advisors would know with greater certainty when application for a CUSIP number is required in private placement transactions. Similarly, the Commission believes that while in practice some non-dealer municipal advisors may be applying for CUSIP numbers in a competitive offering before the final award is made, the proposed rule change, as modified by Amendment No. 1, would ensure that this is the case, thus reducing the risk of delays in secondary market trading where a competitive offering is awarded but no CUSIP number has been assigned. The Commission notes that the MSRB considered the impact of the proposed rule change on non-dealer municipal advisors and concluded that, while non-dealer municipal advisors are likely to incur up-front costs associated with compliance with the proposed rule change, the cost would be justified by the likely benefits of the proposed rule change over time.115

As noted above, the Commission received eleven comment letters on the Notice of Filing and two comment letters on Amendment No. 1. The Commission believes that the MSRB, through its responses and through Amendment No. 1, has addressed commenters’ concerns. For the reasons noted above, the Commission believes that the proposed rule change, as modified by Amendment No. 1, is consistent with the Act.

VI. Accelerated Approval of Proposed Rule Change, as Modified by Amendment No. 1

The Commission finds good cause for approving the proposed rule change, as modified by Amendment No. 1, prior to the 30th day after the date of publication of the Notice of Amendment No. 1 in the Federal Register. As discussed above, Amendment No. 1 modifies the proposed rule change by amending proposed paragraph Rule G–34(a)(i)(F) of the proposed rule change to require dealers (and municipal advisors in a competitive sale) seeking to rely on the principles-based exception to reasonably believe the purchaser’s present intent is to hold the municipal securities to maturity “or earlier redemption or mandatory tender.” Amendment No. 1 also would modify the proposed rule change to expand the principles-based exception in proposed paragraph Rule G–34(a)(ii)(F) to include cases where a municipal entity purchases the municipal securities with funds that are at least in part proceeds of the purchasing entity’s issue of municipal obligations, or the municipal securities being purchased are used to fully or partially secure or pay the purchasing entity’s issue of municipal obligations.

For consistency, Amendment No. 1 also would apply the same amendments to the principles-based exception for dealers from the depository eligibility requirements of the rule set forth in subparagraph Rule G–34(a)(ii)(A)(3).116

The MSRB stated that the only substantive change made by Amendment No. 1 to the proposed rule change is responsive to commenters and that Amendment No. 1 expands the application of the previously proposed principles-based exception to include sales of new issue municipal securities to municipal entities that are purchasing the underlying municipal securities with funds that are at least in part proceeds of the purchasing entity’s issue of municipal obligations, or the municipal securities being purchased are used to fully or partially secure or pay the purchasing entity’s issue of municipal obligations.117 The MSRB further noted that the other amendment to the proposed rule change made by Amendment No. 1 merely clarifies that in a direct purchase transaction there may be a redemption or mandatory tender that occurs prior to the municipal security’s maturity.118 Additionally, the MSRB stated that, in light of one of the purposes of the principles-based exception in the proposed rule change—to allow dealers and municipal advisors to provide services without inhibiting their issuer clients’ access to certain financings—the revisions are consistent with the proposed rule change.119

For the foregoing reasons, the Commission finds good cause for approving the proposed rule change, as modified by Amendment No. 1, on an accelerated basis, pursuant to Section 19(b)(2) of the Act.

VIII. Conclusion

It is therefore ordered, pursuant to Section 19(b)(2) of the Act,120 that the proposed rule change (SR–MSRB–2017–06), as modified by Amendment No. 1, be, and hereby is, approved on an accelerated basis.

For the Commission, pursuant to delegated authority.121

Assistant Secretary.

3 A “Valid Width Quote” is a two-sided electronic quotation submitted by a Market Maker that consists of a bid/ask differential that is compliant with Rule 800(b)(4). See Rule 701(a)(6).
Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange is proposing to amend Rule 701, Openings, to amend the obligations of a PMM when entering Valid Width Quotes during the Opening Process. In addition, the Exchange proposes to make clear the obligations of a PMM and a Competitive Market Maker (“CMM”) once an options series has opened.

