Workforce Investment Act of 1998 (Pub. L. 105–220), August 7, 1998 SEC. 508; assist the regulated community with form completion; and collect additional information to facilitate complainant communication for the enforcement of Forms 9035 and 9035E.

II. Review Focus

DOL is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- evaluate the accuracy of the agency’s estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; and also the agency’s estimates associated with the annual burden cost incurred by respondents and the government cost associated with this collection of information;
- enhance the quality, utility, and clarity of the information to be collected; and
- minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

III. Current Actions

In order to meet its statutory responsibilities under the INA, the Department needs to extend an existing collection of information pertaining to labor condition applications that are used in the H–1B, H–1B1, and E–3 visa programs and allow employers to bring foreign labor to the U.S. on a temporary basis.

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by the OMB under the PRA and displays a currently valid OMB control number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid control number. See 5 CFR 1320.5(a) and 1320.6. The DOL obtains OMB approval for this information collection under Control Number 1205–0310. OMB authorization for an ICR cannot be for more than three (3) years without renewal, and the current approval for this collection is scheduled to expire on May 31, 2018. The DOL seeks to extend PRA authorization for this revised information collection for three (3) more years.

In the past the respondents have been for-profit businesses and not-for-profit institutions. On rare occasions the respondents have been local, State, tribal governments, or the Federal government. The Secretary uses the collected information to determine if employers are meeting their statutory and regulatory obligations.

**Office of Workers’ Compensation Programs**

**Proposed Revision to Existing Approved Collection; Comment Request**

**AGENCY:** Division of Federal Employees’ Compensation, Office of Workers’ Compensation Programs, Department of Labor.

**ACTION:** Notice.

**SUMMARY:** The Department of Labor, as part of its continuing effort to reduce paperwork and respondent burden, conducts a preclearance consultation program to provide the general public and Federal agencies with an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act of 1995 (PRA95). This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of
collection requirements on respondents can be properly assessed. Currently, the Office of Workers’ Compensation Programs is soliciting comments concerning the proposed collection: Claim for Compensation (CA–7); Authorization for Examination and/or Treatment (CA–16); Duty Status Report (CA–17); Attending Physician’s Report (CA–20); Request for the Services of an Attendant (CA–1090); Referral to a Medical Specialist (CA–1305); OWCP Requirements for Audiological Examination (CA–1087); Referral for a Complete Audiologic and Otologic Examination (CA–1331); Outline for Audiologic Examination (CA–1332); Work Capacity Evaluation, Psychiatric/Psychological Conditions (OWCP–5a); Work Capacity Evaluation, Cardiovascular/Pulmonary Conditions (OWCP–5b); and Work Capacity Evaluation, Musculoskeletal Conditions (OWCP–5c). A copy of the proposed information collection request can be obtained by contacting the office listed below in the addresses section of this Notice.

DATES: Written comments must be submitted to the office listed in the addresses section below on or before October 2, 2017.

ADDRESS: You may submit comments by mail, delivery service, or by hand to Ms. Yoon Ferguson, U.S. Department of Labor, 200 Constitution Ave. NW., Room S–3323, Washington, DC 20210; by fax to (202) 354–9647; or by Email to ferguson.yoon@dol.gov. Please use only one method of transmission for comments (mail/delivery, fax, or Email). Please note that comments submitted after the comment period will not be considered.

SUPPLEMENTARY INFORMATION:

I. Background: The Office of Workers’ Compensation Programs (OWCP) administers the Federal Employees’ Compensation Act (FECA), 5 U.S.C. 8101 et seq. The statute provides for the payment of benefits for wage loss and/or for permanent impairment to a scheduled member, arising out of a work related injury or disease. The Act outlines the elements of pay which are to be included in an individual’s pay rate, and sets forth various other criteria for determining eligibility to and the amount of benefits, including: augmentation of basic compensation for individuals with qualifying dependents; a requirement to report any earnings during a period that compensation is claimed; a prohibition against concurrent receipt of FECA benefits and benefits from OPM or certain VA benefits; a mandate that money collected from a liable third party found responsible for the injury for which compensation has been paid is applied to benefits paid or payable. This information collection is currently approved for use through January 31, 2018. This ICR has been classified as a revision, because of a change to the CA–16. As DFEC is focusing more on program integrity issues, in particular medical billing, and to strengthen efforts to reduce potential fraud and abuse, this form is intimately tied to those efforts and DFEC would like to incorporate recent and upcoming policy changes (e.g., new guidance/forms for compound and opioid medications—OMB 1240–0055). The proposed revisions provide more clarification regarding who may be authorized to initiate the CA–16 and who is authorized to provide medical treatment, to include qualifications and definitions of these authorization officials. Further clarification is provided regarding non-authorization for compound medication and the requirements to be enrolled with our Medical Bill Processing Contractor to receive payments for services rendered. Where revisions were made, instructions were expanded to provide explanation.

II. Review Focus: The Department of Labor is particularly interested in comments which:

* Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
* evaluate the accuracy of the agency’s estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
* enhance the quality, utility and clarity of the information to be collected; and
* minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

III. Current Actions: The Department of Labor seeks a revision in order to carry out its statutory responsibility to compensate injured employees under the provisions of the Act.

II. Background

Under the provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35), the NRC recently submitted a request for renewal of an existing collection of information to OMB for review entitled, “NRC Form 536, ‘Operator Licensing Examination Data.’” The NRC hereby informs potential respondents that an agency may not conduct or sponsor, and that a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

The NRC published a Federal Register notice with a 60-day comment period on this information collection on March 15, 2017, (82 FR 13874).

1. The title of the information collection: NRC Form 536, “Operator Licensing Examination Data.”
2. OMB approval number: 3150–0131.
3. Type of submission: Extension.
4. The form number if applicable: NRC Form 536.
5. How often the collection is required or requested: Annually.
6. Who will be required or asked to respond: (a) All holders of operating licenses for nuclear power reactors under the provision of part 50 of title 10 of the Code of Federal Regulations (10 CFR), “Domestic Licensing of Production and Utilization Facilities,” except those that have permanently ceased operations and have certified that fuel has been permanently removed from the reactor vessel; and
(b) All holders of, or applicants for, a limited work authorization, early site permit, or combined licenses issued under 10 CFR part 52, “Licenses, Certifications and Approval for Nuclear Power Plants.”
7. The estimated number of annual responses: 100.
8. The estimated number of annual respondents: 100.
