

Corporation for grants. In addition to providing grants, Learn and Serve America serves as a resource on service and service-learning to teachers, faculty members, schools, and community groups and promotes student service through the Presidential Freedom Scholarships.

Other Initiatives The Corporation's mission to develop and support an ethic of service in America involves initiatives, special demonstration projects, and other activities, in addition to the three major program areas. These include promoting literacy, supporting homeland security, helping faith-based and community-based organizations accomplish their missions, bridging the digital divide, including more disabled participants in Corporation activities, responding to disasters, promoting the ideals of Dr. Martin Luther King, Jr., through the Day of Service program, and supporting research on national service. The Corporation also carries out an extensive training and technical assistance effort to support and assist State commissions and service programs. Through partnership with the private sector, other Federal agencies, the Points of Light Foundation, and America's Promise, the Corporation further advocates and advances service in America.

The Corporation and its programs are also a part of the USA Freedom Corps, established on January 29, 2002, by Executive Order 13254. USA Freedom Corps is a White House initiative to

foster a culture of citizenship, service, and responsibility, and help all Americans answer the President's call to service.

The Defense Nuclear Facilities Safety Board reviews and evaluates the content and implementation of standards relating to the design, construction, operation, and decommissioning of defense nuclear facilities of the Department of Energy.

The Defense Nuclear Facilities Safety Board was established as an independent agency on September 29, 1988, by the Atomic Energy Act of 1954, as amended (42 U.S.C. 2286–2286i).

The Board is composed of five members appointed by the President with the advice and consent of the Senate. Members of the Board are appointed from among United States citizens who are respected experts in the field of nuclear safety.

Activities

The Defense Nuclear Facilities Safety Board reviews and evaluates the content and implementation of standards for defense nuclear facilities of the

Department of Energy (DOE); investigates any event or practice at these facilities which may adversely affect public health and safety; and reviews and monitors the design, construction, and operation of facilities. The Board makes recommendations to the Secretary of Energy concerning DOE defense nuclear facilities to ensure adequate protection of public health and safety. In the event that any aspect of operations, practices, or occurrences reviewed by the Board is determined to present an imminent or severe threat to public health and safety, the Board transmits its recommendations directly to the President.
