[Docket No. FDA–2017–N–2903]

Data and Methods for Evaluating the Impact of Opioid Formulations With Properties Designed To Deter Abuse in the Postmarket Setting: A Scientific Discussion of Present and Future Capabilities; Public Workshop; Issues Paper; Request for Comments

AGENCY: Food and Drug Administration, HHS.

ACTION: Notice of public workshop; request for comments.

SUMMARY: The Food and Drug Administration (FDA, the Agency, or we) is announcing a public workshop entitled “Data and Methods for Evaluating the Impact of Opioid Formulations with Properties Designed to Deter Abuse in the Postmarket Setting: A Scientific Discussion of Present and Future Capabilities.” The purpose of the public workshop is to host a scientific discussion with expert panel members and interested stakeholders about the challenges in using the currently available data and methods for assessing the impact of opioid formulations with properties designed to deter abuse on opioid misuse, abuse, addiction, overdose, and death in the postmarket setting. The goal of this meeting is to discuss ways to improve the analysis and interpretation of existing data, as well as to discuss opportunities and challenges for collecting and/or linking additional data to improve national surveillance and research capabilities in this area. To assist in the workshop discussion, FDA is making available an issues paper that provides a brief overview of the currently available data resources used for evaluating the impact of opioid formulations with properties designed to deter abuse; summarizes some of the key methodological issues in this area; and outlines the issues that we would like to discuss during the upcoming workshop, including enhancing existing resources, applying new methodology, and creating new resources.

DATES: The public workshop will be held on July 10 and 11, 2017, from 8:30 a.m. to 5 p.m. Submit either electronic or written comments on this public workshop by September 11, 2017. Late, untimely filed comments will not be considered. Electronic comments must be submitted on or before September 11, 2017. The https://www.regulations.gov electronic filing system will accept comments until midnight Eastern Time at the end of September 11, 2017. Comments received by mail/hand delivery/courier (for written/paper submissions) will be considered timely if they are postmarked or the delivery service acceptance receipt is on or before that date. See the Supplemental Information section for registration date and information.

ADDRESSES: The public workshop will be held at the Sheraton Silver Spring Hotel, 8777 Georgia Ave., Silver Spring, MD 20910. The hotel’s phone number is 301–589–0800.

You may submit comments as follows:

Electronic Submissions

Submit electronic comments in the following way:

• Federal eRulemaking Portal: https://www.regulations.gov. Follow the instructions for submitting comments. Comments submitted electronically, including attachments, to https://www.regulations.gov will be posted to the docket unchanged. Because your comment will be made public, you are solely responsible for ensuring that your
comment does not include any confidential information that you or a third party may not wish to be posted, such as medical information, your or anyone else’s Social Security number, or confidential business information, such as a manufacturing process. Please note that if you include your name, contact information, or other information that identifies you in the body of your comments, that information will be posted on https://www.regulations.gov.

If you want to submit a comment with confidential information that you do not wish to be made publicly available, you must include the Docket No. FDA–2017–N–2093 for “Data and Methods for Evaluating the Impact of Opioid Formulations with Properties Designed to Deter Abuse in the Postmarket Setting.” This issue paper (1) provides a brief overview of the currently available data resources used for evaluating opioid formulations with properties designed to deter abuse; (2) summarizes some of the key methodological issues in this area; and (3) outlines the issues we would like to discuss during the upcoming workshop, including modifying existing resources, applying new methodology, and creating new resources. The issues paper can be found on the Internet at https://www.fda.gov/Drugs/NewsEvents/ucm540845.htm.

II. Topics for Discussion at the Public Workshop

FDA has developed an issues paper entitled “Data and Methods for Evaluating the Impact of Opioid Formulations with Properties Designed to Deter Abuse in the Postmarket Setting.” This issue paper (1) provides a brief overview of the currently available data resources used for evaluating opioid formulations with properties designed to deter abuse; (2) summarizes some of the key methodological issues in this area; and (3) outlines the issues we would like to discuss during the upcoming workshop, including modifying existing resources, applying new methodology, and creating new resources. The issues paper can be found on the Internet at https://www.fda.gov/Drugs/NewsEvents/ucm540845.htm.

