

Higher volume port area * * *
(13) * * *

Note 1 to paragraph (13) of this definition: The western boundary of the Strait of Juan de Fuca higher volume port area in this part differs from that in § 154.1020 of this chapter. The difference stems from section 316(b) of the Coast Guard Authorization Act of 2015 (Pub. L. 114–120), which expands only the definition in this part.

BILLING CODE 9110–04–P

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

[EPA–R03–OAR–2017–0739; FRL–9978–98–Region 3]

Approval and Promulgation of Air Quality Implementation Plans; PA; Emissions Statement Requirement for the 2008 Ozone Standard

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final rule.

SUMMARY: The Environmental Protection Agency (EPA) is approving a state implementation plan (SIP) revision submitted by the Commonwealth of Pennsylvania. This SIP revision fulfills Pennsylvania's emissions statement requirement for the 2008 ozone national ambient air quality standard (NAAQS). EPA is approving these revisions in accordance with the requirements of the Clean Air Act (CAA).

DATES: This final rule is effective on July 6, 2018.

ADDRESSES: EPA has established a docket for this action under Docket ID Number EPA–R03–OAR–2017–0739. All documents in the docket are listed on the <http://www.regulations.gov> website. Although listed in the index, some information is not publicly available, e.g., confidential business information (CBI) or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, is not placed on the internet and will be publicly available only in hard copy form. Publicly available docket materials are available through <http://www.regulations.gov>, or please contact the person identified in the **FOR FURTHER INFORMATION CONTACT** section for additional availability information.

FOR FURTHER INFORMATION CONTACT: Maria A. Pino, (215) 814–2181, or by email at pino.maria@epa.gov.

SUPPLEMENTARY INFORMATION:

I. Background

On March 12, 2018 (83 FR 10650), EPA published a notice of proposed rulemaking (NPR) for the Commonwealth of Pennsylvania. In the NPR, EPA proposed approval of Pennsylvania's certification that Pennsylvania's SIP-approved emissions statement regulation meets the emissions statement requirement of section 182(a)(3)(B) of the CAA for the 2008 ozone NAAQS. The formal SIP revision was submitted by Pennsylvania, through the Pennsylvania Department of the Environmental Protection (PADEP), on November 3, 2017.

II. Summary of SIP Revision and EPA Analysis

In Pennsylvania's November 3, 2017 SIP revision submittal, Pennsylvania states that the existing, SIP-approved rule found at 25 Pa. Code 135.21, "Emissions Statements," satisfies CAA section 182(a)(3)(B) for the 2008 ozone NAAQS. Under CAA section 182(a)(3)(B), states are required to have an emission statements rule for ozone nonattainment areas. In addition, states in the ozone transport region are required to have an emission statement rule statewide, including for attainment areas. See CAA sections 182(a)(3)(B), 182(f), and 184(b)(2). EPA previously approved Pennsylvania's emissions statement rule for the 1979 1-hour ozone standard, 25 Pa. Code 135.21, into the Pennsylvania SIP. See 60 FR 2881 (January 12, 1995). EPA has determined that 25 Pa. Code 135.21, which is currently in the Pennsylvania SIP, is appropriate to address the emissions statement requirement for the 2008 ozone NAAQS. Therefore, EPA is approving this SIP revision that certifies that 25 Pa. Code 135.21 is adequate to satisfy the emissions statement requirement for the 2008 ozone NAAQS. Other specific requirements of the Pennsylvania's emissions statement rule and the rationale for EPA's proposed action are explained in the NPR and will not be restated here.

III. Public Comments

EPA received twenty-three public comments on our March 12, 2018 NPR proposing to approve Pennsylvania's November 3, 2017 submittal. All comments received were not specific to this action, and thus are not addressed here.

IV. Final Action

EPA is approving the Commonwealth of Pennsylvania's November 3, 2017 SIP revision submittal, which addresses the 2008 8-hour ozone NAAQS emissions statement requirement, as a revision to the Pennsylvania SIP.

V. Statutory and Executive Order Reviews

A. General Requirements

Under the CAA, the Administrator is required to approve a SIP submission that complies with the provisions of the CAA and applicable federal regulations. 42 U.S.C. 7410(k); 40 CFR 52.02(a). Thus, in reviewing SIP submissions, EPA's role is to approve state choices, provided that they meet the criteria of the CAA. Accordingly, this action merely approves state law as meeting federal requirements and does not impose additional requirements beyond those imposed by state law. For that reason, this action:

