Common Alloy Aluminum Sheet From the People’s Republic of China:
Postponement of Preliminary
Determination in the Countervailing Duty Investigation

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUPPLEMENTARY INFORMATION:

Background

On November 28, 2017, the Department of Commerce (Commerce) self-initiated a countervailing duty (CVD) investigation of common alloy aluminum sheet (common alloy sheet) from the People’s Republic of China.1 Currently, the preliminary determination is due no later than February 1, 2018.

Postponement of Preliminary Determination

Section 703(b)(1) of the Tariff Act of 1930, as amended (the Act), requires Commerce to issue the preliminary determination in a countervailing duty investigation within 65 days after the date on which Commerce initiated the investigation. However, section 703(c)(1) of the Act permits Commerce to postpone the preliminary determination until no later than 130 days after the date on which Commerce initiated the investigation if: (A) The petitioner makes a timely request for a postponement; or (B) Commerce concludes that the parties concerned are cooperating, and determines that the investigation is extraordinarily complicated, and that additional time is necessary to make a preliminary determination.

As described in the Initiation Notice, Commerce self-initiated this investigation under section 702(a) of the Act on the basis of information available to it pertaining to 26 subsidy programs.2 On December 20, 2017, Commerce selected mandatory respondents to this CVD investigation and issued countervailing duty questionnaires.3 On January 8, 2018, we received responses to the affiliation section of the CVD questionnaire from mandatory respondents Henan Mingtai Aluminum Industrial Co. Ltd. (Henan Mingtai); Yong Jie New Material Co. Ltd. (Yong Jie New Material); and Zhengzhou Mingtai Industry Co Ltd. (Zhengzhou Mingtai).4 In their responses, Henan Mingtai, Yong Jie New Material, and Zhengzhou Mingtai stated that they intend to provide complete questionnaire responses on behalf of themselves and multiple cross-owned entities.5 Given the large number of subsidy programs that Commerce is investigating in this proceeding, many of which involve complex methodological issues, and the large number of mandatory respondents and their cross-owned entities that are participating in this investigation, Commerce determines that this investigation is extraordinarily complicated and additional time is necessary to issue a preliminary determination.

Therefore, in accordance with section 703(c)(1)(B) of the Act, Commerce is postponing the deadline for the preliminary determination to no later than 130 days after the date on which the investigation was initiated, i.e., April 9, 2018.6 Pursuant to section 705(a)(1) of the Act and 19 CFR 351.210(b)(1), the deadline for the final determination of this investigation will continue to be 75 days after the date of the preliminary determination. This notice is issued and published pursuant to section 703(c)(2) of the Act and 19 CFR 351.205(f)(1).

Dated: January 12, 2018.

Gary Taverner,
Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations, performing the non-exclusive functions and duties of the Assistant Secretary for Enforcement and Compliance.

Cast Iron Soil Pipe Fittings From China: Amended Preliminary Determination of Countervailing Duty Investigation

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: On December 19, 2017, the Department of Commerce (Commerce) published in the Federal Register the preliminary determination of the countervailing duty (CVD) investigation on cast iron soil pipe fittings from the People’s Republic of China (China). Commerce is amending the preliminary determination of the investigation to correct a significant ministerial error.

6 Postponing the preliminary determination to 130 days after initiation would place the deadline on Saturday, April 7, 2018. Commerce’s practice dictates that where a deadline falls on a weekend or federal holiday, the appropriate deadline is the next business day. See Notice of Clarification: Application of “Next Business Day” Rule for Administrative Determination Deadlines Pursuant to the Tariff Act of 1930, As Amended, 70 FR 24533 (May 10, 2005).
FOR FURTHER INFORMATION CONTACT: Dennis McClure or Jinny Ahn, AD/CVD Operations, Office VIII, Enforcement and Compliance, International Trade Administration, Department of Commerce, 14th Street and Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–5973 or (202) 482–0339, respectively.
SUPPLEMENTARY INFORMATION: On December 19, 2017, Commerce published in the Federal Register the preliminary determination of the CVD investigation of cast iron soil pipe fittings from China.1 On December 18, 2017, Wor-Biz International Trading Co., Ltd. (Anhui) (Wor-Biz) timely alleged that Commerce made a significant ministerial error in the Preliminary Determination. Significant Ministerial Error
A ministerial error, as defined in section 705(e) of the Tariff Act of 1930, as amended (the Act), includes “errors in addition, subtraction, or other arithmetic function, clerical errors resulting from inaccurate copying, duplication, or the like, and any other type of unintentional error which the administering authority considers ministerial.”2 With respect to preliminary determinations, 19 CFR 351.224(e) provides that Commerce “will analyze any comments received and, if appropriate, correct any significant ministerial error by amending the preliminary determination. . . .” A significant ministerial error is defined as an error, the correction of which, singly or in combination with other errors, would result in: (1) A change of at least five absolute percentage points in, but not less than 25 percent of, the countervailable subsidy rate calculated in the original (erroneous) preliminary determination; or (2) a difference between a countervailable subsidy rate of zero (or de minimis) and a countervailable subsidy rate of greater than de minimis, or vice versa.3
Ministerial Error Allegation
Wor-Biz alleges that, in the Preliminary Determination, Commerce erred in calculating the benchmark prices for the Provision of Pig Iron for LTAR and the Provision of Ferrous Scrap for LTAR programs by unintentionally double-counting the distance for inland freight. We agree. Therefore, as explained in the Ministerial Error Memorandum issued concurrently with this notice,4 and pursuant to 19 CFR 351.224(e) and (g), Commerce is amending the Preliminary Determination to reflect the correction of a significant ministerial error made in the calculation of the subsidy rate for Wor-Biz.
Amended Preliminary Determination
We are amending the preliminary subsidy rate for Wor-Biz pursuant to 19 CFR 351.224(e). In addition, because the preliminary “All-Others” Rate was based on the weighted average of the subsidy rates calculated for Wor-Biz and Shanxi Xuanshi Industrial Group Co., Ltd.,5 we are also amending the “All- Others” rate to account for the change in Wor-Biz’s subsidy rate. Further, because the adverse facts available rate assigned to the non-cooperative respondent Shijiazhuang Chengmei Import & Export Co., Ltd. was determined using, in part, the highest calculated program-specific rates determined for the cooperating respondents,6 we are also amending the adverse facts available rate to account for our correction of Wor-Biz’s Provision of Pig Iron for LTAR and Provision of Ferrous Scrap for LTAR program rates.7 The revised subsidy rates are as follows:

<table>
<thead>
<tr>
<th>Company</th>
<th>Subsidy rate (percent)</th>
</tr>

<tbody>
<tr>
<td>Shang Xi Xuanshi Industrial Group Co., Ltd.</td>
<td>8.66</td>

4 For further explanation, see Preliminary Determination and accompanying Preliminary Decision Memorandum at “Use of Facts Otherwise Available and Adverse Inferences.”
5 See Ministerial Error Memorandum for additional information on the revised adverse facts available rate.
6 This rate remains unchanged from the Preliminary Determination.

This amended preliminary determination is published in accordance with sections 705(e) and 777(f)(1) of the Act and 19 CFR 351.224(e) and (g).

Dated: January 12, 2018.

Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations, performing the non-exclusive functions and duties of the Assistant Secretary for Enforcement and Compliance.
