SEC. 718. SENSE OF CONGRESS REGARDING ACCESS TO HEALTH CARE UNDER TRICARE PROGRAM FOR COVERED BENEFICIARIES WHO ARE MEDICARE ELIGIBLE.

(a) FINDINGS.—Congress finds the following:

(1) Medical care provided in facilities of the uniformed services is generally less expensive to the Federal Government than the same care provided at Government expense in the private sector.

(2) Covered beneficiaries under the military health care provisions of chapter 55, United States Code, who are eligible for medicare under title XVIII of the Social Security Act (42 U.S.C. 1395 et seq.) deserve health care options that empower them to choose the health plan that best fits their needs.

(b) SENSE OF CONGRESS.—In light of the findings specified in subsection (a), it is the sense of Congress that—

(1) the Secretary of Defense should develop a program to ensure that such covered beneficiaries who reside in a region in which the TRICARE program has been implemented continue to have adequate access to health care services after the implementation of the TRICARE program; and

(2) as a means of ensuring such access, the budget for fiscal year 1997 submitted by the President under section 1105 of title 31, United States Code, should provide for reimbursement by the Health Care Financing Administration to the Department of Defense for health care services provided to such covered beneficiaries in medical treatment facilities of the Department of Defense.

Section 1074 of title 10, United States Code, is amended by adding at the end the following new subsection:

The requirements regarding competition in the Federal Acquisition Regulation shall apply with regard to the negotiation of any new participation agreement between the Uniformed Services Treatment Facilities and the Secretary of Defense under this subsection or any other provision of law.”.
(b) Sense of Congress.—(1) Congress finds that the Uniformed Services Treatment Facilities provide quality health care to the 120,000 Department of Defense beneficiaries enrolled in the Uniformed Services Family Health Plan provided by these facilities.

(2) In light of such finding, it is the sense of Congress that the Uniformed Services Family Health Plan provided by the Uniformed Services Treatment Facilities should not be terminated for convenience under provisions of the Federal Acquisition Regulation by the Secretary of Defense before the expiration of the current participation agreements.

(3) For purposes of this subsection, the term "Uniformed Services Treatment Facility" means a facility deemed to be a facility of the uniformed services by virtue of section 911(a) of the Military Construction Authorization Act, 1982 (42 U.S.C. 248c(a)).

(c) Evaluation.—(1) Except as provided in paragraph (2), not later than 90 days after the date of the enactment of this Act, the Comptroller General shall submit to Congress the results of an evaluation of the effect on the Uniformed Services Treatment Facilities of the extension of the uniform benefit fee and copayment schedule to the Uniformed Services Treatment Facilities. The evaluation shall include an examination of whether the benefit fee and copayment schedule may—

(A) cause adverse selection of enrollees;
(B) be inappropriate for a fully at-risk program similar to civilian health maintenance organizations; or
(C) result in an enrolled population dissimilar to the general beneficiary population.

(2) The Comptroller General shall not be required to prepare or submit the evaluation under paragraph (1) if the Uniformed Services Treatment Facilities fail to satisfactorily comply with subsection (b), as determined by the Comptroller General.

**SEC. 1003. IMPROVED FUNDING MECHANISMS FOR UNBUDGETED OPERATIONS.**

(a) Revision of Funding Mechanism.—(1) Section 127a of title 10, United States Code, is amended to read as follows:
§ 127a. Operations for which funds are not provided in advance: funding mechanisms

(a) IN GENERAL.—(1) The Secretary of Defense shall use the procedures prescribed by this section with respect to any operation specified in paragraph (2) that involves—

(A) the deployment (other than for a training exercise) of elements of the Armed Forces for a purpose other than a purpose for which funds have been specifically provided in advance; or

(B) the provision of humanitarian assistance, disaster relief, or support for law enforcement (including immigration control) for which funds have not been specifically provided in advance.

(2) This section applies to—

(A) any operation the incremental cost of which is expected to exceed $50,000,000; and

(B) any other operation the expected incremental cost of which, when added to the expected incremental costs of other operations that are currently ongoing, is expected to result in a cumulative incremental cost of ongoing operations of the Department of Defense in excess of $100,000,000.

Any operation the incremental cost of which is expected not to exceed $10,000,000 shall be disregarded for the purposes of subparagraph (B).

(3) Whenever an operation to which this section applies is commenced or subsequently becomes covered by this section, the Secretary of Defense shall designate and identify that operation for the purposes of this section and shall promptly notify Congress of that designation (and of the identification of the operation).

(4) This section does not provide authority for the President or the Secretary of Defense to carry out any operation, but establishes mechanisms for the Department of Defense by which funds are provided for operations that the armed forces are required to carry out under some other authority.

(b) WAIVER OF REQUIREMENT TO REIMBURSE SUPPORT UNITS.—(1) The Secretary of Defense shall direct that, when a unit of the Armed Forces participating in an operation described in subsection (a) receives services from an element of the Department of Defense that operates through the Defense Business Operations Fund (or a successor fund), such unit of the Armed Forces may not be required to reimburse that element for the incremental costs incurred by that element in providing such services, notwithstanding any other provision of law or any Government accounting practice.

(2) The amounts which but for paragraph (1) would be required to be reimbursed to an element of the Department of Defense (or a fund) shall be recorded as an expense attributable to the operation and shall be accounted for separately.

(c) TRANSFER AUTHORITY.—(1) Whenever there is an operation of the Department of Defense described in subsection (a), the Secretary of Defense may transfer amounts described in paragraph (3) to accounts from which incremental expenses for that operation were incurred in order to reimburse those accounts for those incremental expenses. Amounts so transferred shall be merged with and be available for the same purposes as the accounts to which transferred.

(2) The total amount that the Secretary of Defense may transfer under the authority of this section in any fiscal year is $200,000,000.

(3) Transfers under this subsection may only be made from amounts appropriated to the Department of Defense for any fiscal year that remain available for obligation, other than amounts within each operation and maintenance appropriation that are available for (A) an account (known as a budget activity 1 account) that is specified as being for operating forces, or (B) an account (known
as a budget activity 2 account) that is specified as being for mobilization.

“(4) The authority provided by this subsection is in addition to any other authority provided by law authorizing the transfer of amounts available to the Department of Defense. However, the Secretary may not use any such authority under another provision of law for a purpose described in paragraph (1) if there is authority available under this subsection for that purpose.

“(5) The authority provided by this subsection to transfer amounts may not be used to provide authority for an activity that has been denied authorization by Congress.

“(6) A transfer made from one account to another under the authority of this subsection shall be deemed to increase the amount authorized for the account to which the amount is transferred by an amount equal to the amount transferred.

“(d) Report upon Designation of an Operation.—Within 45 days after the Secretary of Defense identifies an operation pursuant to subsection (a)(2), the Secretary of Defense shall submit to Congress a report that sets forth the following:

“(1) The manner by which the Secretary proposes to obtain funds for the cost to the United States of the operation, including a specific discussion of how the Secretary proposes to restore balances in—

“(A) the Defense Business Operations Fund (or a successor fund), or

“(B) the accounts from which the Secretary transfers funds under the authority of subsection (c), to the levels that would have been anticipated but for the provisions of subsection (c).

“(2) If the operation is described in subsection (a)(1)(B), a justification why the budgetary resources of another department or agency of the Federal Government, instead of resources of the Department of Defense, are not being used for carrying out the operation.

“(3) The objectives of the operation.

“(4) The estimated duration of the operation and of any deployment of armed forces personnel in such operation.

“(5) The estimated incremental cost of the operation to the United States.

“(6) The exit criteria for the operation and for the withdrawal of the elements of the armed forces involved in the operation.

“(e) Limitations.—(1) The Secretary may not restore balances in the Defense Business Operations Fund through increases in rates charged by that fund in order to compensate for costs incurred and not reimbursed due to subsection (b).

“(2) The Secretary may not restore balances in the Defense Business Operations Fund or any other fund or account through the use of unobligated amounts in an operation and maintenance appropriation that are available within that appropriation for (A) an account (known as a budget activity 1 account) that is specified as being for operating forces, or (B) an account (known as a budget activity 2 account) that is specified as being for mobilization.

“(f) Submission of Requests for Supplemental Appropriations.—It is the sense of Congress that whenever there is an operation described in subsection (a), the President should, not later than 90 days after the date on which notification is provided pursuant to subsection (a)(3), submit to Congress a request for the enactment of supplemental appropriations for the then-current fiscal year in order to provide funds to replenish the Defense Business Operations Fund or any other fund or account of the Department of Defense from which funds for the incremental expenses of that operation were derived under this section and should, as necessary, submit subsequent requests for the enactment of such appropriations.
“(g) Incremental Costs.—For purposes of this section, incremental costs of the Department of Defense with respect to an operation are the costs of the Department that are directly attributable to the operation (and would not have been incurred but for the operation). Incremental costs do not include the cost of property or services acquired by the Department that are paid for by a source outside the Department or out of funds contributed by such a source.

“(h) Relationship to War Powers Resolution.—This section may not be construed as altering or superseding the War Powers Resolution. This section does not provide authority to conduct any military operation.

“(i) GAO Compliance Reviews.—The Comptroller General of the United States shall from time to time, and when requested by a committee of Congress, conduct a review of the defense funding structure under this section to determine whether the Department of Defense is complying with the requirements and limitations of this section.”.

(2) The item relating to section 127a in the table of sections at the beginning of chapter 3 of such title is amended to read as follows:

“127a. Operations for which funds are not provided in advance: funding mechanisms.”

(b) Effective Date.—The amendment to section 127a of title 10, United States Code, made by subsection (a) shall take effect on the date of the enactment of this Act and shall apply to any operation of the Department of Defense that is in effect on or after that date, whether such operation is begun before, on, or after such date of enactment. In the case of an operation begun before such date, any reference in such section to the commencement of such operation shall be treated as referring to the effective date under the preceding sentence.

SEC. 1013. CONTRACT OPTIONS FOR LMSR VESSELS.

(a) Findings.—Congress makes the following findings:

(1) A requirement for the Department of the Navy to acquire 19 large, medium-speed, roll-on/roll-off (LMSR) vessels was established by the Secretary of Defense in the Mobility Requirements Study conducted after the Persian Gulf War pursuant to section 909 of the National Defense Authorization Act for Fiscal Year 1991 (Public Law 101–510; 104 Stat. 1623) and was revalidated by the Secretary of Defense in the report entitled “Mobility Requirements Study Bottom-Up Review Update”, submitted to Congress in April 1995.

(2) The Strategic Sealift Program is a vital element of the national military strategy calling for the Nation to be able to fight and win two nearly simultaneous major regional contingencies.

(3) The Secretary of the Navy has entered into contracts with shipyards covering acquisition of a total of 17 such LMSR vessels, of which five are vessel conversions and 12 are new construction vessels. Under those contracts, the Secretary has placed orders for the acquisition of 11 vessels and has options for the acquisition of six more, all of which would be new construction vessels. The options allow the Secretary to place orders for one vessel to be constructed at each of two shipyards for award before December 31, 1995, December 31, 1996, and December 31, 1997, respectively.

(4) Acquisition of an additional two such LMSR vessels, for a total of 19 vessels (the requirement described in paragraph (1)) would contribute to preservation of the industrial base of United States shipyards capable of building auxiliary and sealift vessels.
DEFENSE ACTS

PUBLIC LAW 104-106—FEB. 10, 1996

(b) SENSE OF CONGRESS.—It is the sense of Congress that the Secretary of the Navy should plan for, and budget to provide for, the acquisition as soon as possible of a total of 19 large, medium-speed, roll-on/roll-off (LMSR) vessels (the number determined to be required in the Mobility Requirements Study referred to in subsection (a)(1)), rather than only 17 such vessels (the number of vessels under contract as of May 1995).

(c) ADDITIONAL NEW CONSTRUCTION CONTRACT OPTION.—The Secretary of the Navy should negotiate with each of the two shipyards holding new construction contracts referred to in subsection (a)(3) (Department of the Navy contracts numbered N00024-93-C-2203 and N00024-93-C-2205) for an option under each such contract for construction of one additional such LMSR vessel, with such option to be available to the Secretary for exercise during 1995, 1996, or 1997, subject to the availability of funds authorized and appropriated for such purpose. Nothing in this subsection shall be construed to preclude the Secretary of the Navy from competing the award of the two options between the two shipyards holding new construction contracts referred to in subsection (a)(3).

(d) REPORT.—The Secretary of the Navy shall submit to the congressional defense committees, by March 31, 1996, a report stating the intentions of the Secretary regarding the acquisition of options for the construction of two additional LMSR vessels as described in subsection (c).

(I) appropriate transfers of individual and Government contributions are made to the Civil Service Retirement and Disability Fund; and

(E) ALTERNATIVE ELECTION FOR AN INDIVIDUAL THEN PARTICIPATING IN A NAFI RETIREMENT SYSTEM.—

(I) is then currently participating in any retirement system established for employees described in section 2105(c) of title 5, United States Code (in this subparagraph referred to as a "NAFI retirement system"); and

Section 1423(d) of the National Defense Authorization Act for Fiscal Year 1994 (Public Law 103–160; 107 Stat. 1832) is amended—

(3) by inserting “(1)” before “For purposes of”; and

(4) by adding at the end the following new paragraph:
"(2) The term does not include command detonated antipersonnel land mines (such as the M18A1 ‘Claymore’ mine)."

SEC. 1402. REPORTS ON MORATORIUM ON USE BY ARMED FORCES OF ANTIPERSONNEL LANDMINES.

Not later than April 30 of each of 1996, 1997, and 1998, the Chairman of the Joint Chiefs of Staff shall submit to the congressional defense committees a report on the projected effects of a moratorium on the defensive use of antipersonnel mines and antitank mines by the Armed Forces. The report shall include a discussion of the following matters:

1. The extent to which current doctrine and practices of the Armed Forces on the defensive use of antipersonnel mines and antitank mines adhere to applicable international law.

2. The effects that a moratorium would have on the defensive use of the current United States inventory of remotely delivered, self-destructing antitank systems, antipersonnel mines, and antitank mines.

4. The cost of clearing the antipersonnel minefields currently protecting Naval Station Guantanamo Bay, Cuba, and other United States installations.

5. The cost of replacing antipersonnel mines in such minefields with substitute systems such as the Claymore mine, and the level of protection that would be afforded by use of such a substitute.

6. The extent to which the defensive use of antipersonnel mines and antitank mines by the Armed Forces is a source of civilian casualties around the world, and the extent to which the United States, and the Department of Defense particularly, contributes to alleviating the illegal and indiscriminate use of such munitions.

7. The extent to which the threat to the security of United States forces during operations other than war and combat operations would increase as a result of such a moratorium.

SEC. 1403. EXTENSION AND AMENDMENT OF COUNTER-PROLIFERATION AUTHORITIES.

(a) One-Year Extension of Program.—Section 1505 of the Weapons of Mass Destruction Control Act of 1992 (title XV of Public Law 102-484; 22 U.S.C. 5859a) is amended—

SEC. 1404. LIMITATION ON RETIREMENT OR DISMANTLEMENT OF STRATEGIC NUCLEAR DELIVERY SYSTEMS.

(a) SENSE OF CONGRESS.—It is the sense of Congress that, unless and until the START II Treaty enters into force, the Secretary of Defense should not take any action to retire or dismantle, or to prepare to retire or dismantle, any of the following strategic nuclear delivery systems:

(1) B-52H bomber aircraft.
(2) Trident ballistic missile submarines.
(3) Minuteman III intercontinental ballistic missiles.
(4) Peacekeeper intercontinental ballistic missiles.

(b) LIMITATION ON USE OF FUNDS.—Funds available to the Department of Defense may not be obligated or expended during fiscal year 1996 for retiring or dismantling, or for preparing to retire or dismantle, any of the strategic nuclear delivery systems specified in subsection (a).

SEC. 1405. CONGRESSIONAL FINDINGS AND SENSE OF CONGRESS CONCERNING TREATY VIOLATIONS.

(a) REAFFIRMATION OF PRIOR FINDINGS CONCERNING THE KRASNOYARSK RADAR.—Congress, noting its previous findings with respect to the large phased-array radar of the Soviet Union known as the “Krasnoyarsk radar” stated in paragraphs (1) through (4) of section 902(a) of the National Defense Authorization Act for Fiscal Years 1988 and 1989 (Public Law 100–180; 101 Stat. 1135) (and reaffirmed in section 1006(a) of the National Defense Authorization Act for Fiscal Years 1990 and 1991 (Public Law 101–189; 103 Stat. 1543)), hereby reaffirms those findings as follows:

(1) The 1972 Anti-Ballistic Missile Treaty prohibits each party from deploying ballistic missile early warning radars except at locations along the periphery of its national territory and oriented outward.

(2) The 1972 Anti-Ballistic Missile Treaty prohibits each party from deploying an ABM system to defend its national territory and from providing a base for any such nationwide defense.

(3) Large phased-array radars were recognized during negotiation of the Anti-Ballistic Missile Treaty as the critical long lead-time element of a nationwide defense against ballistic missiles.

(4) In 1983 the United States discovered the construction, in the interior of the Soviet Union near the town of Krasnoyarsk, of a large phased-array radar that has subsequently been judged to be for ballistic missile early warning and tracking.

(b) FURTHER REFERENCE TO 1987 CONGRESSIONAL STATEMENTS.—Congress further notes that in section 902 of the National Defense Authorization Act for Fiscal Years 1988 and 1989 (Public Law 100–180; 101 Stat. 1135) Congress also—
PUBLIC LAW 104-106—FEB. 10, 1996

(1) noted that the President had certified that the Krasnoyarsk radar was an unequivocal violation of the 1972 Anti-Ballistic Missile Treaty; and

(2) stated it to be the sense of the Congress that the Soviet Union was in violation of its legal obligation under that treaty.

(c) FURTHER REFERENCE TO 1989 CONGRESSIONAL STATEMENTS.—Congress further notes that in section 1006(b) of the National Defense Authorization Act for Fiscal Years 1990 and 1991 (Public Law 101-189; 103 Stat. 1543) Congress also—

(1) again noted that in 1987 the President declared that radar to be a clear violation of the 1972 Anti-Ballistic Missile Treaty and noted that on October 23, 1989, the Foreign Minister of the Soviet Union conceded that the Krasnoyarsk radar is a violation of the 1972 Anti-Ballistic Missile Treaty; and

(2) stated it to be the sense of the Congress that the Soviet Union should dismantle the Krasnoyarsk radar expeditiously and without conditions and that until such radar was completely dismantled it would remain a clear violation of the 1972 Anti-Ballistic Missile Treaty.

(d) ADDITIONAL FINDINGS.—Congress also finds, with respect to the Krasnoyarsk radar, that retired Soviet General Y.V. Votintsev, Director of the Soviet National Air Defense Forces from 1967 to 1985, has publicly stated—

(1) that he was directed by the Chief of the Soviet General staff to locate the large phased-array radar at Krasnoyarsk despite the recognition by Soviet authorities that the location of such a radar at that location would be a clear violation of the 1972 Anti-Ballistic Missile Treaty; and

(2) that Marshal D.F. Ustinov, Soviet Minister of Defense, threatened to relieve from duty any Soviet officer who continued to object to the construction of a large-phased array radar at Krasnoyarsk.

(e) SENSE OF CONGRESS CONCERNING SOVIET TREATY VIOLATIONS.—It is the sense of Congress that the government of the Soviet Union intentionally violated its legal obligations under the 1972 Anti-Ballistic Missile Treaty in order to advance its national security interests.

(f) SENSE OF CONGRESS CONCERNING COMPLIANCE BY RUSSIA WITH ARMS CONTROL OBLIGATIONS.—In light of subsections (a) through (e), it is the sense of Congress that the United States should remain vigilant in ensuring compliance by Russia with its arms control obligations and should, when pursuing future arms control agreements with Russia, bear in mind violations of arms control obligations by the Soviet Union.

SEC. 1406. SENSE OF CONGRESS ON RATIFICATION OF CHEMICAL WEAPONS CONVENTION AND START II TREATY.

(a) FINDINGS.—Congress makes the following findings:

(1) Proliferation of chemical or nuclear weapons materials poses a danger to United States national security, and the threat or use of such materials by terrorists would directly threaten United States citizens at home and abroad.

(2) Events such as the March 1995 terrorist release of a chemical nerve agent in the Tokyo subway, the threatened use of chemical weapons during the 1991 Persian Gulf War, and the widespread use of chemical weapons during the Iran-Iraq War of the 1980's are all potent reminders of the menace posed by chemical weapons, of the fact that the threat of chemical weapons is not sufficiently addressed, and of the need to outlaw the development, production, and possession of chemical weapons.

(3) The Chemical Weapons Convention negotiated and signed by President Bush would make it more difficult for would-be proliferators, including terrorists, to acquire or use
chemical weapons, if ratified and fully implemented, as signed, by all signatories.

(4) United States military authorities, including Chairman of the Joint Chiefs of Staff General John Shalikashvili, have stated that United States military forces will deter and respond to chemical weapons threats with a robust chemical defense and an overwhelming superior conventional response, as demonstrated in the Persian Gulf War, and have testified in support of the ratification of the Chemical Weapons Convention.

(5) The United States intelligence community has testified that the Convention will provide new and important sources of information, through regular data exchanges and routine and challenge inspections, to improve the ability of the United States to assess the chemical weapons status in countries of concern.

(6) The Convention has not entered into force for lack of the requisite number of ratifications.

(7) Russia has signed the Convention, but has not yet ratified it.

(8) There have been reports by Russian sources of continued Russian production and testing of chemical weapons, including a statement by a spokesman of the Russian Ministry of Defense on December 5, 1994, that “We cannot say that all chemical weapons production and testing has stopped altogether.”

(9) The Convention will impose a legally binding obligation on Russia and other nations that possess chemical weapons and that ratify the Convention to cease offensive chemical weapons activities and to destroy their chemical weapons stockpiles and production facilities.

(10) The United States must be prepared to exercise fully its rights under the Convention, including the request of challenge inspections when warranted, and to exercise leadership in pursuing punitive measures against violators of the Convention, when warranted.

(11) The United States should strongly encourage full implementation at the earliest possible date of the terms and conditions of the United States-Russia bilateral chemical weapons destruction agreement signed in 1990.

(12) The START II Treaty negotiated and signed by President Bush would help reduce the danger of potential proliferators, including terrorists, acquiring nuclear warheads and materials, and would contribute to United States-Russian bilateral efforts to secure and dismantle nuclear warheads, if ratified and fully implemented as signed by both parties.

(13) It is in the national security interest of the United States to take effective steps to make it more difficult for proliferators or would-be terrorists to obtain chemical or nuclear materials for use in weapons.

(14) The President has urged prompt Senate action on, and advice and consent to ratification of, the START II Treaty and the Chemical Weapons Convention.

(15) The Chairman of the Joint Chiefs of Staff has testified to Congress that ratification and full implementation of both treaties by all parties is in the United States national interest and has strongly urged prompt Senate advice and consent to their ratification.

(b) SENSE OF CONGRESS.—It is the sense of Congress that the United States, Russia, and all other parties to the START II Treaty and the Chemical Weapons Convention should promptly ratify and fully implement, as negotiated, both treaties.

SEC. 1407. IMPLEMENTATION OF ARMS CONTROL AGREEMENTS.

(a) FUNDING.—Of the amounts appropriated pursuant to authorizations in sections 102, 103, 104, 201, and 301, the Secretary of Defense may use an amount not to exceed $239,941,000 for
implementing arms control agreements to which the United States is a party.

(b) Limitation.—(1) Funds made available pursuant to subsection (a) for the costs of implementing an arms control agreement may not (except as provided in paragraph (2)) be used to reimburse expenses incurred by any other party to the agreement for which (without regard to any executive agreement or any policy not part of an arms control agreement)—

(A) the other party is responsible under the terms of the arms control agreement; and

(B) the United States has no responsibility under the agreement.

(2) The limitation in paragraph (1) does not apply to a use of funds to carry out an arms control expenses reimbursement policy of the United States described in subsection (c).

(c) Covered Arms Control Expenses Reimbursement Policies.—Subsection (b)(2) applies to a policy of the United States to reimburse expenses incurred by another party to an arms control agreement if—

1. the policy does not modify any obligation imposed by the arms control agreement;

2. the President—

(A) issued or approved the policy before the date of the enactment of this Act; or

(B) entered into an agreement on the policy with the government of another country or approved an agreement on the policy entered into by an official of the United States and the government of another country; and

3. the President has notified the designated congressional committees of the policy or the policy agreement (as the case may be), in writing, at least 30 days before the date on which the President issued or approved the policy or has entered into or approved the policy agreement.

1. The term “arms control agreement” means an arms control treaty or other form of international arms control agreement.

“(c) Terms and conditions.—(1) The conveyance or lease of property or facilities under this section shall be for such consideration and upon such terms and conditions as the Secretary concerned considers appropriate for the purposes of this subchapter and to protect the interests of the United States.

“(2) As part or all of the consideration for a conveyance or lease under this section, the purchaser or lessor (as the case may be) shall enter into an agreement with the Secretary to ensure that a suitable preference will be afforded members of the armed forces and their dependents in the lease or sublease of a reasonable number of the housing units covered by the conveyance or lease, as the case may be, or in the lease of other suitable housing units made available by the purchaser or lessee.

“(d) Inapplicability of certain property management laws.—The conveyance or lease of property or facilities under this section shall not be subject to the following provisions of law:

(C) Enable users to make on-line computer comparisons of the prices, features, and performance of similar products and services offered by various vendors.

(2) The FACNET architecture shall be used to place orders under the multiple award schedules in a fiscal year for an amount equal to at least 60 percent of the total amount spent for all orders under the multiple award schedules in that fiscal year.

(c) Streamlined Procedures.—

(1) Pilot Program.—Upon certification by the Administrator of General Services that the FACNET architecture meets the requirements of subsection (b)(1) and was used as required by subsection (b)(2) in the fiscal year preceding the fiscal year in which the certification is made, the Administrator for Federal Procurement Policy may establish a pilot program to test streamlined procedures for the procurement of information technology products and services available for ordering through the multiple award schedules.

(2) Applicability to Multiple Award Schedule Contracts.—Except as provided in paragraph (4), the pilot program shall be applicable to all multiple award schedule contracts for the purchase of information technology and shall test the following procedures:

(ii) The effect that the streamlined procedures under the pilot program have on prices charged under multiple award schedule contracts.

(iii) The effect that such procedures have on paperwork requirements for multiple award schedule contracts and orders.

(iv) The impact of the pilot program on small businesses and socially and economically disadvantaged small businesses.

4. WITHDRAWAL OF SCHEDULE OR PORTION OF SCHEDULE FROM PILOT PROGRAM.—The Administrator may withdraw a multiple award schedule or portion of a schedule from the pilot program if the Administrator determines that (A) price competition is not available under such schedule or portion thereof, or (B) the cost to the Government for that schedule or portion thereof for the previous year was higher than it would have been if the contracts for such schedule or portion thereof had been awarded using procedures that would apply if the pilot program were not in effect. The Administrator shall notify Congress at least 30 days before the date on which the Administrator withdraws a schedule or portion thereof under this paragraph. The authority under this paragraph may not be delegated.

5. TERMINATION OF PILOT PROGRAM.—Unless reauthorized by law, the authority of the Administrator to award contracts under the pilot program shall expire four years after the date on which the pilot program is established. SEC. 2. FINDINGS; PURPOSE.

(a) FINDINGS.—Congress finds the following:

(1) A combination of accumulated operating deficits, cash shortages, management inefficiencies, and deficit spending in the current fiscal year have created a fiscal emergency in the District of Columbia.

(2) As a result of its current financial problems and management inefficiencies, the District of Columbia government fails to provide its citizens with effective and efficient services in areas such as education, health care, crime prevention, trash collection, drug abuse treatment and prevention, human services delivery, and the supervision and training of government personnel.

(3) The current financial and management problems of the District government have already adversely affected the long-term economic health of the District of Columbia by causing the migration of residents and businesses out of the District of Columbia and the failure of new residents and businesses to move to the District of Columbia.

(4) The fiscal and management problems in the District of Columbia government are pervasive across all segments of the government.

(5) A comprehensive approach to fiscal, management, and structural problems must be undertaken which exempts no part of the District government and which preserves home rule for the citizens of the District of Columbia.

(6) The current deficit of the District of Columbia must be resolved over a multi-year period, since it cannot be effectively addressed in a single year.

(7) The ability of the District government to obtain funds from capital markets in the future will be severely diminished without Congressional action to restore its financial stability.

(8) The failure to improve the financial situation of the District government will adversely affect the long-term economic health of the entire National Capital region.

(9) The efficient operation of the Federal Government may be adversely affected by the current problems of the District of Columbia not only through the services the District government provides directly to the Federal Government but through services provided indirectly such as street and traffic flow maintenance, public safety, and services affecting tourism.

(b) PURPOSE.—The purposes of this Act are as follows:

(1) To eliminate budget deficits and cash shortages of the District of Columbia through visionary financial planning, sound budgeting, accurate revenue forecasts, and careful spending.

(2) To ensure the most efficient and effective delivery of services, including public safety services, by the District government during a period of fiscal emergency.

(3) To conduct necessary investigations and studies to determine the fiscal status and operational efficiency of the District government.

(4) To assist the District government in—

(A) restructuring its organization and workforce to ensure that the residents of the District of Columbia are served by a local government that is efficient and effective;

(B) achieving an appropriate relationship with the Federal Government;

(C) ensuring the appropriate and efficient delivery of services; and
(D) modernizing its budget, accounting, personnel, procurement, information technology, and management systems to ensure the maximum financial and performance accountability of the District government and its officers and employees.

(5) To enhance the District government's access to the capital markets and to ensure the continued orderly payment of its debt service obligations.

(6) To ensure the long-term financial, fiscal, and economic vitality and operational efficiency of the District of Columbia.

(7) To examine the programmatic and structural relationship between the District government and the Federal Government.

(8) To provide for the review of the financial impact of activities of the District government before such activities are implemented or submitted for Congressional review.

