 of PBGC’s employer liability regulation (29 CFR 4062.6) requires a contributing sponsor, or member of the contributing sponsor’s controlled group, that believes employer liability exceeds 30 percent of the collective net worth of persons subject to liability in connection with a plan termination to so notify PBGC upon plan termination and to submit net worth information. This information is necessary to enable PBGC to determine whether, and to what extent, employer liability exceeds 30 percent of the collective net worth of the employer (which includes the contributing sponsor and all members of the sponsor’s controlled group).

The collection of information under the regulation has been approved by OMB under control number 1212–0017 through May 31, 2017. PBGC is requesting that OMB extend its approval for another three years. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

PBGC estimates that an average of thirty contributing sponsors or controlled group members per year will respond to this collection of information. PBGC further estimates that the average annual burden of this collection of information will be 12 hours and $4,440 per respondent, with an average total annual burden of 360 hours and $133,200.

Issued in Washington, DC.

Deborah Chase Murphy.
Assistant General Counsel for Regulatory Affairs, Pension Benefit Guaranty Corporation.
