VI. Document Availability

45. In addition to publishing the full text of this document in the Federal Register, the Commission provides all interested persons an opportunity to view and/or print the contents of this document via the Internet through the Commission’s Home Page (http://www.ferc.gov) and in the Commission’s Public Reference Room during normal business hours (8:30 a.m. to 5:00 p.m. Eastern time) at 888 First Street NE., Room 2A, Washington DC 20426.

46. From the Commission’s Home Page on the Internet, this information is available on eLibrary. The full text of this document is available on eLibrary in PDF and Microsoft Word format for viewing, printing, and/or downloading. To access this document in eLibrary, type the docket number excluding the last three digits of this document in the docket number field.

47. User assistance is available for eLibrary and the Commission’s Web site during normal business hours from FERC Online Support at 202–502–6652 (toll free at 1–866–208–3676) or email at ferconlinesupport@ferc.gov, or the Public Reference Room at (202) 502–8371, TTY (202)502–8659. Email the Public Reference Room at public.referenceroom@ferc.gov.

VII. Effective Date and Congressional Notification

48. The final rule is effective November 27, 2017. The Commission has determined, with the concurrence of the Administrator of the Office of Information and Regulatory Affairs of OMB, that this rule is not a “major rule” as defined in section 351 of the Small Business Regulatory Enforcement Fairness Act of 1996. This final rule is being submitted to the Senate, House, and Government Accountability Office.

By the Commission.

Nathaniel J. Davis, Sr.,
Deputy Secretary.

Appendix

Bonneville Power Administration (Bonneville)
Edison Electric Institute (EEI)
International Transmission Company d/b/a ITC Transmission, Michigan Electric Transmission Company, LLC, ITC Midwest LLC and ITC Great Plains, LLC (together, ITC)
Midcontinent Independent System Operator, Inc. (MISO)
New England States Committee on Electricity (NESCOE)
Parimutuel pool at multiple points in time throughout the allotted time period for wagering. The single ticket rule in the proposed regulations does not differentiate between electronic betting and placing a bet at a ticket window. Therefore, the proposed rule does not put an electronic bettor at a disadvantage. However, the comment brings to light that there is some confusion regarding how the rule applies in the context of electronic betting.

The single-ticket requirement in the proposed regulations allows aggregation of wagers that are placed in the same parimutuel pool if they are represented on a single ticket. This is the case regardless of whether the ticket is paper or electronic. This requirement was included in the proposed regulations to limit the potential for fraud, such as a winning bettor collecting losing tickets from another bettor or bettors who placed bets in the same parimutuel pool to artificially increase the amount of the wager. In addition, the single-ticket requirement improves administrability because it does not require payers to collect information reflected on multiple tickets. As the preamble to the proposed regulations explains, the single ticket requirement was not intended to limit the amount of the wager to bets placed at a single point in time because a ticket containing prior bets in a single pool can be cancelled, and the original and additional wagers in that pool can be placed on a new ticket. The fraud and administrability concerns that apply to paper tickets do not apply equally to electronic records because each person’s bets are reflected on a single electronic wagering account. Accordingly, electronic bettors may aggregate wagers placed at different points in time without having to cancel prior wagers and place them on a new ticket as long as the wagers meet the requirements in the proposed rule—that is, they are placed in a single parimutuel pool and are represented on a single, electronic record.

Because the comments received in response to the proposed rule do not justify any change, the final regulations adopt the proposed rule without modification.

Effective/Applicability Dates

The proposed regulations provided that final regulations would apply to payments made after the date they are published in the Federal Register. Some commenters requested a delayed effective date to allow time for industry stakeholders to update their systems and seek any necessary state regulatory approval. One commenter specifically suggested that 45 days following publication of the final regulations would be sufficient time to perform such updates. In addition, the commenters suggested that the final rules be effective for wagering transactions with respect to winning events that occur after the date that the final rules are published in the Federal Register. The Treasury Department and IRS agree with these comments. Therefore, the final regulations are applicable to reportable gambling winnings paid with respect to a winning event that occurs on or after 45 days from the date the final regulations are published in the Federal Register. If they so choose, payers may rely on the provisions of the final regulations for payments made after the date the final regulations are published in the Federal Register, regardless of when the related winning event occurred.