(c) RULES OF CONSTRUCTION.—Nothing in this Act may be construed—

(1) to relieve any obligations existing as of the date of the enactment of this Act of the District government to repay any individual or entity from whom the District has borrowed funds, whether through the issuance of bonds or otherwise;

(2) to limit the authority of Congress to exercise ultimate legislative authority over the District of Columbia pursuant to Article I, section 8, clause 17 of the Constitution of the United States;

(3) to amend, supersede, or alter the provisions of title 11 of the District of Columbia Code, or sections 431 through 434, 445, and 602(a)(4) of the District of Columbia Self-Government and Governmental Reorganization Act (pertaining to the organization, powers, and jurisdiction of the District of Columbia courts); or

``(ii) encourage production of marginal resources on producing or non-producing leases; through primary, secondary, or tertiary recovery means, reduce or eliminate any royalty or net profit share set forth in the lease(s). With the lessee’s consent, the Secretary may make other modifications to the royalty or net profit share terms of the lease in order to achieve these purposes.

“(C)(i) Notwithstanding the provisions of this Act other than this subparagraph, with respect to any lease or unit in existence on the date of enactment of the Outer Continental Shelf Deep Water Royalty Relief Act meeting the requirements of this subparagraph, no royalty payments shall be due on new production, as defined in clause (iv) of this subparagraph, from any lease or unit located in water depths of 200 meters or greater in the Western and Central Planning Areas of the Gulf of Mexico, including that portion of the Eastern Planning Area of the Gulf of Mexico encompassing whole lease blocks lying west of 87 degrees, 30 minutes West longitude, until such volume of production as determined pursuant to clause (ii) has been produced by the lessee.

“(ii) Upon submission of a complete application by the lessee, the Secretary shall determine within 180 days of such application whether new production from such lease or unit would be economic in the absence of the relief from the requirement to pay royalties provided for by clause (i) of this subparagraph. In making such determination, the Secretary shall consider the increased technological and financial risk of deep water development and all costs...
associated with exploring, developing, and producing from the lease. The lessee shall provide information required for a complete application to the Secretary prior to such determination. The Secretary shall clearly define the information required for a complete application under this section. Such application may be made on the basis of an individual lease or unit. If the Secretary determines that such new production would be economic in the absence of the relief from the requirement to pay royalties provided for by clause (i) of this subparagraph, the provisions of clause (i) shall not apply to such production. If the Secretary determines that such new production would not be economic in the absence of the relief from the requirement to pay royalties provided for by clause (i), the Secretary must determine the volume of production from the lease or unit on which no royalties would be due in order to make such new production economically viable, except that for new production as defined in clause (iv)(I), in no case will that volume be less than 17.5 million barrels of oil equivalent in water depths of 200 to 400 meters, 52.5 million barrels of oil equivalent in 400–800 meters of water, and 87.5 million barrels of oil equivalent in water depths greater than 800 meters. Redetermination of the applicability of clause (i) shall be undertaken by the Secretary when requested by the lessee prior to the commencement of the new production and upon significant change in the factors upon which the original determination was made. The Secretary shall make such redetermination within 120 days of submission of a complete application. The Secretary may extend the time period for making any determination or redetermination under this clause for 30 days, or longer if agreed to by the applicant, if circumstances so warrant. The lessee shall be notified in writing of any determination or redetermination and the reasons for and assumptions used for such determination. Any determination or redetermination under this clause shall be a final agency action. The Secretary's determination or redetermination shall be judicially reviewable under section 10(a) of the Administrative Procedures Act (5 U.S.C. 702), only for actions filed within 30 days of the Secretary's determination or redetermination.

“(iii) In the event that the Secretary fails to make the determination or redetermination called for in clause (ii) upon application by the lessee within the time period, together with any extension thereof, provided for by clause (ii), no royalty payments shall be due on new production as follows:

“(I) For new production, as defined in clause (iv)(I) of this subparagraph, no royalty shall be due on such production according to the schedule of minimum volumes specified in clause (ii) of this subparagraph.

“(II) For new production, as defined in clause (iv)(II) of this subparagraph, no royalty shall be due on such production for one year following the start of such production.

“(iv) For purposes of this subparagraph, the term ‘new production’ is—

“(I) any production from a lease from which no royalties are due on production, other than test production, prior to the date of enactment of the Outer Continental Shelf Deep Water Royalty Relief Act; or

“(II) any production resulting from lease development activities pursuant to a Development Operations Coordination Document, or supplement thereto that would expand production significantly beyond the level anticipated in the Development Operations Coordination Document, approved by the Secretary after the date of enactment of the Outer Continental Shelf Deep Water Royalty Relief Act.

“(v) During the production of volumes determined pursuant to clauses (ii) or (iii) of this subparagraph, in any year during which the arithmetic average of the closing prices on the New York Mercantile Exchange for light sweet crude oil exceeds $28.00
per barrel, any production of oil will be subject to royalties at
the lease stipulated royalty rate. Any production subject to this
clause shall be counted toward the production volume determined
pursuant to clause (ii) or (iii). Estimated royalty payments will
be made if such average of the closing prices for the previous
year exceeds $28.00. After the end of the calendar year, when
the new average price can be calculated, lessees will pay any
royalties due, with interest but without penalty, or can apply for
a refund, with interest, of any overpayment.

“(vi) During the production of volumes determined pursuant
to clause (ii) or (iii) of this subparagraph, in any year during
which the arithmetic average of the closing prices on the New
York Mercantile Exchange for natural gas exceeds $3.50 per million
British thermal units, any production of natural gas will be subject
to royalties at the lease stipulated royalty rate. Any production
subject to this clause shall be counted toward the production volume
determined pursuant to clauses (ii) or (iii). Estimated royalty pay-
ments will be made if such average of the closing prices for the
previous year exceeds $3.50. After the end of the calendar year,
when the new average price can be calculated, lessees will pay
any royalties due, with interest but without penalty, or can apply
for a refund, with interest, of any overpayment.

“(vii) The prices referred to in clauses (v) and (vi) of this
subparagraph shall be changed during any calendar year after
1994 by the percentage, if any, by which the implicit price deflator
for the gross domestic product changed during the preceding cal-
endar year.”.

of production saved, removed, or sold, and with suspension
of royalties for a period, volume, or value of production deter-
mined by the Secretary, which suspensions may vary based
on the price of production from the lease; or”.

PUBLIC LAW 104-45—NOV. 8, 1995

Public Law 104-45
104th Congress

An Act

To provide for the relocation of the United States Embassy in Israel to Jerusalem, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the “Jerusalem Embassy Act of 1995”.

SEC. 2. FINDINGS.

The Congress makes the following findings:

(1) Each sovereign nation, under international law and custom, may designate its own capital.

(2) Since 1950, the city of Jerusalem has been the capital of the State of Israel.

(3) The city of Jerusalem is the seat of Israel’s President, Parliament, and Supreme Court, and the site of numerous government ministries and social and cultural institutions.

(4) The city of Jerusalem is the spiritual center of Judaism, and is also considered a holy city by the members of other religious faiths.

(5) From 1948-1967, Jerusalem was a divided city and Israeli citizens of all faiths as well as Jewish citizens of all states were denied access to holy sites in the area controlled by Jordan.

(6) In 1967, the city of Jerusalem was reunited during the conflict known as the Six Day War.

(7) Since 1967, Jerusalem has been a united city administered by Israel, and persons of all religious faiths have been guaranteed full access to holy sites within the city.

(8) This year marks the 28th consecutive year that Jerusalem has been administered as a unified city in which the rights of all faiths have been respected and protected.

(9) In 1990, the Congress unanimously adopted Senate Concurrent Resolution 106, which declares that the Congress “strongly believes that Jerusalem must remain an undivided city in which the rights of every ethnic and religious group are protected”.

(10) In 1992, the United States Senate and House of Representatives unanimously adopted Senate Concurrent Resolution 113 of the One Hundred Second Congress to commemorate the 25th anniversary of the reunification of Jerusalem, and reaffirming congressional sentiment that Jerusalem must remain an undivided city.

(11) The September 13, 1993, Declaration of Principles on Interim Self-Government Arrangements lays out a timetable for the resolution of “final status” issues, including Jerusalem.

(12) The Agreement on the Gaza Strip and the Jericho Area was signed May 4, 1994, beginning the five-year transitional period laid out in the Declaration of Principles.

(13) In March of 1995, 93 members of the United States Senate signed a letter to Secretary of State Warren Christopher encouraging “planning to begin now” for relocation of the United States Embassy to the city of Jerusalem.
(14) In June of 1993, 257 members of the United States House of Representatives signed a letter to the Secretary of State Warren Christopher stating that the relocation of the United States Embassy to Jerusalem “should take place no later than . . . 1999”.

(15) The United States maintains its embassy in the functioning capital of every country except in the case of our democratic friend and strategically ally, the State of Israel.

(16) The United States conducts official meetings and other business in the city of Jerusalem in de facto recognition of its status as the capital of Israel.

(17) In 1996, the State of Israel will celebrate the 3,000th anniversary of the Jewish presence in Jerusalem since King David’s entry.

SEC. 3. TIMETABLE.

(a) Statement of the Policy of the United States.—

(1) Jerusalem should remain an undivided city in which the rights of every ethnic and religious group are protected;

(2) Jerusalem should be recognized as the capital of the State of Israel; and

(3) the United States Embassy in Israel should be established in Jerusalem no later than May 31, 1999.

(b) Opening Determination.—Not more than 50 percent of the funds appropriated to the Department of State for fiscal year 1999 for “Acquisition and Maintenance of Buildings Abroad” may be obligated until the Secretary of State determines and reports to Congress that the United States Embassy in Jerusalem has officially opened.

SEC. 4. FISCAL YEARS 1996 AND 1997 FUNDING.

(a) Fiscal Year 1996.—Of the funds authorized to be appropriated for “Acquisition and Maintenance of Buildings Abroad” for the Department of State in fiscal year 1996, not less than $25,000,000 should be made available until expended only for construction and other costs associated with the establishment of the United States Embassy in Israel in the capital of Jerusalem.

(b) Fiscal Year 1997.—Of the funds authorized to be appropriated for “Acquisition and Maintenance of Buildings Abroad” for the Department of State in fiscal year 1997, not less than $75,000,000 should be made available until expended only for construction and other costs associated with the establishment of the United States Embassy in Israel in the capital of Jerusalem.

SEC. 5. REPORT ON IMPLEMENTATION.

Not later than 30 days after the date of enactment of this Act, the Secretary of State shall submit a report to the Speaker of the House of Representatives and the Committee on Foreign Relations of the Senate detailing the Department of State’s plan to implement this Act. Such report shall include—

(1) estimated dates of completion for each phase of the establishment of the United States Embassy, including site identification, land acquisition, architectural, engineering and construction surveys, site preparation, and construction; and

(2) an estimate of the funding necessary to implement this Act, including all costs associated with establishing the United States Embassy in Israel in the capital of Jerusalem.

SEC. 6. SEMIANNUAL REPORTS.

At the time of the submission of the President’s fiscal year 1997 budget request, and every six months thereafter, the Secretary of State shall report to the Speaker of the House of Representatives and the Committee on Foreign Relations of the Senate on the progress made toward opening the United States Embassy in Jerusalem.
SEC. 7. PRESIDENTIAL WAIVER.

(a) WAIVER AUTHORITY.—(1) Beginning on October 1, 1998, the President may suspend the limitation set forth in section 3(b) for a period of six months if he determines and reports to Congress in advance that such suspension is necessary to protect the national security interests of the United States.

(2) The President may suspend such limitation for an additional six month period at the end of any period during which the suspension is in effect under this subsection if the President determines and reports to Congress in advance of the additional suspension that the additional suspension is necessary to protect the national security interests of the United States.

(3) A report under paragraph (1) or (2) shall include—

(A) a statement of the interests affected by the limitation that the President seeks to suspend; and

(B) a discussion of the manner in which the limitation affects the interests.

(b) APPLICABILITY OF WAIVER TO AVAILABILITY OF FUNDS.—If the President exercises the authority set forth in subsection (a) in a fiscal year, the limitation set forth in section 3(b) shall apply to funds appropriated in the following fiscal year for the purpose set forth in such section 3(b) except to the extent that the limitation is suspended in such following fiscal year by reason of the exercise of the authority in subsection (a).

SEC. 8. DEFINITION.

As used in this Act, the term “United States Embassy” means the offices of the United States diplomatic mission and the residence of the United States chief of mission.

TITLE I—NATIONAL HIGHWAY SYSTEM

SEC. 101. NATIONAL HIGHWAY SYSTEM DESIGNATION.
(a) In General.—Section 103(b) of title 23, United States Code, is amended by adding at the end the following:

“(5) DESIGNATION OF NHS.—The National Highway System as submitted by the Secretary of Transportation on the map entitled ‘Official Submission, National Highway System, Federal Highway Administration’, and dated November 13, 1995, is hereby designated within the United States, including the District of Columbia and the Commonwealth of Puerto Rico.

“(6) MODIFICATIONS TO NHS.—

“(A) IN GENERAL.—Subject to paragraph (7), the Secretary may make modifications to the National Highway System that are proposed by a State or that are proposed by the State and revised by the Secretary if the Secretary determines that each of the modifications—

“(i) meets the criteria established for the National Highway System under this title; and

“(ii) enhances the national transportation characteristics of the National Highway System.

“(B) COOPERATION.—In proposing modifications under this paragraph, a State shall cooperate with local and regional officials. In urbanized areas, the local officials shall act through the metropolitan planning organizations designated for such areas under section 134.

“(7) TRANSITIONAL RULES FOR INTERMODAL CONNECTORS.—

“(A) REQUIRED SUBMISSION.—Not later than 180 days after the date of the enactment of the National Highway System Designation Act of 1995, the Secretary shall submit for approval to the Committee on Environment and Public
SEC. 201. FINDINGS AND PURPOSES.

(a) FINDINGS.—Congress finds and declares that—

(1) Federal infrastructure spending on transportation is critical to the efficient movement of goods and people in the United States;

(2) section 1003(c) of the Intermodal Surface Transportation Efficiency Act of 1991 (105 Stat. 1921) has been estimated...
to result in fiscal year 1996 transportation spending being reduced by as much as $2,700,000,000;
(3) such section 1003(c) will result in a reduction of critical funds to States from the Highway Trust Fund; and
(4) the funding reduction will have adverse effects on the national economy and the predictability of funding for the Nation’s highway system and impede interstate commerce.

(b) PURPOSES.—The purposes of this title are—
(1) to make the program categories in the Federal-aid highway program more flexible so that States may fund high-priority projects in fiscal year 1996;
(2) to reallocate funds from certain programs during fiscal year 1996 so that the States will be able to continue their core transportation infrastructure programs;
(3) to ensure the equitable distribution of funds to urbanized areas with a population over 200,000 in a manner consistent with the Intermodal Surface Transportation Efficiency Act of 1991; and
(4) to suspend certain penalties that would be imposed on the States.

SEC. 202. FUNDING RESTORATION.

(a) IN GENERAL.—Not later than the 10th day following the date of the enactment of this Act and on October 1, 1997, or as soon as possible thereafter, the Secretary shall allocate among the States the amounts made available, as a result of section 203, to carry out this section for fiscal years 1996 and 1997, respectively, for projects eligible for assistance under chapter 1 of title 23, United States Code.

The program shall provide that the Secretary, within 120 days after receiving an application for participation in the program from an employer, shall determine whether to exempt some or all of the eligible vehicles operated by the applicant, and some or all of the drivers of such vehicles employed by the applicant, from some or all of the regulations prescribed under this section and sections 504 and 31502—

“(i) if the applicant has a satisfactory safety rating issued by the Secretary or meets criteria established by the Secretary pursuant to subparagraph (J) instead of such rating; and

“(ii) if the applicant and the Secretary enter into an agreement that provides that the applicant while participating in the program—

“(I) shall operate safely;

“(II) shall provide the Secretary with accident and nonconfidential insurance-related information relevant to the safety performance of the applicant and vehicles and drivers of the applicant subject to the program;

“(III) shall use in the program only drivers with good safety records in the preceding 36 months and who maintain such good safety records while in the program; and

“(IV) shall implement such safety management controls as the Secretary (in cooperation with the applicant) determines are necessary to carry out the objectives of this subsection.

“(B) SAFETY MANAGEMENT CONTROLS.—Safety management controls implemented by participants in the program shall be designed to achieve a level of operational safety
equal to or greater than that resulting from compliance with the regulations prescribed under this section and sections 504 and 31502.

"(F) MODIFICATIONS TO REFLECT CHANGES IN REGULATIONS.—If there is a material change in the regulations prescribed under this section or section 504 or 31502, the Secretary shall require each participant in the program to modify the safety management controls applicable to such participant, and the agreement provided for in subparagraph (A)(ii), to the extent necessary to reflect the material change.

"(G) MONITORING.—The Secretary and participants in the program shall monitor periodically the safety of vehicles and drivers subject to the program.

"(ii) LIMITATION.—Notwithstanding clause (i), the program shall take effect on or before the 270th day following the date of the enactment of this paragraph. If the rulemaking described in clause (i) is not completed on or before such 270th day, the Secretary shall
issue interim criteria, consistent with this section, pending the completion of the rulemaking described in this subsection.

“(ii) used in transporting material found by the Secretary to be hazardous under section 5103 and transported in a quantity requiring placarding under the regulations issued under such section.

“(3) REVIEW OF REGULATIONS.—Based in part on the information and experience obtained from the program, the Secretary shall conduct a zero-based review of the need for, and the costs and benefits of, all regulations prescribed under this section and sections 504 and 31502 to determine whether and to what extent such regulations should apply to eligible vehicles. The review shall focus on the appropriate level of safety that is in the public interest and the paperwork and regulatory burdens of such regulations as the regulations apply to employers and employees that use such vehicles. The Secretary shall complete the review by the last day of the 3-year period beginning on the date of the enactment of this paragraph. (2) TRANSPORTATION AND OPERATION OF GROUND WATER WELL DRILLING RIGS.—Such regulations shall, in the case of a driver of a commercial motor vehicle who is used primarily in the transportation and operation of a ground water well drilling rig, permit any period of 7 or 8 consecutive days to end with the beginning of an off-duty period of 24 or more consecutive hours for the purposes of determining maximum driving and on-duty time.

(3) TRANSPORTATION OF CONSTRUCTION MATERIALS AND EQUIPMENT.—Such regulations shall, in the case of a driver of a commercial motor vehicle who is used primarily in the transportation of construction materials and equipment, permit any period of 7 or 8 consecutive days to end with the beginning of an off-duty period of 24 or more consecutive hours for the purposes of determining maximum driving and on-duty time.

(4) DRIVERS OF UTILITY SERVICE VEHICLES.—Such regulations shall, in the case of a driver of a utility service vehicle, permit any period of 7 or 8 consecutive days to end with the beginning of an off-duty period of 24 or more consecutive

Such waiver authority shall only apply in a case where the employee is needed to operate the vehicle because the employee of the eligible unit of local government who ordinarily operates the vehicle and who has a commercial drivers license is unable to operate the vehicle or is in need of additional assistance due to a snow emergency.

(b) **Preemption.**—Nothing contained in this section shall require the preemption of State laws and regulations concerning the safe operation of commercial motor vehicles as the result of exemptions from Federal requirements provided under this section.

(c) **Review by the Secretary.**—The Secretary may conduct a rulemaking proceeding to determine whether granting any exemption provided by subsection (a) (other than paragraph (2)) is not in the public interest and would have a significant adverse impact on the safety of commercial motor vehicles. If, at any time as a result of such a proceeding, the Secretary determines that granting such exemption would not be in the public interest and would have a significant adverse impact on the safety of commercial motor vehicles, the Secretary may prevent the exemption from going into effect, modify the exemption, or revoke the exemption. The Secretary may develop a program to monitor the exemption, including agreements with carriers to permit the Secretary to examine insurance information maintained by an insurer on a carrier.

(d) **Report.**—The Secretary shall monitor the commercial motor vehicle safety performance of drivers of vehicles that are subject to an exemption under this section. If the Secretary determines that public safety has been adversely affected by an exemption granted under this section, the Secretary shall report to Congress on the determination.

(e) **Definitions.**—In this section, the following definitions apply:

(1) **7 or 8 Consecutive Days.**—The term “7 or 8 consecutive days” means the period of 7 or 8 consecutive days beginning on any day at the time designated by the motor carrier for a 24-hour period.

(4) **Transportation of Construction Materials and Equipment.**—The term “transportation of construction materials and equipment” means the transportation of construction and pavement materials, construction equipment, and construction maintenance vehicles, by a driver to or from an active construction site (a construction site between initial mobilization of equipment and materials to the site to the final completion of the construction project) within a 50 air mile radius of the normal work reporting location of the driver. This paragraph does not apply to the transportation of material found by the Secretary to be hazardous under section 5103 of title

(C) except for any occasional emergency use, operated primarily within the service area of a utility’s subscribers or consumers, without regard to whether the vehicle is owned, leased, or rented by the utility.

The Secretary may approve up to 5 States to participate in the pilot program during the winter heating season in the 6-month period beginning on November 1, 1996.

(b) Approval criteria.—The Secretary shall select States to participate in the pilot program upon approval of applications submitted by States to the Secretary. (2) current maximum on-duty time regulations may endanger the welfare of these citizens by impeding timely deliveries of home heating oil;

(3) the State will ensure an equal to or greater level of safety with respect to home heating oil deliveries than the level of safety resulting from compliance with the regulations referred to in subsection (a);

(4) the State will monitor the safety of home heating oil deliveries while participating in the program;

(6) the State will only permit employers of deliverers of home heating oil with satisfactory safety records to be covered by the program; and

(7) the State will comply with such other criteria as the Secretary determines are necessary to implement the program consistent with this section.

(c) Participation in Program.—Upon approval of an application of a State under this section, the Secretary shall permit the State to participate in the pilot program for an initial period of 15 days during the winter heating season of the State (as determined by the Governor and the Secretary). If, after the last day of such 15-day period, the Secretary finds that a State's continued participation in the program is consistent with this section and has resulted in no significant adverse impact on public safety and is in the public interest, the Secretary shall extend the State's participation in the program for periods of up to 30 additional days during such heating season.

(d) Suspension from Program.—The Secretary may suspend a State's participation in the program at any time if the Secretary finds—

(1) that the State has not complied with any of the criteria for participation in the program under this section;

(2) that a State's participation in the program has caused a significant adverse impact on public safety and is not in the public interest; or

(3) the existence of an emergency.

(e) Review by Secretary.—Within 90 days after the completion of the pilot program, the Secretary shall initiate a rulemaking to determine, based in part on the results of the program, whether to—

(1) permit a State to grant waivers of the regulations referred to in subsection (a) to motor carriers transporting home heating oil within the borders of the State, subject to such conditions as the Secretary may impose, if the Secretary determines that such waivers by the State meet the conditions in section 31136(e) of title 49, United States Code; or

(2) amend the regulations referred to in subsection (a) as may be necessary to provide flexibility to motor carriers delivering home heating oil during winter periods of peak demand.

(f) Definition.—In this section, the term “7 or 8 consecutive days” has the meaning such term has under section 345 of this Act.

(a) In General.—The Administrator of the Environmental Protection Agency (hereinafter in this section referred to as the “Administrator”) shall not require adoption or implementation by a State of a test-only I/M240 enhanced vehicle inspection and

The Administrator shall approve the program based on the full amount of credits proposed by the State for each element of the program if the proposed credits reflect good faith estimates by the State and the revision is otherwise in compliance with such Act.

If, within such 120-day period, the State submits to the Administrator proposed revisions to the implementation plan, has all of the statutory authority necessary to implement the revisions, and has proposed a regulation to make the revisions, the Administrator may approve the revisions without regard to whether or not such regulation has been issued as a final regulation by the State.

(2) Expiration of interim approval.—The interim approval shall expire on the earlier of (A) the last day of the 18-month period beginning on the date of the interim approval, or (B) the date of final approval. The interim approval may not be extended.

(3) Final approval.—The Administrator shall grant final approval of the revision based on the credits proposed by the State during or after the period of interim approval if data collected on the operation of the State program demonstrates that the credits are appropriate and the revision is otherwise in compliance with the Clean Air Act.

(4) Basis of approval; no automatic discount.—Any determination with respect to interim or full approval shall be based on the elements of the program and shall not apply any automatic discount because the program is decentralized or a test-and-repair program.

TITe IV—WOODROW WILSON MEMORIAL BRIDGE

SEC. 401. SHORT TITLE.
This title may be cited as the "Woodrow Wilson Memorial Bridge Authority Act of 1995".

SEC. 402. FINDINGS.

Congress finds that—
(1) traffic congestion imposes serious economic burdens on the metropolitan Washington, D.C., area, costing each commuter an estimated $1,000 per year;
(2) the volume of traffic in the metropolitan Washington, D.C., area is expected to increase by more than 70 percent between 1990 and 2020;
(3) the deterioration of the Woodrow Wilson Memorial Bridge and the growing population of the metropolitan Washington, D.C., area contribute significantly to traffic congestion;
(4) the Bridge serves as a vital link in the Interstate System and in the Northeast corridor;
(5) identifying alternative methods for maintaining this vital link of the Interstate System is critical to addressing the traffic congestion of the area;
(6) the Bridge is—
(A) the only drawbridge in the metropolitan Washington, D.C., area on the Interstate System;
(B) the only segment of the Capital Beltway with only 6 lanes; and
(C) the only segment of the Capital Beltway with a remaining expected life of less than 10 years;
(7) the Bridge is the only part of the Interstate System owned by the Federal Government;
(8)(A) the Bridge was constructed by the Federal Government;
(B) prior to the date of the enactment of this Act, the Federal Government has contributed 100 percent of the cost of building and rehabilitating the Bridge; and
(C) the Federal Government has a continuing responsibility to fund future costs associated with the upgrading of the Interstate Route 95 crossing, including the rehabilitation and reconstruction of the Bridge;
(9) the Woodrow Wilson Memorial Bridge Coordination Committee is undertaking planning studies pertaining to the Bridge, consistent with the National Environmental Policy Act of 1969 (42 U.S.C. 4321 et seq.) and other applicable Federal laws;
(10) the transfer of ownership of the Bridge to a regional entity under the terms and conditions described in this title would foster regional transportation planning efforts to identify solutions to the growing problem of traffic congestion on and around the Bridge;
(11) any material change to the Bridge must take into account the interests of nearby communities, the commuting public, Federal, State, and local government organizations, and other affected groups; and
(12) a commission of congressional, State, and local officials and transportation representatives has recommended to the Secretary that the Bridge be transferred to an independent authority to be established by the Capital Region jurisdictions.

(4) to employ, in the discretion of the Authority, such personnel and agents as may be necessary to carry out the purposes of the Authority (including consulting engineers, attorneys, accountants, construction and financial experts, superintendents, and managers) and to fix the compensation and benefits of the employees and agents, except that—
   (A) an employee of the Authority shall not engage in an activity described in section 7116(b)(7) of title 5, United States Code, with respect to the Authority; and
   (B) an employment agreement entered into by the Authority shall contain an explicit prohibition against an activity described in subparagraph (A) with respect to the Authority by an employee covered by the agreement;
(5) to acquire personal and real property (including land lying under water and riparian rights), or any easement or other interest in real property, by purchase, lease, gift, transfer, or exchange;
(6) to exercise such powers of eminent domain in the Capital Region jurisdictions as are conferred on the Authority by the Signatories, in the exercise of the powers and the performance of the duties of the Authority;
(7) to apply for and accept any property, material, service, payment, appropriation, grant, gift, loan, advance, or other fund that is transferred or made available to the Authority by the Federal Government or by any other public or private entity or individual;
(8) to borrow money on a short-term basis and issue notes of the Authority for the borrowing payable on such terms and conditions as the Board considers advisable, and to issue long-term or short-term bonds in the discretion of the Authority for any purpose consistent with this title, which notes and bonds—
   (A) shall not constitute a debt of the United States (or any political subdivision of the United States), or a general obligation of a Capital Region jurisdiction (or any political subdivision of a Capital Region jurisdiction), unless consented to by the jurisdiction or political subdivision; and
   (B) may be secured solely by the general revenues of the Authority, or solely by the income and revenues of the Bridge or a new crossing of the Potomac River constructed as part of the Project, or by other revenues in the discretion of the Authority;
(9) to fix, revise, charge, and collect any reasonable toll or other charge;
(10) to enter into any contract or agreement necessary or appropriate to the performance of the duties of the Authority or the proper operation of the Bridge or a new crossing of the Potomac River constructed as part of the Project;

(15) to appoint 1 or more advisory committees;

(16) to sue and be sued in the name of the Authority;

(17) to carry out or contract with other entities to carry out such maintenance of traffic activities during construction of the Project as is considered necessary by the Authority to properly manage traffic and minimize congestion, such as public information campaigns, improvements designed to encourage appropriate use of alternative routes, use of high occupancy vehicles and transit services, and deployment and operation of intelligent transportation technologies; and

(18) to carry out any activity necessary or appropriate to the exercise of the powers or performance of the duties of the Authority under this title and under any interstate agreement or compact relating to the Authority that is consistent with this title, if the activity is coordinated and consistent with the transportation planning process implemented by the metropolitan planning organization for the Washington, District of Columbia, metropolitan area under section 134 of title 23, United States Code, and section 5303 of title 49, United States Code.

"§ 10101. Rail transportation policy

"In regulating the railroad industry, it is the policy of the United States Government—

“(1) to allow, to the maximum extent possible, competition and the demand for services to establish reasonable rates for transportation by rail;

“(2) to minimize the need for Federal regulatory control over the rail transportation system and to require fair and expeditious regulatory decisions when regulation is required;

“(3) to promote a safe and efficient rail transportation system by allowing rail carriers to earn adequate revenues, as determined by the Board;

“(4) to ensure the development and continuation of a sound rail transportation system with effective competition among rail carriers and with other modes, to meet the needs of the public and the national defense;

“(5) to foster sound economic conditions in transportation and to ensure effective competition and coordination between rail carriers and other modes;

“(6) to maintain reasonable rates where there is an absence of effective competition and where rail rates provide revenues which exceed the amount necessary to maintain the rail system and to attract capital;

“(7) to reduce regulatory barriers to entry into and exit from the industry;

“(8) to operate transportation facilities and equipment without detriment to the public health and safety;

“(9) to encourage honest and efficient management of railroads;

“(10) to require rail carriers, to the maximum extent practicable, to rely on individual rate increases, and to limit the use of increases of general applicability;

“(11) to encourage fair wages and safe and suitable working conditions in the railroad industry;

“(12) to prohibit predatory pricing and practices, to avoid undue concentrations of market power, and to prohibit unlawful discrimination;

“(13) to ensure the availability of accurate cost information in regulatory proceedings, while minimizing the burden on rail carriers of developing and maintaining the capability of providing such information;

“(14) to encourage and promote energy conservation; and

“(15) to provide for the expeditious handling and resolution of all proceedings required or permitted to be brought under this part.

