RIN 1801–AA11

Rosa’s Law

AGENCY: Office of the Secretary, Department of Education.

ACTION: Final regulations.

SUMMARY: Rosa’s Law changes references to “mental retardation” in Federal law to “intellectual disability” or “intellectual disabilities.” These final regulations implement this statutory change in applicable Department of Education regulations.

DATES: These regulations are effective August 10, 2017.

If you use a telecommunications device for the deaf (TDD) or a text telephone (TTY), call the Federal Relay Service, toll free, at 1–800–877–8339. Individuals with disabilities can obtain this document in an accessible format (e.g., braille, large print, audiotape, or compact disc) on request to the contact person listed in this section.

SUPPLEMENTARY INFORMATION: Rosa’s Law (Pub. L. 111–256) amended sections of the Rehabilitation Act of 1973, as amended (Rehabilitation Act), the Individuals with Disabilities Education Act (IDEA), the Higher Education Act of 1965, as amended (HEA), and the Elementary and Secondary Education Act of 1965, as amended (ESEA), by removing the words “mental retardation” and replacing them with the words “intellectual disability” or “intellectual disabilities.” We are therefore revising applicable sections in title 34 of the Code of Federal Regulations (CFR). The following paragraphs describe the changes we are making to the regulations and the specific statutory changes on which the regulatory changes are based.

Rehabilitation Act

Regulations: We have substituted “intellectual disability” for “mental retardation” and “having an intellectual disability” for “mentally retarded” in the following definitions:

<table>
<thead>
<tr>
<th>Term</th>
<th>Section within title 34, CFR</th>
</tr>
</thead>
<tbody>
<tr>
<td>“handicapped person”</td>
<td>§ 104.3(j)(2)(i).</td>

<tr>
<td>“individual with a significant disability”</td>
<td>§§ 361.5 and 373.4.</td>
</tr>
<tr>
<td>“individual with handicaps”</td>
<td>§ 105.3.</td>
</tr>
<tr>
<td>“physical or mental impairment”</td>
<td>§ 361.5.</td>
</tr>
</tbody>
</table>

We have also substituted “intellectual disability” for “mental retardation” in Appendix A to part 104.

Reasons: We have made these regulatory revisions to implement the changes made to the Rehabilitation Act by Rosa’s Law.

IDEA

Statute: Rosa’s Law amended the IDEA by substituting “intellectual disabilities” for “mental retardation” in sections 601(c)(12)(C) (20 U.S.C. 1400(c)(12)(C)) and 602(3)(A)(i) and (30)(C) (20 U.S.C. 1410(3)(A)(i) and (30)(C)).

Regulations: We have revised Appendix F to 34 CFR part 300 and the following sections in title 34 to remove references to “mental retardation” and add, in their place, references to an “intellectual disability”:

- §§ 300.8(a)(1), (c)(6), (c)(7), and (c)(10)(ii); 300.309(a)(3)(ii); and 300.311(a)(6).
- Additionally, in § 300.8(c)(6), we have replaced the defined term “mental retardation” with the defined term “intellectual disability.”

Reasons: We have made these regulatory revisions to implement the changes made to the IDEA by Rosa’s Law.

HEA

Statute: Rosa’s Law amended section 760(2)(A) of the HEA (20 U.S.C. 1140(2)(A)) by removing the words “mental retardation or.”
**Regulations:** We have revised 34 CFR 668.231(b)(1) to remove the reference to “mental retardation or” and revised 34 CFR 674.51(f)(1) to remove the words “mentally retarded” and add, in their place, the words “individuals with intellectual disabilities.”

**Reasons:** We have made these regulatory revisions to implement the changes made to the HEA by Rosa’s Law.

**ESEA Statute:** Rosa’s Law amended the ESEA by substituting “intellectual disabilities” for “mental retardation” in section 7202(16)(B) (20 U.S.C. 7512(16)(B)).

**Regulations:** We have revised the authority section to 34 CFR part 222 and also the authority section for 34 CFR 222.50 to include a citation to Rosa’s Law.

**Reasons:** Section 222.50 incorporates by reference the definition of “child with a disability” in 34 CFR 300.8. To account for the fact that we are amending 34 CFR 300.8 in this rulemaking, we have also revised the relevant authority sections in part 222 accordingly.

**Executive Orders 12866, 13563, and 13771**

Under Executive Order 12866, the Secretary must determine whether the regulatory action is “significant” and therefore subject to the requirements of the Executive order and subject to review by the Office of Management and Budget (OMB). Section 3(f) of Executive Order 12866 defines a “significant regulatory action” as an action likely to result in a rule that may—

(1) Have an annual effect on the economy of $100 million or more, or adversely affect a sector of the economy, productivity, competition, jobs, the environment, public health or safety, or State, local, or tribal governments or communities in a material way (also referred to as an “economically significant” rule);

(2) Create serious inconsistency or otherwise interfere with an action taken or planned by another agency;

(3) Materia[l]ly alter the budgetary impacts of entitlement grants, user fees, or loan programs or the rights and obligations of recipients thereof; or

(4) Raise novel legal or policy issues arising out of legal mandates, the President’s priorities, or the principles stated in the Executive order.