Other Comments

Several commenters raised concerns regarding the thresholds for information reporting and withholding for certain gambling winnings. Another commenter requested that the regulations provide an exception to withholding under section 3402(q). Neither the threshold for information reporting with respect to gambling winnings not subject to withholding nor exceptions to section 3402(q) withholding were the focus of the proposed regulations. In addition, the withholding thresholds are defined by statute. These comments are outside the scope of the proposed regulations, and therefore the comments have not been adopted in the final regulations.

Special Analyses

Certain IRS regulations, including this one, are exempt from the requirements of Executive Order 12866, as supplemented by Executive Order 13563. Therefore, a regulatory assessment is not required.

It is hereby certified that this rule will not have a significant economic impact on a substantial number of small entities. Although this rule may affect a substantial number of small entities, the economic impact is minimal because this rule merely provides guidance as to the statutory withholding rules and filing of information returns for payers who make reportable payments of certain gambling winnings and who are required by sections 3402 and 6041 to withhold and make returns reporting those payments. This rule reduces the existing burden on payers to comply with the statutory requirement by simplifying the process for payers to verify payees’ identities with a broader range of documents that are more readily available.

This rule also will result in a reduction in the number of forms filed. Instead of treating all components of a bet made by a gambler in a single parimutuel pool as a separate amount wagered, the rules treat all amounts wagered in a single parimutuel pool reflected on a single ticket as the amount wagered for purposes of determining whether reporting or withholding is needed. For the reasons stated, the final rule will not have a significant economic impact on a substantial number of small entities. Accordingly, a regulatory flexibility analysis under the Regulatory Flexibility Act (5 U.S.C. Chapter 6) is not required.

Pursuant to section 7805(f) of the Internal Revenue Code, the notice of proposed rulemaking preceding these regulations was submitted to the Chief Counsel for Advocacy of the Small Business Administration for comment on the regulations’ impact on small businesses, and no comments were received.

Drafting Information

The principal author of these regulations is David Bergman of the Office of the Associate Chief Counsel (Procedure and Administration). However, other personnel from the Treasury Department and the IRS participated in their development.

List of Subjects in 26 CFR Part 31

Employment taxes, Fishing vessels, Gambling, Income taxes, Penalties, Pensions, Reporting and recordkeeping requirements, Social security, Unemployment compensation.

Adoption of Amendments to the Regulations

Accordingly, 26 CFR part 31 is amended as follows:

PART 31—EMPLOYMENT TAXES AND COLLECTION OF INCOME TAX AT SOURCE

§ 31.3402(q)–1 is amended:

1. By revising paragraphs (a)(1), (b), and (c)(1) and (4).

2. By redesignating paragraphs (d), (e) and (f) as paragraphs (f), (d), and (e), respectively.

3. By revising newly designated paragraphs (d) and (e).

4. By removing, in newly designated paragraph (f), Example 3 and Example...
\textsuperscript{11}, redesignating Examples 4 through 10 as Examples 3 through 9, and adding examples 10 through 16.

