

oversubscribed, and (4) the preliminary calculation of the unit's first-round 2017 NUSA allowance allocation.

Each state worksheet also contains a summary showing (1) the quantity of allowances initially available in that state's 2017 NUSA, (2) the sum of the first-round 2017 NUSA allowance allocations that will be made to new units in that state, assuming there are no corrections to the data, and (3) the quantity of allowances that would remain in the 2017 NUSA for use in second-round allocations to new units (or ultimately for allocation to existing units), again assuming there are no corrections to the data.

Objections should be strictly limited to the data and calculations upon which the NUSA allowance allocations are based and should be emailed to the address identified in **ADDRESSES**. Objections must include: (1) Precise identification of the specific data and/or calculations the commenter believes are inaccurate, (2) new proposed data and/or calculations upon which the commenter believes EPA should rely instead to determine allowance allocations, and (3) the reasons why EPA should rely on the commenter's proposed data and/or calculations and not the data referenced in this notice.

EPA notes that an allocation or lack of allocation of allowances to a given unit does not constitute a determination that CSAPR does or does not apply to the unit. EPA also notes that allocations are subject to potential correction.

Authority: 40 CFR 97.411(b), 97.511(b), 97.611(b), 97.711(b), and 97.811(b).

Dated: May 22, 2017.

Richard A. Haeuber,

Acting Director, Clean Air Markets Division, Office of Atmospheric Programs, Office of Air and Radiation.

BILLING CODE 6560-50-P

FEDERAL COMMUNICATIONS COMMISSION

47 CFR Part 54

[WC Docket No. 02-60; FCC 17-71]

Rural Health Care Support Mechanism

AGENCY: Federal Communications Commission.

ACTION: Final rule.

SUMMARY: In this document, the Federal Communications Commission (Commission) amends the Rural Health Care (RHC) Program rule which defines "health care provider" to implement the provision of the Rural Healthcare

Connectivity Act of 2016 amending the Communications Act of 1934 (the Act) to include skilled nursing facilities (SNFs) amongst the list of health care providers eligible to receive support.

DATES: Effective June 21, 2017.

FOR FURTHER INFORMATION CONTACT:

Regina Brown, regina.brown@fcc.gov, Telecommunications Access Policy Division, Wireline Competition Bureau, (202) 418-0792 or TTY: (202) 418-0484.

SUPPLEMENTARY INFORMATION: This is a summary of the Commission's Memorandum Opinion and Order (MO&O) in WC Docket No. 02-60; FCC 17-71, adopted on June 7, 2017, and released on June 8, 2017. The full text of this document is available for public inspection during regular business hours in the FCC Reference Center, Room CY-A257, 445 12th Street SW., Washington, DC 20554, or at the following Internet address: https://apps.fcc.gov/edocs_public/attachmatch/FCC-17-71A1.pdf.

I. Discussion

1. In this MO&O, we implement the Rural Healthcare Connectivity Act of 2016, which amends section 254(h)(7)(B) of the Act, to include SNFs amongst the list of health care providers eligible to receive RHC Program support. Specifically, we amend § 54.600(a) of the Commission's rules defining "health care provider" under the RHC Program to include SNFs as eligible health care providers.

2. In the 1996 Act, Congress limited the types of health care providers eligible to receive support. SNFs were not included as an eligible entity type. Following the 1996 Act, the Commission established the RHC Program implementing the provisions of the 1996 Act and adopting rules for the program, including § 54.600(a) of the Commission's rules, which defines "health care provider[s]" supported under our RHC support programs in a manner that mirrored the terms of section 254(h)(7)(B) of the Act. This definition did not include SNFs.

3. On June 22, 2016, the President signed legislation that included SNFs amongst the list of health care providers eligible to receive RHC Program support. We interpret this law as directing the Commission to include SNFs in all programs for which health care providers are otherwise eligible and therefore amend § 54.600(a) of the Commission's rules defining "health care provider" under the RHC Program to mirror the current statutory definition in 47 U.S.C. 254(h)(7)(B). We find that a notice and comment rule making proceeding in this matter is unnecessary

because the rule modification flows from the direction provided in the Rural Healthcare Connectivity Act of 2016 to include SNFs within the existing RHC Program. Section 1.412(c) of the Commission's rules provides that rule changes may be adopted without prior notice where the Commission for good cause finds that notice and comment procedures are unnecessary, so long as the basis for the good cause finding is published with the rule changes. The final rule adopted in this MO&O does not involve discretionary action on our part, but rather simply effectuates the Act according to the specific terms set forth in the legislation, which became effective on December 19, 2016. Accordingly, we conclude that this change constitutes a ministerial, noncontroversial amendment to our rules and thus this action falls within the "good cause" exception of the Administrative Procedure Act. We therefore forgo notice and comment in this limited context.

4. We also find good cause to make this rule change effective upon publication in the **Federal Register**. Specifically, making this rule change effective upon publication in the **Federal Register** enables SNFs to benefit expeditiously, consistent with Congress's goal of including SNFs as an eligible health care provider type under the RHC Program. No additional time is needed for affected parties to prepare for the rule's effectiveness because Commission staff, USAC, and interested parties have already had a chance to do so; the associated RHC Program application forms incorporating SNFs into the RHC Program have already been prepared, put out for notice and comment, and approved. Additionally, while the rule change enables SNFs to benefit from the RHC Program, it does not immediately oblige them to take any particular action unless they choose to do so. Thus, we find good cause to make this rule change effective upon publication in the **Federal Register**.