- Is not a "significant regulatory action" subject to review by the Office of Management and Budget under Executive Orders 12866 (58 FR 51735, October 4, 1993) and 13563 (76 FR 3821, January 21, 2011);
- Is not an Executive Order 13771 (82 FR 9339, February 2, 2017) regulatory action because SIP approvals are exempted under Executive Order 12866.
- Does not impose an information collection burden under the provisions of the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*);
- Is certified as not having a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*);
- Does not contain any unfunded mandate or significantly or uniquely affect small governments, as described in the Unfunded Mandates Reform Act of 1995 (Pub. L. 104–4);
- Does not have federalism implications as specified in Executive Order 13132 (64 FR 43255, August 10, 1999);
- Is not an economically significant regulatory action based on health or safety risks subject to Executive Order 13045 (62 FR 19885, April 23, 1997);
- Is not a significant regulatory action subject to Executive Order 13211 (66 FR 28355, May 22, 2001);
- Is not subject to requirements of section 12(d) of the National Technology Transfer and Advancement Act of 1995 (15 U.S.C. 272 note) because application of those requirements would be inconsistent with the CAA; and
- Does not provide EPA with the discretionary authority to address, as

appropriate, disproportionate human health or environmental effects, using practicable and legally permissible methods, under Executive Order 12898 (59 FR 7629, February 16, 1994).

B. Submission to Congress and the Comptroller General

The Congressional Review Act, 5 U.S.C. 801 *et seq.*, as added by the Small Business Regulatory Enforcement Fairness Act of 1996, generally provides that before a rule may take effect, the agency promulgating the rule must submit a rule report, which includes a copy of the rule, to each House of the Congress and to the Comptroller General of the United States. EPA will submit a report containing this action and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication of the rule in the **Federal Register**. A major rule cannot take effect until 60 days after it is published in the **Federal Register**. This action is not a “major rule” as defined by 5 U.S.C. 804(2).

C. Petitions for Judicial Review

Under section 307(b)(1) of the CAA, petitions for judicial review of this action must be filed in the United States Court of Appeals for the appropriate circuit by August 6, 2018. Filing a petition for reconsideration by the Administrator of this final rule does not affect the finality of this action for the purposes of judicial review nor does it extend the time within which a petition for judicial review may be filed, and shall not postpone the effectiveness of such rule or action.

This action, approving Pennsylvania’s certification that its SIP-approved emissions statement regulation meets the emissions statement requirement of section 182(a)(3)(B) of the CAA for the 2008 ozone NAAQS, may not be challenged later in proceedings to enforce its requirements. (See section 307(b)(2)).

List of Subjects in 40 CFR Part 52

Environmental protection, Air pollution control, Incorporation by reference, Nitrogen dioxide, Ozone,

Reporting and recordkeeping requirements, Volatile organic compounds.

Dated: May 18, 2018.
Cosmo Servidio,
 Regional Administrator, Region III.

40 CFR part 52 is amended as follows:

PART 52—APPROVAL AND PROMULGATION OF IMPLEMENTATION PLANS

■ 1. The authority citation for part 52 continues to read as follows:

Authority: 42 U.S.C. 7401 *et seq.*

Subpart NN—Pennsylvania

■ 2. In § 52.2020, the table in paragraph (e)(1) is amended by adding the entry “Emission statement requirement certification for the 2008 ozone national ambient air quality standards (NAAQS)” at the end of the table to read as follows:

§ 52.2020 Identification of plan.

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

[EPA–R09–OAR–2018–0120; FRL–9978–18–Region 9]

Approval of California Air Plan Revisions; Butte County Air Quality Management District; Stationary Source Permits

AGENCY: Environmental Protection Agency (EPA).
ACTION: Final rule.

SUMMARY: The Environmental Protection Agency (EPA) is taking final action to approve a revision to the Butte County Air Quality Management District

(BCAQMD) portion of the California State Implementation Plan (SIP). This revision concerns the District’s New Source Review (NSR) permitting program for new and modified sources of air pollution. We are approving a local rule under the Clean Air Act (CAA or the Act).

DATES: This rule will be effective on July 6, 2018.

ADDRESSES: The EPA has established a docket for this action under Docket ID No. EPA–R09–OAR–2018–0120. All documents in the docket are listed on the <http://www.regulations.gov> web site. Although listed in the index, some information is not publicly available, *e.g.*, Confidential Business Information (CBI) or other information whose disclosure is restricted by statute.

Certain other material, such as copyrighted material, is not placed on the internet and will be publicly available only in hard copy form.

Publicly available docket materials are available through <http://www.regulations.gov>, or please contact the person identified in the **FOR FURTHER INFORMATION CONTACT** section for additional availability information.

FOR FURTHER INFORMATION CONTACT: T. Khoi Nguyen, EPA Region IX, (415) 947–4120, nguyen.thien@epa.gov.

SUPPLEMENTARY INFORMATION: Throughout this document, “we,” “us” and “our” refer to the EPA.
