premium cigars compared to other tobacco products, including other cigars.

2. Studies or information regarding nicotine concentrations for premium cigars compared to other tobacco products, including other cigars.

3. Studies or information regarding the risk of oral cancer, esophageal cancer, laryngeal cancer, lung cancer, or any other form of cancer associated with premium cigars, especially compared and contrasted with risks for other cigars.

4. Studies or information regarding the risk of heart disease associated with premium cigars, especially compared and contrasted with risks for other cigars.

5. Studies or information regarding the risk of aortic aneurysm associated with premium cigars, especially compared and contrasted with risks for other cigars.

6. Studies or information regarding the risk of periodontal disease associated with premium cigars, especially compared and contrasted with risks for other cigars.

7. Studies or information regarding the risk of stroke associated with premium cigars, especially compared and contrasted with risks for other cigars.

8. Studies or information regarding the risk of chronic obstructive pulmonary disease associated with premium cigars, especially compared and contrasted with risks for other cigars.

9. Studies or information regarding the risk of cancers of the mouth and throat for premium cigar users who do not inhale or who report that they do not inhale, especially compared and contrasted with risks for other cigars.

10. Studies or information on the impact of premium cigar use on other public health endpoints, including users and non-users, especially compared and contrasted with the impact of other cigars.

11. Studies or information regarding consumer perceptions of the health risks of premium cigars when compared to other tobacco products, including other cigars.

12. Studies or information regarding consumer perceptions of the addictiveness of premium cigars, especially compared and contrasted with perceptions for other cigars.

13. Studies or information regarding consumer perceptions of the addictiveness of premium cigars, especially compared and contrasted with perceptions for other cigars.

14. Studies or information on the required warning statements, shown below and which will be required to appear on cigar packaging and advertising in the near future (21 CFR 1143.5(a)(1)). Comment on whether any additional or alternative warning statements would be appropriate and provide your suggested language and any relevant studies or information.

   a. WARNING: Cigar smoking can cause cancers of the mouth and throat, even if you do not inhale.

   b. WARNING: Cigar smoking can cause lung cancer and heart disease.

   c. WARNING: Cigars are not a safe alternative to cigarettes.

   d. WARNING: Tobacco smoke increases the risk of lung cancer and heart disease, even in nonsmokers.

   e. WARNING: Cigar use while pregnant can harm you and your baby; or SURGEON GENERAL WARNING: Tobacco Use Increases the Risk of Infertility, Stillbirth and Low Birth Weight.

   f. WARNING: This product contains nicotine. Nicotine is an addictive chemical.

BILLING CODE 4164–01–P

DEPARTMENT OF LABOR

Mine Safety and Health Administration

30 CFR Parts 57, 70, 72, and 75
[Docket No. MSHA–2014–0031]
RIN 1219–AB86

Exposure of Underground Miners to Diesel Exhaust

AGENCY: Mine Safety and Health Administration, Labor.

ACTION: Request for information; reopening of the rulemaking record for public comments.

SUMMARY: In response to requests from the public, the Mine Safety and Health Administration (MSHA) is reopening the rulemaking record for public comments on the Agency’s request for information on Exposure of Underground Miners to Diesel Exhaust.

DATES: The comment period for the request for information, published on June 8, 2016 (81 FR 36826), which closed on January 9, 2018 (82 FR 2284), is reopened. Comments must be received on or before midnight Eastern Standard Time on March 26, 2019.

ADDRESSES: Submit comments and informational materials for the rulemaking record, identified by RIN 1219–AB86 or Docket No. MSHA–2014–0031, by one of the following methods:

- Email: zzMSHA-comments@dol.gov.

- Hand Delivery or Courier: 201 12th Street South, Suite 4E401, Arlington, Virginia, between 9:00 a.m. and 5:00 p.m. Monday through Friday, except Federal holidays. Sign in at the receptionist’s desk on the 4th floor East, Suite 4E401.

- Fax: 202–693–9441.

Instructions: All submissions must include “RIN 1219–AB86” or “Docket No. MSHA–2014–0031.” Do not include personal information that you do not want publicly disclosed; MSHA will post all comments without change to http://www.regulations.gov and http://arlweb.msha.gov/currentcomments.asp, including any personal information provided.

Docket: For access to the docket to read comments received, go to http://www.regulations.gov or http://arlweb.msha.gov/currentcomments.asp. To read background documents, go to http://www.regulations.gov. Review the docket in person at MSHA, Office of Standards, Regulations, and Variances, 201 12th Street South, Arlington, Virginia, between 9:00 a.m. and 5:00 p.m. Monday through Friday, except Federal Holidays. Sign in at the receptionist’s desk in Suite 4E401.

Email Notification: To subscribe to receive an email notification when MSHA publishes rules in the Federal Register, go to http://www.msha.gov/subscriptions.