Currently, Rule 701(c)(1) provides, the Opening Process for an option series will be conducted pursuant to paragraphs (f)–(j) of GEMX Rule 701 on or after 9:30 a.m. Eastern Time if: The ABBO, if any, is not crossed; and the system has received, within two minutes (or such shorter time as determined by the Exchange and disseminated to membership on the Exchange’s website) of the opening trade or quote on the market for the underlying security in the case of equity options or, in the case of index options, within two minutes of the receipt of the opening price in the underlying index (or such shorter time as determined by the Exchange and disseminated to membership on the Exchange’s website), or within two minutes of market opening for the underlying security in the case of U.S. dollar-settled foreign currency options (or such shorter time as determined by the Exchange and disseminated to membership on the Exchange’s website) of the opening trade or quote on the market for the underlying security or, in the case of index options, following the receipt of the opening price in the underlying index during the Opening Process if an options series has opened pursuant to Rule 701(c)(1)(ii) and (iii) within the timeframe specified for the PMM to enter a Valid Width Quote as noted in Rule 701(c)(3). Also, the PMM assigned in a particular U.S. dollar-settled foreign currency option would not be required to enter a Valid Width Quote for 10% of their assigned series, not later than one minute after the announced market opening. PMMs must promptly enter a Valid Width Quote in the remainder of their assigned series, which did not open within one minute following the dissemination of a quote or trade by the market for the underlying security or, in the case of index options, following the receipt of the opening price in the underlying index or, with respect to U.S. dollar-settled foreign currency options, following the announced market opening.

The Exchange proposes to make clear that a PMM has the obligations specified in GEMX Rule 701(c)(3) to promptly enter a Valid Width Quote in the remainder of their assigned series in cases where the PMM’s assigned series was not already opened by a CMM as permitted by Rule 701(c)(1)(ii) and (iii) as noted herein. The PMM would continue to have the ultimate obligation to open each assigned series, however this rule change would not require the PMM to enter a Valid Width Quote for the 10% of their assigned series, not later than one minute following the dissemination of a quote or trade by the market for the underlying security or, in the case of index options, following the receipt of the opening price in the underlying index during the Opening Process if an options series has opened pursuant to Rule 701(c)(1)(ii) and (iii) within the timeframe specified for the PMM to enter a Valid Width Quote as noted in Rule 701(c)(3). Also, the PMM assigned in a particular U.S. dollar-settled foreign currency option would not be required to enter a Valid Width Quote for 10% of their assigned series, not later than one minute after the announced market opening during the Opening Process if an options series opened pursuant to Rule 701(c)(1)(ii) and (iii) within the timeframe specified for the PMM to enter a Valid Width Quote as noted in Rule 701(c)(3). Today GEMX Rule 701 requires a PMM to open the market and provides an alternative mechanism to permit an alternative opening by a CMM. The proposal seeks to make clear the obligations of the PMM with respect to options series that were open by a CMM as well as the quoting obligations of a CMM that opened the options series. The Exchange proposes to amend GEMX Rule 701(c)(3) to state that once an option series has opened pursuant to Rule 701(c)(1)(i)–(iii), a PMM must submit continuous, two-sided quotes in such option series pursuant to Supplementary .01 to GEMX Rule 804. The Exchange also proposes to amend Rule 701(c)(4) to state that a CMM that submits a quote during the opening in any option series pursuant to Rule 701(c)(1)(i) or (iii) must submit continuous, two-sided quotes in such options series pursuant to GEMX Rule 804(e)(2)(iii) once an option series has opened. Specifically, the Exchange proposes to add rule text to Rule 701(c)(3) to provide that “once an options series has opened pursuant to Rule 701(c)(1)(i)–(iii), a PMM must submit continuous, two-sided quotes in such options series pursuant to Supplementary Material .01 to Rule 804.” Further, the Exchange proposes to add rule text to Rule 701(c)(3) to state that “A CMM that submits a quote pursuant to Rule 701 in any option series when the PMM’s quote has not been submitted shall be required, once an options series has opened, to submit continuous, two-sided quotes in such option series pursuant to Rule 804(e)(2)(iii).” The Exchange proposes to make clear that a PMM has an obligation to enter Valid Width Quotes during the Opening Process within the timeframe specified in Rule 701(c)(3). In the event that an options series opened pursuant to Rule 701(c)(1)(i) and (iii), a PMM would be required to submit continuous, two-sided quotes in such options series pursuant to Supplementary Material .01 to Rule 804. Also, in this instance, a CMM would be required to submit continuous, two-sided quotes in such option series pursuant to Rule 804(e)(2)(iii). The Exchange notes that a CMM would not have an obligation to quote in such option series pursuant to Rule 804(e)(2)(iii) unless the CMM submitted a quote pursuant to Rule 701 or otherwise submitted a quote intra-day. The purpose of this new rule text is to make clear the quoting obligations for both PMMs and CMMs during the opening and the manner in which Rule 701, relating to the Opening Process, and Rule 804, relating to Market Maker quoting obligations, interact with each other.

