### Notice of Lodging of Proposed Consent Decree Under the Clean Water Act

On May 7, 2018, the Department of Justice lodged a proposed Consent Decree with the United States District Court for the District of Massachusetts in the lawsuit entitled *United States of America v. Challenge Fisheries LLC et al.*, Civil Action No. 1:18-cv-10899.

The Complaint in this Clean Water Act case was filed against the defendants concurrently with the lodging of the proposed Consent Decree. The Complaint alleges that the defendants, Challenge Fisheries LLC, Charles Quinn Jr., Quinn Fisheries Inc., and Charles Quinn III, are civilly liable for violations of Section 311 of the Clean Water Act ("CWA"), 33 U.S.C. 1321. The Complaint alleges that the companies and individuals are liable for violations related to the commercial fishing vessel *Challenge's* operations in New Bedford Harbor and in coastal waters off of southeastern New England. The Complaint addresses discharges of

oily bilge waste from the vessel while in port and at sea harvesting scallops, and the release of approximately 100 barrels of fuel oil in connection with the illegal overboard pumping of oily bilge water in August 2017. The Complaint also includes a Clean Water Act claim for violations of the Coast Guard's pollution control regulation related to the defendants' failure to provide sufficient capacity to retain all oily bilge water onboard the vessel. The United States seeks civil penalties and injunctive relief to deter future violations by the defendants and others in the industry.

Under the proposed Consent Decree, the defendants will pay a total of \$414,000 as civil penalties and perform corrective measures across a fleet of five commercial fishing vessels. The defendants will be required, among other things, to repair the vessels to reduce the generation of oily bilge water, operate within the vessels' capacity to retain oily bilge for the full length of planned voyages, provide crew and management training on the proper handling of oily wastes, document all oil and oily waste transfers on and off of the vessels, including documenting proper disposal of engine room bilge water at a shore reception facility, and submit compliance reports.

The publication of this notice opens a period for public comment on the proposed Consent Decree. Comments should be addressed to the Acting Assistant Attorney General, Environment and Natural Resources Division, and should refer to *United States of America v. Challenge Fisheries LLC et al.*, D.J. Ref. No. 90-5-1-1-11901. All comments must be submitted no later than thirty (30) days after the publication date of this notice. ## DEPARTMENT OF JUSTICE

### Notice of Lodging of Proposed Consent Decree Under the Comprehensive Environmental Response, Compensation, and Liability Act

On May 3, 2018, the Department of Justice lodged a Consent Decree with defendant Buckingham County Board of Supervisors on behalf of Buckingham County, a political sub-division of the Commonwealth of Virginia ("Buckingham County") in the United States District Court for the Western District of Virginia. The Consent Decree resolves a claim under Section 107 of the Comprehensive Environmental Response, Compensation, and Liability Act ("CERCLA"), 42 U.S.C. 9607, for past and future response costs incurred in connection with the release of hazardous substances at the Buckingham County Landfill Superfund Site ("Site"), located in Dillwyn, Buckingham County, Virginia. The Complaint filed concurrently with the Consent Decree alleges that Buckingham County, who is the current owner of the Site, is liable for all costs of removal or remedial action incurred by the United States Government. The proposed Consent Decree obligates Buckingham County to reimburse \$125,000 of the United States' past response costs.

The publication of this notice opens a period for public comment on the Consent Decree. Comments should be addressed to the Acting Assistant Attorney General, Environment and Natural Resources Division, and should refer to *United States v.