This final regulatory action is not a significant regulatory action subject to review by OMB under section 3(f) of Executive Order 12866.

Under Executive Order 13771, for each new regulation that the Department proposes for notice and comment or otherwise promulgates that is a significant regulatory action under Executive Order 12866, it must identify two deregulatory actions. For Fiscal Year 2017, any new incremental costs associated with a new regulation must be fully offset by the elimination of existing costs through deregulatory actions. The final regulations are not a significant regulatory action. Therefore, the requirements of Executive Order 13771 do not apply.

We have also reviewed these regulations under Executive Order 13563, which supplements and explicitly reaffirms the principles, structures, and definitions governing regulatory review established in Executive Order 12866. To the extent permitted by law, Executive Order 13563 requires that an agency—

(1) Propose or adopt regulations only upon a reasoned determination that their benefits justify their costs (recognizing that some benefits and costs are difficult to quantify); (2) Tailor its regulations to impose the least burden on society, consistent with obtaining regulatory objectives and taking into account—among other things and to the extent practicable—the costs of cumulative regulations; (3) In choosing among alternative regulatory approaches, select those approaches that maximize net benefits (including potential economic, environmental, public health and safety, and other advantages; distributive impacts; and equity); (4) To the extent feasible, specify performance objectives, rather than the behavior or manner of compliance a regulated entity must adopt; and (5) Identify and assess available alternatives to direct regulation, including economic incentives—such as user fees or marketable permits—to encourage the desired behavior, or provide information that enables the public to make choices.

Executive Order 13563 also requires an agency “to use the best available techniques to quantify anticipated present and future benefits and costs as accurately as possible.” The Office of Information and Regulatory Affairs of OMB has emphasized that these techniques may include “identifying changing future compliance costs that might result from technological innovation or anticipated behavioral changes.”

With respect to Executive Orders 12866 and 13563, the amendments we are making through this rulemaking merely change the terminology used in our regulations, and they do not change any substantive requirements. Additionally, this rulemaking merely implements the changes that are required by statute.

**Waiver of Proposed Rulemaking**

Under the Administrative Procedure Act (APA) (5 U.S.C. 553), the Department generally offers interested parties the opportunity to comment on proposed regulations. However, these regulations merely reflect statutory changes and do not establish or affect substantive policy. Therefore, under 5 U.S.C. 553(b)(B), the Secretary has determined that proposed regulations are unnecessary and contrary to the public interest.

**Regulatory Flexibility Act Certification**

The Secretary certifies that these regulations will not have a significant economic impact on a substantial number of small entities.

**Paperwork Reduction Act of 1995**

These regulations do not contain any information collection requirements.

**Intergovernmental Review**

These regulations are subject to Executive Order 12372 and the regulations in 34 CFR part 79. One of the objectives of the Executive order is to foster an intergovernmental partnership and a strengthened federalism. The Executive order relies on processes developed by State and local governments for coordination and review of proposed Federal financial assistance.

This document provides early notification of our specific plans and actions for this program.

**Assessment of Educational Impact**

Based on our own review, we have determined that these final regulations do not require transmission of information that any other agency or authority of the United States gathers or makes available.

**ENVIRONMENTAL PROTECTION AGENCY**

40 CFR Part 52

Air Plan Approval; Illinois; Emissions Statement Rule Certification for the 2008 Ozone Standard

AGENCY: Environmental Protection Agency (EPA).

ACTION: Direct final rule.

SUMMARY: The Environmental Protection Agency (EPA) is approving a State Implementation Plan (SIP) submission from the Illinois Environmental Protection Agency (IEPA) dated May 9, 2017. The submission provides IEPA’s certification that its existing emission statement program, titled “Annual Emissions Report”, remains in effect and satisfies the Clean Air Act (CAA) emissions statement requirement for the Illinois portions of the Chicago-Naperville, Illinois-Indiana-Wisconsin and St. Louis-St. Charles-Farmington, Missouri-Illinois nonattainment areas under the 2008 ozone National Ambient Air Quality Standard (NAAQS). Under the CAA, states’ SIPs must require stationary sources in ozone nonattainment areas classified as marginal or above to annually report emissions of Volatile Organic Compounds (VOC) and Oxides of Nitrogen (NOx).

DATES: This direct final rule is effective September 11, 2017, unless EPA receives adverse comments by August 10, 2017. If adverse comments are...
