

result in any impact on certificated capacity on its system or in a reduction in firm service to existing customers of Texas Eastern.

Pursuant to section 157.9 of the Commission's rules (18 CFR 157.9), within 90 days of this Notice, the Commission staff will either: complete its environmental assessment (EA) and place it into the Commission's public record (eLibrary) for this proceeding or issue a Notice of Schedule for Environmental Review. If a Notice of Schedule for Environmental Review is issued, it will indicate, among other milestones, the anticipated date for the Commission staff's issuance of the final environmental impact statement (FEIS) or EA for this proposal. The filing of the EA in the Commission's public record for this proceeding or the issuance of a Notice of Schedule will serve to notify federal and state agencies of the timing for the completion of all necessary reviews, and the subsequent need to complete all federal authorizations within 90 days of the date of issuance of the Commission staff's FEIS or EA.

There are two ways to become involved in the Commission's review of this project. First, any person wishing to obtain legal status by becoming a party to the proceedings for this project should, on or before the comment date stated below, file with the Federal Energy Regulatory Commission, 888 First Street, NE, Washington, DC 20426, a motion to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18 CFR 157.10). A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by all other parties. A party must submit five copies of filings made with the Commission and must mail a copy to the applicant and to every other party in the proceeding. Only parties to the proceeding can ask for court review of Commission orders in the proceeding.

However, a person does not have to intervene in order to have comments considered. The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this project. The Commission will consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission's rules require that persons filing comments in opposition to the project

provide copies of their protests only to the party or parties directly involved in the protest.

Persons who wish to comment only on the environmental review of this project should submit an original and two copies of their comments to the Secretary of the Commission. Environmental commentors will be placed on the Commission's environmental mailing list, will receive copies of the environmental documents, and will be notified of meetings associated with the Commission's environmental review process. Environmental commentors will not be required to serve copies of filed documents on all other parties. However, the non-party commentors will not receive copies of all documents filed by other parties or issued by the Commission (except for the mailing of environmental documents issued by the Commission) and will not have the right to seek court review of the Commission's final order.

The Commission strongly encourages electronic filings of comments, protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit original and five copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street NE, Washington, DC 20426.

Comment Date: 5:00 p.m. Eastern Time on August 28, 2018.

Dated: August 7, 2018.

Kimberly D. Bose,
Secretary.

BILLING CODE 6717-01-P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Project No. 2960-006]

City of Gonzales; Notice of Application Tendered for Filing With the Commission and Establishing Procedural Schedule for Licensing and Deadline for Submission of Final Amendments

Take notice that the following hydroelectric application has been filed with the Commission and is available for public inspection.

a. *Type of Application:* Subsequent License.

b. *Project No.:* 2960-006.

c. *Date Filed:* July 27, 2018.

d. *Applicant:* City of Gonzales.

e. *Name of Project:* Gonzales

Hydroelectric Project (Gonzales Project).

f. *Location:* The existing project is located at river mile 167 on the Guadalupe River in the City of Gonzales, in Gonzales County, Texas. The project does not affect federal lands.

g. *Filed Pursuant to:* Federal Power Act, 16 U.S.C. 791 (a)-825(r).

h. *Applicant Contact:* Tim Patek, Superintendent of Public Works, City of Gonzales, 1920 St. Joseph Street, Gonzales, TX 78629; Telephone (830) 672-3192; tpatek@gonzales.texas.gov.

i. *FERC Contact:* Rachel McNamara at (202) 502-8340, or at rachel.mcnamara@ferc.gov.

j. This application is not ready for environmental analysis at this time.

k. *Project Description:* The Gonzales Project consists of: (1) A 15-foot-high, 258-foot-long, concrete Ambursten dam with a 178-foot-long ogee-type spillway; (2) a reservoir with a surface area of 300 acres and a storage capacity of 1,400 acre-feet; (3) an intake structure comprised of six wooden water control gates; (4) an 80-foot-long, 20-foot-wide brick powerhouse containing three generating units with a total capacity of 1,140 kilowatts; (5) two 50-foot-long underground 5-kilovolt cables to a step-up transformer; and (6) an above-ground transmission line connecting the step-up transformer to a distribution line near the access road to the project. The Gonzales Project is a conventional project generating 1,314 megawatt-hours of electricity annually.

