V. Accelerated Approval of the Amended Proposed Rule Changes

The Commission finds good cause, pursuant to Section 19(b)(2) of the Act,66 to approve the Amended Proposed Rule Changes prior to the 30th day after the date of publication of Amendment No. 6 in the Federal Register.

As discussed more fully above, the Commission finds that the Framework could help Clearing Agencies to withstand the liquidity risks that arise in or are borne by the Clearing Agencies, and to continue their critical operations and services, which helps to promote the prompt and accurate clearance and settlement of securities transactions, consistent with Section 17A(b)(3)(F) of the Act.67 By maintaining liquidity resources and monitoring sufficiency of the available liquidity resources, the Commission further finds that the Framework is designed to help reduce the possibility of the Clearing Agencies’ failure, as well as mitigate the risk of financial loss contagion caused by the Clearing Agencies’ failure. Therefore, the Framework could help further assure the safeguarding of securities and funds which are in the custody or control of the Clearing Agencies, or for which they are responsible, consistent with Section 17A(b)(3)(F).68

More specifically regarding Amendment No. 6, the amendment clarifies and modifies the Framework by (1) providing more accurate descriptions of DTC’s liquidity risk management tools, Amendment No. 6 would help ensure that the DTC Rules are transparent and clear, which would help enable its Participants to better identify and understand the risks they incur by participating in DTC. In addition, by providing additional detail around FICC and NSCC’s daily liquidity sufficiency testing, as well as the analysis and escalation process for liquidity shortfalls, Amendment No. 6 could help mitigate the risk that FICC and NSCC would be unable to promptly meet their settlement obligations due to insufficient liquidity. By doing so, the Commission finds that Amendment No. 6 could help FICC and NSCC to be in a better position to withstand their respective liquidity risks, thereby promoting the prompt and accurate clearance and settlement of securities, consistent with Section 17A(b)(3)(F) of the Act.69

Accordingly, the Commission finds good cause for approving the Amended Proposed Rule Changes on an accelerated basis, pursuant to Section 19(b)(2) of the Act.70

VI. Conclusion

On the basis of the foregoing, the Commission finds that the proposed rule changes, as modified by Amendment No. 1, 3, and 6 are consistent with the requirements of the Act and in particular with the requirements of Section 17A of the Act71 and the rules and regulations thereunder.

**It is therefore ordered, pursuant to Section 19(b)(2) of the Act, that the proposed rule changes SR–DTC–2017–004, SR–NSCC–2017–005, or SR–FICC–2017–008 as modified by Amendment Nos. 1, 3, and 6 be, and hereby are, APPROVED on an accelerated basis.**72

Because this date has expired and the Exchange intends to continue this practice for the duration of the Penny Pilot Program, the Exchange is proposing to amend the Rule to reflect that such option classes will be added to the Penny Pilot Program on the second trading day following January 1, 2018.

The purpose of this provision is to reflect the new date on which replacement issues may be added to the Penny Pilot Program.

2. Statutory Basis

MIAX PEARL believes that its proposed rule change is consistent with Section 6(b) of the Act and further the objectives of Section 6(b)(5) of the Act in particular, that it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in facilitating transactions in securities, to remove impediments to and perfect the mechanisms of a free and open market and a national market system and, in general, to protect traders, investors and the public interest.

In particular, the proposed rule change, which extends the Penny Pilot Program for six months, allows the Exchange to continue to participate in a program that has been viewed as beneficial to traders, investors and public customers and viewed as successful by the other options exchanges participating in it.

B. Self-Regulatory Organization’s Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. Specifically, the Exchange believes that, by extending the expiration of the Pilot Program, the proposed rule change will allow for further analysis of the Penny Pilot Program and a determination of how the Program should be structured in the future. In doing so, the proposed rule change will also serve to promote regulatory clarity and consistency, thereby reducing burdens on the marketplace, facilitating investor protection, and fostering a competitive environment. In addition, consistent with previous practices, the Exchange believes the other options exchanges will be filing similar extensions of the Penny Pilot Program.

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The Exchange has filed the proposed rule change pursuant to Section 19(b)(3)(A)(iii) of the Act and Rule 19b-4(f)(6) thereunder. Because the proposed rule change does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative prior to 30 days from the date on which it was filed, or such shorter time as the Commission may designate, if consistent with the protection of investors and the public interest, the proposed rule change will become effective pursuant to Section 19(b)(3)(A) of the Act and Rule 19b–4(f)(6)(iii) thereunder.

A proposed rule change filed under Rule 19b–4(f)(6) 10 normally does not become operative prior to 30 days after the date of the filing.11 However, pursuant to Rule 19b–4(f)(6)(iii),12 the Commission may designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has asked the Commission to waive the 30-day operative delay so that the proposal may become operative immediately upon filing. The Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest because doing so will allow the Pilot Program to continue without interruption in a manner that is consistent with the Commission’s prior approval of the extension and expansion of the Pilot Program and will allow the Exchange and the Commission additional time to analyze the impact of the Pilot Program.13 Accordingly, the
Commission designates the proposed rule change as operative upon filing with the Commission.14 At any time within 60 days of the filing of such proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings under Section 19(b)(2)(B)15 of the Act to determine whether the proposed rule change should be approved or disapproved.

SECURITIES AND EXCHANGE COMMISSION

Self-Regulatory Organizations; Fixed Income Clearing Corporation; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change To Eliminate the Development Fees From the Mortgage-Backed Securities Division Clearing Rules

December 21, 2017.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”)1 and Rule 19b–4 thereunder,2 notice is hereby given that on December 19, 2017, Fixed Income Clearing Corporation (“FICC”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change as described in Items I, II and III below, which items have been prepared by the clearing agency. FICC filed the proposed rule change pursuant to Section 19(b)(3)(A) of the Act3 and Rule 19b–4(f)(2) thereunder.4 The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Clearing Agency’s Statement of the Terms of Substance of the Proposed Rule Change

The proposed rule change consists of the elimination of the Development Fees from the Fee Schedule in the FICC Mortgage-Backed Securities Division (“MBSD”) Clearing Rules (“MBSD Rules”),5 as described in greater detail below.

II. Clearing Agency’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the clearing agency included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The clearing agency has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

(A) Clearing Agency’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

On December 30, 2014, FICC filed proposed rule change SR–FICC–2014–126 with the Commission to amend the MBSD Rules to include fees to cover the development cost of the MBSD novation service (“Development Fees”).7 The filing stated that Clearing Members would be assessed the Development Fees as of January 1, 2015 and such fees would remain in effect for three (3) consecutive years.8 Because the Development Fees will have been in place for three (3) consecutive years as of December 31, 2017, and FICC has used the Development Fees to develop the operational aspect of the MBSD novation service,9 FICC is proposing to

14 For purposes only of waiving the operative delay for this proposal, the Commission has considered the proposed rule’s impact on efficiency, competition, and capital formation. See 15 U.S.C. 78c(d).
