[30Day—17–17ND]

Agency Forms Undergoing Paperwork Reduction Act Review—Evaluation of the National Tobacco Prevention and Control Public Education Campaign; Correction

AGENCY: Centers for Disease Control and Prevention (CDC), Department of Health and Human Services (HHS).

ACTION: Notice; correction.

SUMMARY: The Centers for Disease Control and Prevention (CDC) published a document in the Federal Register on October 13, 2017, concerning request for comments on Agency Forms Undergoing Paperwork Reduction Act Review—Annual Progress Report (APR) for Injury Control Research Centers (ICRC). The document provided the incorrect proposed project title, number of annual reporting responses for each respondent and average burden per response estimate.

FOR FURTHER INFORMATION CONTACT:
Leroy Richardson, 1600 Clifton Road, MS D–74, Atlanta, GA 30333; telephone (404) 639–4965; email: omb@cdc.gov.

Correction

In the Federal Register of October 13, 2017, in FR Doc. 2017–22197, on page 47746, in the second column (first heading), correct the proposed project type to read:

CDC also requests the correction of the following: On page 47746, in the third column (second paragraph), correct the second sentence as follows: ICRC awardees will report activity information to CDC twice per year using three fillable electronic templates.

Also on page 47746 (third column and last paragraph), correct the paragraph to read as follows: Submission of the Annual Progress Report information is required for cooperative agreement grantees. The Federal Register Notice published on February 10, 2017, described each grantee’s total annualized burden as 30 hours, with a reporting frequency of once per year. In the information collection request submitted to OMB for review, CDC still estimates each grantee’s total annualized burden at 50 hours, but CDC will distribute burden over two reports per year. CDC has made the appropriate adjustments in the estimated burden per response and number of responses per respondent. The total estimated annualized burden hours are 500. There is no cost to respondents other than their time.

Finally, on page 47747, correct the table for the Estimated Annualized Burden Hours as follows:

<th>Type of respondents</th>

Administration for Community Living

Agency Information Collection Activities: Proposed Collection; Public Comment Request; Revision of a Currently Approved Information Collection (ICR-Rev) (OMB Approval Number 0985–0004); Maintenance of Effort for Title III and Extension of, and Minor Revisions Due to Statutory Language Changes to the Certification of Long-Term Care Ombudsman Program Expenditures

AGENCY: Administration for Community Living, HHS.

ACTION: Notice.

SUMMARY: Under the PRA, Federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. The Administration for Community Living (ACL) is announcing that the proposed collection of information listed above has been submitted to the Office of Management and Budget (OMB) for review and clearance as required under section 506(c)(2)(A) of the Paperwork Reduction Act of 1995 (the PRA). This 30-Day notice requests comments on the information collection requirements related to the proposed revision of an existing data collection regarding the information collection requirements in the Maintenance of Effort collection form for all ACL/AoA Title III Grantees.

DATES: Submit written or electronic comments on the collection of information by November 22, 2017.

ADDRESSES: Submit written comments on the collection of information: By fax at 202.395.5806 or by email to OIRA_submission@omb.eop.gov, Attn: OMB Desk Officer for ACL.

FOR FURTHER INFORMATION CONTACT: Jesse Moore at (202) 795–7578 or Jesse.Moore@acl.hhs.gov.

SUPPLEMENTARY INFORMATION: In compliance with Section 44 U.S.C. 3507, ACL has submitted the following proposed collection of information to OMB for review and clearance. ACL is requesting approval for three years of an extension of the currently approved data collection with modifications. The Certification of Maintenance of Effort under Title III and Certification of Long-Term Care Ombudsman (LTCO) Program Expenditures provide statutory required information regarding each state’s contribution to programs funded under the Older Americans Act and compliance with legislative requirements, pertinent Federal regulations, and other applicable instructions and guidelines issued by ACL. In addition to renewing OMB approval of these data collection instruments, minor changes are being proposed to the LTCO Expenditures Certification and an accompanying document which provides specific statutory references related to Ombudsman program minimum funding, non-supplanting requirements, and state authorization to expend Title III–B funds on Ombudsman activities. Specifically, changes include making the reference to the Fiscal Year at the bottom of the form a fillable field to allow the date to be changed annually; listing the “Administration for Community Living (ACL)” as the intended recipient of the completed form; and updating statutory language references, i.e., Section 306(a)(9), which is provided on the second page, to reflect changes made during the 2016 reauthorization of the OAA.

Comments in Response to the 60-Day Federal Register Notice

A 60-Day notice was published in the Federal Register in Vol. 82, No. 137, on June 19, 2017. No comments were received.

Annual Burden Estimates

ACL estimates the burden of this collection of information as follows: 56 State Agencies on Aging respond annually, and it takes each agency an average of one half (½) hour per State agency per year to complete each form for a total of twenty-eight hours for all state agencies annually. The half hour estimate is based on prior years’ experience with States in completing these forms.

The proposed data collection tool may be found on the ACL Web site for review at: https://www.acl.gov/about-acl/public-input.

Food and Drug Administration

Determination of Regulatory Review Period for Purposes of Patent Extension; MITRACLIP CDS

AGENCY: Food and Drug Administration, HHS.

ACTION: Notice.

SUMMARY: The Food and Drug Administration (FDA or the Agency) has determined the regulatory review period for MITRACLIP CDS and is publishing this notice of that determination as required by law. FDA has made the determination because of the submission of applications to the Director of the U.S. Patent and Trademark Office (USPTO), Department of Commerce, for the extension of a patent which claims that medical device.