"§ 10102. Definitions

“In this part—

“(1) ‘Board’ means the Surface Transportation Board;

“(2) ‘car service’ includes (A) the use, control, supply, movement, distribution, exchange, interchange, and return of locomotives, cars, other vehicles, and special types of equipment used in the transportation of property by a rail carrier, and (B) the supply of trains by a rail carrier;

“(3) ‘control’, when referring to a relationship between persons, includes actual control, legal control, and the power to exercise control, through or by (A) common directors, officers,
stockholders, a voting trust, or a holding or investment company, or (B) any other means;

"(4) 'person', in addition to its meaning under section 1 of title 1, includes a trustee, receiver, assignee, or personal representative of a person;

"(5) 'rail carrier' means a person providing common carrier railroad transportation for compensation, but does not include street, suburban, or interurban electric railways not operated as part of the general system of rail transportation;

"(6) 'railroad' includes—

"(A) a bridge, car float, lighter, ferry, and intermodal equipment used by or in connection with a railroad;

"CHAPTER 105—JURISDICTION

"Sec. 10501. General jurisdiction.

"10502. Authority to exempt rail carrier transportation.

"§ 10501. General jurisdiction

"(a)(1) Subject to this chapter, the Board has jurisdiction over transportation by rail carrier that is—

"(A) only by railroad; or

"(B) by railroad and water, when the transportation is under common control, management, or arrangement for a continuous carriage or shipment.

"(2) Jurisdiction under paragraph (1) applies only to transportation in the United States between a place in—

"(A) a State and a place in the same or another State as part of the interstate rail network;

"(B) a State and a place in a territory or possession of the United States;

"(C) a territory or possession of the United States and a place in another such territory or possession;

"(D) a territory or possession of the United States and another place in the same territory or possession;

"(E) the United States and another place in the United States through a foreign country; or

"(F) the United States and a place in a foreign country.

"(b) The jurisdiction of the Board over—

"(1) transportation by rail carriers, and the remedies provided in this part with respect to rates, classifications, rules (including car service, interchange, and other operating rules), practices, routes, services, and facilities of such carriers; and

"(2) the construction, acquisition, operation, abandonment, or discontinuance of spur, industrial, team, switching, or side
tracks, or facilities, even if the tracks are located, or intended to be located, entirely in one State, is exclusive. Except as otherwise provided in this part, the remedies provided under this part with respect to regulation of rail transportation are exclusive and preempt the remedies provided under Federal or State law.

“(c)(1) In this subsection—

“(A) the term ‘local governmental authority’—

“(i) has the same meaning given that term by section 5302(a) of this title; and

“(ii) includes a person or entity that contracts with the local governmental authority to provide transportation services; and

“(B) the term ‘mass transportation’ means transportation services described in section 5302(a) of this title that are provided by rail.

“(2) Except as provided in paragraph (3), the Board does not have jurisdiction under this part over mass transportation provided by a local governmental authority.

“(3)(A) Notwithstanding paragraph (2) of this subsection, a local governmental authority, described in paragraph (2), is subject to applicable laws of the United States related to—

“(i) safety;

“(ii) the representation of employees for collective bargaining; and

“(iii) employment, retirement, annuity, and unemployment systems or other provisions related to dealings between employees and employers.

“(B) The Board has jurisdiction under sections 11102 and 11103 of this title over transportation provided by a local governmental authority only if the Board finds that such governmental authority meets all of the standards and requirements for being a rail carrier providing transportation subject to the jurisdiction of the Interstate Commerce Commission that were in effect immediately before the effective date of the ICC Termination Act of 1995. The enactment of the ICC Termination Act of 1995 shall neither expand nor contract coverage of employees and employers by the Railway Labor Act, the Railroad Retirement Act of 1974, the Railroad Retirement Tax Act, and the Railroad Unemployment Insurance Act.

“§ 10502. Authority to exempt rail carrier transportation

“(a) In a matter related to a rail carrier providing transportation subject to the jurisdiction of the Board under this part, the Board, to the maximum extent consistent with this part, shall exempt a person, class of persons, or a transaction or service whenever the Board finds that the application in whole or in part of a provision of this part—

“(1) is not necessary to carry out the transportation policy of section 10101 of this title; and

“(2) either—

“(A) the transaction or service is of limited scope; or

“(B) the application in whole or in part of the provision is not needed to protect shippers from the abuse of market power.

“(b) The Board may, where appropriate, begin a proceeding under this section on its own initiative or on application by the Secretary of Transportation or an interested party. The Board shall, within 90 days after receipt of any such application, determine whether to begin an appropriate proceeding. If the Board decides not to begin a class exemption proceeding, the reasons for the decision shall be published in the Federal Register. Any proceeding begun as a result of an application under this subsection shall be completed within 9 months after it is begun.

“(c) The Board may specify the period of time during which an exemption granted under this section is effective.
“(d) The Board may revoke an exemption, to the extent it specifies, when it finds that application in whole or in part of a provision of this part to the person, class, or transportation is necessary to carry out the transportation policy of section 10101 of this title. The Board shall, within 90 days after receipt of a request for revocation under this subsection, determine whether to begin an appropriate proceeding. If the Board decides not to begin a proceeding to revoke a class exemption, the reasons for the decision shall be published in the Federal Register. Any proceeding begun as a result of a request under this subsection shall be completed within 9 months after it is begun.

“(e) No exemption order issued pursuant to this section shall operate to relieve any rail carrier from an obligation to provide contractual terms for liability and claims which are consistent with the provisions of section 11706 of this title. Nothing in this subsection or section 11706 of this title shall prevent rail carriers from offering alternative terms nor give the Board the authority to require any specific level of rates or services based upon the provisions of section 11706 of this title.

“(f) The Board may exercise its authority under this section to exempt transportation that is provided by a rail carrier as part of a continuous intermodal movement.

“(g) The Board may not exercise its authority under this section to relieve a rail carrier of its obligation to protect the interests of employees as required by this part.”

“10747. Designation of certain routes by shippers.

“SUBCHAPTER I—GENERAL AUTHORITY

“§ 10701. Standards for rates, classifications, through routes, rules, and practices

“(a) A through route established by a rail carrier must be reasonable. Divisions of joint rates by rail carriers must be made without unreasonable discrimination against a participating carrier and must be reasonable.

“(b) A rail carrier providing transportation subject to the jurisdiction of the Board under this part may not discriminate in its rates against a connecting line of another rail carrier providing transportation subject to the jurisdiction of the Board under this part or unreasonably discriminate against that line in the distribution of traffic that is not routed specifically by the shipper.
(c) Except as provided in subsection (d) of this section and unless a rate is prohibited by a provision of this part, a rail carrier providing transportation subject to the jurisdiction of the Board under this part may establish any rate for transportation or other service provided by the rail carrier.

(d)(1) If the Board determines, under section 10707 of this title, that a rail carrier has market dominance over the transportation to which a particular rate applies, the rate established by such carrier for such transportation must be reasonable.

(2) In determining whether a rate established by a rail carrier is reasonable for purposes of this section, the Board shall give due consideration to—

(A) the amount of traffic which is transported at revenues which do not contribute to going concern value and the efforts made to minimize such traffic;

(B) the amount of traffic which contributes only marginally to fixed costs and the extent to which, if any, rates on such traffic can be changed to maximize the revenues from such traffic; and

(C) the carrier’s mix of rail traffic to determine whether one commodity is paying an unreasonable share of the carrier’s overall revenues, recognizing the policy of this part that rail carriers shall earn adequate revenues, as established by the Board under section 10704(a)(2) of this title.

(3) The Board shall, within one year after the effective date of this paragraph, complete the pending Interstate Commerce Commission non-coal rate guidelines proceeding to establish a simplified and expedited method for determining the reasonableness of challenged rail rates in those cases in which a full stand-alone cost presentation is too costly, given the value of the case.

§ 10702. Authority for rail carriers to establish rates, classifications, rules, and practices

A rail carrier providing transportation or service subject to the jurisdiction of the Board under this part shall establish reasonable—

(1) rates, to the extent required by section 10707, divisions of joint rates, and classifications for transportation and service it may provide under this part; and

(2) rules and practices on matters related to that transportation or service.

§ 10703. Authority for rail carriers to establish through routes

Rail carriers providing transportation subject to the jurisdiction of the Board under this part shall establish through routes (including physical connections) with each other and with water carriers providing transportation subject to chapter 137, shall establish rates and classifications applicable to those routes, and shall establish rules for their operation and provide—

(1) reasonable facilities for operating the through route; and

(2) reasonable compensation to persons entitled to compensation for services related to the through route.

§ 10704. Authority and criteria: rates, classifications, rules, and practices prescribed by Board

(a)(1) When the Board, after a full hearing, decides that a rate charged or collected by a rail carrier for transportation subject to the jurisdiction of the Board under this part, or that a classification, rule, or practice of that carrier, does or will violate this part, the Board may prescribe the maximum rate, classification, rule, or practice to be followed. The Board may order the carrier to stop the violation. When a rate, classification, rule, or practice
is prescribed under this subsection, the affected carrier may not publish, charge, or collect a different rate and shall adopt the classification and observe the rule or practice prescribed by the Board.

“(2) The Board shall maintain and revise as necessary standards and procedures for establishing revenue levels for rail carriers providing transportation subject to its jurisdiction under this part that are adequate, under honest, economical, and efficient management, to cover total operating expenses, including depreciation and obsolescence, plus a reasonable and economic profit or return (or both) on capital employed in the business. The Board shall make an adequate and continuing effort to assist those carriers in attaining revenue levels prescribed under this paragraph. Revenue levels established under this paragraph should—

“(A) provide a flow of net income plus depreciation adequate to support prudent capital outlays, assure the repayment of a reasonable level of debt, permit the raising of needed equity capital, and cover the effects of inflation; and

“(B) attract and retain capital in amounts adequate to provide a sound transportation system in the United States.

“(3) On the basis of the standards and procedures described in paragraph (2), the Board shall annually determine which rail carriers are earning adequate revenues.

“(b) The Board may begin a proceeding under this section only on complaint. A complaint under subsection (a) of this section must be made under section 11701 of this title, but the proceeding may also be in extension of a complaint pending before the Board.

“(c) In a proceeding to challenge the reasonableness of a rate, the Board shall make its determination as to the reasonableness of the challenged rate—

“(1) within 9 months after the close of the administrative record if the determination is based upon a stand-alone cost presentation; or

“(2) within 6 months after the close of the administrative record if the determination is based upon the methodology adopted by the Board pursuant to section 10701(d)(3).

“(d) Within 9 months after the effective date of the ICC Termination Act of 1995, the Board shall establish procedures to ensure expeditious handling of challenges to the reasonableness of railroad rates. The procedures shall include appropriate measures for avoiding delay in the discovery and evidentiary phases of such proceedings and exemption or revocation proceedings, including appropriate sanctions for such delay, and for ensuring prompt disposition of motions and interlocutory administrative appeals.

“§ 10705. Authority: through routes, joint classifications, rates, and divisions prescribed by Board

“(a)(1) The Board may, and shall when it considers it desirable in the public interest, prescribe through routes, joint classifications, joint rates, the division of joint rates, and the conditions under which those routes must be operated, for a rail carrier providing transportation subject to the jurisdiction of the Board under this part.

“(2) The Board may require a rail carrier to include in a through route substantially less than the entire length of its railroad and any intermediate railroad operated with it under common management or control if that intermediate railroad lies between the terminals of the through route only when—

“(A) required under section 10741, 10742, or 11102 of this title;

“(B) inclusion of those lines would make the through route unreasonably long when compared with a practicable alternative through route that could be established; or
TRANSPORTATION ACTS

PUBLIC LAW 104–88—DEC. 29, 1995

“(C) the Board decides that the proposed through route is needed to provide adequate, and more efficient or economic, transportation.

The Board shall give reasonable preference, subject to this subsection, to the rail carrier originating the traffic when prescribing through routes.

“(b) The Board shall prescribe the division of joint rates to be received by a rail carrier providing transportation subject to its jurisdiction under this part when it decides that a division of joint rates established by the participating carriers under section 10703 of this title, or under a decision of the Board under subsection (a) of this section, does or will violate section 10701 of this title.

“(c) If a division of a joint rate prescribed under a decision of the Board is later found to violate section 10701 of this title, the Board may decide what division would have been reasonable and order adjustment to be made retroactive to the date the complaint was filed, the date the order for an investigation was made, or a later date that the Board decides is justified. The Board may make a decision under this subsection effective as part of its original decision.

§ 10706. Rate agreements: exemption from antitrust laws

“(a)(1) In this subsection—

“(A) the term ‘affiliate’ means a person controlling, controlled by, or under common control or ownership with another person and ‘ownership’ refers to equity holdings in a business entity of at least 5 percent;

“(B) the term ‘single-line rate’ refers to a rate or allowance proposed by a single rail carrier that is applicable only over its line and for which the transportation (exclusive of terminal services by switching, drayage or other terminal carriers or agencies) can be provided by that carrier; and

“(C) the term ‘practically participates in the movement’ shall have such meaning as the Board shall by regulation prescribe.

“(2)(A) A rail carrier providing transportation subject to the jurisdiction of the Board under this part that is a party to an agreement of at least 2 rail carriers that relates to rates (including charges between rail carriers and compensation paid or received for the use of facilities and equipment), classifications, divisions, or rules related to them, or procedures for joint consideration, initiation, publication, or establishment of them, shall apply to the Board for approval of that agreement under this subsection. The Board shall approve the agreement only when it finds that the making and carrying out of the agreement will further the transportation policy of section 10101 of this title and may require compliance with conditions necessary to make the agreement further that policy as a condition of its approval. If the Board approves the agreement, it may be made and carried out under its terms and under the conditions required by the Board, and the Sherman Act (15 U.S.C. 1, et seq.), the Clayton Act (15 U.S.C. 12, et seq.), the Federal Trade Commission Act (15 U.S.C. 41, et seq.), sections 73 and 74 of the Wilson Tariff Act (15 U.S.C. 8 and 9), and the Act of June 19, 1936 (15 U.S.C. 13, 13a, 13b, 21a) do not apply to parties and other persons with respect to making or carrying out the agreement. However, the Board may not approve or continue approval of an agreement when the conditions required by it are not met or if it does not receive a verified statement under subparagraph (B) of this paragraph.

“(B) The Board may approve an agreement under subparagraph (A) of this paragraph only when the rail carriers applying for approval file a verified statement with the Board. Each statement must specify for each rail carrier that is a party to the agreement—

“(i) the name of the carrier;
“(ii) the mailing address and telephone number of its head-
quarter’s office; and
“(iii) the names of each of its affiliates and the names,
addresses, and affiliates of each of its officers and directors
and of each person, together with an affiliate, owning or control-
ing any debt, equity, or security interest in it having a value
of at least $1,000,000.
“(3)(A) An organization established or continued under an
agreement approved under this subsection shall make a final dis-
position of a rule or rate docketed with it by the 120th day after
the proposal is docketed. Such an organization may not—
“(i) permit a rail carrier to discuss, to participate in agree-
ments related to, or to vote on single-line rates proposed by
another rail carrier, except that for purposes of general rate
increases and broad changes in rates, classifications, rules,
and practices only, if the Board finds at any time that the
implementation of this clause is not feasible, it may delay
or suspend such implementation in whole or in part;
“(ii) permit a rail carrier to discuss, to participate in agree-
ments related to, or to vote on rates related to a particular
interline movement unless that rail carrier practicably partici-
pates in the movement; or
“(iii) if there are interline movements over two or more
routes between the same end points, permit a carrier to discuss,
to participate in agreements related to, or to vote on rates
except with a carrier which forms part of a particular single
route. If the Board finds at any time that the implementa-
tion of this clause is not feasible, it may delay or suspend such
implementation in whole or in part.
“(B)(i) In any proceeding in which a party alleges that a rail
carrier voted or agreed on a rate or allowance in violation of
this subsection, that party has the burden of showing that the
vote or agreement occurred. A showing of parallel behavior does
not satisfy that burden by itself.
“(ii) In any proceeding in which it is alleged that a carrier
was a party to an agreement, conspiracy, or combination in violation
of a Federal law cited in subsection (a)(2)(A) of this section or
of any similar State law, proof of an agreement, conspiracy, or
combination may not be inferred from evidence that two or more
rail carriers acted together with respect to an interline rate or
related matter and that a party to such action took similar action
with respect to a rate or related matter on another route or traffic.
In any proceeding in which such a violation is alleged, evidence
of a discussion or agreement between or among such rail carrier
and one or more other rail carriers, or of any rate or other action
resulting from such discussion or agreement, shall not be admissible
if the discussion or agreement—
“(I) was in accordance with an agreement approved under
paragraph (2) of this subsection; or
“(II) concerned an interline movement of the rail carrier,
and the discussion or agreement would not, considered by itself,
violate the laws referred to in the first sentence of this clause.
In any proceeding before a jury, the court shall determine whether
the requirements of subclause (I) or (II) are satisfied before allowing
the introduction of any such evidence.
“(C) An organization described in subparagraph (A) of this
paragraph shall provide that transcripts or sound recordings be
made of all meetings, that records of votes be made, and that
such transcripts or recordings and voting records be submitted
to the Board and made available to other Federal agencies in
connection with their statutory responsibilities over rate bureaus,
except that such material shall be kept confidential and shall not
be subject to disclosure under section 552 of title 5, United States
Code.
“(4) Notwithstanding any other provision of this subsection, one or more rail carriers may enter into an agreement, without obtaining prior Board approval, that provides solely for compilation, publication, and other distribution of rates in effect or to become effective. The Sherman Act (15 U.S.C. 1 et seq.), the Clayton Act (15 U.S.C. 12 et seq.), the Federal Trade Commission Act (15 U.S.C. 41 et seq.), sections 73 and 74 of the Wilson Tariff Act (15 U.S.C. 8 and 9), and the Act of June 19, 1936 (15 U.S.C. 13, 13a, 13b, 21a) shall not apply to parties and other persons with respect to making or carrying out such agreement. However, the Board may, upon application or on its own initiative, investigate whether the parties to such an agreement have exceeded its scope, and upon a finding that they have, the Board may issue such orders as are necessary, including an order dissolving the agreement, to ensure that actions taken pursuant to the agreement are limited as provided in this paragraph.

“(5)(A) Whenever two or more shippers enter into an agreement to discuss among themselves that relates to the amount of compensation such shippers propose to be paid by rail carriers providing transportation subject to the jurisdiction of the Board under this part, for use by such rail carriers of rolling stock owned or leased by such shippers, the shippers shall apply to the Board for approval of that agreement under this paragraph. The Board shall approve the agreement only when it finds that the making and carrying out of the agreement will further the transportation policy set forth in section 10101 of this title and may require compliance with conditions necessary to make the agreement further that policy as a condition of approval. If the Board approves the agreement, it may be made and carried out under its terms and under the terms required by the Board, and the antitrust laws set forth in paragraph (2) of this subsection do not apply to parties and other persons with respect to making or carrying out the agreement. The Board shall approve or disapprove an agreement under this paragraph within one year after the date application for approval of such agreement is made.

“(B) If the Board approves an agreement described in subparagraph (A) of this paragraph and the shippers entering into such agreement and the rail carriers proposing to use rolling stock owned or leased by such shippers, under payment by such carriers or under a published allowance, are unable to agree upon the amount of compensation to be paid for the use of such rolling stock, any party directly involved in the negotiations may require that the matter be settled by submitting the issues in dispute to the Board. The Board shall render a binding decision, based upon a standard of reasonableness and after taking into consideration any past precedents on the subject matter of the negotiations, no later than 90 days after the date of the submission of the dispute to the Board.

“(C) Nothing in this paragraph shall be construed to change the law in effect prior to the effective date of the Staggers Rail Act of 1980 with respect to the obligation of rail carriers to utilize rolling stock owned or leased by shippers.

“(b) The Board may require an organization established or continued under an agreement approved under this section to maintain records and submit reports. The Board may inspect a record maintained under this section.

“(c) The Board may review an agreement approved under subsection (a) of this section and shall change the conditions of approval or terminate it when necessary to comply with the public interest and subsection (a). The Board shall postpone the effective date of a change of an agreement under this subsection for whatever period it determines to be reasonably necessary to avoid unreasonable hardship.
"(d) The Board may begin a proceeding under this section on its own initiative or on application. Action of the Board under this section—

"(1) approving an agreement;
"(2) denying, ending, or changing approval;
"(3) prescribing the conditions on which approval is granted; or
"(4) changing those conditions,

has effect only as related to application of the antitrust laws referred to in subsection (a) of this section.

"(e)(1) The Federal Trade Commission, in consultation with the Antitrust Division of the Department of Justice, shall prepare periodically an assessment of, and shall report to the Board on—

"(A) possible anticompetitive features of—

"(i) agreements approved or submitted for approval under subsection (a) of this section; and
"(ii) an organization operating under those agreements;

and

"(B) possible ways to alleviate or end an anticompetitive feature, effect, or aspect in a manner that will further the goals of this part and of the transportation policy of section 10101 of this title.

"(2) Reports received by the Board under this subsection shall be published and made available to the public under section 552(a) of title 5.

§ 10707. Determination of market dominance in rail rate proceedings

"(a) In this section, 'market dominance' means an absence of effective competition from other rail carriers or modes of transportation for the transportation to which a rate applies.

"(b) When a rate for transportation by a rail carrier providing transportation subject to the jurisdiction of the Board under this part is challenged as being unreasonably high, the Board shall determine whether the rail carrier proposing the rate has market dominance over the transportation to which the rate applies. The Board may make that determination on its own initiative or on complaint. A finding by the Board that the rail carrier does not have market dominance is determinative in a proceeding under this part related to that rate or transportation unless changed or set aside by the Board or set aside by a court of competent jurisdiction.

"(c) When the Board finds in any proceeding that a rail carrier proposing or defending a rate for transportation has market dominance over the transportation to which the rate applies, it may then determine that rate to be unreasonable if it exceeds a reasonable maximum for that transportation. However, a finding of market dominance does not establish a presumption that the proposed rate exceeds a reasonable maximum.

"(d)(1)(A) In making a determination under this section, the Board shall find that the rail carrier establishing the challenged rate does not have market dominance over the transportation to which the rate applies if such rail carrier proves that the rate charged results in a revenue-variable cost percentage for such transportation that is less than 180 percent.

(B) For purposes of this section, variable costs for a rail carrier shall be determined only by using such carrier's unadjusted costs, calculated using the Uniform Rail Costing System cost finding methodology (or an alternative methodology adopted by the Board in lieu thereof) and indexed quarterly to account for current wage and price levels in the region in which the carrier operates, with adjustments specified by the Board. A rail carrier may meet its burden of proof under this subsection by establishing its variable costs in accordance with this paragraph, but a shipper may rebut
that showing by evidence of such type, and in accordance with such burden of proof, as the Board shall prescribe.

“(2) A finding by the Board that a rate charged by a rail carrier results in a revenue-variable cost percentage for the transportation to which the rate applies that is equal to or greater than 180 percent does not establish a presumption that—

“(A) such rail carrier has or does not have market dominance over such transportation; or

“(B) the proposed rate exceeds or does not exceed a reasonable maximum.

§ 10708. Rail cost adjustment factor

“(a) The Board shall, as often as practicable, but in no event less often than quarterly, publish a rail cost adjustment factor which shall be a fraction, the numerator of which is the latest published Index of Railroad Costs (which index shall be compiled or verified by the Board, with appropriate adjustments to reflect the change in composition of railroad costs, including the quality and mix of material and labor) and the denominator of which is the same index for the fourth quarter of every fifth year, beginning with the fourth quarter of 1992.

“(b) The rail cost adjustment factor published by the Board under subsection (a) of this section shall take into account changes in railroad productivity. The Board shall also publish a similar index that does not take into account changes in railroad productivity.

§ 10709. Contracts

“(a) One or more rail carriers providing transportation subject to the jurisdiction of the Board under this part may enter into a contract with one or more purchasers of rail services to provide specified services under specified rates and conditions.

“(b) A party to a contract entered into under this section shall have no duty in connection with services provided under such contract other than those duties specified by the terms of the contract.

“(c)(1) A contract that is authorized by this section, and transportation under such contract, shall not be subject to this part, and may not be subsequently challenged before the Board or in any court on the grounds that such contract violates a provision of this part.

“(2) The exclusive remedy for any alleged breach of a contract entered into under this section shall be an action in an appropriate State court or United States district court, unless the parties otherwise agree. This section does not confer original jurisdiction on the district courts of the United States based on section 1331 or 1337 of title 28, United States Code.

“(d)(1) A summary of each contract for the transportation of agricultural products (including grain, as defined in section 3 of the United States Grain Standards Act (7 U.S.C. 75) and products thereof) entered into under this section shall be filed with the Board, containing such nonconfidential information as the Board prescribes. The Board shall publish special rules for such contracts in order to ensure that the essential terms of the contract are available to the general public.

“(2) Documents, papers, and records (and any copies thereof) relating to a contract described in subsection (a) shall not be subject to the mandatory disclosure requirements of section 552 of title 5.

“(e) Any lawful contract between a rail carrier and one or more purchasers of rail service that was in effect on the effective date of the Staggers Rail Act of 1980 shall be considered a contract authorized by this section.

“(f) A rail carrier that enters into a contract as authorized by this section remains subject to the common carrier obligation.
set forth in section 11101, with respect to rail transportation not provided under such a contract.

“(g)(1) No later than 30 days after the date of filing of a summary of a contract under this section, the Board may, on complaint, begin a proceeding to review such contract on the grounds described in this subsection.

“(2)(A) A complaint may be filed under this subsection—

“(i) by a shipper on the grounds that such shipper individually will be harmed because the proposed contract unduly impairs the ability of the contracting rail carrier or carriers to meet their common carrier obligations to the complainant under section 11101 of this title; or

“(ii) by a port only on the grounds that such port individually will be harmed because the proposed contract will result in unreasonable discrimination against such port.

“(B) In addition to the grounds for a complaint described in subparagraph (A) of this paragraph, a complaint may be filed by a shipper of agricultural commodities on the grounds that such shipper individually will be harmed because—

“(i) the rail carrier has unreasonably discriminated by refusing to enter into a contract with such shipper for rates and services for the transportation of the same type of commodity under similar conditions to the contract at issue, and that shipper was ready, willing, and able to enter into such a contract at a time essentially contemporaneous with the period during which the contract at issue was offered; or

“(ii) the proposed contract constitutes a destructive competitive practice under this part.

In making a determination under clause (ii) of this subparagraph, the Board shall consider the difference between contract rates and published single car rates.

“(C) For purposes of this paragraph, the term ‘unreasonable discrimination’ has the same meaning as such term has under section 10741 of this title.

“(3)(A) Within 30 days after the date a proceeding is commenced under paragraph (1) of this subsection, or within such shorter time period after such date as the Board may establish, the Board shall determine whether the contract that is the subject of such proceeding is in violation of this section.

“(B) If the Board determines, on the basis of a complaint filed under paragraph (2)(B)(i) of this subsection, that the grounds for a complaint described in such paragraph have been established with respect to a rail carrier, the Board shall, subject to the provisions of this section, order such rail carrier to provide rates and service substantially similar to the contract at issue with such differentials in terms and conditions as are justified by the evidence.

“(h)(1) Any rail carrier may, in accordance with the terms of this section, enter into contracts for the transportation of agricultural commodities (including forest products, but not including wood pulp, wood chips, pulpwood or paper) involving the utilization of carrier owned or leased equipment not in excess of 40 percent of the capacity of such carrier’s owned or leased equipment by major car type (plain boxcars, covered hopper cars, gondolas and open top hoppers, coal cars, bulkhead flatcars, pulpwood rackcars, and flatbed equipment, including TOFC/COFC).

“(2) The Board may, on request of a rail carrier or other party or on its own initiative, grant such relief from the limitations of paragraph (1) of this subsection as the Board considers appropriate, if it appears that additional equipment may be made available without impairing the rail carrier’s ability to meet its common carrier obligations under section 11101 of this title.

“(3)(A) This subsection shall cease to be effective after September 30, 1998.

“(B) Before October 1, 1997, the National Grain Car Council and the Railroad-Shipper Transportation Advisory Council shall

Termination date.
make recommendations to Congress on whether to extend the effectiveness of or otherwise modify this subsection.

"SUBCHAPTER II—SPECIAL CIRCUMSTANCES

§ 10721. Government traffic

"A rail carrier providing transportation or service for the United States Government may transport property or individuals for the United States Government without charge or at a rate reduced from the applicable commercial rate. Section 3709 of the Revised Statutes (41 U.S.C. 5) does not apply when transportation for the United States Government can be obtained from a rail carrier lawfully operating in the area where the transportation would be provided.

§ 10722. Car utilization

"In order to encourage more efficient use of freight cars, notwithstanding any other provision of this part, rail carriers shall be permitted to establish premium charges for special services or special levels of services not otherwise applicable to the movement. The Board shall facilitate development of such charges so as to increase the utilization of equipment.

"SUBCHAPTER III—LIMITATIONS

§ 10741. Prohibitions against discrimination by rail carriers

"(a)(1) A rail carrier providing transportation or service subject to the jurisdiction of the Board under this part may not subject a person, place, port, or type of traffic to unreasonable discrimination.

"(2) For purposes of this section, a rail carrier engages in unreasonable discrimination when it charges or receives from a person a different compensation for a service rendered, or to be rendered, in transportation the rail carrier may perform under this part than it charges or receives from another person for performing a like and contemporaneous service in the transportation of a like kind of traffic under substantially similar circumstances.

"(b) This section shall not apply to—

"(1) contracts described in section 10709 of this title;

"(2) rail rates applicable to different routes; or

"(3) discrimination against the traffic of another carrier providing transportation by any mode.

"(c) Differences between rates, classifications, rules, and practices of rail carriers do not constitute a violation of this section if such differences result from different services provided by rail carriers.

§ 10742. Facilities for interchange of traffic

"A rail carrier providing transportation subject to the jurisdiction of the Board under this part shall provide reasonable, proper, and equal facilities that are within its power to provide for the interchange of traffic between, and for the receiving, forwarding, and delivering of passengers and property to and from, its respective line and a connecting line of another rail carrier or of a water carrier providing transportation subject to chapter 137.

