

Executive Order 12866 (58 FR 51735, October 4, 1993);

- does not impose an information collection burden under the provisions of the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*);
- is certified as not having a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*);
- does not contain any unfunded mandate or significantly or uniquely affect small governments, as described in the Unfunded Mandates Reform Act of 1995 (Pub. L. 104-4);
- does not have Federalism implications as specified in Executive Order 13132 (64 FR 43255, August 10, 1999);

- is not subject to requirements of Section 12(d) of the National Technology Transfer and Advancement Act of 1995 (15 U.S.C. 272 note) because application of those requirements would be inconsistent with the CAA; and
- does not provide EPA with the discretionary authority to address, as appropriate, disproportionate human health or environmental effects, using practicable and legally permissible methods, under Executive Order 12898 (59 FR 7629, February 16, 1994).

In addition, this proposed rulemaking action, pertaining to New York's 2008 8-hour ozone RACT submission does not have tribal implications as specified by Executive Order 13175 (65 FR 67249, November 9, 2000), because the SIP is not approved to apply in Indian country located in the state, and EPA notes that it will not impose substantial direct costs on tribal governments or preempt tribal law.

Arkansas: Final Authorization of State-Initiated Changes and Incorporation by Reference of State Hazardous Waste Management Program

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: During a review of Arkansas' regulations, the Environmental Protection Agency (EPA) identified a variety of State-initiated changes to Arkansas' hazardous waste program under the Resource Conservation and Recovery Act (RCRA), as amended. The EPA proposes to authorize the State for the program changes. In addition, the EPA proposes to codify in the regulations entitled "Approved State Hazardous Waste Management Programs", Arkansas' authorized hazardous waste program. The EPA will incorporate by reference into the Code of Federal Regulations (CFR) those provisions of the State regulations that are authorized and that the EPA will enforce under RCRA. The purpose of this **Federal Register** document is to codify Arkansas' base hazardous waste management program and its revisions to that program.

SUPPLEMENTARY INFORMATION: The EPA has already provided notices and opportunity for comments on the Agency's decisions to codify the Arkansas program, and the EPA is not now reopening the decisions, nor requesting comments, on the Arkansas authorization program. In the "Rules and Regulations" section of this **Federal Register**, the EPA is authorizing the State-initiated changes to the Arkansas

program, in addition to codifying and incorporating by reference the State's hazardous waste program as a direct final rule because we believe these actions are not controversial and do not expect comments that oppose them. We have explained the reasons for this authorization and incorporation by reference in the preamble to the direct final rule. Unless we receive written comments which oppose the authorization in this codification document during the comment period,

the direct final rule will become effective 60 days after publication and we will not take further action on this proposal. If we receive comments that oppose the authorization, we will withdraw the direct final rule and it will not take effect. We will then respond to public comments in a later final rule based on this proposal. You may not have another opportunity for comment. If you want to comment on this action, you must do so at this time.

For additional information, please see the direct final rule published in the

“Rules and Regulations” section of this **Federal Register**.

Authority: This rule is issued under the authority of Sections 2002(a), 3006, and 7004(b) of the Solid Waste Disposal Act, as amended, 42 U.S.C. 6912(a), 6926, and 6974(b).

Dated: July 27, 2017.
