6(c)(2)—As we discuss in the section-by-section discussion preamble, we proposed in the NPRM to delay for an additional two fiscal years the date by which title IV–E agencies must comply with the 2016 final rule. Our balance to meet the states’ needs for a delay, as expressed in their comments, is to provide an additional one year.

Assessment of Federal Regulations and Policies on Families

Section 654 of the Treasury and General Government Appropriations Act of 2000 (Pub. L. 106–58) requires federal agencies to determine whether a policy or regulation may affect family well-being. If the agency’s determination is affirmative, then the agency must prepare an impact assessment addressing seven criteria specified in the law. This final rule will not have an impact on family well-being as defined in the law.

Paperwork Reduction Act

Under the Paperwork Reduction Act (44 U.S.C. 35, as amended) (PRA), all Departments are required to submit to OMB for review and approval any reporting or recordkeeping requirements inherent in a proposed or final rule. PRA rules require that ACF estimate the total burden created by this proposed rule regardless of what information is available. ACF provides burden and cost estimates using the best available information. Information collection for AFCARS is currently authorized under OMB number 0970–0422. This final rule does not make changes to the AFCARS requirements for title IV–E agencies; it delays the effective date and provides title IV–E agencies with additional time to comply with §§ 1355.41 through 1355.47. Thus, the annual burden hours for recordkeeping and reporting does not change from those currently authorized under OMB number 0970–0422. Therefore, we are not seeking comments on any information collection requirements through this final rule.

Tribal Consultation Statement

ACF is committed to consulting with Indian tribes and tribal leadership to the extent practicable and permitted by law; prior to promulgating any regulation that has tribal implications. During the comment period, CB held an information session on April 5, 2018 where the NPRM was presented by CB officials. Prior to this information session, the NPRM was linked to on the CB website, a link to the NPRM was emailed to CB’s tribal lists (on March 13, 2018 when the NPRM was available for public inspection and March 15, 2018 when the NPRM was published), and CB issued ACYF–CB–IM–18–01 (issued March 16, 2018). Additionally, ACF held a tribal consultation on November 6, 2017 during which tribes requested that ACF leave the 2016 final rule in place, stating that the ICWA-related data elements are very important for accountability. At a meeting with tribal representatives at the Secretary’s Tribal Advisory Committee on May 9 and 10, 2018, representatives stated the following: they support the 2016 final rule; they have concerns that states are not following ICWA; the ICWA-related data elements are critical to informing Congress, HHS, states, and tribes on how Native children and families are doing in state child welfare systems; and AFCARS information would help inform issues such as foster care disproportionality.

As we developed this final rule, we carefully considered the comments from Indian tribes and organizations representing tribal interests, whose comments were to not delay the implementation of the 2016 final rule. However, we must balance the need for data with the needs of our grantees, the title IV–E agencies, that must revise their systems to meet new AFCARS requirements and will ultimately be held accountable via compliance and penalties to report the data.

List of Subjects in 45 CFR Part 1355

Adoption and foster care, Child welfare, Grant programs—social programs.

Dated: July 20, 2018.

Steven Wagner,
Acting Assistant Secretary for Children and Families.

Approved: July 25, 2018

Alex M. Azar II,
Secretary.

For the reasons set forth in the preamble, we amend 45 CFR part 1355 as follows:

PART 1355—GENERAL

1. The authority citation for part 1355 continues to read as follows:

2. Amend § 1355.40 by revising paragraph (a) to read as follows:

§ 1355.40 Foster care and adoption data collection.

(a) Scope. State and tribal title IV–E agencies must follow the requirements of this section and appendices A through E of this part until September 30, 2020. As of October 1, 2020, state and tribal title IV–E agencies must comply with §§ 1355.41 through 1355.47.

Fisheries of the Exclusive Economic Zone Off Alaska; Reallocation of Pacific Cod in the Bering Sea and Aleutian Islands Management Area

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Temporary rule; reallocation.

SUMMARY: NMFS is reallocating the projected unused amount of Pacific cod total allowable catch (TAC) from vessels using jig gear and catcher vessels greater than or equal to 60 feet (18.3 meters (m)) length overall (LOA) using hook-and-line gear to catcher vessels less than 60 feet (18.3 m) LOA using hook-and-line or pot gear in the Bering Sea and Aleutian Islands management area. This action is necessary to allow the 2018 TAC of Pacific cod to be harvested.

FOR FURTHER INFORMATION CONTACT: Josh Keaton, 907–586–7228.

SUPPLEMENTARY INFORMATION: NMFS manages the groundfish fishery in the Bering Sea and Aleutian Islands (BSAI) according to the Fishery Management Plan for Groundfish of the Bering Sea and Aleutian Islands Management Area (FMP) prepared by the North Pacific Fishery Management Council under authority of the Magnuson-Stevens Fishery Conservation and Management Act. Regulations governing fishing by U.S. vessels in accordance with the FMP appear at subpart H of 50 CFR part 600 and 50 CFR part 679.

The 2018 Pacific cod TAC specified for vessels using jig gear in the BSAI is 1,149 metric tons (mt) as established by the final 2018 and 2019 harvest specifications for groundfish in the
BSAI (83 FR 8365, February 27, 2018) and inseason adjustment (83 FR 2932, January 22, 2018).

The 2018 Pacific cod TAC specified for catcher vessels greater than or equal to 60 feet (18.3 m) LOA using hook-and-line gear in the BSAI is 363 mt as established by the final 2018 and 2019 harvest specifications for groundfish in the BSAI (83 FR 8365, February 27, 2018).