§ 10743. Liability for payment of rates

"(a)(1) Liability for payment of rates for transportation for a shipment of property by a shipper or consignor to a consignee other than the shipper or consignor, is determined under this subsection when the transportation is provided by a rail carrier under this part. When the shipper or consignor instructs the rail carrier transporting the property to deliver it to a consignee that is an agent only, not having beneficial title to the property, the consignee
is liable for rates billed at the time of delivery for which the consignee is otherwise liable, but not for additional rates that may be found to be due after delivery if the consignee gives written notice to the delivering carrier before delivery of the property—

(A) of the agency and absence of beneficial title; and

(B) of the name and address of the beneficial owner of the property if it is reconsigned or diverted to a place other than the place specified in the original bill of lading.

(2) When the consignee is liable only for rates billed at the time of delivery under paragraph (1) of this subsection, the shipper or consignor, or, if the property is reconsigned or diverted, the beneficial owner, is liable for those additional rates regardless of the bill of lading or contract under which the property was transported. The beneficial owner is liable for all rates when the property is reconsigned or diverted by an agent but is refused or abandoned at its ultimate destination if the agent gave the rail carrier in the reconsignment or diversion order a notice of agency and the name and address of the beneficial owner. A consignee giving the rail carrier, or a reconsignor or diverter giving a rail carrier, erroneous information about the identity of the beneficial owner of the property is liable for the additional rates.

(b) Liability for payment of rates for transportation for a shipment of property by a shipper or consignor, named in the bill of lading as consignee, is determined under this subsection when the transportation is provided by a rail carrier under this part. When the shipper or consignor gives written notice, before delivery of the property, to the line-haul rail carrier that is to make ultimate delivery—

(1) to deliver the property to another party identified by the shipper or consignor as the beneficial owner of the property; and

(2) that delivery is to be made to that party on payment of all applicable transportation rates;

that party is liable for the rates billed at the time of delivery and for additional rates that may be found to be due after delivery if that party does not pay the rates required to be paid under paragraph (2) of this subsection on delivery. However, if the party gives written notice to the delivering rail carrier before delivery that the party is not the beneficial owner of the property and gives the rail carrier the name and address of the beneficial owner, then the party is not liable for those additional rates. A shipper, consignor, or party to whom delivery is made that gives the delivering rail carrier erroneous information about the identity of the beneficial owner, is liable for the additional rates regardless of the bill of lading or contract under which the property was transported. This subsection does not apply to a prepaid shipment of property.

(c)(1) A rail carrier may bring an action to enforce liability under subsection (a) of this section. That rail carrier must bring the action during the period provided in section 11705(a) of this title or by the end of the 6th month after final judgment against it in an action against the consignee, or the beneficial owner named by the consignee or agent, under that section.

(2) A rail carrier may bring an action to enforce liability under subsection (b) of this section. That carrier must bring the action during the period provided in section 11705(a) of this title or by the end of the 6th month after final judgment against it in an action against the shipper, consignor, or other party under that section.

§ 10744. Continuous carriage of freight

“A rail carrier providing transportation or service subject to the jurisdiction of the Board under this part may not enter a combination or arrangement to prevent the carriage of freight from being continuous from the place of shipment to the place of destina-
tion whether by change of time schedule, carriage in different cars, or by other means. The carriage of freight by those rail carriers is considered to be a continuous carriage from the place of shipment to the place of destination when a break of bulk, stoppage, or interruption is not made in good faith for a necessary purpose, and with the intent of avoiding or unnecessarily interrupting the continuous carriage or of evading this part.

§ 10745. Transportation services or facilities furnished by shipper

"A rail carrier providing transportation or service subject to the jurisdiction of the Board under this part may establish a charge or allowance for transportation or service for property when the owner of the property, directly or indirectly, furnishes a service related to or an instrumentality used in the transportation or service. The Board may prescribe the maximum reasonable charge or allowance a rail carrier subject to its jurisdiction may pay for a service or instrumentality furnished under this section. The Board may begin a proceeding under this section on its own initiative or on application.

§ 10746. Demurrage charges

"A rail carrier providing transportation subject to the jurisdiction of the Board under this part shall compute demurrage charges, and establish rules related to those charges, in a way that fulfills the national needs related to—

"(1) freight car use and distribution; and
"(2) maintenance of an adequate supply of freight cars to be available for transportation of property.

§ 10747. Designation of certain routes by shippers

"(a)(1) When a person delivers property to a rail carrier for transportation subject to the jurisdiction of the Board under this part, the person may direct the rail carrier to transport the property over an established through route. When competing rail lines constitute a part of the route, the person shipping the property may designate the lines over which the property will be transported. The designation must be in writing. A rail carrier may be directed to transport property over a particular through route when—

"(A) there are at least 2 through routes over which the property could be transported;
"(B) a through rate has been established for transportation over each of those through routes; and
"(C) the rail carrier is a party to those routes and rates.

"(2) A rail carrier directed to route property transported under paragraph (1) of this subsection must issue a through bill of lading containing the routing instructions and transport the property according to the instructions. When the property is delivered to a connecting rail carrier, that rail carrier must also receive and transport it according to the routing instructions and deliver it to the next succeeding rail carrier or consignee according to the instructions.

"(b) The Board may prescribe exceptions to the authority of a person to direct the movement of traffic under subsection (a) of this section.

"CHAPTER 109—LICENSING

Sec.
10901. Authorizing construction and operation of railroad lines.
10902. Short line purchases by Class II and Class III rail carriers.
10903. Filing and procedure for application to abandon or discontinue.
10904. Offers of financial assistance to avoid abandonment and discontinuance.
10905. Offering abandoned rail properties for sale for public purposes.
10906. Exception.
10907. Railroad development.
§ 10901. Authorizing construction and operation of railroad lines

(a) A person may—

(1) construct an extension to any of its railroad lines;

(2) construct an additional railroad line;

(3) provide transportation over, or by means of, an extended or additional railroad line; or

(4) in the case of a person other than a rail carrier, acquire a railroad line or acquire or operate an extended or additional railroad line, only if the Board issues a certificate authorizing such activity under subsection (c).

(b) A proceeding to grant authority under subsection (a) of this section begins when an application is filed. On receiving the application, the Board shall give reasonable public notice, including notice to the Governor of any affected State, of the beginning of such proceeding.

(c) The Board shall issue a certificate authorizing activities for which such authority is requested in an application filed under subsection (b) unless the Board finds that such activities are inconsistent with the public convenience and necessity. Such certificate may approve the application as filed, or with modifications, and may require compliance with conditions (other than labor protection conditions) the Board finds necessary in the public interest.

(d)(1) When a certificate has been issued by the Board under this section authorizing the construction or extension of a railroad line, no other rail carrier may block any construction or extension authorized by such certificate by refusing to permit the carrier to cross its property if—

(A) the construction does not unreasonably interfere with the operation of the crossed line;

(B) the operation does not materially interfere with the operation of the crossed line; and

(C) the owner of the crossing line compensates the owner of the crossed line.

(2) If the parties are unable to agree on the terms of operation or the amount of payment for purposes of paragraph (1) of this subsection, either party may submit the matters in dispute to the Board for determination. The Board shall make a determination under this paragraph within 120 days after the dispute is submitted for determination.

§ 10902. Short line purchases by Class II and Class III rail carriers

(a) A Class II or Class III rail carrier providing transportation subject to the jurisdiction of the Board under this part may acquire or operate an extended or additional rail line under this section only if the Board issues a certificate authorizing such activity under subsection (c).

(b) A proceeding to grant authority under subsection (a) of this section begins when an application is filed. On receiving the application, the Board shall give reasonable public notice of the beginning of such proceeding.

(c) The Board shall issue a certificate authorizing activities for which such authority is requested in an application filed under subsection (b) unless the Board finds that such activities are inconsistent with the public convenience and necessity. Such certificate may approve the application as filed, or with modifications, and may require compliance with conditions (other than labor protection conditions) the Board finds necessary in the public interest.

(d) The Board shall require any Class II rail carrier which receives a certificate under subsection (c) of this section to provide a fair and equitable arrangement for the protection of the interests...
of employees who may be affected thereby. The arrangement shall consist exclusively of one year of severance pay, which shall not exceed the amount of earnings from railroad employment of the employee during the 12-month period immediately preceding the date on which the application for such certificate is filed with the Board. The amount of such severance pay shall be reduced by the amount of earnings from railroad employment of the employee with the acquiring carrier during the 12-month period immediately following the effective date of the transaction to which the certificate applies. The parties may agree to terms other than as provided in this subsection. The Board shall not require such an arrangement from a Class III rail carrier which receives a certificate under subsection (c) of this section.

§10903. Filing and procedure for application to abandon or discontinue

“(a)(1) A rail carrier providing transportation subject to the jurisdiction of the Board under this part who intends to—

“(A) abandon any part of its railroad lines; or

“(B) discontinue the operation of all rail transportation over any part of its railroad lines,

must file an application relating thereto with the Board. An abandonment or discontinuance may be carried out only as authorized under this chapter.

“(2) When a rail carrier providing transportation subject to the jurisdiction of the Board under this part files an application, the application shall include—

“(A) an accurate and understandable summary of the rail carrier’s reasons for the proposed abandonment or discontinuance;

“(B) a statement indicating that each interested person is entitled to make recommendations to the Board on the future of the rail line; and

“(C)(i) a statement that the line is available for subsidy or sale in accordance with section 10904 of this title, (ii) a statement that the rail carrier will promptly provide to each interested party an estimate of the annual subsidy and minimum purchase price, calculated in accordance with section 10904 of this title, and (iii) the name and business address of the person who is authorized to discuss the subsidy or sale terms for the rail carrier.

“(3) The rail carrier shall—

“(A) send by certified mail notice of the application to the chief executive officer of each State that would be directly affected by the proposed abandonment or discontinuance;

“(B) post a copy of the notice in each terminal and station on each portion of a railroad line proposed to be abandoned or over which all transportation is to be discontinued;

“(C) publish a copy of the notice for 3 consecutive weeks in a newspaper of general circulation in each county in which each such portion is located;

“(D) mail a copy of the notice, to the extent practicable, to all shippers that have made significant use (as designated by the Board) of the railroad line during the 12 months preceding the filing of the application; and

“(E) attach to the application filed with the Board an affidavit certifying the manner in which subparagraphs (A) through (D) of this paragraph have been satisfied, and certifying that subparagraphs (A) through (D) have been satisfied within the most recent 30 days prior to the date the application is filed.

“(b)(1) Except as provided in subsection (d), abandonment and discontinuance may occur as provided in section 10904.

“(2) The Board shall require as a condition of any abandonment or discontinuance under this section provisions to protect the
interests of employees. The provisions shall be at least as beneficial to those interests as the provisions established under sections 11326(a) and 24706(c) of this title.

"(c)(1) In this subsection, the term 'potentially subject to abandonment' has the meaning given the term in regulations of the Board. The regulations may include standards that vary by region of the United States and by railroad or group of railroads.

"(2) Each rail carrier shall maintain a complete diagram of the transportation system operated, directly or indirectly, by the rail carrier. The rail carrier shall submit to the Board and publish amendments to its diagram that are necessary to maintain the accuracy of the diagram. The diagram shall—

"(A) include a detailed description of each of its railroad lines potentially subject to abandonment; and

"(B) identify each railroad line for which the rail carrier plans to file an application to abandon or discontinue under subsection (a) of this section.

"(d) A rail carrier providing transportation subject to the jurisdiction of the Board under this part may—

"(1) abandon any part of its railroad lines; or

"(2) discontinue the operation of all rail transportation over any part of its railroad lines; only if the Board finds that the present or future public convenience and necessity require or permit the abandonment or discontinuance. In making the finding, the Board shall consider whether the abandonment or discontinuance will have a serious, adverse impact on rural and community development.

"(e) Subject to this section and sections 10904 and 10905 of this title, if the Board—

"(1) finds public convenience and necessity, it shall—

"(A) approve the application as filed; or

"(B) approve the application with modifications and require compliance with conditions that the Board finds are required by public convenience and necessity; or

"(2) fails to find public convenience and necessity, it shall deny the application.

"§ 10904. Offers of financial assistance to avoid abandonment and discontinuance

"(a) In this section—

"(1) the term 'avoidable cost' means all expenses that would be incurred by a rail carrier in providing transportation that would not be incurred if the railroad line over which the transportation was provided were abandoned or if the transportation were discontinued. Expenses include cash inflows foregone and cash outflows incurred by the rail carrier as a result of not abandoning or discontinuing the transportation. Cash inflows foregone and cash outflows incurred include—

"(A) working capital and required capital expenditure;

"(B) expenditures to eliminate deferred maintenance;

"(C) the current cost of freight cars, locomotives, and other equipment; and

"(D) the foregone tax benefits from not retiring properties from rail service and other effects of applicable Federal and State income taxes; and

"(2) the term 'reasonable return' means—

"(A) if a rail carrier is not in reorganization, the cost of capital to the rail carrier, as determined by the Board; and

"(B) if a rail carrier is in reorganization, the mean cost of capital of rail carriers not in reorganization, as determined by the Board.

"(b) Any rail carrier which has filed an application for abandonment or discontinuance shall provide promptly to a party consider-
ing an offer of financial assistance and shall provide concurrently

to the Board—

“(1) an estimate of the annual subsidy and minimum pur-

chase price required to keep the line or a portion of the line

in operation;

“(2) its most recent reports on the physical condition of

that part of the railroad line involved in the proposed abandon-

ment or discontinuance;

“(3) traffic, revenue, and other data necessary to determine

the amount of annual financial assistance which would be

required to continue rail transportation over that part of the

railroad line; and

“(4) any other information that the Board considers nec-

essary to allow a potential offeror to calculate an adequate

subsidy or purchase offer.

“(c) Within 4 months after an application is filed under section

10903, any person may offer to subsidize or purchase the railroad

line that is the subject of such application. Such offer shall be

filed concurrently with the Board. If the offer to subsidize or pur-

chase is less than the carrier’s estimate stated pursuant to sub-

section (b)(1), the offer shall explain the basis of the disparity,

and the manner in which the offer is calculated.

“(d)(1) Unless the Board, within 15 days after the expiration

of the 4-month period described in subsection (c), finds that one

or more financially responsible persons (including a governmental

authority) have offered financial assistance regarding that part

of the railroad line to be abandoned or over which all rail transpor-

tation is to be discontinued, abandonment or discontinuance may

be carried out in accordance with section 10903.

“(2) If the Board finds that such an offer or offers of financial

assistance has been made within such period, abandonment or

discontinuance shall be postponed until—

“(A) the carrier and a financially responsible person have

reached agreement on a transaction for subsidy or sale of

the line; or

“(B) the conditions and amount of compensation are estab-

lished under subsection (f).

“(e) Except as provided in subsection (f)(3), if the rail carrier

and a financially responsible person (including a governmental

authority) fail to agree on the amount or terms of the subsidy

or purchase, either party may, within 30 days after the offer is

made, request that the Board establish the conditions and amount

of compensation.

“(f)(1) Whenever the Board is requested to establish the condi-

tions and amount of compensation under this section—

“(A) the Board shall render its decision within 30 days;

“(B) for proposed sales, the Board shall determine the

price and other terms of sale, except that in no case shall

the Board set a price which is below the fair market value

of the line (including, unless otherwise mutually agreed, all

facilities on the line or portion necessary to provide effective

transportation services); and

“(C) for proposed subsidies, the Board shall establish the

compensation as the difference between the revenues attrib-

utable to that part of the railroad line and the avoidable cost

of providing rail freight transportation on the line, plus a

reasonable return on the value of the line.

“(2) The decision of the Board shall be binding on both parties,

except that the person who has offered to subsidize or purchase

the line may withdraw his offer within 10 days of the Board’s

decision. In such a case, the abandonment or discontinuance may

be carried out immediately, unless other offers are being considered

pursuant to paragraph (3) of this subsection.

“(3) If a rail carrier receives more than one offer to subsidize

or purchase, it shall select the offeror with whom it wishes to

withdraw his offer.
transact business, and complete the subsidy or sale agreement, or request that the Board establish the conditions and amount of compensation before the 40th day after the expiration of the 4-month period described in subsection (c). If no agreement on subsidy or sale is reached within such 40-day period and the Board has not been requested to establish the conditions and amount of compensation, any other offeror whose offer was made within the 4-month period described in subsection (c) may request that the Board establish the conditions and amount of compensation. If the Board has established the conditions and amount of compensation, and the original offer has been withdrawn, any other offeror whose offer was made within the 4-month period described in subsection (c) may accept the Board's decision within 20 days after such decision, and the Board shall require the carrier to enter into a subsidy or sale agreement with such offeror, if such subsidy or sale agreement incorporates the Board's decision.

"(4)(A) No purchaser of a line or portion of line sold under this section may transfer or discontinue service on such line prior to the end of the second year after consummation of the sale, nor may such purchaser transfer such line, except to the rail carrier from whom it was purchased, prior to the end of the fifth year after consummation of the sale.

"(B) No subsidy arrangement approved under this section shall remain in effect for more than one year, unless otherwise mutually agreed by the parties.

"(g) Upon abandonment of a railroad line under this chapter, the obligation of the rail carrier abandoning the line to provide transportation on that line, as required by section 11101(a), is extinguished.

"§ 10905. Offering abandoned rail properties for sale for public purposes

"When the Board approves an application to abandon or discontinue under section 10903, the Board shall find whether the rail properties that are involved in the proposed abandonment or discontinuance are appropriate for use for public purposes, including highways, other forms of mass transportation, conservation, energy production or transmission, or recreation. If the Board finds that the rail properties proposed to be abandoned are appropriate for public purposes and not required for continued rail operations, the properties may be sold, leased, exchanged, or otherwise disposed of only under conditions provided in the order of the Board. The conditions may include a prohibition on any such disposal for a period of not more than 180 days after the effective date of the order, unless the properties have first been offered, on reasonable terms, for sale for public purposes.

"§ 10906. Exception

"Notwithstanding section 10901 and subchapter II of chapter 113 of this title, and without the approval of the Board, a rail carrier providing transportation subject to the jurisdiction of the Board under this part may enter into arrangements for the joint ownership or joint use of spur, industrial, team, switching, or side tracks. The Board does not have authority under this chapter over construction, acquisition, operation, abandonment, or discontinuance of spur, industrial, team, switching, or side tracks.

"§ 10907. Railroad development

"(a) In this section, the term ‘financially responsible person’ means a person who—

"(1) is capable of paying the constitutional minimum value of the railroad line proposed to be acquired; and

"(2) is able to assure that adequate transportation will be provided over such line for a period of not less than 3 years.
Such term includes a governmental authority but does not include a Class I or Class II rail carrier.

"(b)(1) When the Board finds that—

"(A)(i) the public convenience and necessity require or permit the sale of a particular railroad line under this section; or

"(ii) a railroad line is on a system diagram map as required under section 10903 of this title, but the rail carrier owning such line has not filed an application to abandon such line under section 10903 of this title before an application to purchase such line, or any required preliminary filing with respect to such application, is filed under this section; and

"(B) an application to purchase such line has been filed by a financially responsible person,

the Board shall require the rail carrier owning the railroad line to sell such line to such financially responsible person at a price not less than the constitutional minimum value.

"(2) For purposes of this subsection, the constitutional minimum value of a particular railroad line shall be presumed to be not less than the net liquidation value of such line or the going concern value of such line, whichever is greater.

"(c)(1) For purposes of this section, the Board may determine that the public convenience and necessity require or permit the sale of a railroad line if the Board determines, after a hearing on the record, that—

"(A) the rail carrier operating such line refuses within a reasonable time to make the necessary efforts to provide adequate service to shippers who transport traffic over such line;

"(B) the transportation over such line is inadequate for the majority of shippers who transport traffic over such line;

"(C) the sale of such line will not have a significantly adverse financial effect on the rail carrier operating such line;

"(D) the sale of such line will not have an adverse effect on the overall operational performance of the rail carrier operating such line; and

"(E) the sale of such line will be likely to result in improved railroad transportation for shippers that transport traffic over such line.

"(2) In a proceeding under this subsection, the burden of proving that the public convenience and necessity require or permit the sale of a particular railroad line is on the person filing the application to acquire such line. If the Board finds under this subsection that the public convenience and necessity require or permit the sale of a particular railroad line, the Board shall concurrently notify the parties of such finding and publish such finding in the Federal Register.

"(d) In the case of any railroad line subject to sale under subsection (a) of this section, the Board shall, upon the request of the acquiring carrier, require the selling carrier to provide to the acquiring carrier trackage rights to allow a reasonable interchange with the selling carrier or to move power equipment or empty rolling stock between noncontiguous feeder lines operated by the acquiring carrier. The Board shall require the acquiring carrier to provide the selling carrier reasonable compensation for any such trackage rights.

"(e) The Board shall require, to the maximum extent practicable, the use of the employees who would normally have performed work in connection with a railroad line subject to a sale under this section.

"(f) In the case of a railroad line which carried less than 3,000,000 gross ton miles of traffic per mile in the preceding calendar year, whenever a purchasing carrier under this section petitions the Board for joint rates applicable to traffic moving over through routes in which the purchasing carrier may practically
participate, the Board shall, within 30 days after the date such petition is filed and pursuant to section 10705(a) of this title, require the establishment of reasonable joint rates and divisions over such route.

"(g)(1) Any person operating a railroad line acquired under this section may elect to be exempt from any of the provisions of this part, except that such a person may not be exempt from the provisions of chapter 107 of this title with respect to transportation under a joint rate.

"(2) The provisions of paragraph (1) of this subsection shall apply to any line of railroad which was abandoned during the 18-month period immediately prior to October 1, 1980, and was subsequently purchased by a financially responsible person.

"(h) If a purchasing carrier under this section proposes to sell or abandon all or any portion of a purchased railroad line, such purchasing carrier shall offer the right of first refusal with respect to such line or portion thereof to the carrier which sold such line under this section. Such offer shall be made at a price equal to the sum of the price paid by such purchasing carrier to such selling carrier for such line or portion thereof and the fair market value (less deterioration) of any improvements made, as adjusted to reflect inflation.

"(i) Any person operating a railroad line acquired under this section may determine preconditions, such as payment of a subsidy, which must be met by shippers in order to obtain service over such lines, but such operator must notify the shippers on the line of its intention to impose such preconditions.

"§ 11101. Common carrier transportation, service, and rates

"(a) A rail carrier providing transportation or service subject to the jurisdiction of the Board under this part shall provide the transportation or service on reasonable request. A rail carrier shall not be found to have violated this section because it fulfills its reasonable commitments under contracts authorized under section 10709 of this title before responding to reasonable requests for service. Commitments which deprive a carrier of its ability to respond to reasonable requests for common carrier service are not reasonable.

"(b) A rail carrier shall also provide to any person, on request, the carrier’s rates and other service terms. The response by a rail carrier to a request for the carrier’s rates and other service terms shall be—
PUBLIC LAW 104–88—DEC. 29, 1995

TRANSPORTATION ACTS

“(1) in writing and forwarded to the requesting person promptly after receipt of the request; or
“(2) promptly made available in electronic form.
“(c) A rail carrier may not increase any common carrier rates or change any common carrier service terms unless 20 days have expired after written or electronic notice is provided to any person who, within the previous 12 months—
“(1) has requested such rates or terms under subsection (b); or
“(2) has made arrangements with the carrier for a shipment that would be subject to such increased rates or changed terms.
“(d) With respect to transportation of agricultural products, in addition to the requirements of subsections (a), (b), and (c), a rail carrier shall publish, make available, and retain for public inspection its common carrier rates, schedules of rates, and other service terms, and any proposed and actual changes to such rates and service terms. For purposes of this subsection, agricultural products shall include grain as defined in section 3 of the United States Grain Standards Act (7 U.S.C. 75) and all products thereof, and fertilizer.
“(e) A rail carrier shall provide transportation or service in accordance with the rates and service terms, and any changes thereto, as published or otherwise made available under subsection (b), (c), or (d).
“(f) The Board shall, by regulation, establish rules to implement this section. The regulations shall provide for immediate disclosure and dissemination of rates and service terms, including classifications, rules, and practices, and their effective dates. Final regulations shall be adopted by the Board not later than 180 days after the effective date of the ICC Termination Act of 1995.

§ 11102. Use of terminal facilities

“(a) The Board may require terminal facilities, including mainline tracks for a reasonable distance outside of a terminal, owned by a rail carrier providing transportation subject to the jurisdiction of the Board under this part, to be used by another rail carrier if the Board finds that use to be practicable and in the public interest without substantially impairing the ability of the rail carrier owning the facilities or entitled to use the facilities to handle its own business. The rail carriers are responsible for establishing the conditions and compensation for use of the facilities. However, if the rail carriers cannot agree, the Board may establish conditions and compensation for use of the facilities under the principle controlling compensation in condemnation proceedings. The compensation shall be paid or adequately secured before a rail carrier may begin to use the facilities of another rail carrier under this section.
“(b) A rail carrier whose terminal facilities are required to be used by another rail carrier under this section is entitled to recover damages from the other rail carrier for injuries sustained as the result of compliance with the requirement or for compensation for the use, or both as appropriate, in a civil action, if it is not satisfied with the conditions for use of the facilities or if the amount of the compensation is not paid promptly.
“(c) The Board may require rail carriers to enter into reciprocal switching agreements, where it finds such agreements to be practicable and in the public interest, or where such agreements are necessary to provide competitive rail service. The rail carriers entering into such an agreement shall establish the conditions and compensation applicable to such agreement, but, if the rail carriers cannot agree upon such conditions and compensation within a reasonable period of time, the Board may establish such conditions and compensation.
“(2) The Board may require reciprocal switching agreements entered into by rail carriers pursuant to this subsection to contain
provisions for the protection of the interests of employees affected thereby.

"(d) The Board shall complete any proceeding under subsection (a) or (b) within 180 days after the filing of the request for relief.

§ 11103. Switch connections and tracks

"(a) On application of the owner of a lateral branch line of railroad, or of a shipper tendering interstate traffic for transportation, a rail carrier providing transportation subject to the jurisdiction of the Board under this part shall construct, maintain, and operate, on reasonable conditions, a switch connection to connect that branch line or private side track with its railroad and shall furnish cars to move that traffic to the best of its ability without discrimination in favor of or against the shipper when the connection—

"(1) is reasonably practicable;
"(2) can be made safely; and
"(3) will furnish sufficient business to justify its construction and maintenance.

"(b) If a rail carrier fails to install and operate a switch connection after application is made under subsection (a) of this section, the owner of the lateral branch line of railroad or the shipper may file a complaint with the Board under section 11701 of this title. The Board shall investigate the complaint and decide the safety, practicability, justification, and compensation to be paid for the connection. The Board may direct the rail carrier to comply with subsection (a) of this section only after a full hearing.

"SUBCHAPTER II—CAR SERVICE

§ 11121. Criteria

"(a)(1) A rail carrier providing transportation subject to the jurisdiction of the Board under this part shall furnish safe and adequate car service and establish, observe, and enforce reasonable rules and practices on car service. The Board may require a rail carrier to provide facilities and equipment that are reasonably necessary to furnish safe and adequate car service if the Board decides that the rail carrier has materially failed to furnish that service. The Board may begin a proceeding under this paragraph when an interested person files an application with it. The Board may act only after a hearing on the record and an affirmative finding, based on the evidence presented, that—

"(A) providing the facilities or equipment will not materially and adversely affect the ability of the rail carrier to provide safe and adequate transportation;
"(B) the amount spent for the facilities or equipment, including a return equal to the rail carrier's current cost of capital, will be recovered; and
"(C) providing the facilities or equipment will not impair the ability of the rail carrier to attract adequate capital.

"(2) The Board may require a rail carrier to file its car service rules with the Board.

"(b) The Board may designate and appoint agents and agencies to make and carry out its directions related to car service and matters under sections 11123 and 11124(a)(1) of this title.

"(c) The Board shall consult, as it considers necessary, with the National Grain Car Council on matters within the charter of that body.

§ 11122. Compensation and practice

"(a) The regulations of the Board on car service shall encourage the purchase, acquisition, and efficient use of freight cars. The regulations may include—

"(1) the compensation to be paid for the use of a locomotive, freight car, or other vehicle;
“(2) the other terms of any arrangement for the use by a rail carrier of a locomotive, freight car, or other vehicle not owned by the rail carrier using the locomotive, freight car, or other vehicle, whether or not owned by another carrier, shipper, or third person; and

“(3) sanctions for nonobservance.

“(b) The rate of compensation to be paid for each type of freight car shall be determined by the expense of owning and maintaining that type of freight car, including a fair return on its cost giving consideration to current costs of capital, repairs, materials, parts, and labor. In determining the rate of compensation, the Board shall consider the transportation use of each type of freight car, the national level of ownership of each type of freight car, and other factors that affect the adequacy of the national freight car supply.

“§ 11123. Situations requiring immediate action to serve the public

“(a) When the Board determines that shortage of equipment, congestion of traffic, unauthorized cessation of operations, or other failure of traffic movement exists which creates an emergency situation of such magnitude as to have substantial adverse effects on shippers, or on rail service in a region of the United States, or that a rail carrier providing transportation subject to the jurisdiction of the Board under this part cannot transport the traffic offered to it in a manner that properly serves the public, the Board may, to promote commerce and service to the public, for a period not to exceed 30 days—

“(1) direct the handling, routing, and movement of the traffic of a rail carrier and its distribution over its own or other railroad lines;

“(2) require joint or common use of railroad facilities;

“(3) prescribe temporary through routes; or

“(4) give directions for—

“(A) preference or priority in transportation;

“(B) embargoes; or

“(C) movement of traffic under permits.

“(b)(1) Except with respect to proceedings under paragraph (2) of this subsection, the Board may act under this section on its own initiative or on application without regard to subchapter II of chapter 5 of title 5.

“(2) Rail carriers may establish between themselves the terms of compensation for operations, and use of facilities and equipment, required under this section. When rail carriers do not agree on the terms of compensation under this section, the Board may establish the terms for them. The Board may act under subsection (a) before conducting a proceeding under this paragraph.

“(3) When a rail carrier is directed under this section to operate the lines of another rail carrier due to that carrier’s cessation of operations, compensation for the directed operations shall derive only from revenues generated by the directed operations.

“(c)(1) The Board may extend any action taken under subsection (a) of this section beyond 30 days if the Board finds that a transportation emergency described in subsection (a) continues to exist. Action by the Board under subsection (a) of this section may not remain in effect for more than 240 days beyond the initial 30-day period.

“(2) The Board may not take action under this section that would—

“(A) cause a rail carrier to operate in violation of this part; or

“(B) impair substantially the ability of a rail carrier to serve its own customers adequately, or to fulfill its common carrier obligations.
"(3) A rail carrier directed by the Board to take action under this section is not responsible, as a result of that action, for debts of any other rail carrier.