\textbf{\textsection 31.3402(q)–1} \textbf{Extension of withholding to certain gambling winnings.}

\textit{(a) Withholding obligation—(1) General rule.} Every person, including the Government of the United States, a State, or a political subdivision thereof, or any instrumentality of any of the foregoing making any payment of “winnings subject to withholding” (defined in paragraph \textit{(b)} of the section) must deduct and withhold a tax in an amount equal to the product of the third lowest rate of tax applicable under section \textsection 6041 and the regulations thereunder section 1(c) and the payment. The tax must be deducted and withheld upon payment of the winnings by the person making the payment (“payer”). See paragraph \textit{(c)(5)(iii)} of this section for a special rule relating to the time for making deposits of withheld amounts and filing the return with respect to those amounts. Any person receiving a payment of winnings subject to withholding must furnish the payer a statement as required in paragraph \textit{(d)} of this section. Payers of winnings subject to withholding must file a return with the Internal Revenue Service and furnish a statement to the payee as required in paragraph \textit{(e)} of this section. With respect to reporting requirements for certain payments of gambling winnings not subject to withholding, see section \textsection 6041 and the regulations thereunder.

\textbf{\textit{\textsection 31.3402(q)–1}}

\textbf{\textit{\textsection 31.3402(q)–1}}

\textbf{\textit{\textsection 31.3402(q)–1}}

\textit{(A) Exceed $5,000; and

(B) Are at least 300 times as large as the amount of the wager.

(2) Total proceeds subject to withholding. If proceeds from the wager qualify as winnings subject to withholding, then the total proceeds from the wager, and not merely amounts in excess of $5,000, are subject to withholding.

(c) Definitions; special rules—(1) Rules for determining amount of proceeds from a wager—(i) In general. The amount of proceeds from a wager is the amount paid with respect to the wager, less the amount of the wager.

(ii) Amount of the wager in the case of horse races, dog races, and jai alai. In the case of a wagering transaction with respect to horse races, dog races, or jai alai, all wagers placed in a single parimutuel pool and represented on a single ticket are aggregated and treated as a single wager for purposes of determining the amount of the wager. A ticket in the case of horse races, dog races, or jai alai must contain a written or electronic record that the payee must present to collect proceeds from a wager or wagers.

(iii) Amount paid with respect to a wager—(A) Identical wagers. Amounts paid with respect to identical wagers are treated as paid with respect to a single wager for purposes of calculating the amount of proceeds from a wager. Two or more wagers are identical wagers if winning depends on the occurrence (or non-occurrence) of the same event or events; the wagers are placed with the same payer; and, in the case of horse races, dog races, or jai alai, the wagers are placed in the same parimutuel pool. Wagers may be identical wagers even if the amounts wagered differ as long as the wagers are otherwise treated as identical wagers under this paragraph (c)(1)(iii)(A). Tickets purchased in a lottery generally are not identical wagers, because the designation of each ticket as a winner generally would not be based on the occurrence of the same event, for example, the drawing of a particular number.

(B) Non-monetary proceeds. In determining the amount paid with respect to a wager, proceeds which are not money are taken into account at the fair market value.

(C) Periodic payments. Periodic payments, including installment payments or payments which are to be made periodically for the life of a person, are aggregated for purposes of determining the amount paid with respect to the wager. The aggregate amount of periodic payments to be made for a person’s life is based on that person’s life expectancy. See §§1.72–5 and 1.72–9 of this chapter for rules used in computing the expected return on annuities. For purposes of determining the amount subject to withholding, the first periodic payment must be reduced by the amount of the wager.

* * * * *

(4) Certain payments to nonresident aliens or foreign corporations. A payment of winnings that is subject to withholding tax under section 1441(a) (relating to withholding on nonresident aliens) or 1442(a) (relating to withholding on foreign corporations) is not subject to the tax imposed by section 3402(q) and this section when the payee is a foreign person, as determined under the rules of section 1441(a) and the regulations thereunder. A payment is treated as being subject to withholding tax under section 1441(a) or 1442(a) notwithstanding that the rate of such tax is reduced (even to zero) as may be provided by an applicable treaty with another country. However, a reduced or zero rate of withholding of tax must not be applied by the payer in lieu of the rate imposed by sections 1441 and 1442 unless the person receiving the winnings has provided to the payer the documentation required by §1.1441–6 of this chapter to establish entitlement to treaty benefits.

