(d) *200 parts per billion (ppb)*. The 200 ppb level was originally used by the Food and Drug Administration with respect to the concentration of residues in or on food for tiering of data requirements for indirect food use biocides. The Agency has also adopted this same residue level for determining toxicology data requirements for indirect food uses of antimicrobial pesticides. The 200 ppb level is the concentration of antimicrobial residues in the total estimated daily dietary intake.

## II. Background

*A. What action is the agency taking?*

As required by the Negotiated Rulemaking Act of 1996 (NRA), EPA is giving notice that the agency is holding two additional meetings of the Negotiated Rulemaking Committee. The objective of this Committee is to develop a proposed rule providing for limiting chemical data reporting requirements, under TSCA section 8(a), for manufacturers of any inorganic byproduct chemical substances when such byproduct chemical substances are subsequently recycled, reused, or reprocessed. This negotiation process, which includes the establishment of a federal advisory committee, is required by TSCA section 8(a)(6), as amended by

the Frank. R. Lautenberg Chemical Safety for the 21st Century Act (Lautenberg Act).

This Committee is a statutory advisory committee under the Federal Advisory Committee Act, 5 U.S.C. App. 2 § 9(a)(1). In accordance with Section 9(c) of the Federal Advisory Committee Act, 5 U.S.C. App. I § 9(c), EPA prepared a charter for the establishment of the Negotiated Rulemaking Committee. Copies of the Committee's charter have been filed with the appropriate congressional committees, the Library of Congress. The first two meetings of the Committee were on June 8 and 9, 2017, and August 16 and 17, 2017 (82 FR 25790) (FRL-9961-92). The Committee's charter and those meetings' agendas and materials are available in the docket supporting this activity [EPA-HQ-OPPT-2016-0597] and available online at <https://www.epa.gov/chemical-data-reporting/negotiated-rulemaking-committee-chemical-data-reporting-requirements>.

This notice announces the details of the third and fourth meetings of the Committee. These meetings have been scheduled for the dates indicated under **DATES**, and are open to the public. A notice of any Committee meeting must be published no later than 15 days before the date of that meeting. Delay in having these meetings will result in challenges in meeting the statutory deadline for the negotiated rulemaking.

## III. Participation by Non-Members

*A. Attending Meetings*

EPA values public input during this process. The meetings announced in this notice are open to the public, so interested parties may observe the meetings and communicate their views in the appropriate time and manner, as defined in each meeting's agenda. Consistent with the requirements of FACA, formal meeting materials and summaries will be available online.

*B. Oral Statements*

In general, individuals or groups requesting an oral presentation at a public meeting will be limited to five minutes. Each person making an oral statement should consider providing written comments as well as their oral statement so that the points presented orally can be expanded upon in writing. Interested parties should submit

requests by email to [ecdrweb@epa.gov](mailto:ecdrweb@epa.gov) one week prior to the meeting dates, in order to be placed on the list of public speakers.

*C. Written Statements*

Written statements will be accepted throughout the advisory process; however, for timely consideration, statements should be supplied by email to [ecdrweb@epa.gov](mailto:ecdrweb@epa.gov) one week prior to the meeting dates. Members of the public should be aware that written comments, including personal contact information, if included, may be posted to the Committee Web site as well as placed in the EPA docket supporting this activity. Copyrighted material will not be posted without explicit permission of the copyright holder. Additionally, EPA will invite public comment on any proposed rule resulting from the Committee's deliberations.

## IV. Meeting Schedule and Agenda

*A. Meeting Schedule*

Committee meetings are one and a half days each, and held in Washington, DC, unless the Committee decides otherwise. If any additional meetings are required, the Committee will separately announce those meetings subsequent to the meetings being announced in this notice.

*B. The Third and Fourth Committee Meetings*

The third Committee meeting will be held on September 13, 2017, from 9 a.m. to 5 p.m. and on September 14, 2017, from 9 a.m. to 3 p.m. The fourth Committee meeting will be held on October 25, 2017, from 9 a.m. to 5 p.m. and on October 26, 2017, from 9 a.m. to 3 p.m. Both meetings are open to the public. Meeting details and agenda information will be available online at <https://www.epa.gov/chemical-data-reporting/negotiated-rulemaking-committee-chemical-data-reporting-requirements>, as well as in the EPA docket supporting this activity.
