RIN 2900-AP50

Revise and Streamline VA Acquisition Regulation To Adhere to Federal Acquisition Regulation Principles (VAAR Case 2014-V001)

AGENCY: Department of Veterans Affairs. ACTION: Final rule.

SUMMARY: The Department of Veterans Affairs (VA) in this final rule amends six clauses or provisions and removes one clause which duplicates current FAR coverage and is not needed, provides updated policy on variations, tolerances and exemptions regarding overtime in contracts providing nursing home care for veterans, removes an

information collection burden on an outdated practice of using bid envelopes; clarifies language regarding the prohibition of contractors from making reference in their commercial advertising, and revises definitions relating to D&S Committee, Debarring Official and Suspending Official currently contained in the VAAR. This document adopts as a final rule, with three technical non-substantive changes, the proposed rule published in the Federal Register on May 17, 2017.

DATES: This rule is effective on May 16, 2018.

FOR FURTHER INFORMATION CONTACT: Mr. Ricky Clark, Senior Procurement Analyst, Procurement Policy and Warrant Management Services, 003A2A, 425 I Street NW, Washington, DC 20001, (202) 632-5276. (This is not a toll-free telephone number.)

SUPPLEMENTARY INFORMATION: On May 17, 2017, VA published a proposed rule in the Federal Register (82 FR 22635), which announced VA's intent to amend regulations for VAAR Case 2014-V001. In addition to the revisions outlined in the summary, this final rule also updates the policy governing improper business practices and personal conflicts of interests, and provides the agency's procedures on due process rights and who in VA determines whether or not a violation of the Gratuities clause has occurred. The rule adds clarifying information on sealed bidding including preparation of invitations for bids and other general rules for solicitation of bids. VA provided a 60-day comment period for the public to respond to the proposed rule. The comment period for the proposed rule ended on July 17, 2017 and VA received no comments. The proposed rule is being adopted as final, with three technical non-substantive changes and minor stylistic and grammatical edits.

Technical Non-Substantive Changes to the Proposed Rule

The final rule makes administrative changes to two of the authorities for the parts on the recommendation of counsel, specifically the removal of 38 U.S.C. 501, and the addition of 41 U.S.C. 1702 which addresses overall direction of procurement policy, acquisition planning and management responsibilities of Chief Acquisition Officers and Senior Procurement Executives, including implementation of unique procurement policies, regulations, and standards of the agency. 38 U.S.C. 501 is a more general authority of the Secretary of the Department of Veterans Affairs to

prescribe all rules and regulations which are necessary or appropriate to carry out the laws administered by the Department. The Title 41 authority is the more appropriate authority to cite when publishing the VA Acquisition Regulation.

The final rule, in section 802.101, will remove definitions and titles relating to D&S Committee, Debarring official, and Suspending official and replaces them with two definitions/titles and the acronyms now in use in the agency: Suspending and Debarring Official (SDO) and Suspension and Debarment Committee (S&D Committee). These were properly updated via VAAR Class Deviation issued on June 2, 2017, after the proposed rule was published for public comment.

This final rule has **Federal Register** administrative format changes in the amendatory text which makes no substantive text changes at the affected sections.

Unfunded Mandates

The Unfunded Mandates Reform Act of 1995 requires, at 2 U.S.C. 1532, that agencies prepare an assessment of anticipated costs and benefits before issuing any rule that may result in the expenditure by State, local, and tribal Governments, in the aggregate, or by the private sector, of \$100 million or more (adjusted annually for inflation) in any one year. This final rule will have no such effect on State, local, and tribal Governments or on the private sector.

Paperwork Reduction Act

Although this action contains provisions constituting collections of information at 48 CFR 814.201–6(a) and 852.214–70, under the provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3521), no new or proposed revised collections of information are associated with this final rule. The information collection requirements for 48 CFR 814.201–6(a) and 852.214–70 are currently approved by OMB, have been assigned OMB control number 2900–0593, and are being removed and discontinued. This results in a removal of 2 estimated annual burden hours to respondents.

