Subpart H—Dolphin Safe Tuna Labeling

3. The authority citation for 50 CFR part 216, subpart H, continues to read as follows:

4. In § 216.91, revise paragraph (a)(3)(iii)(B), introductory text of paragraph (a)(3)(iv), and introductory text of paragraph (a)(3)(v) to read as follows:

§ 216.91 Dolphin-safe labeling standards.

(a) * * * *

(3) * * * *

(iii) The Captain of the vessel has completed the NMFS Tuna Tracking and Verification Program dolphin-safe captain’s training course. The NMFS Tuna Tracking and Verification Program dolphin-safe captain’s training course is available on the website of the NMFS Tuna Tracking and Verification Program at https://www.fisheries.noaa.gov/dolphin-safe.

(iv) For tuna caught in a fishery where the Assistant Administrator has determined that observers participating in a national or international observer program are qualified and authorized to issue observer statements for purposes of the dolphin-safe labeling program, and where such an observer is on board the vessel, a written statement executed by the observer, or by an authorized representative of a nation participating in the observer program based on information from the observer. Any determination by the Assistant Administrator shall be announced in a notice published in the Federal Register. Determinations under this paragraph (a)(3)(iv) will also be publicized on the website of the NMFS Tuna Tracking and Verification Program (https://www.fisheries.noaa.gov/dolphin-safe). The written statement shall certify:

* * * *

(v) For tuna caught in a fishery in which the Assistant Administrator has determined that either a regular and significant association between dolphins and tuna (similar to the association between dolphins and tuna in the ETP) or a regular and significant mortality or serious injury of dolphins is occurring, a written statement, executed by the Captain of the vessel and an observer participating in a national or international program acceptable to the Assistant Administrator, unless the Assistant Administrator determines an observer statement is unnecessary. Determinations under this paragraph (a)(3)(v) will also be publicized on the website of the NMFS Tuna Tracking and Verification Program (https://www.fisheries.noaa.gov/dolphin-safe). The written statement shall certify:

* * * *

5. In § 216.95, revise paragraph (b) to read as follows:

§ 216.95 Official mark for “Dolphin-safe” tuna products.

* * * *

(b) Location and size of the official mark. The official mark on labels must allow the consumer to identify the official mark and be similar in design and scale to figure 1. A full color version of the official mark is available at https://www.fisheries.noaa.gov/national/marine-mammal-protection/dolphin-safe-official-mark.

DEPARTMENT OF COMMERCE
National Oceanic and Atmospheric Administration

50 CFR Part 679

[Docket No. 161020985–7181–02]

RIN 0648–XF949

Fisheries of the Exclusive Economic Zone Off Alaska; Pacific Cod by Catcher Vessels Less Than 60 Feet (18.3 Meters) Length Overall Using Hook-and-Line or Pot Gear in the Bering Sea and Aleutian Islands Management Area

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Temporary rule; closure.

SUMMARY: NMFS is prohibiting directed fishing for Pacific cod by catcher vessels less than 60 feet (18.3 meters (m)) length overall (LOA) using hook-and-line or pot gear in the Bering Sea and Aleutian Islands management area (BSAI). This action is necessary to prevent exceeding the 2018 Pacific cod total allowable catch allocated to catcher vessels less than 60 feet (18.3 m) LOA using hook-and-line or pot gear in the BSAI. After the effective date of this closure the maximum retainable amounts at § 679.20(e) and (f) apply at any time during a trip.

Classification

This action responds to the best available information recently obtained from the fishery. The Assistant Administrator for Fisheries, NOAA (AA), finds good cause to waive the requirement to provide prior notice and opportunity for public comment pursuant to the authority set forth at 5 U.S.C. 553(b)(B) as such requirement is impracticable and contrary to the public interest. This requirement is impracticable and contrary to the public interest as it would prevent NMFS from responding to the most recent fisheries data in a timely fashion and would delay the closure of directed fishing for Pacific cod by catcher vessels less than 60 feet (18.3 m) LOA using hook-and-line or pot gear in the BSAI. NMFS was unable to publish a notice providing time for public comment because the most recent, relevant data only became available as of January 19, 2017.

FOR FURTHER INFORMATION CONTACT: Josh Keaton, 907–586–7228.
The AA also finds good cause to waive the 30-day delay in the effective date of this action under 5 U.S.C. 553(d)(3). This finding is based upon the reasons provided above for waiver of prior notice and opportunity for public comment.

This action is required by § 679.20 and is exempt from review under Executive Order 12866.

**Authority:** 16 U.S.C. 1801 et seq.

Dated: January 22, 2018.

Samuel D. Rauch, III
Deputy Assistant Administrator for Regulatory Programs, National Marine Fisheries Service.