2. Statutory Basis

The Exchange believes that its proposal is consistent with Section 6(b) of the Act, in general, and further the objectives of Section 6(b)(5) of the Act, in particular, in that it is designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market.

See GEMX Rule 804(e)(2)(iii).
system, and, in general to protect investors and the public interest by
amending GEMX Rule 701(c)(3) to
further specify a PMM’s obligations
during the Opening Process and once an
options series as opened as well as the
obligations of a CMM to the extent that
an options series opened pursuant to
Rule 701(c)(1)(ii) and (iii). The
Exchange believes that this proposal is
consistent with the Act because a PMM
continues to be responsible to enter
Valid Width Quotes during the Opening
Process and thereafter submit
continuous, two-sided quotes in such
options series pursuant to
Supplementary Material .01 to Rule 804.
In the event that an options series
opened pursuant to Rule 701(c)(1)(ii)
and (iii), the CMM must submit
continuous, two-sided quotes in such
option series, once the options series has
opened, pursuant to Rule
804(e)(2)(iii). The Exchange believes
that this proposed rule change will
make clear the obligations of the PMM
with respect to submitting Valid Width
Quotes and thereafter, once an options
series has opened, submitting
continuous two-sided quotes, when a
CMM may have already entered a quote
to open an options series. The
Exchange’s proposal to add rule text to
clearly specify the quoting obligations
of a PMM and CMM during the Opening
Process and once an option series has
opened will provide greater clarity to
the Opening Process and also to the
interplay between quoting obligations
during the Opening Process and intra-
day quoting obligations noted within Rule
804.
B. Self-Regulatory Organization’s
Statement on Burden on Competition
The Exchange does not believe that
the proposed rule change will impose
any burden on competition not
necessary or appropriate in furtherance
of the purposes of the Act. Once an
options series has opened, [sic] a PMM
continues to be responsible to enter
Valid Width Quotes during the Opening
Process and subsequently submit
continuous, two-sided quotes in such
options series pursuant to
Supplementary Material .01 to Rule 804.
Also, if an options series opened
pursuant to GEMX Rule 701(c)(1)(ii)
or (iii), a CMM shall be required to submit
continuous, two-sided quotes in such
option series, once an option series has
opened, pursuant to Rule 804(e)(2)(iii).
This proposed rule text makes clear that
CMMs are required to submit
continuous, two-sided quotes in such
option series pursuant to Rule
804(e)(2)(iii), in the event an options
series opened pursuant to Rule
701(c)(1)(ii) and (iii). The proposal
provides greater clarity to the Opening
Process and also to the interplay
between quoting obligations during the
Opening Process and intra-day quoting
obligations noted within Rule 804.
C. Self-Regulatory Organization’s
Statement on Comments on the
Proposed Rule Change Received From
Members, Participants, or Others
No written comments were either
solicited or received.
III. Date of Effectiveness of the
Proposed Rule Change and Timing for
Commission Action
Because the foregoing proposed rule
change does not: (i) Significantly affect
the protection of investors or the public
interest; (ii) impose any significant
burden on competition; and (iii) become
operative for 30 days from the date on
which it was filed, or such shorter time
as the Commission may designate, it has
become effective pursuant to Section
19(b)(3)(A)(i) and subparagraph (f)(6) of Rule 19b–4
thereunder. 10 A proposed rule change filed under
Rule 19b–4(f)(6) normally does not
become operative prior to 30 days after
the date of filing. However, Rule 19b–
4(f)(6)(iii) 10 permits the Commission
to designate a shorter time if such action
is consistent with the protection of
investors and the public interest. In its
filing with the Commission, the
Exchange requests that the Commission
waive the 30-day operative delay. The
Exchange represents that the proposed
rule change would clarify the quoting
obligations for both PMMs and CMMs
during the Opening Process and the
manner in which Rule 701, relating to the
Opening Process, and Rule 804,
relating to Market Maker quoting
obligations, interact with each other.
According to the Exchange, these
obligations should be immediately
clarified to prevent confusion and
uncertainty for Market Makers quoting
on the Exchange. For the reasons
articulated by the Exchange, the
Commission believes that waiver of the
30-day operative delay is consistent
with the protection of investors and the
public interest. Therefore, the
Commission designates the proposed
rule change to be operative upon
filing. 11 At any time within 60 days of the
filing of the proposed rule change, the
Commission summarily may
temporarily suspend such rule change if
it appears to the Commission that such
action is necessary or appropriate in the
public interest, for the protection of
investors, or otherwise in furtherance of
the purposes of the Act. If the
Commission takes such action, the
Commission shall institute proceedings
to determine whether the proposed rule
should be approved or disapproved.
IV. Solicitation of Comments