* * * * *

(d) Statement furnished by payee—(1) In general. Each person who is making a payment subject to withholding under this section must obtain from the payee a statement described in paragraph \textit{(d)(2)} of this section.

(2) Contents of statement. Each person who is to receive a payment of winnings subject to withholding under this section must furnish the payer a statement on Form W–2G or 5754 (whichever is applicable) made under the penalties of perjury containing—

(i) The name, address, and taxpayer identification number of the winner accompanied by a declaration that no other person is entitled to any portion of the payment;

(ii) The name, address, and taxpayer identification number of the payee and of every person entitled to any portion of the payment.

(3) Multiple payments. If more than one payment of winnings subject to withholding is to be made with respect to a single wager, for example in the case of an annuity, the payee is required to furnish the payer a statement with respect to the first payment only, provided that the other payments are taken into account in a return required by paragraph \textit{(e)} of this section.

(4) Reliance on statement for identical winnings. The statement which may be required pursuant to §1.6011–3 of this chapter

* * * * *
Example 10. (i) B places a $15 bet at the cashier window at the racetrack for horse A to win the fifth race at the racetrack that day. After placing the first bet, B gains confidence in horse A’s prospects to win and places an additional $40 bet at the cashier window at the racetrack for horse A to win the fifth race, receiving a second ticket for this second bet. Horse A wins the fifth race, and B wins a total of $5,500 ($150 to 1 odds) on those bets. The $15 bet and the $40 bet are identical wagers under paragraph (c)(1)(iii)(A) of this section because winning on both bets depended on the occurrence of the same event and the bets were placed in the same pari-mutuel pool with the same payee. This is true regardless of the fact that the amount of the wager differs in each case.

(ii) B cashes the tickets at different cashier windows. Pursuant to paragraph (d) of this section and §1.6011–3, B completes a Form W–2G indicating that the amount of winnings is from identical wagers and provides the form to each cashier. The payments by each cashier of $1,500 and $4,000 are less than the $5,000 threshold for withholding, but under paragraph (c)(1)(iii)(A) of this section, identical wagers are treated as paid with respect to a single wager for purposes of determining the proceeds from a wager. The payment is not subject to withholding or reporting because although the proceeds from the wager are $5,445 ($1,500 + $4,000 − $55), the proceeds from the wager are not at least 300 times as great as the amount wagered ($55 × 300 = $16,500).

Example 11. B makes two $1,000 bets in a single “show” pool for the same jai alai game, one bet on Player X to show and one bet on Player Y to show. B wins a $1,000 bet if the player comes in first, second, or third in a single game. The bets are placed at the same time at the same cashier window, and B receives a single ticket showing both bets. The payment is not subject to withholding or reporting because although the proceeds from the wager are $1,000, the proceeds from the wager are not at least 300 times as great as the amount wagered ($1,000 × 300 = $300,000).

Example 12. B bets a total of $120 on a three-dog exacta box bet ($20 for each one of
the six combinations played) at the dog racetrack and receives a single ticket reflecting the bet from the cashier. B wins $5,040 from one of the selected combinations. Pursuant to the rule in paragraph (c)(1)(ii) of this section, the amount of $120, not $20 for the single winning combination of the six combinations played. The payment is not subject to withholding under section 3402(q) because the proceeds from the wager are $4,920 ($5,040 – $120), which is below the section 3402(q) withholding threshold.

Example 13. B makes two $12 Pick 6 bets at the horse racetrack at two different cashier windows and receives two different tickets each representing a single $12 Pick 6 bet. In his two Pick 6 bets, B selects the same horses to win races 1–5 but selects different horses to win race 6. All Pick 6 bets on those races at that racetrack are part of a single pari-mutuel pool from which Pick 6 winning bets are paid. B wins $5,020 from one of his Pick 6 bets. Pursuant to the rule in paragraph (c)(1)(ii) of this section, the bets are not aggregated for purposes of determining the amount of the wager because the bets are reflected on separate tickets. Assuming that the applicable rate is 25%, the racetrack must deduct and withhold $1,252 (($5,020 – $12 × 25%) because the amount of the proceeds of $5,008 ($5,020 – $12) is greater than $5,000 and is at least 300 times as great as the amount wagered ($12 × 300 = $3,600). The racetrack also must report B’s winnings on Form W–2G pursuant to paragraph (e) of this section and furnish a copy of the Form W–2G to B.

