Act (EPIA) (21 U.S.C. 1031, et seq.). These statutes mandate that FSIS
protect the public by verifying that meat, poultry, and egg products are
wholesome, unadulterated, and properly labeled and packaged.
FSIS is requesting renewal of the approved information collection
regarding its Consumer Complaint Monitoring System (CCMS) web portal.

Agency about a meat, poultry, or egg
product. FSIS uses this information to
look for trends that will enhance the
Agency’s food safety efforts.
FSIS has made the following estimates based upon an
information collection assessment.

reporting burden for this collection of
information is estimated to average 15
minutes per response.

organizations.
Estimated Number of Respondents: The
CCMS web portal will have
approximately 700 respondents.
Estimated Number of Responses per
Respondent: 1.
Estimated Total Annual Burden on
Respondents: The total annual burden
time is estimated to be about 750 hours
for respondents using CCMS web portal.

assessment can be obtained from Gina
Kouba, Office of Policy and Program
Development, Food Safety and
Inspection Service, USDA, 1400
Independence Avenue SW, Room 6065,

is necessary for the proper performance
of FSIS’s functions, including whether
the information will have practical

the validity of the method and assumptions
used; (c) ways to enhance the quality,
utility, and clarity of the information to
be collected; and (d) ways to minimize
the burden of the collection of
information, including through the use
of appropriate automated, electronic,

collection techniques, or other forms of
information technology. Comments may