"(d) In carrying out this section, the Board shall require, to the maximum extent practicable, the use of employees who would normally have performed work in connection with the traffic subject to the action of the Board.

§ 11124. War emergencies; embargoes imposed by carriers

"(a)(1) When the President, during time of war or threatened war, notifies the Board that it is essential to the defense and security of the United States to give preference or priority to the movement of certain traffic, the Board shall direct that preference or priority be given to that traffic.

"(2) When the President, during time of war or threatened war, demands that preference and precedence be given to the transportation of troops and material of war over all other traffic, all rail carriers providing transportation subject to the jurisdiction of the Board under this part shall adopt every means within their control to facilitate and expedite the military traffic.

"(b) An embargo imposed by any such rail carrier does not apply to shipments consigned to agents of the United States Government for its use. The rail carrier shall deliver those shipments as promptly as possible.

"SUBCHAPTER III—REPORTS AND RECORDS

§ 11141. Definitions

"In this subchapter—

"(1) the terms ‘rail carrier’ and ‘lessor’ include a receiver or trustee of a rail carrier and lessor, respectively;

"(2) the term ‘lessor’ means a person owning a railroad that is leased to and operated by a carrier providing transportation subject to the jurisdiction of the Board under this part; and

"(3) the term ‘association’ means an organization maintained by or in the interest of a group of rail carriers providing transportation or service subject to the jurisdiction of the Board under this part that performs a service, or engages in activities, related to transportation under this part.

§ 11142. Uniform accounting system

"The Board may prescribe a uniform accounting system for classes of rail carriers providing transportation subject to the jurisdiction of the Board under this part. To the maximum extent practicable, the Board shall conform such system to generally accepted accounting principles, and shall administer this subchapter in accordance with such principles.

§ 11143. Depreciation charges

"The Board shall, for a class of rail carriers providing transportation subject to its jurisdiction under this part, prescribe, and change when necessary, those classes of property for which depreciation charges may be included under operating expenses and a rate of depreciation that may be charged to a class of property. The Board may classify those rail carriers for purposes of this section. A rail carrier for whom depreciation charges and rates of depreciation are in effect under this section for any class of property may not—

"(1) charge to operating expenses a depreciation charge on a class of property other than that prescribed by the Board;

"(2) charge another rate of depreciation; or

"(3) include other depreciation charges in operating expenses.
"§ 11144. Records: form; inspection; preservation

(a) The Board may prescribe the form of records required to be prepared or compiled under this subchapter—

(1) by rail carriers and lessors, including records related to movement of traffic and receipts and expenditures of money; and

(2) by persons furnishing cars to or for a rail carrier providing transportation subject to the jurisdiction of the Board under this part to the extent related to those cars or that service.

(b) The Board, or an employee designated by the Board, may on demand and display of proper credentials—

(1) inspect and examine the lands, buildings, and equipment of a rail carrier or lessor; and

(2) inspect and copy any record of—

(A) a rail carrier, lessor, or association;

(B) a person controlling, controlled by, or under common control with a rail carrier if the Board considers inspection relevant to that person's relation to, or transaction with, that rail carrier; and

(C) a person furnishing cars to or for a rail carrier if the Board prescribed the form of that record.

(c) The Board may prescribe the time period during which operating, accounting, and financial records must be preserved by rail carriers, lessors, and persons furnishing cars.

"§ 11145. Reports by rail carriers, lessors, and associations

(a) The Board may require—

(1) rail carriers, lessors, and associations, or classes of them as the Board may prescribe, to file annual, periodic, and special reports with the Board containing answers to questions asked by it; and

(2) a person furnishing cars to a rail carrier to file reports with the Board containing answers to questions about those cars.

(b) (1) An annual report shall contain an account, in as much detail as the Board may require, of the affairs of the rail carrier, lessor, or association for the 12-month period ending on December 31 of each year.

(2) An annual report shall be filed with the Board by the end of the third month after the end of the year for which the report is made unless the Board extends the filing date or changes the period covered by the report. The annual report and, if the Board requires, any other report made under this section, shall be made under oath.

"SUBCHAPTER IV—RAILROAD COST ACCOUNTING

"§ 11161. Implementation of cost accounting principles

The Board shall periodically review its cost accounting rules and shall make such changes in those rules as are required to achieve the regulatory purposes of this part. The Board shall insure that the rules promulgated under this section are the most efficient and least burdensome means by which the required information may be developed for regulatory purposes. To the maximum extent practicable, the Board shall conform such rules to generally accepted accounting principles.

"§ 11162. Rail carrier cost accounting system

(a) Each rail carrier shall have and maintain a cost accounting system that is in compliance with the rules promulgated by the Board under section 11161 of this title. A rail carrier may, after notifying the Board, make modifications in such system unless, within 60 days after the date of notification, the Board finds such
modifications to be inconsistent with the rules promulgated by the Board under section 11161 of this title.

(b) For purposes of determining whether the cost accounting system of a rail carrier is in compliance with the rules promulgated by the Board, the Board shall have the right to examine and make copies of any documents, papers, or records of such rail carrier relating to compliance with such rules. Such documents, papers, and records (and any copies thereof) shall not be subject to the mandatory disclosure requirements of section 552 of title 5.

§ 11163. Cost availability

As required by the rules of the Board governing discovery in Board proceedings, rail carriers shall make relevant cost data available to shippers, States, ports, communities, and other interested parties that are a party to a Board proceeding in which such data are required.

§ 11164. Accounting and cost reporting

To obtain expense and revenue information for regulatory purposes, the Board may promulgate reasonable rules for rail carriers providing transportation subject to the jurisdiction of the Board under this part, prescribing expense and revenue accounting and reporting requirements consistent with generally accepted accounting principles uniformly applied to such carriers. Such requirements shall be cost effective and compatible with and not duplicative of the managerial and responsibility accounting requirements of those carriers.

SUBCHAPTER I—EQUIPMENT TRUSTS AND SECURITY INTERESTS

§ 11301. Equipment trusts: recordation; evidence of indebtedness

(a) A mortgage (other than a mortgage under chapter 313 of title 46), lease, equipment trust agreement, conditional sales agreement, or other instrument evidencing the mortgage, lease, conditional sale, or bailment of or security interest in vessels, railroad cars, locomotives, or other rolling stock, or accessories used on such railroad cars, locomotives, or other rolling stock (including superstructures and racks), intended for a use related to interstate commerce shall be filed with the Board in order to perfect the security interest that is the subject of such instrument. An assignment of a right or interest under one of those instruments and an amendment to that instrument or assignment including a release, discharge, or satisfaction of any part of it shall also be filed with the Board. The instrument, assignment, or amendment must be in writing, executed by the parties to it, and acknowledged or verified under Board regulations. When filed under this section, that document is notice to, and enforceable against, all persons. A document filed under this section does not have to be filed, deposited, registered, or recorded under another law of the United
Transportation Acts

Public Law 104–88—Dec. 29, 1995

Section 11321. Scope of authority

(a) The authority of the Board under this subchapter is exclusive. A rail carrier or corporation participating in or resulting from a transaction approved by or exempted by the Board under this subchapter may carry out the transaction, own and operate property, and exercise control or franchises acquired through the transaction without the approval of a State authority. A rail carrier, corporation, or person participating in that approved or exempted transaction is exempt from the antitrust laws and from all other law, including State and municipal law, as necessary to let that rail carrier, corporation, or person carry out the transaction, hold, maintain, and operate property, and exercise control or franchises acquired through the transaction. However, if a purchase and sale, a lease, or a corporate consolidation or merger is involved in the transaction, the carrier or corporation may carry out the transaction only with the assent of a majority, or the number required under applicable State law, of the votes of the holders of the capital stock of that corporation entitled to vote. The vote must occur at a regular meeting, or special meeting called for that purpose, of those stockholders and the notice of the meeting must indicate its purpose.

(b) A power granted under this subchapter to a carrier or corporation is in addition to and changes its powers under its corporate charter and under State law. Action under this subchapter
does not establish or provide for establishing a corporation under
the laws of the United States.

§ 11322. Limitation on pooling and division of transport-
tation or earnings

(a) A rail carrier providing transportation subject to the juris-
diction of the Board under this part may not agree or combine
with another of those rail carriers to pool or divide traffic or services
or any part of their earnings without the approval of the Board
under this section or section 11123 of this title. The Board may
approve and authorize the agreement or combination if the rail
carriers involved assent to the pooling or division and the Board
finds that a pooling or division of traffic, services, or earnings—

(1) will be in the interest of better service to the public
or of economy of operation; and

(2) will not unreasonably restrain competition.

(b) The Board may impose conditions governing the pooling
or division and may approve and authorize payment of a reasonable
consideration between the rail carriers.

(c) The Board may begin a proceeding under this section
on its own initiative or on application.

§ 11323. Consolidation, merger, and acquisition of control

(a) The following transactions involving rail carriers providing
transportation subject to the jurisdiction of the Board under this
part may be carried out only with the approval and authorization
of the Board:

(1) Consolidation or merger of the properties or franchises
of at least 2 rail carriers into one corporation for the ownership,
management, and operation of the previously separately owned
properties.

(2) A purchase, lease, or contract to operate property of
another rail carrier by any number of rail carriers.

(3) Acquisition of control of a rail carrier by any number
of rail carriers.

(4) Acquisition of control of at least 2 rail carriers by
a person that is not a rail carrier.

(5) Acquisition of control of a rail carrier by a person
that is not a rail carrier but that controls any number of
rail carriers.

(6) Acquisition by a rail carrier of trackage rights over,
or joint ownership in or joint use of, a railroad line (and
terminals incidental to it) owned or operated by another rail
carrier.

(b) A person may carry out a transaction referred to in sub-
section (a) of this section or participate in achieving the control
or management, including the power to exercise control or manage-
ment, in a common interest of more than one of those rail carriers,
regardless of how that result is reached, only with the approval
and authorization of the Board under this subchapter. In addition
to other transactions, each of the following transactions are consid-
ered achievements of control or management:

(1) A transaction by a rail carrier that has the effect
of putting that rail carrier and person affiliated with it, taken
together, in control of another rail carrier.

(2) A transaction by a person affiliated with a rail carrier
that has the effect of putting that rail carrier and persons
affiliated with it, taken together, in control of another rail
carrier.

(3) A transaction by at least 2 persons acting together
(one of whom is a rail carrier or is affiliated with a rail carrier)
that has the effect of putting those persons and rail carriers
and persons affiliated with any of them, or with any of those
affiliated rail carriers, taken together, in control of another
rail carrier.
“(c) A person is affiliated with a rail carrier under this subchapter if, because of the relationship between that person and a rail carrier, it is reasonable to believe that the affairs of another rail carrier, control of which may be acquired by that person, will be managed in the interest of the other rail carrier.

“§ 11324. Consolidation, merger, and acquisition of control: conditions of approval

“(a) The Board may begin a proceeding to approve and authorize a transaction referred to in section 11323 of this title on application of the person seeking that authority. When an application is filed with the Board, the Board shall notify the chief executive officer of each State in which property of the rail carriers involved in the proposed transaction is located and shall notify those rail carriers. The Board shall hold a public hearing unless the Board determines that a public hearing is not necessary in the public interest.

“(b) In a proceeding under this section which involves the merger or control of at least two Class I railroads, as defined by the Board, the Board shall consider at least—

“(1) the effect of the proposed transaction on the adequacy of transportation to the public;

“(2) the effect on the public interest of including, or failing to include, other rail carriers in the area involved in the proposed transaction;

“(3) the total fixed charges that result from the proposed transaction;

“(4) the interest of rail carrier employees affected by the proposed transaction; and

“(5) whether the proposed transaction would have an adverse effect on competition among rail carriers in the affected region or in the national rail system.

“(c) The Board shall approve and authorize a transaction under this section when it finds the transaction is consistent with the public interest. The Board may impose conditions governing the transaction, including the divestiture of parallel tracks or requiring the granting of trackage rights and access to other facilities. Any trackage rights and related conditions imposed to alleviate anticompetitive effects of the transaction shall provide for operating terms and compensation levels to ensure that such effects are alleviated. When the transaction contemplates a guaranty or assumption of payment of dividends or of fixed charges or will result in an increase of total fixed charges, the Board may approve and authorize the transaction only if it finds that the guaranty, assumption, or increase is consistent with the public interest. The Board may require inclusion of other rail carriers located in the area involved in the transaction if they apply for inclusion and the Board finds their inclusion to be consistent with the public interest.

“(d) In a proceeding under this section which does not involve the merger or control of at least two Class I railroads, as defined by the Board, the Board shall approve such an application unless it finds that—

“(1) as a result of the transaction, there is likely to be substantial lessening of competition, creation of a monopoly, or restraint of trade in freight surface transportation in any region of the United States; and

“(2) the anticompetitive effects of the transaction outweigh the public interest in meeting significant transportation needs. In making such findings, the Board shall, with respect to any application that is part of a plan or proposal developed under section 333(a)–(d) of this title, accord substantial weight to any recommendations of the Attorney General.

“(e) No transaction described in section 11326(b) may have the effect of avoiding a collective bargaining agreement or shifting
work from a rail carrier with a collective bargaining agreement to a rail carrier without a collective bargaining agreement.

“(f)(1) To the extent provided in this subsection, a proceeding under this subchapter relating to a transaction involving at least one Class I rail carrier shall not be considered an adjudication required by statute to be determined on the record after opportunity for an agency hearing, for the purposes of subchapter II of chapter 5 of title 5, United States Code.

“(2) Ex parte communications, as defined in section 551(14) of title 5, United States Code, shall be permitted in proceedings described in paragraph (1) of this subsection, subject to the requirements of paragraph (3) of this subsection.

“(3)(A) Any member or employee of the Board who makes or receives a written ex parte communication concerning the merits of a proceeding described in paragraph (1) shall promptly place the communication in the public docket of the proceeding.

“(B) Any member or employee of the Board who makes or receives an oral ex parte communication concerning the merits of a proceeding described in paragraph (1) shall promptly place a written summary of the oral communication in the public docket of the proceeding.

“(4) Nothing in this subsection shall be construed to require the Board or any of its members or employees to engage in any ex parte communication with any person. Nothing in this subsection or any other law shall be construed to limit the authority of the members or employees of the Board, in their discretion, to note in the docket or otherwise publicly the occurrence and substance of an ex parte communication.

§ 11325. Consolidation, merger, and acquisition of control: procedure

“(a) The Board shall publish notice of the application under section 11324 in the Federal Register by the end of the 30th day after the application is filed with the Board. However, if the application is incomplete, the Board shall reject it by the end of that period. The order of rejection is a final action of the Board. The published notice shall indicate whether the application involves—

“(1) the merger or control of at least two Class I railroads, as defined by the Board, to be decided within the time limits specified in subsection (b) of this section;

“(2) transactions of regional or national transportation significance, to be decided within the time limits specified in subsection (c) of this section; or

“(3) any other transaction covered by this section, to be decided within the time limits specified in subsection (d) of this section.

“(b) If the application involves the merger or control of two or more Class I railroads, as defined by the Board, the following conditions apply:

“(1) Written comments about an application may be filed with the Board within 45 days after notice of the application is published under subsection (a) of this section. Copies of such comments shall be served on the Attorney General and the Secretary of Transportation, who may decide to intervene as a party to the proceeding. That decision must be made by the 15th day after the date of receipt of the written comments, and if the decision is to intervene, preliminary comments about the application must be sent to the Board by the end of the 15th day after the date of receipt of the written comments.

“(2) The Board shall require that applications inconsistent with an application, notice of which was published under subsection (a) of this section, and applications for inclusion in
the transaction, be filed with it by the 90th day after publication of notice under that subsection.

“(3) The Board must conclude evidentiary proceedings by the end of 1 year after the date of publication of notice under subsection (a) of this section. The Board must issue a final decision by the 90th day after the date on which it concludes the evidentiary proceedings.

“(c) If the application involves a transaction other than the merger or control of at least two Class I railroads, as defined by the Board, which the Board has determined to be of regional or national transportation significance, the following conditions apply:

“(1) Written comments about an application, including comments of the Attorney General and the Secretary of Transportation, may be filed with the Board within 30 days after notice of the application is published under subsection (a) of this section.

“(2) The Board shall require that applications inconsistent with an application, notice of which was published under subsection (a) of this section, and applications for inclusion in the transaction, be filed with it by the 60th day after publication of notice under that subsection.

“(3) The Board must conclude any evidentiary proceedings by the 180th day after the date of publication of notice under subsection (a) of this section. The Board must issue a final decision by the 90th day after the date on which it concludes the evidentiary proceedings.

“(d) For all applications under this section other than those specified in subsections (b) and (c) of this section, the following conditions apply:

“(1) Written comments about an application, including comments of the Attorney General and the Secretary of Transportation, may be filed with the Board within 30 days after notice of the application is published under subsection (a) of this section.

“(2) The Board must conclude any evidentiary proceedings by the 105th day after the date of publication of notice under subsection (a) of this section. The Board must issue a final decision by the 45th day after the date on which it concludes the evidentiary proceedings.

“§ 11326. Employee protective arrangements in transactions involving rail carriers

“(a) Except as otherwise provided in this section, when approval is sought for a transaction under sections 11324 and 11325 of this title, the Board shall require the rail carrier to provide a fair arrangement at least as protective of the interests of employees who are affected by the transaction as the terms imposed under section 5(2)(f) of the Interstate Commerce Act before February 5, 1976, and the terms established under section 24706(c) of this title. Notwithstanding this part, the arrangement may be made by the rail carrier and the authorized representative of its employees. The arrangement and the order approving the transaction must require that the employees of the affected rail carrier will not be in a worse position related to their employment as a result of the transaction during the 4 years following the effective date of the final action of the Board (or if an employee was employed for a lesser period of time by the rail carrier before the action became effective, for that lesser period).

“(b) When approval is sought under sections 11324 and 11325 for a transaction involving one Class II and one or more Class III rail carriers, there shall be an arrangement as required under subsection (a) of this section, except that such arrangement shall be limited to one year of severance pay, which shall not exceed the amount of earnings from the railroad employment of that
employee during the 12-month period immediately preceding the
date on which the application for approval of such transaction
is filed with the Board. The amount of such severance pay shall
be reduced by the amount of earnings from railroad employment
of that employee with the acquiring carrier during the 12-month
period immediately following the effective date of the transaction.
The parties may agree to terms other than as provided in this
subsection.

"(c) When approval is sought under sections 11324 and 11325
for a transaction involving only Class III rail carriers, this section
shall not apply.

"§ 11327. Supplemental orders

"When cause exists, the Board may make appropriate orders
supplemental to an order made in a proceeding under sections
11322 through 11326 of this title.

"§ 11328. Restrictions on officers and directors

"(a) A person may hold the position of officer or director of
more than one rail carrier only when authorized by the Board.
The Board may authorize a person to hold the position of officer
or director of more than one of those carriers when public or
private interests will not be adversely affected.

"(b) This section shall not apply to an individual holding the
position of officer or director only of Class III rail carriers.

"CHAPTER 115—FEDERAL-STATE RELATIONS

"Sec.

"11501. Tax discrimination against rail transportation property.

"11502. Withholding State and local income tax by rail carriers.

"§ 11501. Tax discrimination against rail transportation
property

"(a) In this section—

"(1) the term 'assessment' means valuation for a property
tax levied by a taxing district;

"(2) the term 'assessment jurisdiction' means a geographical
area in a State used in determining the assessed value of
property for ad valorem taxation;

"(3) the term 'rail transportation property' means property,
as defined by the Board, owned or used by a rail carrier
providing transportation subject to the jurisdiction of the Board
under this part; and

"(4) the term 'commercial and industrial property' means
property, other than transportation property and land used
primarily for agricultural purposes or timber growing, devoted
to a commercial or industrial use and subject to a property
tax levy.

"(b) The following acts unreasonably burden and discriminate
against interstate commerce, and a State, subdivision of a State,
or authority acting for a State or subdivision of a State may not
do any of them:

"(1) Assess rail transportation property at a value that
has a higher ratio to the true market value of the rail transpor-
tation property than the ratio that the assessed value of other
commercial and industrial property in the same assessment
jurisdiction has to the true market value of the other commer-
cial and industrial property.

"(2) Levy or collect a tax on an assessment that may
not be made under paragraph (1) of this subsection.

"(3) Levy or collect an ad valorem property tax on rail
transportation property at a tax rate that exceeds the tax
rate applicable to commercial and industrial property in the
same assessment jurisdiction.
``(4) Impose another tax that discriminates against a rail carrier providing transportation subject to the jurisdiction of the Board under this part.
``(c) Notwithstanding section 1341 of title 28 and without regard to the amount in controversy or citizenship of the parties, a district court of the United States has jurisdiction, concurrent with other jurisdiction of courts of the United States and the States, to prevent a violation of subsection (b) of this section. Relief may be granted under this subsection only if the ratio of assessed value to true market value of rail transportation property exceeds by at least 5 percent the ratio of assessed value to true market value of other commercial and industrial property in the same assessment jurisdiction. The burden of proof in determining assessed value and true market value is governed by State law. If the ratio of the assessed value of other commercial and industrial property in the assessment jurisdiction to the true market value of all other commercial and industrial property cannot be determined to the satisfaction of the district court through the random-sampling method known as a sales assessment ratio study (to be carried out under statistical principles applicable to such a study), the court shall find, as a violation of this section—
``(1) an assessment of the rail transportation property at a value that has a higher ratio to the true market value of the rail transportation property than the assessed value of all other property subject to a property tax levy in the assessment jurisdiction has to the true market value of all other commercial and industrial property; and
``(2) the collection of an ad valorem property tax on the rail transportation property at a tax rate that exceeds the tax ratio rate applicable to taxable property in the taxing district.

§ 11502. Withholding State and local income tax by rail carriers

``(a) No part of the compensation paid by a rail carrier providing transportation subject to the jurisdiction of the Board under this part to an employee who performs regularly assigned duties as such an employee on a railroad in more than one State shall be subject to the income tax laws of any State or subdivision of that State, other than the State or subdivision thereof of the employee’s residence.
``(b) A rail carrier withholding pay from an employee under subsection (a) of this section shall file income tax information returns and other reports only with the State and subdivision of residence of the employee.

CHAPTER 117—ENFORCEMENT: INVESTIGATIONS, RIGHTS, AND REMEDIES

§ 11701. General authority

``(a) Except as otherwise provided in this part, the Board may begin an investigation under this part only on complaint. If the Board finds that a rail carrier is violating this part, the Board shall take appropriate action to compel compliance with this part.
``(b) A person, including a governmental authority, may file with the Board a complaint about a violation of this part by a rail carrier providing transportation or service subject to the jurisdiction of the Board under this part. The complaint must state
the facts that are the subject of the violation. The Board may
dismiss a complaint it determines does not state reasonable grounds
for investigation and action. However, the Board may not dismiss
a complaint made against a rail carrier providing transportation
subject to the jurisdiction of the Board under this part because
of the absence of direct damage to the complainant.

"(c) A formal investigative proceeding begun by the Board under
subsection (a) of this section is dismissed automatically unless
it is concluded by the Board with administrative finality by the
end of the third year after the date on which it was begun.

"§ 11702. Enforcement by the Board

"The Board may bring a civil action—

"(1) to enjoin a rail carrier from violating sections 10901
through 10906 of this title, or a regulation prescribed or order
or certificate issued under any of those sections;

"(2) to enforce subchapter II of chapter 113 of this title
and to compel compliance with an order of the Board under
that subchapter; and

"(3) to enforce an order of the Board, except a civil action
to enforce an order for the payment of money, when it is
violated by a rail carrier providing transportation subject to
the jurisdiction of the Board under this part.

"§ 11703. Enforcement by the Attorney General

"(a) The Attorney General may, and on request of the Board
shall, bring court proceedings to enforce this part, or a regulation
or order of the Board or certificate issued under this part, and
to prosecute a person violating this part or a regulation or order
of the Board or certificate issued under this part.

"(b) The United States Government may bring a civil action
on behalf of a person to compel a rail carrier providing transpor-
tation subject to the jurisdiction of the Board under this part
to provide that transportation to that person in compliance with
this part at the same rate charged, or on conditions as favorable
as those given by the rail carrier, for like traffic under similar
conditions to another person.

"§ 11704. Rights and remedies of persons injured by rail
carriers

"(a) A person injured because a rail carrier providing transpor-
tation or service subject to the jurisdiction of the Board under
this part does not obey an order of the Board, except an order
for the payment of money, may bring a civil action in a United
States District Court to enforce that order under this subsection.

"(b) A rail carrier providing transportation subject to the juris-
diction of the Board under this part is liable for damages sustained
by a person as a result of an act or omission of that carrier
in violation of this part. A rail carrier providing transportation
subject to the jurisdiction of the Board under this part is liable
to a person for amounts charged that exceed the applicable rate
for the transportation.

"(c)(1) A person may file a complaint with the Board under
section 11701(b) of this title or bring a civil action under subsection
(b) of this section to enforce liability against a rail carrier providing
transportation subject to the jurisdiction of the Board under this
part.

"(2) When the Board makes an award under subsection (b)
of this section, the Board shall order the rail carrier to pay the
amount awarded by a specific date. The Board may order a rail
carrier providing transportation subject to the jurisdiction of the
Board under this part to pay damages only when the proceeding
is on complaint. The person for whose benefit an order of the
Board requiring the payment of money is made may bring a civil
action to enforce that order under this paragraph if the rail carrier
does not pay the amount awarded by the date payment was ordered to be made.

"(d)(1) When a person begins a civil action under subsection (b) of this section to enforce an order of the Board requiring the payment of damages by a rail carrier providing transportation subject to the jurisdiction of the Board under this part, the text of the order of the Board must be included in the complaint. In addition to the district courts of the United States, a State court of general jurisdiction having jurisdiction of the parties has jurisdiction to enforce an order under this paragraph. The findings and order of the Board are competent evidence of the facts stated in them. Trial in a civil action brought in a district court of the United States under this paragraph is in the judicial district—

"(A) in which the plaintiff resides;

"(B) in which the principal operating office of the rail carrier is located; or

"(C) through which the railroad line of that carrier runs.

In a civil action brought in a district court of the United States under this paragraph, the plaintiff is liable for only those costs that accrue on an appeal taken by the plaintiff.

"(2) All parties in whose favor the award was made may be joined as plaintiffs in a civil action brought in a district court of the United States under this subsection and all the rail carriers that are parties to the order awarding damages may be joined as defendants. Trial in the action is in the judicial district in which any one of the plaintiffs could bring the action against any one of the defendants. Process may be served on a defendant at its principal operating office when that defendant is not in the district in which the action is brought. A judgment ordering recovery may be made in favor of any of those plaintiffs against the defendant found to be liable to that plaintiff.

"(3) The district court shall award a reasonable attorney's fee as a part of the damages for which a rail carrier is found liable under this subsection. The district court shall tax and collect that fee as a part of the costs of the action.

"§ 11705. Limitation on actions by and against rail carriers

"(a) A rail carrier providing transportation or service subject to the jurisdiction of the Board under this part must begin a civil action to recover charges for transportation or service provided by the carrier within 3 years after the claim accrues.

"(b) A person must begin a civil action to recover overcharges under section 11704(b) of this title within 3 years after the claim accrues, whether or not a complaint is filed under section 11704(c)(1).

"(c) A person must file a complaint with the Board to recover damages under section 11704(b) of this title within 2 years after the claim accrues.

"(d) The limitation period under subsection (b) of this section is extended for 6 months from the time written notice is given to the claimant by the rail carrier of disallowance of any part of the claim specified in the notice if a written claim is given to the rail carrier within that limitation period. The limitation periods under subsections (b) and (c) of this section are extended for 90 days from the time the rail carrier begins a civil action under subsection (a) of this section to recover charges related to the same transportation or service, or collects (without beginning a civil action under that subsection) the charge for that transportation or service if that action is begun or collection is made within the appropriate period.

"(e) A person must begin a civil action to enforce an order of the Board against a rail carrier for the payment of money within one year after the date the order required the money to be paid.

"(f) This section applies to transportation for the United States Government. The time limitations under this section are extended,
as related to transportation for or on behalf of the United States Government, for 3 years from the date of—

“(1) payment of the rate for the transportation or service involved;
“(2) subsequent refund for overpayment of that rate; or
“(3) deduction made under section 3726 of title 31, whichever is later.
“(g) A claim related to a shipment of property accrues under this section on delivery or tender of delivery by the rail carrier.

§11706. Liability of rail carriers under receipts and bills of lading

“(a) A rail carrier providing transportation or service subject to the jurisdiction of the Board under this part shall issue a receipt or bill of lading for property it receives for transportation under this part. That rail carrier and any other carrier that delivers the property and is providing transportation or service subject to the jurisdiction of the Board under this part are liable to the person entitled to recover under the receipt or bill of lading. The liability imposed under this subsection is for the actual loss or injury to the property caused by—
“(1) the receiving rail carrier;
“(2) the delivering rail carrier; or
“(3) another rail carrier over whose line or route the property is transported in the United States or from a place in the United States to a place in an adjacent foreign country when transported under a through bill of lading.

Failure to issue a receipt or bill of lading does not affect the liability of a rail carrier. A delivering rail carrier is deemed to be the rail carrier performing the line-haul transportation nearest the destination but does not include a rail carrier providing only a switching service at the destination.

“(b) The rail carrier issuing the receipt or bill of lading under subsection (a) of this section or delivering the property for which the receipt or bill of lading was issued is entitled to recover from the rail carrier over whose line or route the loss or injury occurred the amount required to be paid to the owners of the property, as evidenced by a receipt, judgment, or transcript, and the amount of its expenses reasonably incurred in defending a civil action brought by that person.

“(c)(1) A rail carrier may not limit or be exempt from liability imposed under subsection (a) of this section except as provided in this subsection. A limitation of liability or of the amount of recovery or representation or agreement in a receipt, bill of lading, contract, or rule in violation of this section is void.
“(2) A rail carrier of passengers may limit its liability under its passenger rate for loss or injury of baggage carried on trains carrying passengers.
“(3) A rail carrier providing transportation or service subject to the jurisdiction of the Board under this part may establish rates for transportation of property under which—
“(A) the liability of the rail carrier for such property is limited to a value established by written declaration of the shipper or by a written agreement between the shipper and the carrier; or
“(B) specified amounts are deducted, pursuant to a written agreement between the shipper and the carrier, from any claim against the carrier with respect to the transportation of such property.
“(d)(1) A civil action under this section may be brought in a district court of the United States or in a State court.
“(2)(A) A civil action under this section may only be brought—
“(i) against the originating rail carrier, in the judicial district in which the point of origin is located;
PUBLIC LAW 104–88—DEC. 29, 1995

TRANSPORTATION ACTS

“(ii) against the delivering rail carrier, in the judicial district in which the principal place of business of the person bringing the action is located if the delivering carrier operates a railroad or a route through such judicial district, or in the judicial district in which the point of destination is located; and

“(iii) against the carrier alleged to have caused the loss or damage, in the judicial district in which such loss or damage is alleged to have occurred.

