

13268 of July 2, 2002, and Executive Order 13284 of January 23, 2003, I hereby determine that the person known as Abdifatah Abubakar Abdi, also known as Musa Muhajir, committed, or poses a significant risk of committing, acts of terrorism that threaten the security of U.S. nationals or the national security, foreign policy, or economy of the United States. Consistent with the determination in section 10 of Executive Order 13224 that prior notice to persons determined to be subject to the Order who might have a constitutional presence in the United States would render ineffectual the blocking and other measures authorized in the Order because of the ability to transfer funds instantaneously, I determine that no prior notice needs to be provided to any person subject to this determination who might have a constitutional presence in the United States, because to do so would render ineffectual the measures authorized in the Order.

This notice shall be published in the **Federal Register**.

Dated: December 12, 2017.

Secretary of State.

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice.

SUMMARY: The FAA is considering a proposal to change approximately 78.902 acres of airport land from aeronautical use to non-aeronautical use of airport property located at Ft. Wayne International, Ft. Wayne, IN. The aforementioned land is not needed for aeronautical use.

Fort Wayne International Airport (FWA) proposes to release approximately 78.902 acres of land located on the northeast corner of existing airport property. The land is located to the east of Keller Road and the west of Ardmore Avenue. The land to be released is comprised of Tract 7, Tract 8, and Tract 9 as described in the survey. The Sponsor is proposing to release and ultimately sell or lease these parcels per local zoning regulations. The proposed future use of the land will be for compatible commercial or industrial developments. The sale of these parcels would allow the Sponsor to further financially support airfield improvement projects.

Of the tracts proposed for release, none were acquired with FAA Funding.

DATES: Comments must be received on or before April 11, 2018.