III. Participating in the Public Workshop

Registration: To register to attend the public workshop, “Data and Methods for Evaluating the Impact of Opioid Formulations with Properties Designed to Deter Abuse in the Postmarket Setting,” in person or virtually via Webcast, please contact Cherice Holloway at cherice.holloway@fda.hhs.gov by June 26, 2017. Please provide complete contact information for each attendee, including name, title, affiliation, address, email, and telephone.

Registration is free and based on space availability, with priority given to early registrants. Persons interested in attending this public workshop must register by June 26, 2017. Early registration is recommended because seating is limited; therefore, FDA may limit the number of participants from each organization. Registrants will receive confirmation when they have been accepted. If time and space permit, onsite registration on the day of the public meeting/public workshop will be provided beginning at 7:30 a.m.

If you need special accommodations due to a disability, please contact Cherice Holloway at cherice.holloway@fda.hhs.gov. No later than Friday, June 30, 2017.

Public Participation in Scientific Workshop: Time will be provided during the discussion of each agenda topic for audience participants to provide comments if desired. Comments should be specific to the discussion topic, and the time provided will be at the discretion of the session chair.

Streaming Webcast of the Public Workshop: This public workshop will
also be Webcast. Additional information about accessing the Webcast will be made available at least 2 days prior to the public workshop at: https://www.fda.gov/Drugs/NewsEvents/ucm540845.htm.

Transcripts: Please be advised that as soon as a transcript of the public workshop is available, it will be accessible at https://www.regulations.gov. It may be viewed at the Division of Dockets Management (see ADDRESSES). A link to the transcript will also be available on the Internet at https://www.fda.gov/Drugs/NewsEvents/ucm540845.htm.

Dated: June 9, 2017.

National Institutes of Health

National Heart, Lung, and Blood Institute; Notice of Closed Meetings

Pursuant to section 10(d) of the Federal Advisory Committee Act, as amended (5 U.S.C. App.), notice is hereby given of the following meeting. The meeting will be closed to the public in accordance with the provisions set forth in sections 552b(c)(4) and 552b(c)(6), Title 5 U.S.C., as amended. The grant applications and the discussions could disclose confidential trade secrets or commercial property such as patentable material, and personal information concerning individuals associated with the grant applications, the disclosure of which would constitute a clearly unwarranted invasion of personal privacy.

Name of Committee: National Heart, Lung, and Blood Institute Special Emphasis Panel; Short-Term Research Education to Increase Diversity.

Date: July 7, 2017.
Time: 8:00 a.m. to 5:00 p.m.
Agenda: To review and evaluate grant applications.

Place: Crystal City Marriott, 1999 Jefferson Davis Highway, Arlington, VA 22202.

Contact Person: William J. Johnson, Ph.D., Scientific Review Officer, Office of Scientific Review/DERA, National Heart, Lung, and Blood Institute, 6701 Rockledge Drive, Room 7178, Bethesda, MD 20892–7924, 301–827–7938, jhonson@nhlbi.nih.gov.

Name of Committee: National Heart, Lung, and Blood Institute Special Emphasis Panel; Short-Term Research Education to Increase Diversity.

Date: July 7, 2017.
Time: 8:30 a.m. to 4:00 p.m.
Agenda: To review and evaluate grant applications.

Place: The William F. Bolger Center, 9600 Newbridge Drive, Potomac, MD 20854.

Contact Person: Lindsay Marie Garvin, Ph.D., Scientific Review Officer, National Heart, Lung, and Blood Institute, 6701 Rockledge Drive, Suite 7189, Bethesda, MD 20892, 301–827–7911, lindsay.garvin@nih.gov.