II. Procedural Matters

A. Paperwork Reduction Act Analysis

2. Because approval has already been obtained for the addition of SNFs to the category of eligible health care providers pursuant to the Paperwork Reduction Act of 1995 (PRA), Public Law 104-13, this document does not contain any new or modified information collection requirements subject to PRA. In addition, therefore, it does not contain any new or modified information collection burden for small business concerns with fewer than 25 employees, pursuant to the Small Business

Paperwork Relief Act of 2002, Public Law 107–198, *see* 44 U.S.C. 3506(c)(4).

B. Final Regulatory Flexibility Act Certification

3. The Regulatory Flexibility Act of 1980, as amended (RFA) requires that a regulatory flexibility analysis be prepared for rulemaking proceedings, unless the agency certifies that “the rule will not have a significant economic impact on a substantial number of small entities.” The RFA generally defines “small entity” as having the same meaning as the terms “small business,” “small organization,” and “small governmental jurisdiction.” In addition, the term “small business” has the same meaning as the term “small business concern” under the Small Business Act. A small business concern is one which: (1) Is independently owned and operated; (2) is not dominant in its field of operation; and (3) satisfies any additional criteria established by the Small Business Administration (SBA). Because the implementation of this provision entails no exercise of our administrative discretion, notice and comment procedures are unnecessary and, therefore, the Final RFA does not apply.

C. Congressional Review Act

4. The Commission will send a copy of this MO&O to Congress and the Government Accountability Office, pursuant to the Congressional Review Act, *see* 5 U.S.C. 801(a)(1)(A).

III. Ordering Clauses

5. Accordingly, *it is ordered* that, pursuant to sections 1, 2, 4(i)–(j), 201(b), and 254 of the Communications Act of 1934, as amended, 47 U.S.C. 151, 152, 154(i)–(j), 201(b), 254, and the Frank R. Lautenberg Chemical Safety for the 21st Century Act, Title II—Rural Healthcare Connectivity, Public Law 114–182, sec. 202, this MO&O *is adopted*.

6. *It is further ordered* that Part 54 of the Commission’s rules, 47 CFR part 54, is *amended*, and such rule *shall become effective* June 21, 2017, pursuant to 5 U.S.C. 553(d)(3) and § 54.600(a) of the Commission’s rules, 47 CFR 54.600(a).

Federal Communications Commission.

Marlene H. Dortch,
Secretary.

Final Rule

For the reasons discussed in the preamble, the Federal Communications Commission amends 47 CFR part 54 as follows:

PART 54—UNIVERSAL SERVICE

■ 1. The authority citation for part 54 continues to read as follows:

Authority: 47 U.S.C. 151, 154(i), 201, 205, 214, and 254 unless otherwise noted.

■ 2. Amend § 54.600 by revising paragraph (a)(6), redesignating paragraph (a)(7) as (a)(8), adding new paragraph (a)(7), and revising newly redesignated paragraph (a)(8) to read as follows:

§ 54.600 Terms and definitions.

* * * * *

(a) * * *

- (6) Rural health clinic;
- (7) Skilled nursing facility; or
- (8) Consortium of health care

providers consisting of one or more entities described in paragraphs (a)(1) through (7) of this section.

[FR Doc. 2017–12879 Filed 6–20–17; 8:45 am]

BILLING CODE 6712–01–P

FEDERAL COMMUNICATIONS COMMISSION

47 CFR Part 101

[WT Docket No. 09–114; RM–11417; FCC 10–109]

Amendment of the Commission’s Rules To Accommodate 30 Megahertz Channels in the 6525–6875 MHz Band; and To Provide for Conditional Authorization on Additional Channels in the 21.8–22.0 GHz and 23.0–23.2 GHz Band

AGENCY: Federal Communications Commission.

ACTION: Correcting amendments.

SUMMARY: The Federal Communications Commission (FCC) published a document in the **Federal Register** on July 19, 2010 (75 FR 41767), revising Commission rules. This document was subsequently corrected by the FCC in the **Federal Register** published on August 3, 2010 (75 FR 45496). Both documents inadvertently failed to add footnote 2 to the correct entries in the table in § 101.147(s)(7). In addition, certain entries are incorrect. This document corrects the final regulations by revising this section.

DATES: Effective June 21, 2017.

ADDRESSES: Federal Communications Commission, 445 12th Street SW., Washington, DC 20554.

FOR FURTHER INFORMATION CONTACT: John Schauble, Wireless Telecommunications Bureau, Broadband Division, at 202–418–0797 or by email to John.Schauble@fcc.gov.

SUPPLEMENTARY INFORMATION: This is a summary of the Commission’s *Report and Order (R&O)*, FCC 10–109, adopted on June 7, 2010, and released on June 11, 2010, and published in the **Federal Register** on July 19, 2010 (75 FR 41767). Subsequently, this document was corrected by FCC’s Erratum, published in the **Federal Register** on August 3, 2010 (75 FR 45496). This document augments the corrections which were published in both publications in the **Federal Register** on July 19, 2010 and on August 3, 2010.

List of Subjects in 47 CFR Part 101

Communications equipment, Radio, Reporting and recordkeeping requirements.

Federal Communications Commission.

Marlene H. Dortch,
Secretary.

Accordingly, 47 CFR part 101 is corrected by making the following correcting amendments:

PART 101—FIXED MICROWAVE SERVICES

■ 1. The authority citation for part 101 continues to read as follows:

Authority: 47 U.S.C. 154, 303.

■ 2. In § 101.147, amend the table in paragraph (s)(7) as follows:

■ a. In the eighth row from the bottom of the table, add note² at the end of entries “22025” and “23225”.

■ b. In the seventh row from the bottom of the table, add note² at the end of entries “22075” and “23275”.

■ c. In the fourth row from the bottom of the table, correct the entries “22025²” and “23225²” to read as “22225” and “23425”.

■ d. In the third row from the bottom of the table, correct the entries “22075²” and “23275²” to read as “22275” and “23475”.

§ 101.147 Frequency Assignments.