“(B) In this section, ‘judicial district’ means (i) in the case of a United States district court, a judicial district of the United States, and (ii) in the case of a State court, the applicable geographic area over which such court exercises jurisdiction.

“(e) A rail carrier may not provide by rule, contract, or otherwise, a period of less than 9 months for filing a claim against it under this section and a period of less than 2 years for bringing a civil action against it under this section. The period for bringing a civil action is computed from the date the carrier gives a person written notice that the carrier has disallowed any part of the claim specified in the notice. For the purposes of this subsection—

“(1) an offer of compromise shall not constitute a disallowance of any part of the claim unless the carrier, in writing, informs the claimant that such part of the claim is disallowed and provides reasons for such disallowance; and

“(2) communications received from a carrier’s insurer shall not constitute a disallowance of any part of the claim unless the insurer, in writing, informs the claimant that such part of the claim is disallowed, provides reasons for such disallowance, and informs the claimant that the insurer is acting on behalf of the carrier.

§ 11707. Liability when property is delivered in violation of routing instructions

“(a)(1) When a rail carrier providing transportation subject to the jurisdiction of the Board under this part diverts or delivers property to another rail carrier in violation of routing instructions in the bill of lading, both of those rail carriers are jointly and severally liable to the rail carrier that was deprived of its right to participate in hauling that property for the total amount of the rate it would have received if it participated in hauling the property.

“(2) A rail carrier is not liable under paragraph (1) of this subsection when it diverts or delivers property in compliance with an order or regulation of the Board.

“(3) A rail carrier to whom property is transported is not liable under this subsection if it shows that it had no notice of the routing instructions before transporting the property. The burden of proving lack of notice is on that rail carrier.

“(b) The court shall award a reasonable attorney’s fee to the plaintiff in a judgment against the defendant rail carrier under subsection (a) of this section. The court shall tax and collect that fee as a part of the costs of the action.

“CHAPTER 119—CIVIL AND CRIMINAL PENALTIES

§ 11901. General civil penalties

“(a) Except as otherwise provided in this section, a rail carrier providing transportation subject to the jurisdiction of the Board
under this part, an officer or agent of that rail carrier, or a receiver, trustee, lessee, or agent of one of them, knowingly violating this part or an order of the Board under this part is liable to the United States Government for a civil penalty of not more than $5,000 for each violation. Liability under this subsection is incurred for each distinct violation. A separate violation occurs for each day the violation continues.

“(b) A rail carrier providing transportation subject to the jurisdiction of the Board under this part, or a receiver or trustee of that rail carrier, violating a regulation or order of the Board under section 11124(a)(2) or (b) of this title is liable to the United States Government for a civil penalty of $500 for each violation and for $25 for each day the violation continues.

“(c) A person knowingly authorizing, consenting to, or permitting a violation of sections 10901 through 10906 of this title or of a requirement or a regulation under any of those sections, is liable to the United States Government for a civil penalty of not more than $5,000.

“(1) is not necessary to carry out the transportation policy of section 13101;

“(2) is not needed to protect shippers from the abuse of market power or that the transaction or service is of limited scope; and

“(3) is in the public interest.

(b) INITIATION OF PROCEEDING.—The Secretary or Board, as applicable, may, where appropriate, begin a proceeding under this section on the Secretary's or Board's own initiative or on application by an interested party.

(c) PERIOD OF EXEMPTION.—The Secretary or Board, as applicable, may specify the period of time during which an exemption granted under this section is effective.

“(A) a movement of household goods,

“(B) a rate for a movement by or with a water carrier in noncontiguous domestic trade, or

“(C) rates, rules, and classifications made collectively by motor carriers under agreements approved pursuant to section 13703,

must be reasonable.

“(2) THROUGH ROUTES AND DIVISIONS OF JOINT RATES.—

Through routes and divisions of joint rates for such transportation or service must be reasonable.

“(b) PRESCRIPTION BY BOARD FOR VIOLATIONS.—When the Board finds it necessary to stop or prevent a violation of subsection (a), the Board shall prescribe the rate, classification, rule, practice, through route, or division of joint rates to be applied for such transportation or service.

“(c) FILING OF COMPLAINT.—A complaint that a rate, classification, rule, or practice in noncontiguous domestic trade violates subsection (a) may be filed with the Board.

“(d) ZONE OF REASONABLENESS.—

“(1) IN GENERAL.—For purposes of this section, a rate or division of a motor carrier for service in noncontiguous domestic trade or water carrier for port-to-port service in that trade is reasonable if the aggregate of increases and decreases in any such rate or division is not more than 7.5 percent above, or more than 10 percent below, the rate or division in effect 1 year before the effective date of the proposed rate or division.

“(2) ADJUSTMENTS TO THE ZONE.—The percentage specified in paragraph (1) shall be increased or decreased, as the case may be, by the percentage change in the Producers Price Index, as published by the Department of Labor, that has occurred during the most recent 1-year period before the date the rate or division in question first took effect.

“(3) DETERMINATIONS AFTER COMPLAINT.—The Board shall determine whether any rate or division of a carrier or service in noncontiguous domestic trade which is not within the range described in paragraph (1) is reasonable if a complaint is filed under subsection (c) or section 13702(b)(6).
TRANSPORTATION ACTS

PUBLIC LAW 104–88—DEC. 29, 1995

“(4) Reparations.—Upon a finding of violation of subsection (a), the Board shall award reparations to the complaining shipper or shippers in an amount equal to all sums assessed and collected that exceed the determined reasonable rate, division, rate structure, or tariff. Upon complaint from any governmental agency or authority and upon a finding or violation of subsection (a), the Board shall make such orders as are just and shall require the carrier to return, to the extent practicable, to shippers all amounts plus interest, which the Board finds to have been assessed and collected in violation of subsection (a).

§ 13702. Tariff requirement for certain transportation

“(a) In General.—Except when providing transportation for charitable purposes without charge, a carrier subject to jurisdiction under chapter 135 may provide transportation or service that is—

“(1) in noncontiguous domestic trade, except with regard to bulk cargo, forest products, recycled metal scrap, waste paper, and paper waste; or

“(2) for movement of household goods;

only if the rate for such transportation or service is contained in a tariff that is in effect under this section. The carrier may not charge or receive a different compensation for the transportation or service than the rate specified in the tariff, whether by returning a part of that rate to a person, giving a person a privilege, allowing the use of a facility that affects the value of that transportation or service, or another device. A rate contained in a tariff shall be stated in money of the United States.

“(b) Tariff Requirements for Noncontiguous Domestic Trade.—

“(1) Filing.—A carrier providing transportation or service described in subsection (a)(1) shall publish and file with the Board tariffs containing the rates established for such transportation or service. The carriers shall keep such tariffs available for public inspection. The Board shall prescribe the form and manner of publishing, filing, and keeping tariffs available for public inspection under this subsection.

“(2) Contents.—The Board may prescribe any specific information and charges to be identified in a tariff, but at a minimum tariffs must identify plainly—

“(A) the carriers that are parties to it;

“(B) the places between which property will be transported;

“(C) terminal charges if a carrier provides transportation or service subject to jurisdiction under subchapter III of chapter 135;

“(D) privileges given and facilities allowed; and

“(E) any rules that change, affect, or determine any part of the published rate.

“(4) Time-Volume Rates.—Rates in tariffs filed under this subsection may vary with the volume of cargo offered over a specified period of time.

“(5) Changes.—The Board may permit carriers to change rates, classifications, rules, and practices without filing complete tariffs under this subsection that cover matter that is not being changed when the Board finds that action to be consistent with the public interest. Those carriers may either—

“(A) publish new tariffs that incorporate changes, or...
“(B) plainly indicate the proposed changes in the tariffs then in effect and make the tariffs as changed available for public inspection.

“(6) COMPLAINTS.—A complaint that a rate or related rule or practice maintained in a tariff under this subsection violates section 13701(a) may be submitted to the Board for resolution.

“(c) TARIFF REQUIREMENTS FOR HOUSEHOLD GOODS CARRIERS.—

“(1) IN GENERAL.—A carrier providing transportation described in subsection (a)(2) shall maintain rates and related rules and practices in a published tariff. The tariff must be available for inspection by the Board and be made available for inspection by shippers upon reasonable request.

“(2) NOTICE OF AVAILABILITY.—A carrier that maintains a tariff under this subsection may not enforce the provisions of the tariff unless the carrier has given notice that the tariff is available for inspection in its bill of lading or by other actual notice to individuals whose shipments are subject to the tariff.

“(3) REQUIREMENTS.—A carrier that maintains a tariff under this subsection is bound by the tariff except as otherwise provided in this part. A tariff that does not comply with this subsection may not be enforced against any individual shipper.

“(4) INCORPORATION BY REFERENCE.—A carrier may incorporate by reference the rates, terms, and other conditions of a tariff in agreements covering the transportation of household goods.

“(5) COMPLAINTS.—A complaint that a rate or related rule or practice maintained in a tariff under this subsection violates section 13701(a) may be submitted to the Board for resolution.

“(d) INVALIDATION.—The Board may invalidate a tariff prepared by a carrier or carriers under this section if that tariff violates this section or a regulation of the Board carrying out this section.

“§ 13703. Certain collective activities; exemption from antitrust laws

“(1) AUTHORITY TO ENTER.—A motor carrier providing transportation or service subject to jurisdiction under chapter 135 may enter into an agreement with one or more such carriers to establish—

“(A) through routes and joint rates;

“(B) rates for the transportation of household goods;

“(C) classifications;

“(D) mileage guides;

“(E) rules;

“(F) divisions;

“(G) rate adjustments of general application based on industry average carrier costs (so long as there is no discussion of individual markets or particular single-line rates); or

“(H) procedures for joint consideration, initiation, or establishment of matters described in subparagraphs (A) through (G).

“(2) SUBMISSION OF AGREEMENT TO BOARD; APPROVAL.—An agreement entered into under subsection (a) may be submitted by any carrier or carriers that are parties to such agreement to the Board for approval and may be approved by the Board only if it finds that such agreement is in the public interest.

“(3) CONDITIONS.—The Board may require compliance with reasonable conditions consistent with this part to assure that the agreement furthers the transportation policy set forth in section 13101.

“(4) INDEPENDENTLY ESTABLISHED RATES.—Any carrier which is a party to an agreement under paragraph (1) is not, and may not be, precluded from independently establishing
its own rates, classification, and mileages or from adopting and using a noncollectively made classification or mileage guide.

“(5) INVESTIGATIONS.—

“(A) REASONABleness.—The Board may suspend and investigate the reasonableness of any rate, rule, classification, or rate adjustment of general application made pursuant to an agreement under this section.

“(B) ACTIONS NOT IN THE PUBLIC INTEREST.—The Board may investigate any action taken pursuant to an agreement approved under this section. If the Board finds that the action is not in the public interest, the Board may take such measures as may be necessary to protect the public interest with regard to the action, including issuing an order directing the parties to cease and desist or modify the action.

“(6) EFFECT OF APPROVAL.—If the Board approves the agreement or renews approval of the agreement, it may be made and carried out under its terms and under the conditions required by the Board, and the antitrust laws, as defined in the first section of the Clayton Act (15 U.S.C. 12), do not apply to parties and other persons with respect to making or carrying out the agreement.

“(b) RECORDS.—The Board may require an organization established or continued under an agreement approved under this section to maintain records and submit reports. The Board, or its delegate, may inspect a record maintained under this section, or monitor any organization’s compliance with this section.

“(c) REVIEW.—The Board may review an agreement approved under this section, on its own initiative or on request, and shall change the conditions of approval or terminate it when necessary to protect the public interest. Action of the Board under this section—

“(1) approving an agreement,

“(2) denying, ending, or changing approval,

“(3) prescribing the conditions on which approval is granted, or

“(4) changing those conditions,

has effect only as related to application of the antitrust laws referred to in subsection (a).

“(d) EXPIRATION OF APPROVALS; RENEWALS.—Subject to subsection (c), approval of an agreement under subsection (a) shall expire 3 years after the date of approval unless renewed under this subsection. The approval may be renewed upon request of the parties to the agreement if such parties resubmit the agreement to the Board, the agreement is unchanged, and the Board approves such renewal. The Board shall approve the renewal unless it finds that the renewal is not in the public interest. Parties to the agreement may continue to undertake activities pursuant to the previously approved agreement while the renewal request is pending.

“(e) EXISTING AGREEMENTS.—Agreements approved under former section 10706(b) and in effect on the day before the effective date of this section shall be treated for purposes of this section as approved by the Board under this section beginning on such effective date.

“(f) LIMITATIONS ON STATUTORY CONSTRUCTION.—

“(1) UNDERCHARGE CLAIMS.—Nothing in this section shall serve as a basis for any undercharge claim.

“(2) OBLIGATION OF SHIPPER.—Nothing in this title, the ICC Termination Act of 1995, or any amendments or repeals made by such Act shall be construed as creating any obligation for a shipper based solely on a classification that was on file with the Interstate Commerce Commission or elsewhere on the day before the effective date of this section.

“(g) INDUSTRY STANDARD GUIDES.—

“(1) IN GENERAL.—
Publication.

“(A) Public availability.—Routes, rates, classifications, mileage guides, and rules established under agreements approved under this section shall be published and made available for public inspection upon request.

“(B) Participation of carriers.—

“(i) In general.—A motor carrier of property whose routes, rates, classifications, mileage guides, rules, or packaging are determined or governed by publications established under agreements approved under this section must participate in the determining or governing publication for such provisions to apply.

“(ii) Power of attorney.—The motor carrier of property shall issue a power of attorney to the publishing agent and, upon its acceptance, the agent shall issue a written certification to the motor carrier affirming its participation in the governing publication, and the certification shall be made available for public inspection.

“(2) Mileage limitation.—No carrier subject to jurisdiction under subchapter I or III of chapter 135 may enforce collection of its mileage rates unless such carrier—

“(A) is a participant in a publication of mileages formulated under an agreement approved under this section; or

“(B) uses a publication of mileage (other than a publication described in subparagraph (A)) that can be examined by any interested person upon reasonable request.

“(h) Single line rate defined.—In this section, the term ‘single line rate’ means a rate, charge, or allowance proposed by a single motor carrier that is applicable only over its line and for which the transportation can be provided by that carrier.

“§ 13704. Household goods rates—estimates; guarantees of service

“(a) In general.—

“(1) Authority.—Subject to the provisions of paragraph (2) of this subsection, a motor carrier providing transportation of household goods subject to jurisdiction under subchapter I of chapter 135 may establish a rate for the transportation of household goods which is based on the carrier’s written, binding estimate of charges for providing such transportation.

“(2) Nonpreferential; nonpredatory.—Any rate established under this subsection must be available on a nonpreferential basis to shippers and must not result in charges to shippers which are predatory.

“(b) Rates for guaranteed service.—

“(1) Authority.—Subject to the provisions of paragraph (2) of this subsection, a motor carrier providing transportation of household goods subject to jurisdiction under subchapter I of chapter 135 may establish rates for the transportation of household goods which guarantee that the carrier will pick up and deliver such household goods at the times specified in the contract for such services and provide a penalty or per diem payment in the event the carrier fails to pick up or deliver such household goods at the specified time. The charges, if any, for such guarantee and penalty provision may vary to reflect one or more options available to meet a particular shipper’s needs.

“(2) Authority of secretary to require nonguaranteed service rates.—Before a carrier may establish a rate for any service under paragraph (1) of this subsection, the Secretary may require such carrier to have in effect and keep in effect, during any period such rate is in effect under paragraph (1), a rate for such service which does not guarantee the pick up and delivery of household goods at the times specified in
the contract for such services and which does not provide a penalty or per diem payment in the event the carrier fails to pick up or deliver household goods at the specified time.

§ 13705. Requirements for through routes among motor carriers of passengers

(a) Establishment; Reasonableness.—A motor carrier providing transportation of passengers subject to jurisdiction under subchapter I of chapter 135 shall establish through routes with other carriers of the same type and shall establish individual and joint rates applicable to them. Such through route must be reasonable.

(b) Prescribed by Board.—When the Board finds it necessary to enforce the requirements of this section, the Board may prescribe through routes and the conditions under which those routes must be operated for motor carriers providing transportation of passengers subject to jurisdiction under subchapter I of chapter 135.

§ 13706. Liability for payment of rates

(a) Liability of Consignee.—Liability for payment of rates for transportation for a shipment of property by a shipper or consignor to a consignee other than the shipper or consignor, is determined under this section when the transportation is provided by motor carrier under this part. When the shipper or consignor instructs the carrier transporting the property to deliver it to a consignee that is an agent only, not having beneficial title to the property, the consignee is liable for rates billed at the time of delivery for which the consignee is otherwise liable, but not for additional rates that may be found to be due after delivery if the consignee gives written notice to the delivering carrier before delivery of the property—

(1) of the agency and absence of beneficial title; and

(2) of the name and address of the beneficial owner of the property if it is reconsigned or diverted to a place other than the place specified in the original bill of lading.

(b) Liability of Beneficial Owner.—When the consignee is liable only for rates billed at the time of delivery under subsection (a), the shipper or consignor, or, if the property is reconsigned or diverted, the beneficial owner is liable for those additional rates regardless of the bill of the lading or contract under which the property was transported. The beneficial owner is liable for all rates when the property is reconsigned or diverted by an agent but is refused or abandoned at its ultimate destination if the agent gave the carrier in the reconsignmen or diversion order a notice of agency and the name and address of the beneficial owner. A consignee giving the carrier erroneous information about the identity of the beneficial owner of the property is liable for the additional rates.

§ 13707. Payment of rates

(a) Transfer of Possession Upon Payment.—Except as provided in subsection (b), a carrier providing transportation or service subject to jurisdiction under this part shall give up possession at the destination of the property transported by it only when payment for the transportation or service is made.

(b) Exceptions.—

(1) Regulations.—Under regulations of the Secretary governing the payment for transportation and service and preventing discrimination, those carriers may give up possession at destination of property transported by them before payment for the transportation or service. The regulations of the Secretary may provide for weekly or monthly payment for transportation provided by motor carriers and for periodic payment for transportation provided by water carriers.
“(2) Extensions of credit to governmental entities.—Such a carrier (including a motor carrier being used by a household goods freight forwarder) may extend credit for transporting property for the United States Government, a State, a territory or possession of the United States, or a political subdivision of any of them.

§ 13708. Billing and collecting practices

“(a) Disclosure.—A motor carrier subject to jurisdiction under subchapter I of chapter 135 shall disclose, when a document is presented or electronically transmitted for payment to the person responsible directly to the motor carrier for payment or agent of such responsible person, the actual rates, charges, or allowances for any transportation service and shall also disclose, at such time, whether and to whom any allowance or reduction in charges is made.

“(b) False or misleading information.—No person may cause a motor carrier to present false or misleading information on a document about the actual rate, charge, or allowance to any party to the transaction.

“(c) Allowances for services.—When the actual rate, charge, or allowance is dependent upon the performance of a service by a party to the transportation arrangement, such as tendering a volume of freight over a stated period of time, the motor carrier shall indicate in any document presented for payment to the person responsible directly to the motor carrier that a reduction, allowance, or other adjustment may apply.

§ 13709. Procedures for resolving claims involving unfiled, negotiated transportation rates

“(a) Transportation provided at rates other than legal tariff rates.—

“(1) In general.—When a claim is made by a motor carrier of property (other than a household goods carrier) providing transportation subject to jurisdiction under subchapter II of chapter 105 (as in effect on the day before the effective date of this section) or subchapter I of chapter 135, by a freight forwarder (other than a household goods freight forwarder), or by a party representing such a carrier or freight forwarder regarding the collection of rates or charges for such transportation in addition to those originally billed and collected by the carrier or freight forwarder for such transportation, the person against whom the claim is made may elect to satisfy the claim under the provisions of subsection (b), (c), or (d), upon showing that—

“(A) the carrier or freight forwarder is no longer transporting property or is transporting property for the purpose of avoiding the application of this section; and

“(B) with respect to the claim—

“(i) the person was offered a transportation rate by the carrier or freight forwarder other than that legally on file at the time with the Board or with the Interstate Commerce Commission, as required, for the transportation service;

“(ii) the person tendered freight to the carrier or freight forwarder in reasonable reliance upon the offered transportation rate;

“(iii) the carrier or freight forwarder did not properly or timely file with the Board or with the Interstate Commerce Commission, as required, a tariff providing for such transportation rate or failed to enter into an agreement for contract carriage;

“(iv) such transportation rate was billed and collected by the carrier or freight forwarder; and
“(v) the carrier or freight forwarder demands additional payment of a higher rate filed in a tariff.

“(2) Forum.—If there is a dispute as to the showing under paragraph (1)(A), such dispute shall be resolved by the court in which the claim is brought. If there is a dispute as to the showing under paragraph (1)(B), such dispute shall be resolved by the Board. Pending the resolution of any such dispute, the person shall not have to pay any additional compensation to the carrier or freight forwarder.

“(3) Effect of satisfaction of claims.—Satisfaction of the claim under subsection (b), (c), or (d) shall be binding on the parties, and the parties shall not be subject to chapter 119 of this title, as such chapter was in effect on the day before the effective date of this section, or chapter 149.

“(b) Claims involving shipments weighing 10,000 pounds or less.—A person from whom the additional legally applicable and effective tariff rate or charges are sought may elect to satisfy the claim if the shipments each weighed 10,000 pounds or less, by payment of 20 percent of the difference between the carrier's applicable and effective tariff rate and the rate originally billed and paid. In the event that a dispute arises as to the rate that was legally applicable to the shipment, such dispute shall be resolved by the Board.

“(c) Claims involving shipments weighing more than 10,000 pounds.—A person from whom the additional legally applicable and effective tariff rate or charges are sought may elect to satisfy the claim if the shipments each weighed more than 10,000 pounds, by payment of 15 percent of the difference between the carrier's applicable and effective tariff rate and the rate originally billed and paid. In the event that a dispute arises as to the rate that was legally applicable to the shipment, such dispute shall be resolved by the Board.

“(d) Claims involving public warehousemen.—Notwithstanding subsections (b) and (c), a person from whom the additional legally applicable and effective tariff rate or charges are sought may elect to satisfy the claim by payment of 5 percent of the difference between the carrier's applicable and effective tariff rate and the rate originally billed and paid if such person is a public warehouseman. In the event that a dispute arises as to the rate that was legally applicable to the shipment, such dispute shall be resolved by the Board.

“(e) Effects of election.—When a person from whom additional legally applicable freight rates or charges are sought does not elect to use the provisions of subsection (b), (c) or (d), the person may pursue all rights and remedies existing under this part or, for transportation provided before the effective date of this section, all rights and remedies that existed under this title on the day before such effective date.

“(f) Stay of additional compensation.—When a person proceeds under this section to challenge the reasonableness of the legally applicable freight rate or charges being claimed by a carrier or freight forwarder in addition to those already billed and collected, the person shall not have to pay any additional compensation to the carrier or freight forwarder until the Board has made a determination as to the reasonableness of the challenged rate as applied to the freight of the person against whom the claim is made.

“(g) Notification of election.—

“(1) General rule.—A person must notify the carrier or freight forwarder as to its election to proceed under subsection (b), (c), or (d). Except as provided in paragraphs (2), (3), and (4), such election may be made at any time.

“(2) Demands for payment initially made after December 3, 1993.—If the carrier or freight forwarder or party representing such carrier or freight forwarder initially demands
the payment of additional freight charges after December 3, 1993, and notifies the person from whom additional freight charges are sought of the provisions of subsections (a) through (f) at the time of the making of such initial demand, the election must be made not later than the later of—

“(A) the 60th day following the filing of an answer to a suit for the collection of such additional legally applicable freight rate or charges, or

“(B) March 5, 1994.

“(3) PENDING SUITS FOR COLLECTION MADE BEFORE DECEMBER 4, 1993.—If the carrier or freight forwarder or party representing such carrier or freight forwarder has filed, before December 4, 1993, a suit for the collection of additional freight charges and notifies the person from whom additional freight charges are sought of the provisions of subsections (a) through (f), the election must be made not later than the 90th day following the date on which such notification is received.

“(4) DEMANDS FOR PAYMENT MADE BEFORE DECEMBER 4, 1993.—If the carrier or freight forwarder or party representing such carrier or freight forwarder has demanded the payment of additional freight charges, and has not filed a suit for the collection of such additional freight charges, before December 4, 1993, and notifies the person from whom additional freight charges are sought of the provisions of subsections (a) through (f), the election must be made not later than the later of—

“(A) the 60th day following the filing of an answer to a suit for the collection of such additional legally applicable freight rate or charges, or

“(B) March 5, 1994.

“(2) REASONABLENESS OF RATES; COLLECTING ADDITIONAL CHARGES.—When the applicability or reasonableness of the rates and related provisions billed by a motor carrier is challenged by the person paying the freight charges, the Board shall determine whether such rates and provisions are reasonable under section 13701 or applicable based on the record before it.
“(3) Billing disputes.—

(A) Initiated by motor carriers.—In those cases where a motor carrier (other than a motor carrier providing transportation of household goods or in noncontiguous domestic trade) seeks to collect charges in addition to those billed and collected which are contested by the payor, the carrier may request that the Board determine whether any additional charges over those billed and collected must be paid. A carrier must issue any bill for charges in addition to those originally billed within 180 days of the receipt of the original bill in order to have the right to collect such charges.

(B) Initiated by shippers.—If a shipper seeks to contest the charges originally billed or additional charges subsequently billed, the shipper may request that the Board determine whether the charges billed must be paid. A shipper must contest the original bill or subsequent bill within 180 days of receipt of the bill in order to have the right to contest such charges.

(4) Voiding of certain tariffs.—Any tariff on file with the Interstate Commerce Commission on August 26, 1994, and not required to be filed after that date is null and void beginning on that date. Any tariff on file with the Interstate Commerce Commission on the effective date of this section and not required to be filed after that date is null and void beginning on that date.

(b) Resolution of disputes over status of common carrier or contract carrier.—If a motor carrier (other than a motor carrier providing transportation of household goods) that was subject to jurisdiction under subchapter II of chapter 105, as in effect on the day before the effective date of this section, and that had authority to provide transportation as both a motor common carrier and a motor contract carrier and a dispute arises as to whether certain transportation that was provided prior to the effective date of this section was provided in its common carrier or contract carrier capacity and the parties are not able to resolve the dispute consensually, the Board shall resolve the dispute.

§ 13711. Alternative procedure for resolving undercharge disputes

“(a) General rule.—It shall be an unreasonable practice for a motor carrier of property (other than a household goods carrier) providing transportation subject to jurisdiction under subchapter I of chapter 135 or, before the effective date of this section, to have provided transportation that was subject to jurisdiction under subchapter II of chapter 105, as in effect on the day before the effective date of this section, a freight forwarder (other than a household goods freight forwarder), or a party representing such a carrier or freight forwarder to attempt to charge or to charge for a transportation service the difference between (1) the applicable rate that was lawfully in effect pursuant to a tariff that was filed in accordance with this chapter or, with respect to transportation provided before the effective date of this section, in accordance with chapter 107, as in effect on the date the transportation was provided, by the carrier or freight forwarder applicable to such transportation service, and (2) the negotiated rate for such transportation service if the carrier or freight forwarder is no longer transporting property between places described in section 13501(1) or is transporting property between places described in section 13501(1) for the purpose of avoiding application of this section.

“(b) Jurisdiction of Board.—

(1) Determination.—The Board shall have jurisdiction to make a determination of whether or not attempting to charge or the charging of a rate by a motor carrier or freight forwarder or party representing a motor carrier or freight forwarder is

an unreasonable practice under subsection (a). If the Board determines that attempting to charge or the charging of the rate is an unreasonable practice under subsection (a), the carrier, freight forwarder, or party may not collect the difference described in subsection (a) between the applicable rate and the negotiated rate for the transportation service.

"(2) FACTORS TO CONSIDER.—In making a determination under paragraph (1), the Board shall consider—

"(A) whether the person was offered a transportation rate by the carrier or freight forwarder or party other than that legally on file with the Interstate Commerce Commission or the Board, as required, at the time of the movement for the transportation service;

"(B) whether the person tendered freight to the carrier or freight forwarder in reasonable reliance upon the offered transportation rate;

"(C) whether the carrier or freight forwarder did not properly or timely file with the Interstate Commerce Commission or the Board, as required, a tariff providing for such transportation rate or failed to enter into an agreement for contract carriage;

"(D) whether the transportation rate was billed and collected by the carrier or freight forwarder; and

"(E) whether the carrier or freight forwarder or party demands additional payment of a higher rate filed in a tariff.

"(c) STAY OF ADDITIONAL COMPENSATION.—When a person proceeds under this section to challenge the reasonableness of the practice of a motor carrier, freight forwarder, or party described in subsection (a) to attempt to charge or to charge the difference described in subsection (a) between the applicable rate and the negotiated rate for the transportation service in addition to those charges already billed and collected for the transportation service, the person shall not have to pay any additional compensation to the carrier, freight forwarder, or party until the Board has made a determination as to the reasonableness of the practice as applied to the freight of the person against whom the claim is made.

"(d) TREATMENT.—Subsection (a) is an exception to the requirements of section 13702 and, for transportation provided before the effective date of this section, to the requirements of sections 10761(a) and 10762, as in effect on the day before such effective date, as such sections relate to a filed tariff rate and other general tariff requirements.

"(e) NONAPPLICABILITY OF NEGOTIATED RATE DISPUTE RESOLUTION PROCEDURE.—If a person elects to seek enforcement of subsection (a) with respect to a rate for a transportation or service, section 13709 shall not apply to such rate.

"(f) DEFINITIONS.—In this section, the term "negotiated rate" means a rate, charge, classification, or rule agreed upon by a motor carrier or freight forwarder and a shipper through negotiations pursuant to which no tariff was lawfully and timely filed and for which there is written evidence of such agreement.

"(g) APPLICABILITY TO PENDING CASES.—This section shall apply to all cases and proceedings pending on the effective date of this section.

