**SUPPLEMENTARY INFORMATION:****I. Background on 2016 SOLAS Amendments**

After several casualties involving lifeboats, IMO developed guidelines for periodic servicing and maintenance of lifeboats, launching appliances and on-load release gear (MSC.1/Circ.1206/Rev.1) and accompanying guidelines

with interim recommendations on conditions for authorization of service providers (MSC.1/Circ.1277). The USCG released the Navigation and Vessel Inspection Circular (NVIC) 04-07 "Servicing and Maintenance of lifeboats, launching appliances and on-load release gear" to provide guidance to US flag vessels subject to SOLAS. Subsequently, the Contracting Governments to SOLAS agreed to adopt mandatory requirements for servicing and service providers through IMO Resolution MSC.402(96), implemented by amendments to SOLAS Chapter III by Resolution MSC.404(96).

These SOLAS amendments enter into force on January 1, 2020. After that date, we expect that U.S. flag vessels subject to SOLAS could be subject to detention in foreign ports if their lifeboat service records do not comply with SOLAS Chapter III as amended.

The key substantive requirements are:

- That maintenance, thorough examination, operational testing, overhaul and repair on board its ships is conducted in accordance with relevant regulations in SOLAS Chapter III.
- Administrations (*i.e.* USCG) shall ensure that the thorough examination, operational testing, repair and overhaul of equipment shall be carried out in accordance with SOLAS regulation III/20 by authorizing service providers.
- That personnel carrying out maintenance, thorough examination, operational testing overhaul and repair as described above shall be certified by an authorized service provider.

## II. Public Town Hall Meeting

### A. Purpose of the Meeting

The public town hall meeting is intended to provide an opportunity for the public to obtain information related to the SOLAS Chapter III amendments, and create a setting for dialogue among USCG and stakeholders to discuss implementation of these obligations in the early stages of program consideration.

Public comments may be submitted electronically in accordance with Section III of the **SUPPLEMENTARY INFORMATION**. Public comments will be used as supplement to the dialogue at the meeting.

### B. Format of the Town Hall Meeting

A panel of USCG officials will make a brief presentation on the SOLAS amendments, and take questions for 30 minutes. Other USCG officials will be available for informal discussion before and after the panel.

**Note:** Individuals who are not registered in advance will not be permitted to enter the building and will be unable to attend the meeting in person. The public may not enter the building earlier than 45 minutes prior to the convening of the meeting. All visitors must be escorted while in the building.
