Chimeric Antibodies Against Hepatitis B e-Antigen

**Description of Technology:** The invention relates to recombinant chimeric rabbit/human monoclonal antibody fragments (Fabs) against hepatitis B Virus e-antigen (HBeAg), notably Fab m6B. Viral hepatitis is the seventh leading cause of death worldwide. Hepatitis B core antigen (HBcAg) forms an icosahedral structure containing the viral genome. Both the HBcAg and the HBeAg of interest here are expressed by two different start codons of the viral C gene. Unlike the related HBCAg which activates type 1 T helper (Th1) cells leading to immune attack, the HBeAg activates Th2 cells which promote immune tolerance. The long-term persistence of HBeAg is associated with the development of hepatocellular carcinoma. Conversely, HBeAg seroconversion (from HBcAg carrier to anti-HBeAg carrier) is a marker for successful therapy of chronically infected patients. The presently phage display engineered antibody Fab m6B shows higher sensitivity and selectivity against HBeAg compared to three commercial diagnostics kits tested; additionally, it also inhibits capsid assembly which is essential for viral replication; furthermore, it can also be fully humanized and has potential for anti-hepatitis B virus therapeutic interventions.

**Potential Commercial Applications:**
- Hepatitis B therapy.
- Hepatocellular carcinoma prophylaxis.

**Development Stage:**
- In vitro data available.

**Inventors:** Paul Winfield, Norman Watts, Alasdair Steven (all of NIAMS).

**Collaborative Research Opportunity:** The National Institute of Environmental Health Sciences seeks statements of capability or interest from parties interested in collaborative research to further develop and evaluate, please contact Cecilia Pazman, Ph.D., Technology Development Specialist, Office of Technology Transfer, National Heart, Lung, and Blood Institute, Phone: (301) 594–4273; pazmance@nhlbi.nih.gov.

**Licensing Contact:**
- Michael Shmilovich, Esq, CLP; 301–435–5019; shmilovm@nih.gov.

Michael Shmilovich,
Senior Licensing and Patenting Manager,
National Heart, Lung, and Blood Institute,
Office of Technology Transfer and Development.

**National Institute on Aging; Amended Notice of Meeting**

Notice is hereby given of a change in the meeting of the National Advisory Council on Aging, January 23, 2018, 3:00 p.m. to January 24, 2018, 2:00 p.m., National Institutes of Health, Building
31, C Wing 6th Floor Conference Room 10, 9000 Rockville Pike, Bethesda, MD, 20892 which was published in the Federal Register on December 11, 2017, 82 FR 58212.

Because of the strong possibility that the government would be shut down during the scheduled council date, rescheduling would have been very difficult due to the very tight timing of initiatives whose concepts were expected to be approved at January council. NIA had arranged for Notices of their availability to be published by early February for April 17 deadline (for FY 2018 award). The institute made the decision to hold an abbreviated council via teleconference on Friday January 19th, prior to the midnight deadline to keep the government open. They were counseled to post this information on their IC website. The meeting is closed to the public.

Melanie J. Pantoja,
Program Analyst, Office of Federal Advisory Committee Policy.

National Institute of General Medical Sciences; Notice of Closed Meetings

Pursuant to section 10(d) of the Federal Advisory Committee Act, as amended, notice is hereby given of the following meetings.

The meetings will be closed to the public in accordance with the provisions set forth in sections 552b(c)(4) and 552b(c)(6), Title 5 U.S.C., as amended. The grant applications and the discussions could disclose confidential trade secrets or commercial property such as patentable material, and personal information concerning individuals associated with the grant applications, the disclosure of which would constitute a clearly unwarranted invasion of personal privacy.

Name of Committee: National Institute of General Medical Sciences Special Emphasis Panel; To review COBRE Phase II.
Date: March 9, 2018.
Time: 8:00 a.m. to 5:00 p.m.
Agenda: To review and evaluate grant applications.
Place: Doubletree by Hilton Bethesda, 8120 Wisconsin Avenue, Bethesda, MD 20814.
Contact Person: Nina Sidorova, Ph.D., Scientific Review Officer, Office of Scientific Review, National Institute of General Medical Sciences, National Institutes of Health, 45 Center Drive, Room 3An.22, Bethesda, MD 20892–6200, 301–594–3663, sidorova@ nih.gov.

Name of Committee: National Institute of General Medical Sciences Special Emphasis Panel; Review of ESI MIRA Applications.
Date: March 15–16, 2018.
Time: 8:00 a.m. to 5:00 p.m.
Agenda: To review and evaluate grant applications.
Place: Hilton Garden Inn Bethesda, 7301 Waverly Street, Bethesda, MD 20814.
Contact Person: Saraswathy Seetharam, Ph.D., Scientific Review Officer, Office of Scientific Review, National Institute of General Medical Sciences, National Institutes Health, 45 Center Drive, Room 3AN12C, Bethesda, MD 20892, 301–594–2763, seetharams@nih.gov.