§ 13712. Government traffic

"A carrier providing transportation or service for the United States Government may transport property or individuals for the United States Government without charge or at a rate reduced from the applicable commercial rate. Section 3709 of the Revised Statutes (41 U.S.C. 5) does not apply when transportation for the United States Government can be obtained from a carrier

§ 13713. Food and grocery transportation

“(a) Certain Compensation Prohibited.—Notwithstanding any other provision of law, it shall not be unlawful for a seller of food and grocery products using a uniform zone delivered pricing system to compensate a customer who picks up purchased food and grocery products at the shipping point of the seller if such compensation is available to all customers of the seller on a non-discriminatory basis and does not exceed the actual cost to the seller of delivery to such customer.

“(b) Sense of Congress.—It is the sense of the Congress that any savings accruing to a customer by reason of compensation permitted by subsection (a) of this section should be passed on to the ultimate consumer.

“(a) MOTOR CARRIER REQUIREMENTS.—
“(1) LIABILITY INSURANCE REQUIREMENT.—The Secretary may register a motor carrier under section 13902 only if the registrant files with the Secretary a bond, insurance policy, or other type of security approved by the Secretary, in an amount not less than such amount as the Secretary prescribes pursuant to, or as is required by, sections 31138 and 31139, and the laws of the State or States in which the registrant is operating, to the extent applicable. The security must be sufficient to pay, not more than the amount of the security, for each final judgment against the registrant for bodily injury to, or death of, an individual resulting from the negligent operation, maintenance, or use of motor vehicles, or for loss or damage to property (except property referred to in paragraph (3) of this subsection), or both. A registration remains in effect only as long as the registrant continues to satisfy the security requirements of this paragraph.
“(2) AGENCY REQUIREMENT.—A motor carrier shall comply with the requirements of sections 13303 and 13304. To protect the public, the Secretary may require any such motor carrier to file the type of security that a motor carrier is required to file under paragraph (1) of this subsection. rogated, to the extent of the amount paid, to the rights of
the shipper or consignee under any such security.

"(b) Broker Requirements."—The Secretary may register a
person as a broker under section 13904 only if the person files
with the Secretary a bond, insurance policy, or other type of security

or loss of, or damage to, property (other than property referred

providing transfer, collection, or delivery service under this
part.

"(2) Freight Forwarder Insurance.—The Secretary may
require a registered freight forwarder to file with the Secretary
a bond, insurance policy, or other type of security approved
by the Secretary sufficient to pay, not more than the amount
of the security, for loss of, or damage to, property for which
the freight forwarder provides service.

"(3) Effective Period.—The freight forwarder's registra-
tion remains in effect only as long as the freight forwarder
continues to satisfy the security requirements of this subsection.

"(d) Type of Insurance.—The Secretary may determine the
type and amount of security filed under this section. A motor
carrier may submit proof of qualifications as a self-insurer to satisfy
the security requirements of this section. The Secretary shall adopt
regulations governing the standards for approval as a self-insurer.
Motor carriers which have been granted authority to self-insure
as of the effective date of this section shall retain that authority
unless, for good cause shown and after notice and an opportunity
for a hearing, the Secretary finds that the authority must be
revoked.

"(e) Notice of Cancellation of Insurance.—The Secretary
shall issue regulations requiring the submission to the Secretary
of notices of insurance cancellation sufficiently in advance of actual
cancellation so as to enable the Secretary to promptly revoke the
registration of any carrier or broker after the effective date of
the cancellation.

"(f) Form of Endorsement.—The Secretary shall also prescribe
the appropriate form of endorsement to be appended to policies
of insurance and surety bonds which will subject the insurance
policy or surety bond to the full security limits of the coverage
required under this section.

"§ 13907. Household goods agents

"(a) Carriers Responsible for Agents.—Each motor carrier
providing transportation of household goods shall be responsible

"(2) Right to Defend.—The agent shall have the right to appear at such hearing and rebut the charges contained in the complaint.

Thereafter, the Secretary may issue an order to limit, condition, or prohibit such agent from any involvement in the transportation or provision of services incidental to the transportation of household goods if, after notice and an opportunity for a hearing, the Secretary finds that such agent, within a reasonable time after the date of issuance of a compliance order under this section, but in no event less than 30 days after such date of issuance, has willfully failed to comply with such order.

"(4) Hearing.—Upon filing of a petition with the Secretary by an agent who is the subject of an order issued pursuant to the second sentence of paragraph (3) of this subsection and after notice, a hearing shall be held with an opportunity to be heard. At such hearing, a determination shall be made whether the order issued pursuant to paragraph (3) of this subsection should be rescinded.

"(5) Court Review.—Any agent adversely affected or aggrieved by an order of the Secretary issued under this subsection may seek relief in the appropriate United States court of appeals as provided by and in the manner prescribed in chapter 158 of title 28, United States Code.

"(d) Limitation on Applicability of Antitrust Laws.—

"(1) In General.—The antitrust laws, as defined in the first section of the Clayton Act (15 U.S.C. 12), do not apply to discussions or agreements between a motor carrier providing transportation of household goods and its agents (whether or not an agent is also a carrier) related solely to—

"(A) rates for the transportation of household goods under the authority of the principal carrier;

"(B) accessorial, terminal, storage, or other charges for services incidental to the transportation of household goods transported under the authority of the principal carrier;

"(a) Regulations replacing certain programs.—The Secretary, in cooperation with the States, and after notice and opportunity for public comment, shall issue regulations to replace the current Department of Transportation identification number system, the single State registration system under section 14504, the registration system contained in this chapter, and the financial responsibility information system under section 13906 with a single, on-line, Federal system. The new system shall serve as a clearinghouse and depository of information on and identification of all foreign and domestic motor carriers, brokers, and freight forwarders, and others required to register with the Department as well as information on safety fitness and compliance with required levels of financial responsibility. In issuing the regulations, the Secretary shall consider whether or not to integrate the requirements of section 13304 into the new system and may integrate such requirements into the new system.

"(b) Factors to be considered.—In conducting the rulemaking under subsection (a), the Secretary shall, at a minimum, consider the following factors:

"(1) Funding for State enforcement of motor carrier safety regulations.

"(2) Whether the existing single State registration system is duplicative and burdensome.

"(3) The justification and need for collecting the statutory fee for such system under section 14504(c)(2)(B)(iv).

"(4) The public safety.

"(5) The efficient delivery of transportation services.

"(6) How, and under what conditions, to extend the registration system to motor private carriers and to carriers exempt under sections 13502, 13503, and 13506.

"(c) Fee system.—The Secretary may establish, under section 9701 of title 31, a fee system for registration and filing evidence of financial responsibility under the new system under subsection (a). The Secretary may not take any action pursuant to this subsection unless—
“(1) fees that will be collected by the Secretary under subsection (c) and distributed in each fiscal year to the States will provide each State with at least as much revenue as that State received in fiscal year 1995 under section 11506, as in effect on the day before the effective date of this section; and

“CHAPTER 141—OPERATIONS OF CARRIERS

“SUBCHAPTER I—GENERAL REQUIREMENTS

“§ 14101. Providing transportation and service

“(a) ON REASONABLE REQUEST.—A carrier providing transportation or service subject to jurisdiction under chapter 135 shall provide the transportation or service on reasonable request. In addition, a motor carrier shall provide safe and adequate service, equipment, and facilities.

“(b) CONTRACTS WITH SHIPPERS.—

“(1) IN GENERAL.—A carrier providing transportation or service subject to jurisdiction under chapter 135 may enter into a contract with a shipper, other than for the movement of household goods described in section 13102(10)(A), to provide specified services under specified rates and conditions. If the shipper and carrier, in writing, expressly waive any or all rights and remedies under this part for the transportation covered by the contract, the transportation provided under the contract shall not be subject to the waived rights and remedies and may not be subsequently challenged on the ground that it violates the waived rights and remedies. The parties may not waive the provisions governing registration, insurance, or safety fitness.

“(2) REMEDY FOR BREACH OF CONTRACT.—The exclusive remedy for any alleged breach of a contract entered into under this subsection shall be an action in an appropriate State court or United States district court, unless the parties otherwise agree.

“§ 14102. Leased motor vehicles

“(a) GENERAL AUTHORITY OF SECRETARY.—The Secretary may require a motor carrier providing transportation subject to jurisdiction under subchapter I of chapter 135 that uses motor vehicles not owned by it to transport property under an arrangement with another party to—
“(1) make the arrangement in writing signed by the parties specifying its duration and the compensation to be paid by the motor carrier;

“(2) carry a copy of the arrangement in each motor vehicle to which it applies during the period the arrangement is in effect;

“(3) inspect the motor vehicles and obtain liability and cargo insurance on them; and

“(4) have control of and be responsible for operating those motor vehicles in compliance with requirements prescribed by the Secretary on safety of operations and equipment, and with other applicable law as if the motor vehicles were owned by the motor carrier.

“(b) RESPONSIBLE PARTY FOR LOADING AND UNLOADING.—The Secretary shall require, by regulation, that any arrangement, between a motor carrier of property providing transportation subject to jurisdiction under subchapter I of chapter 135 and any other person, under which such other person is to provide any portion of such transportation by a motor vehicle not owned by the carrier shall specify, in writing, who is responsible for loading and unloading the property onto and from the motor vehicle.

“§ 14103. Loading and unloading motor vehicles

“(a) SHIPPER RESPONSIBLE FOR ASSISTING.—Whenever a shipper or receiver of property requires that any person who owns or operates a motor vehicle transporting property in interstate commerce (whether or not such transportation is subject to jurisdiction under subchapter I of chapter 135) be assisted in the loading or unloading of such vehicle, the shipper or receiver shall be responsible for providing such assistance or shall compensate the owner or operator for all costs associated with securing and compensating the person or persons providing such assistance.

“(b) COERCION PROHIBITED.—It shall be unlawful to coerce or attempt to coerce any person providing transportation of property by motor vehicle for compensation in interstate commerce (whether or not such transportation is subject to jurisdiction under subchapter I of chapter 135) to load or unload any part of such property onto or from such vehicle or to employ or pay one or more persons to load or unload any part of such property onto or from such vehicle; except that this subsection shall not be construed as making unlawful any activity which is not unlawful under the National Labor Relations Act or the Act of March 23, 1932 (47 Stat. 70; 29 U.S.C. 101 et seq.), commonly known as the Norris-LaGuardia Act.

“§ 14104. Household goods carrier operations

“(a) GENERAL REGULATORY AUTHORITY.—

“(1) PAPERWORK MINIMIZATION.—The Secretary may issue regulations, including regulations protecting individual shippers, in order to carry out this part with respect to the transportation of household goods by motor carriers subject to jurisdiction under subchapter I of chapter 135. The regulations and paperwork required of motor carriers providing transportation of household goods shall be minimized to the maximum extent feasible consistent with the protection of individual shippers.

“(2) PERFORMANCE STANDARDS.—

“(A) IN GENERAL.—Regulations of the Secretary protecting individual shippers shall include, where appropriate, reasonable performance standards for the transportation of household goods subject to jurisdiction under subchapter I of chapter 135.

“(B) FACTORS TO CONSIDER.—In establishing performance standards under this paragraph, the Secretary shall take into account at least the following—
PUBLIC LAW 104–88—DEC. 29, 1995

“(i) the level of performance that can be achieved by a well-managed motor carrier transporting household goods;

“(ii) the degree of harm to individual shippers which could result from a violation of the regulation;

“(iii) the need to set the level of performance at a level sufficient to deter abuses which result in harm to consumers and violations of regulations;

“(iv) service requirements of the carriers;

“(v) the cost of compliance in relation to the consumer benefits to be achieved from such compliance; and

“(vi) the need to set the level of performance at a level designed to encourage carriers to offer service responsive to shipper needs.

“(3) LIMITATIONS ON STATUTORY CONSTRUCTION. —Nothing in this section shall be construed to limit the Secretary’s authority to require reports from motor carriers providing transportation of household goods or to require such carriers to provide specified information to consumers concerning their past performance.

“(b) ESTIMATES.—

“(1) AUTHORITY TO PROVIDE WITHOUT COMPENSATION.— Every motor carrier providing transportation of household goods subject to jurisdiction under subchapter I of chapter 135, upon request of a prospective shipper, may provide the shipper with an estimate of charges for transportation of household goods and for the proposed services. The Secretary shall not prohibit any such carrier from charging a prospective shipper for providing a written, binding estimate for the transportation and proposed services.

“(2) APPLICABILITY OF ANTITRUST LAWS.—Any charge for an estimate of charges provided by a motor carrier to a shipper for transportation of household goods subject to jurisdiction under subchapter I of chapter 135 shall be subject to the antitrust laws, as defined in the first section of the Clayton Act (15 U.S.C. 12).

“(c) FLEXIBILITY IN WEIGHING SHIPMENTS.—The Secretary shall issue regulations that provide motor carriers providing transportation of household goods subject to jurisdiction under subchapter I of chapter 135 with the maximum possible flexibility in weighing shipments, consistent with assurance to the shipper of accurate weighing practices. The Secretary shall not prohibit such carriers from backweighing shipments or from basing their charges on the reweigh weights if the shipper observes both the tare and gross weighings (or, prior to such weighings, waives in writing the opportunity to observe such weighings) and such weighings are performed on the same scale.

“SUBCHAPTER II—REPORTS AND RECORDS

pared or compiled under this subchapter by carriers and brokers, including records related to movement of traffic and receipts and expenditures of money.

"(b) RIGHT OF INSPECTION.—The Secretary or Board, or an employee designated by the Secretary or Board, may on demand and display of proper credentials—

"(1) inspect and examine the lands, buildings, and equipment of a carrier or broker; and

"(2) inspect and copy any record of—

"(A) a carrier, broker, or association; and

"(B) a person controlling, controlled by, or under common control with a carrier if the Secretary or Board, as applicable, considers inspection relevant to that person’s relation to, or transaction with, that carrier.

§ 14123. Financial reporting

"(a) REPORTS.—

"(2) OTHER REPORTS.—The Secretary may require motor carriers, freight forwarders, brokers, lessors, and associations, or classes of them as the Secretary may prescribe, to file quarterly, periodic, or special reports with the Secretary and to respond to surveys concerning their operations.

"(b) MATTERS TO BE COVERED.—In determining the matters to be covered by any reports to be filed under subsection (a), the Secretary shall consider—

"(1) safety needs;

"(2) the need to preserve confidential business information and trade secrets and prevent competitive harm;

"(3) private sector, academic, and public use of information in the reports; and

"(4) the public interest.

"(c) EXEMPTIONS.—

"(1) FROM FILING.—The Secretary may exempt upon good cause shown any party from the financial reporting requirements of subsection (a). Any request for such exemption must demonstrate, at a minimum, that an exemption is required to avoid competitive harm and preserve confidential business information that is not otherwise publicly available.

"(2) FROM PUBLIC RELEASE.—

"(A) IN GENERAL.—The Secretary shall allow, upon request, a filer of a report under subsection (a) that is not a publicly held corporation or that is not subject to financial reporting requirements of the Securities and Exchange Commission, an exemption from the public release of such report.

"(B) PROCEDURE.—After a request under subparagraph (A) and notice and opportunity for comment but no event later than 90 days after the date of such request, the Secretary shall approve such request if the Secretary finds that the exemption requested is necessary to avoid competitive harm and to avoid the disclosure of information that qualifies as a trade secret or privileged or confidential information under section 552(b)(4) of title 5.

"(C) USE OF DATA FOR INTERNAL DOT PURPOSES.—If an exemption is granted under this paragraph, nothing
shall prevent the Secretary from using data from reports filed under this subsection for internal purposes of the Department of Transportation or including such data in aggregate industry statistics released for publication if such inclusion would not render the filer's data readily identifiable.

"(D) PENDING REQUESTS.—The Secretary shall not release publicly the report of a carrier making a request under subparagraph (A) while such request is pending.

"(3) PERIOD OF EXEMPTIONS.—Exemptions granted under this subsection shall be for 3-year periods.

"(2) LIEN CREDITOR.—The term `lien creditor' means a creditor having a lien on a motor vehicle and includes an assignee for benefit of creditors from the date of assignment, a trustee in a case under title 11 from the date of filing of the petition in that case, and a receiver in equity from the date of appointment of the receiver.

"(3) SECURITY INTEREST.—The term `security interest' means an interest (including an interest established by a conditional sales contract, mortgage, equipment trust, or other lien or title retention contract, or lease) in a motor vehicle when the interest secures payment or performance of an obligation.

"(4) PERFECTION.—The term `perfection', as related to a security interest, means taking action (including public filing, recording, notation on a certificate of title, and possession of collateral by the secured party), or the existence of facts, required under law to make a security interest enforceable against general creditors and subsequent lien creditors of a debtor, but does not include compliance with requirements related only to the establishment of a valid security interest between the debtor and the secured party.

"(b) REQUIREMENTS FOR PERFECTION OF SECURITY INTEREST.—A security interest in a motor vehicle owned by, or in the possession and use of, a carrier registered under section 13902 of this title and owing payment or performance of an obligation secured by that security interest is perfected in all jurisdictions against all general, and subsequent lien, creditors of, and all persons taking a motor vehicle by sale (or taking or retaining a security interest in a motor vehicle) from, that carrier when—

"(1) a certificate of title is issued for a motor vehicle under a law of a jurisdiction that requires or permits indication, on a certificate or title, of a security interest in the motor vehicle if the security interest is indicated on the certificate;

“(3) a certificate of title has not been issued and the security interest cannot be perfected under paragraph (2) of this subsection, if the security interest has been perfected under the law (including the conflict of laws rules) of the State where the principal place of business of that carrier is located.

“§ 14302. Pooling and division of transportation or earnings

“(a) APPROVAL REQUIRED.—A carrier providing transportation subject to jurisdiction under subchapter I of chapter 135 may not agree or combine with another such carrier to pool or divide traffic or services or any part of their earnings without the approval of the Board under this section.

“(b) STANDARDS FOR APPROVAL.—The Board may approve and authorize an agreement or combination between or among motor carriers of passengers, or between a motor carrier of passengers and a rail carrier of passengers if the carriers involved assent to the pooling or division and the Board finds that a pooling or division of traffic, services, or earnings—

“(1) will be in the interest of better service to the public or of economy of operation; and

“(2) will not unreasonably restrain competition.

“(c) PROCEDURE.—

“(1) APPLICATION.—Any motor carrier of property may apply to the Board for approval of an agreement or combination with another such carrier to pool or divide traffic or any services or any part of their earnings by filing such agreement or combination with the Board not less than 50 days before its effective date.

“(2) DETERMINATION OF IMPORTANCE AND RESTRAINT ON COMPETITION.—Prior to the effective date of the agreement or combination, the Board shall determine whether the agreement or combination is of major transportation importance and whether there is substantial likelihood that the agreement or combination will unduly restrain competition. If the Board determines that neither of these 2 factors exists, it shall, prior to such effective date and without a hearing, approve and authorize the agreement or combination, under such rules and regulations as the Board may issue, and for such consideration between such carriers and upon such terms and conditions as shall be found by the Board to be just and reasonable.

“(3) HEARING.—If the Board determines either that the agreement or combination is of major transportation importance or that there is substantial likelihood that the agreement or combination will unduly restrain competition, the Board shall hold a hearing concerning whether the agreement or combination will be in the interest of better service to the public or of economy in operation and whether it will unduly restrain competition and shall suspend operation of such agreement or combination pending such hearing and final decision thereon. After such hearing, the Board shall indicate to what extent it finds that the agreement or combination will be in the interest of better service to the public or of economy in operation and will not unduly restrain competition and if assented to by all the carriers involved, shall to that extent, approve and authorize the agreement or combination, under such rules and regulations as the Board may issue, and for such consideration between such carriers and upon such terms and conditions as shall be found by the Board to be just and reasonable.

“(4) SPECIAL RULES FOR HOUSEHOLD GOODS CARRIERS.—In the case of an application for Board approval of an agreement
or combination between a motor carrier providing transportation of household goods and its agents to pool or divide traffic or services or any part of their earnings, such agreement or combination shall be presumed to be in the interest of better service to the public and of economy in operation and not to restrain competition unduly if the practices proposed to be carried out under such agreement or combination are the same as or similar to practices carried out under agreements and combinations between motor carriers providing transportation of household goods to pool or divide traffic or service of any part of their earnings approved by the Interstate Commerce Commission before the effective date of this section.

“(5) STREAMLINING AND SIMPLIFYING.—The Board shall streamline, simplify, and expedite, to the maximum extent practicable, the process (including any paperwork) for submission and approval of applications under this section for agreements and combinations between motor carriers providing transportation of household goods and their agents.

“(d) CONDITIONS.—The Board may impose conditions governing the pooling or division and may approve and authorize payment of a reasonable consideration between the carriers.

“(e) INITIATION OF PROCEEDING.—The Board may begin a proceeding under this section on its own initiative or on application.

“(f) EFFECT OF APPROVAL.—A carrier may participate in an arrangement approved by or exempted by the Board under this section without the approval of any other Federal, State, or municipal body. A carrier participating in an approved or exempted arrangement is exempt from the antitrust laws and from all other law, including State and municipal law, as necessary to let that person carry out the arrangement.

“(g) CONTINUATION OF EXISTING AGREEMENTS.—Any agreements in operation under the provisions of this title on the effective date of this section that are succeeded by this section shall remain in effect until further order of the Board.

“(h) DEFINITIONS.—In this section, the following definitions apply:

“(f) Effect of Approval.—A carrier or corporation participating in or resulting from a transaction approved by the Board under this section, or exempted by the Board from the application of this section pursuant to section 13541, may carry out the transaction, own and operate property, and exercise control or franchises acquired through the transaction without the approval of a State authority. A carrier, corporation, or person participating in the approved or exempted transaction is exempt from the antitrust laws and from all other law, including State and municipal law, as necessary to let that person carry out the transaction, hold, maintain, and operate property, and exercise control or franchises acquired through the transaction.

“(g) Limitation on Applicability.—This section shall not apply to transactions involving carriers whose aggregate gross operating revenues were not more than $2,000,000 during a period of 12 consecutive months ending not more than 6 months before the date of the agreement of the parties.

“(h) applicability of certain provisions.—When the Board approves and authorizes a transaction under this section in which a person not a carrier providing transportation subject to jurisdiction under subchapter I of chapter 135 acquires control of at least 1 carrier subject to such jurisdiction, the person is subject, as a carrier, to the following provisions of this title that apply to the carrier being acquired by that person, to the extent specified by the Board: sections 504(f), 14121-14123, 14901(a), and 14907.

“(i) Interim Approval.—Pending determination of an application filed under this section, the Board may approve, for a period of not more than 180 days, the operation of the properties sought to be acquired by the person proposing in the application to acquire those properties, when it appears that failure to do so may result in destruction of or injury to those properties or substantially interfere with their future usefulness in providing adequate and continuous service to the public. Transportation provided by a motor carrier under a grant of approval under this subsection is subject to this part.

“(j) Supplemental Orders.—When cause exists, the Board may issue appropriate orders supplemental to an order made in a proceeding under this section.

"(c) FILING OF INFORMATION.—A motor and motor private carrier withholding pay from an employee under subsection (a) of this section shall file income tax information returns and other reports only with the State and subdivision of residence of the employee.

"§ 14504. Registration of motor carriers by a State

"(a) Definitions.—In this section, the terms 'standards' and 'amendments to standards' mean the specification of forms and procedures required by regulations of the Secretary to prove the lawfulness of transportation by motor carrier referred to in section 13501.

"(b) General Rule.—The requirement of a State that a motor carrier, providing transportation subject to jurisdiction under subchapter I of chapter 135 and providing transportation in that State, must register with the State is not an unreasonable burden on transportation referred to in section 13501 when the State registration is completed under standards of the Secretary under subsection (c). When a State registration requirement imposes obligations in excess of the standards of the Secretary, the part in excess is an unreasonable burden.

"(c) Single State Registration System.—

"(1) In general.—The Secretary shall maintain standards for implementing a system under which—

"(A) a motor carrier is required to register annually with only one State by providing evidence of its Federal registration under chapter 139;

"(B) the State of registration shall fully comply with standards prescribed under this section; and

"(C) such single State registration shall be deemed to satisfy the registration requirements of all other States.

"(2) Specific requirements.—

"(A) Evidence of Federal registration; proof of insurance; payment of fees.—Under the standards of the Secretary implementing the single State registration system described in paragraph (1) of this subsection, only a State acting in its capacity as registration State under such single State system may require a motor carrier registered by the Secretary under this part—

"(i) to file and maintain evidence of such Federal registration;

"(ii) to file satisfactory proof of required insurance or qualification as a self-insurer;

"(iii) to pay directly to such State fee amounts in accordance with the fee system established under subparagraph (B)(iv) of this paragraph, subject to allocation of fee revenues among all States in which the carrier operates and which participate in the single State registration system; and

"(iv) to file the name of a local agent for service of process.
"(B) RECEIPTS; FEE SYSTEM.—The standards of the Secretary—

"(i) shall require that the registration State issue a receipt, in a form prescribed under the standards, reflecting that the carrier has filed proof of insurance as provided under subparagraph (A)(ii) of this paragraph and has paid fee amounts in accordance with the fee system established under clause (iv) of this subparagraph;

"(ii) shall require that copies of the receipt issued under clause (i) of this subparagraph be kept in each of the carrier's commercial motor vehicles;

"(iii) shall not require decals, stamps, cab cards, or any other means of registering or identifying specific vehicles operated by the carrier;

"(iv) shall establish a fee system for the filing of proof of insurance as provided under subparagraph (A)(ii) of this paragraph that—

"(I) is based on the number of commercial motor vehicles the carrier operates in a State and on the number of States in which the carrier operates;

"(II) minimizes the costs of complying with the registration system; and

"(III) results in a fee for each participating State that is equal to the fee, not to exceed $10 per vehicle, that such State collected or charged as of November 15, 1991; and

"(v) shall not authorize the charging or collection of any fee for filing and maintaining evidence of Federal registration under subparagraph (A)(i) of this paragraph.

"(C) PROHIBITED FEES.—The charging or collection of any fee under this section that is not in accordance with the fee system established under subparagraph (B)(iv) of this paragraph shall be deemed to be a burden on interstate commerce.

"(D) LIMITATION ON PARTICIPATION BY STATES.—Only a State which, as of January 1, 1991, charged or collected a fee for a vehicle identification stamp or number under part 1023 of title 49, Code of Federal Regulations, shall be eligible to participate as a registration State under this subsection or to receive any fee revenue under this subsection.

§ 14505. State tax

"A State or political subdivision thereof may not collect or levy a tax, fee, head charge, or other charge on—

"(1) a passenger traveling in interstate commerce by motor carrier;

"(2) the transportation of a passenger traveling in interstate commerce by motor carrier;

"(3) the sale of passenger transportation in interstate commerce by motor carrier; or

"(4) the gross receipts derived from such transportation.
"§ 14707. Private enforcement of registration requirement.

"§ 14708. Dispute settlement program for household goods carriers.

"§ 14709. Tariff reconciliation rules for motor carriers of property.

"§ 14701. General authority

"(a) INVESTIGATIONS.—The Secretary or the Board, as applicable, may begin an investigation under this part on the Secretary's or the Board's own initiative or on complaint. If the Secretary or Board, as applicable, finds that a carrier or broker is violating this part, the Secretary or Board, as applicable, shall take appropriate action to compel compliance with this part. If the Secretary finds that a foreign motor carrier or foreign motor private carrier is violating chapter 139, the Secretary shall take appropriate action to compel compliance with that chapter. The Secretary or Board, as applicable, may take action under this subsection only after giving the carrier or broker notice of the investigation and an opportunity for a proceeding.

"(b) COMPLAINTS.—A person, including a governmental authority, may file with the Secretary or Board, as applicable, a complaint about a violation of this part by a carrier providing, or broker for, transportation or service subject to jurisdiction under this part or a foreign motor carrier or foreign motor private carrier providing transportation registered under section 13902 of this title. The complaint must state the facts that are the subject of the violation. The Secretary or Board, as applicable, may dismiss a complaint that it determines does not state reasonable grounds for investigation and action.

"(c) DEADLINE.—A formal investigative proceeding begun by the Secretary or Board under subsection (a) of this section is dismissed automatically unless it is concluded with administrative finality by the end of the 3rd year after the date on which it was begun.

"§ 14702. Enforcement by the regulatory authority

"(a) IN GENERAL.—The Secretary or the Board, as applicable, may bring a civil action—

"(1) to enforce section 14103 of this title; or

"(2) to enforce this part, or a regulation or order of the Secretary or Board, as applicable, when violated by a carrier or broker providing transportation or service subject to jurisdiction under subchapter I or III of chapter 135 of this title or by a foreign motor carrier or foreign motor private carrier providing transportation registered under section 13902 of this title.

"(b) VENUE.—In a civil action under subsection (a)(2) of this section—

"(1) trial is in the judicial district in which the carrier, foreign motor carrier, foreign motor private carrier, or broker operates;

"(2) process may be served without regard to the territorial limits of the district or of the State in which the action is instituted; and

"(3) a person participating with a carrier or broker in a violation may be joined in the civil action without regard to the residence of the person.

"(c) STANDING.—The Board, through its own attorneys, may bring or participate in any civil action involving motor carrier undercharges.

"§ 14703. Enforcement by the Attorney General

"The Attorney General may, and on request of either the Secretary or the Board shall, bring court proceedings—

"(1) to enforce this part or a regulation or order of the Secretary or Board or terms of registration under this part; and
“(2) to prosecute a person violating this part or a regulation or order of the Secretary or Board or term of registration under this part.

§14704. Rights and remedies of persons injured by carriers or brokers

“(a) IN GENERAL.—

“(1) ENFORCEMENT OF ORDER.—A person injured because a carrier or broker providing transportation or service subject to jurisdiction under chapter 135 does not obey an order of the Secretary or the Board, as applicable, under this part, except an order for the payment of money, may bring a civil action to enforce that order under this subsection. A person may bring a civil action for injunctive relief for violations of sections 14102 and 14103.

“(2) DAMAGES FOR VIOLATIONS.—A carrier or broker providing transportation or service subject to jurisdiction under chapter 135 is liable for damages sustained by a person as a result of an act or omission of that carrier or broker in violation of this part.

“(b) LIABILITY AND DAMAGES FOR EXCEEDING TARIFF RATE.—

A carrier providing transportation or service subject to jurisdiction under chapter 135 is liable to a person for amounts charged that exceed the applicable rate for transportation or service contained in a tariff in effect under section 13702.

