The Postal Service states that it plans to introduce a new method of Move Update verification and amend the existing Move Update assessment charge applicable to First-Class Mail letters and flats, and Marketing Mail letters and flats. *Id.* at 3. The Postal Service describes the new method of Move Update verification as a method that checks all eligible pieces to measure the proportion of pieces that have not been properly updated to reflect a Change of Address order. *Id.* at 5. The new method utilizes Intelligent Mail barcode technology to verify the address quality of mail submitted via electronic documentation. *Id.* The Postal Service proposes to increase the Move Update assessment charge, applicable to the number of mailpieces with Change of Address errors exceeding a threshold, from \$0.07 to \$0.08. *Id.* at 5-6.

The Postal Service also proposes removing a reference in the Mail Classification Schedule to the Move Update assessment charge from Marketing Mail Parcels, as the charge does not apply to that product. *Id.* at 8.

The Postal Service also proposes to extend the Full Service Intelligent Mail benefit of no-fee Address Correction Service to mailers who enter qualifying pieces that meet the criteria of the new verification method and meet the Full-Service threshold (95 percent). *Id.* at 8-9.
