SUPPLEMENTARY INFORMATION:

Background

This proposed settlement agreement is the result of voluntary disclosures of CWA, CAA, RCRA and EPCRA violations by JPMC to the EPA. JPMC and affiliated entities comprise one of the largest financial services firms in the United States, offering investment banking, financial services for consumers and small businesses, commercial banking, financial transaction processing and asset management, both domestically and internationally. JPMorgan Chase Bank, N.A. is a national banking association with its main office located at 1111 Polaris Parkway, Columbus, Ohio 43240.

On August 6, 2014, EPA accepted JPMC's June 19, 2014 proposal to enter into an audit agreement to audit 133 facilities owned and/or operated by JPMC or affiliated entities for compliance with the CAA, CWA, EPCRA, and RCRA under EPA's *Incentives for Self-Policing: Discovery, Disclosure, Correction and Prevention of Violations* (Audit Policy), 65 FR 19618 (April 11, 2000). On December 19, 2014, JPMC provided its final report.

In follow-up to its 2014 Audit and JPMC's commitment to prevent

recurrence of noncompliance in the future, JPMC developed and implemented a compliance management system (CMS) that includes annual auditing. JPMC approached the design of this annual audit program with the same integrity and objectivity as used in the original 2014 Audit program. With the benefit of this expertise, JPMC conducted annual internal audits in 2015 (at 42 sites) and 2016 (at 39 sites) and disclosed additional potential noncompliance discovered through its 2015 and 2016 internal audits on November 20, 2015 and December 2, 2016, respectively.

All violations discovered and disclosed by the Respondent are listed in Attachments A and B to the CAFO.

Proposed Settlement

The EPA determined that Respondent satisfactorily completed its audit and has met all conditions set forth in the Audit Policy for the violations identified in Attachment A of the CAFO. Therefore, 100 percent of the gravity-based penalty calculated for the violations identified in Attachment A of the CAFO is being waived.

Attachment B of the CAFO identifies certain violations that did not meet all the conditions of the Audit Policy. For these violations, a gravity-based penalty of \$52,977 is assessed.

For all violations listed in Attachments A and B, EPA calculated an economic benefit of noncompliance of \$177,415. This number was calculated using specific cost information provided by Respondent and use of the Economic Benefit (BEN) computer model.

JPMC has agreed to pay a total civil penalty of \$230,392 for all the violations identified in Attachments A and B of the CAFO. Of this amount, \$177,415 is the economic benefit of noncompliance and \$52,977 is the gravity-based penalty for the violations listed in Attachment B of the CAFO.

Of this total amount, \$16,731 is attributable to the CAA violations, \$88,538 is attributable to the CWA SPCC violations, \$27,649 is attributable to the RCRA violations, and \$97,474 is attributable to the EPCRA violations.

The EPA and Respondent negotiated the Consent Agreement in accordance with the Consolidated Rules of Practice, 40 CFR part 22, specifically 40 CFR 22.13(b) and 22.18(b) (*In re: JPMorgan Chase Bank, N.A.*; enforcement settlement identifier numbers CAA-HQ-2017-6001, CWA-HQ-2017-6001; EPCRA-HQ-2017-6001; and RCRA-HQ-2017-6001). This Consent Agreement is subject to public notice and comment under Section

311(b)(6)(C) of the CWA, 33 U.S.C. 1321(b)(6)(C). The procedures by which the public may comment on a proposed CWA Class II penalty order, or participate in a Class II penalty proceeding, are set forth in 40 CFR 22.45. The deadline for submitting public comment on this proposed Final Order is [INSERT DATE 30 DAYS AFTER DATE OF PUBLICATION IN THE Federal Register]. All comments

will be transferred to the EAB for consideration. The EAB's powers and duties are outlined in 40 CFR 22.4(a).