“(c) ELECTION.—

“(1) COMPLAINT TO DOT OR BOARD; CIVIL ACTION.—A person may file a complaint with the Board or the Secretary, as applicable, under section 14701(b) or bring a civil action under subsection (b) to enforce liability against a carrier or broker providing transportation or service subject to jurisdiction under chapter 135.

“(2) ORDER OF DOT OR BOARD.—

“(A) IN GENERAL.—When the Board or Secretary, as applicable, makes an award under subsection (b) of this section, the Board or Secretary, as applicable, shall order the carrier to pay the amount awarded by a specific date. The Board or Secretary, as applicable, may order a carrier or broker providing transportation or service subject to jurisdiction under chapter 135 to pay damages only when the proceeding is on complaint.

“(B) ENFORCEMENT BY CIVIL ACTION.—The person for whose benefit an order of the Board or Secretary requiring the payment of money is made may bring a civil action to enforce that order under this paragraph if the carrier or broker does not pay the amount awarded by the date payment was ordered to be made.

“(d) PROCEDURE.—

“(1) IN GENERAL.—When a person begins a civil action under subsection (b) of this section to enforce an order of the Board or Secretary requiring the payment of damages by a carrier or broker providing transportation or service subject to jurisdiction under chapter 135 of this title, the text of the order of the Board or Secretary must be included in the complaint. In addition to the district courts of the United States, a State court of general jurisdiction having jurisdiction of the parties has jurisdiction to enforce an order under this paragraph. The findings and order of the Board or Secretary are competent evidence of the facts stated in them. Trial in a civil action brought in a district court of the United States under this paragraph is in the judicial district in which the plaintiff resides or in which the principal operating office of the carrier or broker is located. In a civil action under this paragraph, the plaintiff is liable for only those costs that accrue on an appeal taken by the plaintiff.
“(2) Parties.—All parties in whose favor the award was made may be joined as plaintiffs in a civil action brought in a district court of the United States under this subsection and all the carriers that are parties to the order awarding damages may be joined as defendants. Trial in the action is in the judicial district in which any one of the plaintiffs could bring the action against any one of the defendants. Process may be served on a defendant at its principal operating office when that defendant is not in the district in which the action is brought. A judgment ordering recovery may be made in favor of any of those plaintiffs against the defendant found to be liable to that plaintiff.

“(e) Attorney’s Fees.—The district court shall award a reasonable attorney’s fee under this section. The district court shall tax and collect that fee as part of the costs of the action.

§ 14705. Limitation on actions by and against carriers

“(a) In General.—A carrier providing transportation or service subject to jurisdiction under chapter 135 must begin a civil action to recover charges for transportation or service provided by the carrier within 18 months after the claim accrues.

“(b) Overcharges.—A person must begin a civil action to recover overcharges within 18 months after the claim accrues. If the claim is against a carrier providing transportation subject to jurisdiction under chapter 135 and an election to file a complaint with the Board or Secretary, as applicable, is made under section 14704(c)(1), the complaint must be filed within 3 years after the claim accrues.

“(c) Damages.—A person must file a complaint with the Board or Secretary, as applicable, to recover damages under section 14704(b) within 2 years after the claim accrues.

“(d) Extensions.—The limitation periods under subsection (b) of this section are extended for 6 months from the time written notice is given to the claimant by the carrier of disallowance of any part of the claim specified in the notice if a written claim is given to the carrier within those limitation periods. The limitation periods under subsections (b) and (c) of this section are extended for 90 days from the time the carrier begins a civil action under subsection (a) to recover charges related to the same transportation or service, or collects (without beginning a civil action under that subsection) the charge for that transportation or service if that action is begun or collection is made within the appropriate period.

“(e) Payment.—A person must begin a civil action to enforce an order of the Board or Secretary against a carrier within 1 year after the date of the order.

“(f) Government Transportation.—This section applies to transportation for the United States Government. The time limitations under this section are extended, as related to transportation for or on behalf of the United States Government, for 3 years from the later of the date of—

“(1) payment of the rate for the transportation or service involved;

“(2) subsequent refund for overpayment of that rate; or

“(3) deduction made under section 3726 of title 31.

“(g) Accrual Date.—A claim related to a shipment of property accrues under this section on delivery or tender of delivery by the carrier.

§ 14706. Liability of carriers under receipts and bills of lading

“(a) General Liability.—

“(1) Motor Carriers and Freight Forwarders.—A carrier providing transportation or service subject to jurisdiction under subchapter I or III of chapter 135 shall issue a receipt or bill of lading for property it receives for transportation under
this part. That carrier and any other carrier that delivers the property and is providing transportation or service subject to jurisdiction under subchapter I or III of chapter 135 or chapter 105 are liable to the person entitled to recover under the receipt or bill of lading. The liability imposed under this paragraph is for the actual loss or injury to the property caused by (A) the receiving carrier, (B) the delivering carrier, or (C) another carrier over whose line or route the property is transported in the United States or from a place in the United States to a place in an adjacent foreign country when transported under a through bill of lading and, except in the case of a freight forwarder, applies to property reconsigned or diverted under a tariff under section 13702. Failure to issue a receipt or bill of lading does not affect the liability of a carrier. A delivering carrier is deemed to be the carrier performing the line-haul transportation nearest the destination but does not include a carrier providing only a switching service at the destination.

“(2) FREIGHT FORWARDER.—A freight forwarder is both the receiving and delivering carrier. When a freight forwarder provides service and uses a motor carrier providing transportation subject to jurisdiction under subchapter I of chapter 135 to receive property from a consignor, the motor carrier may execute the bill of lading or shipping receipt for the freight forwarder with its consent. With the consent of the freight forwarder, a motor carrier may deliver property for a freight forwarder on the freight forwarder’s bill of lading, freight bill, or shipping receipt to the consignee named in it, and receipt for the property may be made on the freight forwarder’s delivery receipt.

“(b) APPORTIONMENT.—The carrier issuing the receipt or bill of lading under subsection (a) of this section or delivering the property for which the receipt or bill of lading was issued is entitled to recover from the carrier over whose line or route the loss or injury occurred the amount required to be paid to the owners of the property, as evidenced by a receipt, judgment, or transcript, and the amount of its expenses reasonably incurred in defending a civil action brought by that person.

“(c) SPECIAL RULES.—

“(1) MOTOR CARRIERS.—

“(A) SHIPPER WAIVER.—Subject to the provisions of subparagraph (B), a carrier providing transportation or service subject to jurisdiction under subchapter I or III of chapter 135 may, subject to the provisions of this chapter (including with respect to a motor carrier, the requirements of section 13710(a)), establish rates for the transportation of property (other than household goods described in section 13102(10)(A)) under which the liability of the carrier for such property is limited to a value established by written or electronic declaration of the shipper or by written agreement between the carrier and shipper if that value would be reasonable under the circumstances surrounding the transportation.

“(B) CARRIER NOTIFICATION.—If the motor carrier is not required to file its tariff with the Board, it shall provide under section 13710(a)(1) to the shipper, on request of the shipper, a written or electronic copy of the rate, classification, rules, and practices upon which any rate applicable to a shipment, or agreed to between the shipper and the carrier, is based. The copy provided by the carrier shall clearly state the dates of applicability of the rate, classification, rules, or practices.

“(C) PROHIBITION AGAINST COLLECTIVE ESTABLISHMENT.—No discussion, consideration, or approval as to rules to limit liability under this subsection may be under-
taken by carriers acting under an agreement approved pursuant to section 13703.

(2) Water carriers.—If loss or injury to property occurs while it is in the custody of a water carrier, the liability of that carrier is determined by its bill of lading and the law applicable to water transportation. The liability of the initial or delivering carrier is the same as the liability of the water carrier.

(d) Civil actions.—

(1) Against delivering carrier.—A civil action under this section may be brought against a delivering carrier in a district court of the United States or in a State court. Trial, if the action is brought in a district court of the United States is in a judicial district, and if in a State court, is in a State through which the defendant carrier operates.

(2) Against carrier responsible for loss.—A civil action under this section may be brought against the carrier alleged to have caused the loss or damage, in the judicial district in which such loss or damage is alleged to have occurred.

(3) Jurisdiction of courts.—A civil action under this section may be brought in a United States district court or in a State court.

(4) Judicial district defined.—In this section, 'judicial district' means—

(A) in the case of a United States district court, a judicial district of the United States; and

(B) in the case of a State court, the applicable geographic area over which such court exercises jurisdiction.

(e) Minimum period for filing claims.—

(1) In general.—A carrier may not provide by rule, contract, or otherwise, a period of less than 9 months for filing a claim against it under this section and a period of less than 2 years for bringing a civil action against it under this section. The period for bringing a civil action is computed from the date the carrier gives a person written notice that the carrier has disallowed any part of the claim specified in the notice.

(2) Special rules.—For the purposes of this subsection—

(A) an offer of compromise shall not constitute a disallowance of any part of the claim unless the carrier, in writing, informs the claimant that such part of the claim is disallowed and provides reasons for such disallowance; and

(B) communications received from a carrier’s insurer shall not constitute a disallowance of any part of the claim unless the insurer, in writing, informs the claimant that such part of the claim is disallowed, provides reason for such disallowance, and informs the claimant that the insurer is acting on behalf of the carrier.

(f) Limiting liability of household goods carriers to declared value.—A carrier or group of carriers subject to jurisdiction under subchapter I or III of chapter 135 may petition the Board to modify, eliminate, or establish rates for the transportation of household goods under which the liability of the carrier for that property is limited to a value established by written declaration of the shipper or by a written agreement.

(g) Modifications and reforms.—

(1) Study.—The Secretary shall conduct a study to determine whether any modifications or reforms should be made to the loss and damage provisions of this section, including those related to limitation of liability by carriers.

(2) Factors to consider.—In conducting the study, the Secretary, at a minimum, shall consider—
“(A) the efficient delivery of transportation services;
“(B) international and intermodal harmony;
“(C) the public interest; and
“(D) the interest of carriers and shippers.
“(3) REPORT.—Not later than 12 months after the effective date of this section, the Secretary shall submit to Congress a report on the results of the study, together with any recommendations of the Secretary (including legislative recommendations) for implementing modifications or reforms identified by the Secretary as being appropriate.

§ 14707. Private enforcement of registration requirement

“(a) In General.—If a person provides transportation by motor vehicle or service in clear violation of section 13901–13904 or 13906, a person injured by the transportation or service may bring a civil action to enforce any such section. In a civil action under this subsection, trial is in the judicial district in which the person who violated that section operates.
“(b) Procedure.—A copy of the complaint in a civil action under subsection (a) shall be served on the Secretary and a certificate of service must appear in the complaint filed with the court. The Secretary may intervene in a civil action under subsection (a). The Secretary may notify the district court in which the action is pending that the Secretary intends to consider the matter that is the subject of the complaint in a proceeding before the Secretary. When that notice is filed, the court shall stay further action pending disposition of the proceeding before the Secretary.
“(c) Attorney’s Fees.—In a civil action under subsection (a), the court may determine the amount of and award a reasonable attorney’s fee to the prevailing party. That fee is in addition to costs allowable under the Federal Rules of Civil Procedure.

§ 14708. Dispute settlement program for household goods carriers

“(a) Offering Shippers Arbitration.—As a condition of registration under section 13902 or 13903, a carrier providing transportation of household goods subject to jurisdiction under subchapter I or III of chapter 135 must agree to offer in accordance with this section to shippers of household goods arbitration as a means of settling disputes between such carriers and shippers of household goods concerning damage or loss to the household goods transported.
“(b) Arbitration Requirements.—
“(1) Prevention of Special Advantage.—The arbitration that is offered must be designed to prevent a carrier from having any special advantage in any case in which the claimant resides or does business at a place distant from the carrier’s principal or other place of business.
“(2) Notice of Arbitration Procedure.—The carrier must provide the shipper an adequate notice of the availability of neutral arbitration, including a concise easy-to-read, accurate summary of the arbitration procedure, any applicable costs, and disclosure of the legal effects of election to utilize arbitration. Such notice must be given to persons for whom household goods are to be transported by the carrier before such goods are tendered to the carrier for transportation.
“(3) Provision of Forms.—Upon request of a shipper, the carrier must promptly provide such forms and other information as are necessary for initiating an action to resolve a dispute under arbitration.
“(4) Independence of Arbitrator.—Each person authorized to arbitrate or otherwise settle disputes must be independent of the parties to the dispute and must be capable, as determined under such regulations as the Secretary may issue, to resolve such disputes fairly and expeditiously. The carrier must ensure that each person chosen to settle the disputes
is authorized and able to obtain from the shipper or carrier any material and relevant information to the extent necessary to carry out a fair and expeditious decisionmaking process.

"(5) **APPORTIONMENT OF COSTS.**—No shipper may be charged more than half of the cost for instituting an arbitration proceeding that is brought under this section. In the decision, the arbitrator may determine which party shall pay the cost or a portion of the cost of the arbitration proceeding, including the cost of instituting the proceeding.

"(6) **REQUESTS.**—The carrier must not require the shipper to agree to utilize arbitration prior to the time that a dispute arises. If the dispute involves a claim for $1,000 or less and the shipper requests arbitration, such arbitration shall be binding on the parties. If the dispute involves a claim for more than $1,000 and the shipper requests arbitration, such arbitration shall be binding on the parties only if the carrier agrees to arbitration.

"(7) **ORAL PRESENTATION OF EVIDENCE.**—The arbitrator may provide for an oral presentation of a dispute concerning transportation of household goods by a party to the dispute (or a party's representative), but such oral presentation may be made only if all parties to the dispute expressly agree to such presentation and the date, time, and location of such presentation.

"(8) **DEADLINE FOR DECISION.**—The arbitrator must, as expeditiously as possible but at least within 60 days of receipt of written notification of the dispute, render a decision based on the information gathered; except that, in any case in which a party to the dispute fails to provide in a timely manner any information concerning such dispute which the person settling the dispute may reasonably require to resolve the dispute, the arbitrator may extend such 60-day period for a reasonable period of time. A decision resolving a dispute may include any remedies appropriate under the circumstances, including repair, replacement, refund, reimbursement for expenses, and compensation for damages.

"(c) **LIMITATION ON USE OF MATERIALS.**—Materials and information obtained in the course of a decision making process to settle a dispute by arbitration under this section may not be used to bring an action under section 14905.

"(d) **ATTORNEY'S FEES TO SHIPPERS.**—In any court action to resolve a dispute between a shipper of household goods and a carrier providing transportation or service subject to jurisdiction under subchapter I or III of chapter 135 concerning the transportation of household goods by such carrier, the shipper shall be awarded reasonable attorney's fees if—

"(1) the shipper submits a claim to the carrier within 120 days after the date the shipment is delivered or the date the delivery is scheduled, whichever is later;

"(2) the shipper prevails in such court action; and

"(3)(A) a decision resolving the dispute was not rendered through arbitration under this section within the period provided under subsection (b)(8) of this section or an extension of such period under such subsection; or

"(B) the court proceeding is to enforce a decision rendered through arbitration under this section and is instituted after the period for performance under such decision has elapsed.

"(e) **ATTORNEY'S FEES TO CARRIERS.**—In any court action to resolve a dispute between a shipper of household goods and a carrier providing transportation, or service subject to jurisdiction under subchapter I or III of chapter 135 concerning the transportation of household goods by such carrier, such carrier may be awarded reasonable attorney's fees by the court only if the shipper brought such action in bad faith—
(f) Limitation of Applicability to Collect-on-Delivery Transportation.—The provisions of this section shall apply only in the case of collect-on-delivery transportation of household goods.

(g) Review by Secretary.—Not later than 18 months after the effective date of this section, the Secretary shall complete a review of the dispute settlement program established under this section. If, after notice and opportunity for comment, the Secretary determines that changes are necessary to such program to ensure the fair and equitable resolution of disputes under this section, the Secretary shall implement such changes and transmit a report to Congress on such changes.

§ 14709. Tariff reconciliation rules for motor carriers of property

Subject to review and approval by the Board, motor carriers subject to jurisdiction under subchapter I of chapter 135 (other than motor carriers providing transportation of household goods) and shippers may resolve, by mutual consent, overcharge and undercharge claims resulting from incorrect tariff provisions or billing errors arising from the inadvertent failure to properly and timely file and maintain agreed upon rates, rules, or classifications in compliance with section 13702 or, with respect to transportation provided before the effective date of this section, sections 10761 and 10762, as in effect on the day before the effective date of this section. Resolution of such claims among the parties shall not subject any party to the penalties for departing from a tariff.

CHAPTER 149—CIVIL AND CRIMINAL PENALTIES

§ 14901. General civil penalties

(a) Reporting and Recordkeeping.—A person required to make a report to the Secretary or the Board, answer a question, or make, prepare, or preserve a record under this part concerning transportation subject to jurisdiction under subchapter I or III of chapter 135 or transportation by a foreign carrier registered under section 13902, or an officer, agent, or employee of that person that—

(1) does not make the report;

(2) does not specifically, completely, and truthfully answer the question;

(3) does not make, prepare, or preserve the record in the form and manner prescribed;
“(4) does not comply with section 13901; or
“(5) does not comply with section 13902(c);
is liable to the United States for a civil penalty of not less than
$500 for each violation and for each additional day the violation
continues, except that, in the case of a person who is not registered
under this part to provide transportation of passengers, or an
officer, agent, or employee of such person, that does not comply
with section 13901 with respect to providing transportation of pas-
sengers, the amount of the civil penalty shall not be less than
$2,000 for each violation and for each additional day the violation
continues.
“(b) Transportation of Hazardous Wastes.—A person sub-
ject to jurisdiction under subchapter I of chapter 135, or an officer,
agent, or employee of that person, and who is required to comply
with section 13901 of this title but does not so comply with respect
to the transportation of hazardous wastes as defined by the Environ-
mental Protection Agency pursuant to section 3001 of the Solid
Waste Disposal Act (but not including any waste the regulation
of which under the Solid Waste Disposal Act has been suspended
by Congress) shall be liable to the United States for a civil penalty
not to exceed $20,000 for each violation.
“(c) Factors To Consider in Determining Amount.—In deter-
mining and negotiating the amount of a civil penalty under sub-
section (a) or (d) concerning transportation of household goods,
the degree of culpability, any history of prior such conduct, the
degree of harm to shipper or shippers, ability to pay, the effect
on ability to do business, whether the shipper has been adequately
compensated before institution of the proceeding, and such other
matters as fairness may require shall be taken into account.
“(d) Protection of Household Goods Shippers.—If a carrier
providing transportation of household goods subject to jurisdiction
under subchapter I or III of chapter 135 or a receiver or trustee
of such carrier fails or refuses to comply with any regulation issued
by the Secretary or the Board relating to protection of individual
shippers, such carrier, receiver, or trustee is liable to the United
States for a civil penalty of not less than $1,000 for each violation
and for each additional day during which the violation continues.
“(e) Violation Relating to Transportation of Household
Goods.—Any person that knowingly engages in or knowingly
authorizes an agent or other person—
“(1) to falsify documents used in the transportation of
household goods subject to jurisdiction under subchapter I or
III of chapter 135 which evidence the weight of a shipment;
or
“(2) to charge for accessorial services which are not per-
formed or for which the carrier is not entitled to be compensated
in any case in which such services are not reasonably necessary
in the safe and adequate movement of the shipment;
is liable to the United States for a civil penalty of not less than
$2,000 for each violation and of not less than $5,000 for each
subsequent violation. Any State may bring a civil action in the
United States district courts to compel a person to pay a civil
penalty assessed under this subsection.
“(f) Venue.—Trial in a civil action under subsections (a)
through (e) of this section is in the judicial district in which—
“(1) the carrier or broker has its principal office;
“(2) the carrier or broker was authorized to provide
transportation or service under this part when the violation
occurred;
“(3) the violation occurred; or
“(4) the offender is found.
Process in the action may be served in the judicial district of
which the offender is an inhabitant or in which the offender may
be found.
“(g) Business Entertainment Expenses.—
“(1) IN GENERAL.—Any business entertainment expense incurred by a water carrier providing transportation subject to this part shall not constitute a violation of this part if that expense would not be unlawful if incurred by a person not subject to this part.

“(2) COST OF SERVICE.—Any business entertainment expense subject to paragraph (1) that is paid or incurred by a water carrier providing transportation subject to this part shall not be taken into account in determining the cost of service or the rate base for purposes of section 13702.

§ 14902. Civil penalty for accepting rebates from carrier

“A person—

“(1) delivering property to a carrier providing transportation or service subject to jurisdiction under chapter 135 for transportation under this part or for whom that carrier will transport the property as consignor or consignee for that person from a State or territory or possession of the United States to another State or possession, territory, or to a foreign country; and

“(2) knowingly accepting or receiving by any means a rebate or offset against the rate for transportation for, or service of, that property contained in a tariff required under section 13702;

is liable to the United States for a civil penalty in an amount equal to 3 times the amount of money that person accepted or received as a rebate or offset and 3 times the value of other consideration accepted or received as a rebate or offset. In a civil action under this section, all money or other consideration received by the person during a period of 6 years before an action is brought under this section may be included in determining the amount of the penalty, and if that total amount is included, the penalty shall be 3 times that total amount.

§ 14903. Tariff violations

(b) Overcharges.—A person must begin a civil action to recover overcharges under section 15904(b)(1) within 3 years after the claim accrues. If an election to file a complaint with the Board is made under section 15904(c)(1), the complaint must be filed within 3 years after the claim accrues.

(c) Damages.—A person must file a complaint with the Board to recover damages under section 15904(b)(2) within 2 years after the claim accrues.

(d) Extensions.—The limitation periods under subsection (b) are extended for 6 months from the time written notice is given to the claimant by the carrier of disallowance of any part of the claim specified in the notice if a written claim is given to the carrier within those limitation periods. The limitation periods under subsection (b) and the 2-year period under subsection (c) are extended for 90 days from the time the carrier begins a civil action under subsection (a) to recover charges related to the same transportation or service, or collects (without beginning a civil action under that subsection) the charge for that transportation or service if that action is begun or collection is made within the appropriate period.

(e) Payment.—A person must begin a civil action to enforce an order of the Board against a carrier for the payment of money within one year after the date the order required the money to be paid.

(f) Government Transportation.—This section applies to transportation for the United States Government. The time limitations under this section are extended, as related to transportation for or on behalf of the United States Government, for 3 years from the date of—

(1) payment of the rate for the transportation or service involved,

(2) subsequent refund for overpayment of that rate, or

(3) deduction made under section 3726 of title 31, whichever is later.

(g) Accrual Date.—A claim related to a shipment of property accrues under this section on delivery or tender of delivery by the carrier.

§ 15906. Liability of pipeline carriers under receipts and bills of lading

(a) General Liability.—A pipeline carrier providing transportation or service subject to this part shall issue a receipt or bill of lading for property it receives for transportation under this part. That carrier and any other carrier that delivers the property and is providing transportation or service subject to jurisdiction under this part are liable to the person entitled to recover under the receipt or bill of lading. The liability imposed under this subsection is for the actual loss or injury to the property caused by the carrier over whose line or route the property is transported in the United States or from a place in the United States to a place in an adjacent foreign country when transported under a through bill of lading. Failure to issue a receipt or bill of lading does not affect the liability of a carrier.

(b) Apportionment.—The carrier issuing the receipt or bill of lading under subsection (a) or delivering the property for which the receipt or bill of lading was issued is entitled to recover from the carrier over whose line or route the loss or injury occurred the amount required to be paid to the owners of the property, as evidenced by a receipt, judgment, or transcript, and the amount
of its expenses reasonably incurred in defending a civil action brought by that person.

"(c) Civil Actions.—A civil action under this section may be brought against a delivering carrier in a district court of the United States or in a State court. Trial, if the action is brought in a district court of the United States, is in a judicial district, and if in a State court, is in a State, through which the defendant carrier operates a line or route.

"(d) Minimum Period for Filing Claims.—A pipeline carrier may not provide by rule, contract, or otherwise, a period of less than 9 months for filing a claim against it under this section and a period of less than 2 years for bringing a civil action against it under this section. The period for bringing a civil action is computed from the date the carrier gives a person written notice that the carrier has disallowed any part of the claim specified in the notice. For the purposes of this subsection—

"(1) an offer of compromise shall not constitute a disallowance of any part of the claim unless the carrier, in writing, informs the claimant that such part of the claim is disallowed and provides reasons for such disallowance; and

"(2) communications received from a carrier’s insurer shall not constitute a disallowance of any part of the claim unless the insurer, in writing, informs the claimant that such part of the claim is disallowed, provides reasons for such disallowance, and informs the claimant that the insurer is acting on behalf of the carrier.

The members of the Council shall be appointed as follows:

(1) The members of the Council shall be appointed from among citizens of the United States who are not regular full-time employees of the United States and shall be selected for appointment so as to provide as nearly as practicable a broad representation of the various segments of the railroad and rail shipper industries.

(2) Nine of the members shall be appointed from senior executive officers of organizations engaged in the railroad and rail shipping industries, which 9 members shall be the voting members of the Council. Council action and Council positions shall be determined by a majority vote of the members present. A majority of such voting members shall constitute a quorum. Of such 9 voting members—

(A) at least 4 shall be representative of small shippers (as determined by the Chairman); and

(B) at least 4 shall be representative of Class II or III railroads.

(3) The remaining 6 members of the Council shall serve in a nonvoting advisory capacity only, but shall be entitled to participate in Council deliberations. Of the remaining members—

(B) 3 shall be representative of large shipper organizations (as determined by the Chairman).

(4) The Secretary of Transportation and the members of the Board shall serve as ex officio, nonvoting members of the Council. The Council shall not be subject to the Federal Advisory Committee Act. A list of the members appointed to the Council shall be forwarded to the Chairmen and ranking members of the Committee on Commerce, Science, and Transportation of the Senate and the Committee on Transportation and Infrastructure of the House of Representatives.

(5) Each ex officio member of the Council may designate an alternate, who shall serve as a member of the Council whenever the ex officio member is unable to attend a meeting of the Council. Any such designated alternate shall be selected

Any member appointed to fill a vacancy occurring before the expiration of the term for which the member's predecessor was appointed shall be appointed only for the remainder of such term. A member may serve after the expiration of his term until his successor has taken office. Vacancies on the Council shall be filled in the same manner in which the original appointments were made. No member of the Council shall be eligible to serve in excess of two consecutive terms.

"(c) Election and Duties of Officers.—The Council Chairman and Vice Chairman and other appropriate officers of the Council shall be elected by and from the voting members of the Council. The Council Chairman shall serve as the Council's executive officer and shall direct the administration of the Council, assign officer and committee duties, and shall be responsible for issuing and communicating the reports, policy positions and statements of the Council. In the event that the Council Chairman is unable to serve, the Vice Chairman shall act as Council Chairman.

"(d) Expenses.—(1) The members of the Council shall receive no compensation for their services as such, but upon request by the Council Chairman, based on a showing of significant economic burden, the Secretary of Transportation or the Chairman of the Board, to the extent provided in advance in appropriation Acts, may provide reasonable and necessary travel expenses for such individual Council members from Department or Board funding sources in order to foster balanced representation on the Council.

"(2) Upon request by the Council Chairman, the Secretary or Chairman of the Board, to the extent provided in advance in appropriations Acts, may pay the reasonable and necessary expenses incurred by the Council in connection with the coordination of Council activities, announcement and reporting of meetings, and preparation of such Council documents as are required or permitted by this section.

"(3) The Council may solicit and use private funding for its activities, subject to this subsection.

"(4) Prior to making any Federal funding requests, the Council Chairman shall undertake best efforts to fund such activities privately unless the Council Chairman determines that such private funding would create a conflict of interest, or the appearance thereof, or is otherwise impractical. The Council Chairman shall not request funding from any Federal agency without providing written justification as to why private funding would create any such conflict or appearance, or is otherwise impractical.

"(5) To enable the Council to carry out its functions—

"(A) the Council Chairman may request directly from any Federal agency such personnel, information, services, or facilities, on a compensated or uncompensated basis, as the Council Chairman determines necessary to carry out the functions of the Council;

"(B) each Federal agency may, in its discretion, furnish the Council with such information, services, and facilities as the Council Chairman may request to the extent permitted by law and within the limits of available funds; and

"(C) each Federal agency may, in its discretion, detail to temporary duty with the Council, such personnel as the Council Chairman may request for carrying out the functions of the
Council, each such detail to be without loss of seniority, pay, or other employee status.

(e) MEETINGS.—The Council shall meet at least semi-annually and shall hold other meetings at the call of the Council Chairman. Appropriate Federal facilities, where available, may be used for such meetings. Whenever the Council, or a committee of the Council, considers matters that affect the jurisdictional interests of Federal agencies that are not represented on the Council, the Council Chairman may invite the heads of such agencies, or their designees, to participate in the deliberations of the Council.

(f) FUNCTIONS AND DUTIES; ANNUAL REPORT.—(1) The Council shall advise the Secretary, the Chairman, the Committee on Commerce, Science, and Transportation of the Senate, and the Committee on Transportation and Infrastructure of the House of Representatives with respect to rail transportation policy issues it considers significant, with particular attention to issues of importance to small shippers and small railroads, including car supply, rates, competition, and effective procedures for addressing legitimate shipper and other claims.

(2) To the extent the Council addresses specific grain car issues, it shall coordinate such activities with the National Grain Car Council. The Secretary and Chairman shall cooperate with the Council to provide research, technical and other reasonable support in developing any reports and policy statements required or authorized by this subsection.

(3) The Council shall endeavor to develop within the private sector mechanisms to prevent, or identify and effectively address, obstacles to the most effective and efficient transportation system practicable.

(4) The Council shall prepare an annual report concerning its activities and the results of Council efforts to resolve industry issues, and propose whatever regulatory or legislative relief it considers appropriate. The Council shall include in the annual report such recommendations as it considers appropriate with respect to the performance of the Secretary and Chairman under this chapter, and with respect to the operation and effectiveness of meetings and industry developments relating to the Council’s efforts, and such other information as it considers appropriate. Such annual reports shall be reviewed by the Secretary and Chairman, and shall include the Secretary’s and Chairman’s views or comments relating to—

(A) the accuracy of information therein;
(B) Council efforts and reasonableness of Council positions and actions; and
(C) any other aspects of the Council’s work as they may consider appropriate.

The Council may prepare other reports or develop policy statements as the Council considers appropriate. An annual report shall be submitted for each fiscal year and shall be submitted to the Secretary and Chairman within 90 days after the end of the fiscal year.
