MICHAELE CUSHING

Chief Information Officer
FERNANDA F. YOUNG

Director, Human Resources
NATASHA MCCARTHY

Director, Administration and Security
PAUL PEREZ
The Export-Import Bank of the United States helps the private sector to create and maintain U.S. jobs by financing exports of the Nation’s goods and services. To accomplish this mission, the Bank offers a variety of loan, guarantee, and insurance programs to support transactions that would not be awarded to U.S. companies without the Bank’s assistance.

The Export-Import Bank of the United States (Ex-Im Bank), established in 1934, operates as an independent agency of the U.S. Government under the authority of the Export-Import Bank Act of 1945, as amended (12 U.S.C. 635 et seq.). Its Board of Directors consists of a President and Chairman, a First Vice President and Vice Chair, and three other Directors, all are appointed by the President with the advice and consent of the Senate.

Ex-Im Bank’s mission is to help American exporters meet government-supported financing competition from other countries, so that U.S. exports can compete for overseas business on the basis of price, performance, and service, and in doing so help create and sustain U.S. jobs. The Bank also fills gaps in the availability of commercial financing for creditworthy export transactions.

Ex-Im Bank is required to find a reasonable assurance of repayment for each transaction it supports. Its legislation requires it to meet the financing terms of competitor export credit agencies, but not to compete with commercial lenders. Legislation restricts the Bank’s operation in some countries and its support for military goods and services.

Activities

Ex-Im Bank is authorized to have loans, guarantees, and insurance outstanding at any one time in aggregate amount not in excess of $100 billion. It supports U.S. exporters through a range of diverse programs, which are offered under four broad categories of export financing, including the following:

—working capital guarantees, provided to lender, so that they can provide creditworthy small- and medium-sized exporters with working capital they need to buy, build, or assemble products for export sale;

—export credit insurance which protects exporters and lenders against both the commercial and political risks of a foreign buyer defaulting on payment;

—loan guarantees which encourage sales to creditworthy foreign buyers by providing private sector lenders in medium- and long-term transactions with Ex-Im Bank guarantees against the political and commercial risks of nonpayment; and

—direct loans made to provide foreign buyers with competitive, fixed-rate medium- or long-term financing from Ex-Im Bank for their purchases from U.S. exporters.

Ex-Im Bank initiated several changes to enhance its support to small business. It created a new position, Senior Vice President for Small Business, who reports directly to the Bank’s President and Chairman. In addition, the Bank’s regional offices are now dedicated exclusively to small business outreach and support. The Bank also established a Small Business Committee to coordinate,
evaluate, and make recommendations on Bank functions necessary for a successful small business strategy.

Regional Offices
The Export-Import Bank operates five regional offices.

The Farm Credit Administration (FCA) was established as an independent financial regulatory agency in the executive branch of the Federal Government by Executive Order 6084 on March 27, 1933. FCA carries out its responsibilities by conducting examinations of the various Farm Credit lending institutions, which are Farm Credit Banks, the Agricultural Credit Bank, Agricultural Credit Associations, and Federal Land Credit Associations.
