The EPA is taking this action without prior concurrence of the State of New York, in a March 7, 2018 letter, concurred with the proposed delletion of the Site from the NPL.

The NCP specifies that the EPA may delete a Site from the NPL if “responsible parties or other persons have implemented all appropriate response actions required.” 40 CFR 300.425(e)(1)(i). The EPA, with the concurrence of the State of New York, through NYSDEC, believes that this criterion for the deletion of the Site has been met in that the Site no longer poses a threat to public health or the environment. Consequently, the EPA is deleting the Site from the NPL. Documents supporting this action are available in the Site files.

V. Deletion Action

The EPA, with the concurrence of the State of New York through NYSDEC, has determined that all appropriate responses under CERCLA have been completed at the Site and that it no longer poses a threat to public health or the environment. Therefore, the EPA is deleting the Site from the NPL.

The Site is now suitable for unlimited use and unrestricted exposure. Therefore, no further five-year reviews will be conducted for this Site. The deletion does not preclude future action under CERCLA. Because the EPA considers this action to be noncontroversial and routine, the EPA is taking this action without prior publication. This action will be effective July 20, 2018 unless the EPA receives adverse comments by June 20, 2018. If adverse comments are received within the 30-day public comment period of this action, the EPA will publish a timely withdrawal of this direct final NOD before the effective date of the deletion, and the deletion will not take effect. The EPA will prepare a response to comments and continue with the deletion process based on the NOID and the comments received. In such a case, there will be no additional opportunity to comment.

47 CFR Part 54

[WC Docket Nos. 10–90, 14–58; FCC 17–12]

Connect America Fund, ETC Annual Reports and Certifications

AGENCY: Federal Communications Commission.

ACTION: Final rule.

SUMMARY: In this document, the Federal Communications Commission (Commission) amends its rules to require 2 terabytes of monthly usage for certain Connect America Fund Phase II auction performance tiers, taking another step towards implementing the Connect America Fund Phase II auction in which service providers will compete to receive support of up to $1.98 billion to offer voice and broadband service in unserved high-cost areas.

DATES: The amendment to § 54.309(a)(2)[iii] & (iv) of the Commission’s rules is effective June 20, 2018.

FOR FURTHER INFORMATION CONTACT: Alexander Minard, Wireline Competition Bureau, (202) 418–7400 or TTY: (202) 418–0484.

SUPPLEMENTARY INFORMATION: The Commission published a document in the Federal Register, 82 FR 14466, March 21, 2017 summarizing a Report and Order and Order on Reconsideration. Although the Report and Order and Order on Reconsideration specified a requirement of 2 terabytes of monthly usage on certain service tiers, the Report and Order and Order on Reconsideration inadvertently failed to include a rules appendix reflecting that change in the rules. The Commission issued an Erratum correcting that error, DA 18–293, released on March 26, 2018. This document includes the amendments that were inadvertently left out of the document published March 21, 2017.