Example 14. C makes two $50 bets in two different pari-mutuel pools for the same jai alai game. One bet is an “exacta” in which C bets on player M to win and player N to “place.” The other bet is a “tripleta” in which C bets on player M to win, player N to “place,” and player O to “show.” C wins both bets and is paid $2,000 with respect to the bet in the “tripleta” pool and $3,100 with respect to the bet in the “exacta” pool. Under paragraph (c)(1)(iii)(A) of this section, the bets are not identical bets. Under paragraph (c)(1)(iii)(i) of this section, the bets are not aggregated for purposes of determining the amount of the wager for either payment because they are not wagers in the same pari-mutuel pool. No section 3402(q) withholding is required on either payment because neither payment separately exceeds the $5,000 withholding threshold.

Example 15. C makes two $100 bets for the same dog to win a particular race. C places one bet at the racetrack and one bet at an off-track betting establishment, but the two pools constitute a single pool. C receives separate tickets for each bet. C wins both bets and is paid $4,000 from the racetrack and $4,000 from the off-track betting establishment. Under paragraph (c)(1)(ii) of this section, the bets are not aggregated for purposes of determining the amount of the wager because the wager placed at the racetrack and the wager placed at the off-track betting establishment are reflected on separate tickets, despite being placed in the same pari-mutuel pool. No section 3402(q) withholding is required because neither payment separately exceeds the $5,000 withholding threshold.

Example 16. C places a $200 Pick 6 bet for a series of races at the racetrack on a particular day and receives a single ticket for the bet. No wager correctly picks all six races that day, so that portion of the pool carries over to the following day. On the following day, C places an additional $200 Pick 6 bet for that day’s series of races and receives a new ticket for that bet. C wins $100,000 on the second day. Pursuant to the rule in paragraph (c)(1)(ii) of this section, the bets are on two separate tickets, so C’s two Pick 6 bets are not aggregated for purposes of determining the amount of the wager. Assuming that the applicable rate is 25%, the racetrack must deduct and withhold $24,950 (($100,000 – $200) × 25%) because the amount of the proceeds of $99,800 ($100,000 – $200) is greater than $5,000, and is at least 300 times as great as the amount wagered ($200 × 300 = $60,000). The racetrack also must report C’s winnings on Form W–2G pursuant to paragraph (e) of this section and furnish a copy of the Form W–2G to C.

(g) Applicability date. The rules in this section apply to payments made with respect to a winning event that occurs after November 13, 2017. For rules that apply to payments made with respect to a winning event on or before that date, see §31.3402(q)–1 as contained in 26 CFR part 31, revised April 1, 2017.

§31.3406–0 Outline of the backup withholding regulations.

§31.3406(q)–2 Exception for reportable payments for which backup withholding is otherwise required.

(h) Applicability date.

§31.3406(g)–2 Exception for reportable payment for which withholding is otherwise required.

(d) Definition of a reportable gambling winning and determination of amount subject to backup withholding.

§1.6041–10 of this chapter to determine whether a winning from bingo, keno, or slot machines is a reportable gambling winning and thus subject to withholding under section 3406. The amount of a reportable gambling winning is—

(i) The amount paid with respect to the amount of the wager reduced, at the option of the payer; by

(ii) The amount of the wager.

(3) Special rules. For special rules for determining the amount of the wager in a wagering transaction with respect to horse racing, dog racing, and jai alai, or amounts paid with respect to identical wagers, see §31.3402(q)–1(c).
