Abstract of Proposed Collection

The ITAR requires that persons registered with DDTC maintain records pertaining to defense trade-related transactions. This information collection approves the record-keeping requirements imposed on registrants by the ITAR. Respondents to this collection may submit their records to DDTC as supporting documentation for disclosures of potential violations of the AECA. The method by which respondents submit these records is approved under OMB Control No. 1405–0179. DDTC uses these records to analyze registrant compliance processes and procedures, and to help assess whether potential AECA or ITAR violations merit administrative sanctions or referral to the Department of Justice for possible criminal prosecution.

Methodology

Respondents may maintain records in any format consistent with the provisions in ITAR § 122.5.