Regulatory Flexibility Act

This final rule will not have a significant economic impact on a substantial number of small entities as they are defined in the Regulatory Flexibility Act, 5 U.S.C. 601–612. The rule text does not change VA's policy regarding small businesses. Therefore, the rule does not have a significant economic impact on substantial number of small entities. There are no increased

and/or decreased costs to small entities. The overall impact of this final rule will be of benefit to small businesses owned by Veterans or service-disabled Veterans as the VAAR is being updated to remove extraneous procedural information that applies only to VA's internal operating procedures. VA estimates no cost impact to individual business resulting from these rule updates. On this basis, this final rule will not have a significant economic impact on a substantial number of small entities as they are defined in the Regulatory Flexibility Act, 5 U.S.C. 601–612. Therefore, under 5 U.S.C. 605(b), this final rule is exempt from the initial and final regulatory flexibility analysis requirements of sections 603 and 604.

Executive Orders 12866, 13563 and 13771

Executive Orders (E.O.) 12866 and 13563 direct agencies to assess all costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits (including potential economic, environmental, public health and safety effects, distributive impacts, and equity). E.O. 13563 emphasizes the importance of quantifying both costs and benefits of reducing costs, of harmonizing rules, and of promoting flexibility. E.O. 12866, Regulatory Planning and Review defines “significant regulatory action” to mean any regulatory action that is likely to result in a rule that may: “(1) Have an annual effect on the economy of \$100 million or more or adversely affect in a material way the economy, a sector of the economy, productivity, competition, jobs, the environment, public health or safety, or State, local, or tribal governments or communities; (2) Create a serious inconsistency or otherwise interfere with an action taken or planned by another agency; (3) Materially alter the budgetary impact of entitlements, grants, user fees, or loan programs or the rights and obligations of recipients thereof; or (4) Raise novel legal or policy issues arising out of legal mandates, the President's priorities, or the principles set forth in this Executive order.”

VA has examined the economic, interagency, budgetary, legal, and policy implications of this regulatory action, and it has been determined this rule is not a significant regulatory action under E.O. 12866. This final rule is considered an E.O. 13771 deregulatory action. Details on the estimated cost savings of this final rule can be found in the rule's economic analysis.

VA's impact analysis can be found as a supporting document at <http://www.regulations.gov>, usually within 48 hours after the rulemaking document is published. Additionally, a copy of the rulemaking and its impact analysis are available on VA's website at <http://www.va.gov/orpm> by following the link for VA Regulations Published from FY 2004 Through Fiscal Year to Date.

The award will be made on either the bid price for individual items or the summary bid price summary for all items, whichever results in the lowest price to the Government. (2) The contracting officer shall include the provision at 852.214–72, Alternate Item(s), in the invitation, when VA will consider an alternate item on an equal basis with the item specified. (For construction projects, VA will consider for acceptance an alternate specified only as a part of the basic item.)

(3) In addition to either of the provisions referenced in paragraphs (a)(1) or (2) of this section, the contracting officer shall include the provision at 852.214–73, Alternate Packaging and Packing, in the invitation when bids will be allowed based on different packaging, unit designation, etc.

(b) The contracting officer shall include the provision at 852.214–74, Marking of Bid Samples, in the invitation, along with the provision at FAR 52.214–20, Bid Samples, when the contracting officer determines that samples are necessary to the proper awarding of a contract.

The variation provides that overtime may be calculated on a basis other than a 40 hour workweek (as an alternate work period) when—

[Docket No. FMCSA-2012-0376]

RIN 2126-AB47

Electronic Documents and Signatures

AGENCY: Federal Motor Carrier Safety Administration (FMCSA), DOT.

ACTION: Final rule.

SUMMARY: FMCSA amends its regulations to allow the use of electronic records and signatures to satisfy FMCSA's regulatory requirements. These amendments permit the use of electronic methods to generate, certify, sign, maintain, or exchange records so long as the documents accurately reflect the required information and can be used for their intended purpose. This rule applies only to those documents that FMCSA's regulations obligate entities or individuals to retain; it does not apply to forms or other documents that must be submitted directly to FMCSA unless there are already procedures in place in the regulations for electronic submission to FMCSA. This rule partially implements the Government Paperwork Elimination Act (GPEA) and the Electronic Signatures in Global and National Commerce Act (E-SIGN).