The project is operated as a run-of-river facility with no impoundment fluctuation. When flows exceed the minimum flow requirement of 200 cubic feet per second (cfs) and a minimum of 9 feet of head height is achieved, generation can commence. When flows exceed the combined capacity of all three turbines (1,161 cfs), excess flows are passed over the spillway dam.

l. A copy of the application is available for review at the Commission in the Public Reference Room or may be viewed on the Commission's website at <http://www.ferc.gov>, using the "eLibrary" link. Enter the docket number, excluding the last three digits in the docket number field, to access the document. For assistance, contact FERC Online Support at FERCOnlineSupport@ferc.gov, or toll free at (866) 208-3676, or for TTY at (202) 502-8659. A copy is also available for inspection and reproduction at the address in paragraph h.

You may also register online at <http://www.ferc.gov/docs-filing/esubscription.asp> to be notified via email of new filings and issuances related to this or other pending projects. For assistance, contact FERC Online Support.

m. Procedural Schedule: The application will be processed according to the following preliminary Hydro

Licensing Schedule. Revisions to the schedule will be made as appropriate.

Milestone	Target Date
Notice of Acceptance/Notice of Ready for Environmental Analysis	October 2018.
Filing of recommendations, preliminary terms and conditions, and fishway prescriptions	December 2018.
Commission issues EA	April 2019.
Comments on EA	May 2019.
Modified Terms and Conditions	July 2019.

n. Final amendments to the application must be filed with the Commission no later than 30 days from the issuance date of the notice of ready for environmental analysis.

Dated: August 6, 2018.

Kimberly D. Bose,

Secretary.

BILLING CODE 6717-01-P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Project No. 1510-018]

City of Kaukauna, Wisconsin; Notice of Availability of Environmental Assessment

In accordance with the National Environmental Policy Act of 1969 and the Federal Energy Regulatory Commission's (Commission) regulations, 18 CFR part 380, the Office of Energy Projects has reviewed the application for a new license for the Kaukauna Hydro Project, located on the Lower Fox River, in the City of Kaukauna, Outagamie County, Wisconsin, and has prepared an Environmental Assessment (EA) for the project.

The EA contains staff's analysis of the potential environmental impacts of the project and concludes that licensing the project, with appropriate environmental protective measures, would not constitute a major federal action that would significantly affect the quality of the human environment.

A copy of the EA is available for review at the Commission in the Public Reference Room or may be viewed on the Commission's website at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, contact FERC Online Support at FERCOnlineSupport@ferc.gov, (866) 208-3676 (toll free), or (202) 502-8659 (TTY).

You may also register online at <http://www.ferc.gov/docs-filing/esubscription.asp> to be notified via email of new filings and issuances related to this or other pending projects. For assistance, contact FERC Online Support.

Any comments should be filed within 30 days from the date of this notice.

The Commission strongly encourages electronic filing. Please file comments using the Commission's eFiling system at <http://www.ferc.gov/docs-filing/efiling.asp>. Commenters can submit brief comments up to 6,000 characters, without prior registration, using the eComment system at <http://www.ferc.gov/docs-filing/ecomment.asp>. You must include your name and contact information at the end of your comments. For assistance, please contact FERC Online Support. In lieu of electronic filing, please send a paper copy to: Secretary, Federal Energy Regulatory Commission, 888 First Street NE, Washington, DC 20426. The first page of any filing should include docket number P-1510-018.

For further information, contact Erin Kimsey at (202) 502-8621 or by email at erin.kimsey@ferc.gov.

Dated: August 7, 2018.

Kimberly D. Bose,

Secretary.
