National Institutes of Health

National Institute of Mental Health; Notice of Closed Meetings

Pursuant to section 10(d) of the Federal Advisory Committee Act, as amended (5 U.S.C. App.), notice is hereby given of the following meetings.
The meetings will be closed to the public in accordance with the provisions set forth in sections 552b(c)(4) and 552b(c)(6), Title 5 U.S.C., as amended. The grant applications and the discussions could disclose confidential trade secrets or commercial property such as patentable material, and personal information concerning individuals associated with the grant applications, the disclosure of which would constitute a clearly unwarranted invasion of personal privacy.

Name of Committee: National Institute of Mental Health, Special Emphasis Panel; GI Physiology and Pathology.
Date: November 7, 2017.
Time: 1:00 p.m. to 4:00 p.m.
Agenda: To review and evaluate grant applications.
Place: National Institutes of Health, 6701 Rockledge Drive, Bethesda, MD 20892, (Telephone Conference Call).
Contact Person: Meenakshisundar Ananthanarayanan, Scientific Review Officer, Center for Scientific Review, National Institutes of Health, 6701 Rockledge Drive, Room 2178, Bethesda, MD 20892, 301–827–6281, meena.ananthanarayanan@nih.gov.

Name of Committee: National Institute of Mental Health, Special Emphasis Panel; NIMH Pathway to Independence Awards (NIMH BRAINS).
Date: November 7, 2017.
Time: 12:00 p.m. to 5:00 p.m.
Agenda: To review and evaluate grant applications.
Place: National Institutes of Health, Neuroscience Center, 6001 Executive Boulevard, Rockville, MD 20852 (Virtual Meeting).
Contact Person: Vinod Charles, Ph.D., Scientific Review Officer Division of Extramural Activities, National Institute of Mental Health, NIH Neuroscience Center, 6001 Executive Blvd., Room 6151, MSC 9606, Bethesda, MD 20892–9606, 301–443–1606, charlesv@mail.nih.gov.

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

[Docket No. USCG–2017–0948]
Certificate of Alternative Compliance for Hatteras CABO LLC’s Fishing Yacht RESILIANT, HIN: HATHP606H718
AGENCY: Coast Guard, DHS.
ACTION: Notice.

SUMMARY: The Coast Guard announces that the District Five Prevention Division has issued a Certificate of
Alternate Compliance from the International Regulations for Preventing Collisions at Sea, 1972 (‘72 COLREGS), for Hatteras CABO LLC’s fishing yacht RESILIANT, HIN: HATHP606H718 as required by statute. Due to the construction and placement of the pilothouse aft of amidships, the vessel cannot fully comply with the masthead light and sidelight provisions of the ‘72 COLREGS without interfering with the vessel’s design and construction, as there are no structures forward of amidships on which a masthead light or sidelights could be affixed. This notice promotes the Coast Guard’s maritime safety and stewardship missions.

FOR FURTHER INFORMATION CONTACT: For further information or questions about this notice, call or email: CDR Scott W. Muller, District Five, Chief, Inspections and Investigations, U.S. Coast Guard; telephone: 757–398–6389, email: Scott.W.Muller@uscg.mil.

SUPPLEMENTARY INFORMATION: The United States is signatory to the International Maritime Organization’s International Regulations for Preventing Collisions at Sea, 1972 (‘72 COLREGS), as amended. The special construction or purpose of some vessels makes them unable to comply with the light, shape, and sound signal provisions of the ‘72 COLREGS. Under statutory law 1 and Coast Guard regulation, 2 a vessel may instead meet alternative requirements and the vessel’s owner, builder, operator, or agent may apply for a Certificate of Alternate Compliance (COAC). For vessels of special construction, the cognizant Coast Guard District Office determines whether the vessel for which the COAC is sought complies as closely as possible with the ‘72 COLREGS. The COAC office decides whether to issue the COAC. Once issued, a COAC remains valid until information supplied in the COAC application or the COAC terms become incompatible with the vessel. Under the governing statute 3 and regulation, 4 the Coast Guard must publish notice of this action.

The Prevention Division, Fifth Coast Guard District, further finds and certifies that the proposed placement of the masthead light and sidelongths is in the closest possible compliance with the applicable provisions of the ‘72 COLREGS and that full compliance with the ‘72 COLREGS would not significantly enhance the safety of the vessel’s operation.

This notice is issued under authority of 33 U.S.C. 1605(c) and 33 CFR 81.18.

J.R. Barnes,
Capt., Chief, Prevention Division.

BILLING CODE 9110–04–P

DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

Changes in Flood Hazard Determinations

AGENCY: Federal Emergency Management Agency, DHS.

ACTION: Notice.

SUMMARY: This notice lists communities where the addition or modification of Base Flood Elevations (BFEs), base flood depths, Special Flood Hazard Area (SFHA) boundaries or zone designations, or the regulatory floodway (hereinafter referred to as flood hazard determinations), as shown on the Flood Insurance Rate Maps (FIRMs), and where applicable, in the supporting Flood Insurance Study (FIS) reports, prepared by the Federal Emergency Management Agency (FEMA) for each community, is appropriate because of new scientific or technical data. The FIRM, and where applicable, portions of the FIS report, have been revised to reflect these flood hazard determinations through issuance of a Letter of Map Revision (LOMR). The LOMR will be used by insurance agents and others to calculate appropriate flood insurance premium rates for new buildings and the contents of those buildings. For rating purposes, the currently effective community number is shown in the table below and must be used for all new policies and renewals.

DATES: These flood hazard determinations will become effective on the dates listed in the table below and revise the FIRM panels and FIS report in effect prior to this determination for the listed communities.

From the date of the second publication of notification of these changes in a newspaper of local circulation, any person has 90 days in which to request through the community that the Deputy Associate Administrator for Insurance and Mitigation reconsider the changes. The flood hazard determination information may be changed during the 90-day period.

ADDRESSES: The affected communities are listed in the table below. Revised flood hazard information for each community is available for inspection at both the online location and the respective community map repository address listed in the table below. Additionally, the current effective FIRM and FIS report for each community are accessible online through the FEMA Map Service Center at www.msc.fema.gov for comparison.

Submit comments and/or appeals to the Chief Executive Officer of the community as listed in the table below.

FOR FURTHER INFORMATION CONTACT: Rick Sachibit, Chief, Engineering Services Branch, Federal Insurance and Mitigation Administration, FEMA, 400 C Street SW., Washington, DC 20472, (202) 646–7650, or (email) patrick.sachibit@fema.dhs.gov; or visit the FEMA Map Information eXchange (FMIX) online at www.floodmaps.fema.gov/fhm/fm cualquier main.html.

SUPPLEMENTARY INFORMATION: The specific flood hazard determinations are not described for each community in this notice. However, the online location and local community map repository address where the flood hazard determination information is available for inspection is provided. Any request for reconsideration of flood hazard determinations must be submitted to the Chief Executive Officer of the community as listed in the table below.

The modifications are made pursuant to section 201 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4105, and are in accordance with the National Flood Insurance Act of 1968, 42 U.S.C. 4001 et seq., and with 44 CFR part 65. The FIRM and FIS report are the basis of the floodplain management measures that the community is required either to adopt or to show evidence of having in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

These flood hazard determinations, together with the floodplain management criteria required by 44 CFR 60.3, are the minimum that are required.