arguments concerning the foregoing,
including whether the proposed rule
change is consistent with the Act.

The proposed rule change was published for comment in the Federal Register on June 20, 2017.6 The Commission received one comment in response to the Original Notice.7 The Exchange filed Amendment No. 1 to the proposed rule change on July 28, 2017, which, as noted below, was later withdrawn. On August 3, 2017, the Commission extended the time period within which to approve the proposed rule change, disapprove the proposed rule change, or institute proceedings to determine whether to approve or disapprove the proposed rule change to September 18, 2017.8

On August 16, 2017, the Exchange withdrew Amendment No. 1 and filed Amendment No. 2 to the proposed rule change, which superseded and replaced the proposed rule change in its entirety.9 The Commission published Amendment No. 2 for comment in the Federal Register on August 24, 2017.10 On September 15, 2017, the Commission instituted proceedings to determine whether to approve or disapprove the proposed rule change, as modified by Amendment No. 2.11 Following the Order Instituting Proceedings, the Commission received one additional comment letter.12 On December 8, 2017, the Exchange filed Amendment No. 3 to the proposed rule change, which superseded and replaced the proposed rule change in its entirety.

Section 19(b)(2) of the Act13 provides that, after initiating proceedings, the Commission shall issue an order approving or disapproving the proposed rule change not later than 180 days after the date of publication of notice of the filing of the proposed rule change. The Commission may extend the period for issuing an order approving or disapproving the proposed rule change, however, by not more than 60 days if the Commission determines that a longer period is appropriate and publishes the reasons for such determination. The proposed rule change was published for notice and comment in the Federal Register on June 20, 2017.14 The 180th day after publication of the Original Notice is December 17, 2017. The Commission is extending the time period for approving or disapproving the proposal for an additional 60 days.

The Commission finds that it is appropriate to designate a longer period within which to issue an order approving or disapproving the proposed rule change so that it has sufficient time to consider the proposed rule change, as modified by Amendment No. 3. Accordingly, the Commission, pursuant to Section 19(b)(2) of the Act, designates February 15, 2018 as the date by which the Commission should either approve or disapprove the proposed rule change (File No. SR–NYSE–2017–30), as modified by Amendment No. 3.