The 2018 Pacific cod TAC allocated to catcher vessels less than 60 feet (18.3 m) LOA using hook-and-line or pot gear in the BSAI is 5,027 mt as established by final 2018 and 2019 harvest specifications for groundfish in the BSAI (83 FR 8365, February 27, 2018) and inseason adjustment (83 FR 2932, January 22, 2018).

The Administrator, Alaska Region, NMFS, (Regional Administrator) has determined that jig vessels will not be able to harvest 900 mt of the 2018 Pacific cod TAC allocated to those vessels under § 679.20(a)(7)(i)(A). The Regional Administrator has determined that catcher vessels greater than or equal to 60 feet (18.3 m) LOA using hook-and-line gear will not be able to harvest 363 mt of the 2018 Pacific cod TAC allocated to those vessels under § 679.20(a)(7)(ii)(A). Therefore, in accordance with § 679.20(a)(7)(iii)(A), NMFS apportions 900 mt of Pacific cod from the jig vessel apportionment to the annual amount specified for catcher vessels less than 60 feet (18.3 m) LOA using hook-and-line or pot gear. Also, in accordance with § 679.20(a)(7)(iii)(A), NMFS apportions 363 mt of Pacific cod from the catcher vessels greater than or equal to 60 feet (18.3 m) LOA using hook-and-line gear apportionment to the annual amount specified for catcher vessels less than 60 feet (18.3 m) LOA using hook-and-line or pot gear.

The harvest specifications for Pacific cod included in final 2018 and 2019 harvest specifications for groundfish in the BSAI (83 FR 8365, February 27, 2018) and inseason adjustment (83 FR 2932, January 22, 2018) are revised as follows: 249 mt to the annual amount for vessels using jig gear, 0 mt to catcher vessels greater than or equal to 60 feet (18.3 m) LOA using hook-and-line gear, and 6,290 mt to catcher vessels less than 60 feet (18.3 m) LOA using hook-and-line or pot gear.

Classification

This action responds to the best available information recently obtained from the fishery. The Assistant Administrator for Fisheries, NOAA (AA), finds good cause to waive the requirement to provide prior notice and opportunity for public comment pursuant to the authority set forth at 5 U.S.C. 553(b)(B) as such requirement is impracticable and contrary to the public interest. This requirement is impracticable and contrary to the public interest as it would prevent NMFS from responding to the most recent fisheries data in a timely fashion and would delay the reallocation of Pacific cod specified from jig vessels and catcher vessels greater than or equal to 60 feet (18.3 m) LOA using hook-and-line gear to catcher vessels less than 60 feet (18.3 m) LOA using hook-and-line or pot gear. Since the fishery is currently open, it is important to immediately inform the industry as to the revised allocations. Immediate notification is necessary to allow for the orderly conduct and efficient operation of this fishery, to allow the industry to plan for the fishing season, and to avoid potential disruption to the fishing fleet as well as processors. NMFS was unable to publish a notice providing time for public comment because the most recent, relevant data only became available as of August 15, 2018. The AA also finds good cause to waive the 30-day delay in the effective date of this action under 5 U.S.C. 553(d)(3). This finding is based upon the reasons provided above for waiver of prior notice and opportunity for public comment.

This action is required by § 679.20 and is exempt from review under Executive Order 12866.

Authority: 16 U.S.C. 1801 et seq.

Dated: August 16, 2018.

Margo B. Schulze-Haugen,
Acting Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

Fisheries of the Exclusive Economic Zone Off Alaska; Pacific Ocean Perch in the Bering Sea and Aleutian Islands Management Area

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Temporary rule; closure.

SUMMARY: NMFS is prohibiting directed fishing for Pacific ocean perch in the Central Aleutian district (CAI) of the Bering Sea and Aleutian Islands management area (BSAI) by vessels participating in the BSAI trawl limited access fishery. This action is necessary to prevent exceeding the 2018 total allowable catch (TAC) of Pacific ocean perch in the CAI allocated to vessels participating in the BSAI trawl limited access fishery.

DATES: Effective 1200 hrs, Alaska local time (A.l.t.), August 16, 2018, through 2400 hrs, A.l.t., December 31, 2018.

SUPPLEMENTARY INFORMATION: NMFS manages the groundfish fishery in the BSAI exclusive economic zone according to the Fishery Management Plan for Groundfish of the Bering Sea and Aleutian Islands Management Area (FMP) prepared by the North Pacific Fishery Management Council under authority of the Magnuson-Stevens Fishery Conservation and Management Act. Regulations governing fishing by U.S. vessels in accordance with the FMP appear at subpart H of 50 CFR part 600 and 50 CFR part 679.

The 2018 TAC of Pacific ocean perch, in the CAI, allocated to vessels participating in the BSAI trawl limited access fishery was established as a directed fishing allowance of 658 metric tons by the final 2018 and 2019 harvest specifications for groundfish in the BSAI (83 FR 8365, February 27, 2018).

In accordance with § 679.20(d)(1)(iii), the Regional Administrator finds that this directed fishing allowance has been reached. Consequently, NMFS is prohibiting directed fishing for Pacific ocean perch in the CAI by vessels participating in the BSAI trawl limited access fishery.

After the effective dates of this closure, the maximum retainable amounts at § 679.20(e) and (f) apply at any time during a trip.

Classification

This action responds to the best available information recently obtained from the fishery. The Assistant Administrator for Fisheries, NOAA, (AA) finds good cause to waive the requirement to provide prior notice and opportunity for public comment pursuant to the authority set forth at 5 U.S.C. 553(b)(B) as such a requirement is impracticable and contrary to the public interest. This requirement is impracticable and contrary to the public interest as it would prevent NMFS from responding to the most recent fisheries data in a timely fashion and would
